Geospatial Information Support Software BPA

The Department of Homeland Security (DHS) established a Department-wide Enterprise License Agreement (ELA), Blanket Purchase Agreement (BPA), to provide access to Geographic Information System (GIS) software, maintenance, training, help desk, and service requirements. This BPA reduces the overall cost for the procurement of Environmental Systems Research Institute, Inc. (ESRI) products. Products and support include maintenance of existing software licenses, access to internet services for geospatial content, technical support and helpdesk services, instructor-led and internet training and access to additional GIS software licenses, including temporary licenses during an Incident of National Significance. All orders are placed by the DHS Geospatial Management Office (GMO).

Key Contract Vehicle Features:

- Maintains unlimited quantity of Category A software licenses and deployment of unlimited Category A software;
- Includes technical support and help desk services incorporating the Secure Support Program;
- Procures new software licenses and maintenance of Category B and C software on the current GSA schedule;
- Offers new software that is periodically added as it becomes available on GSA Schedule;
- Includes Internet Services for Geospatial Content and Services;
- Provides unlimited access to online training and 10 instructor-led training sessions per the life of the contract; and
- Provides temporary software licenses in an incident of national significance.

Period of Performance (POP):

Five years (9/30/2021 – 5/29/2026)

Number of Awardees:

One large business
