

Overview

This pamphlet highlights additional grant opportunities and resources available through the Department of Homeland Security (DHS), Department of Justice (DOJ), Department of Education (ED), and Department of Health and Human Services. Please visit [FEMA Grants](#) for additional grant programs available and guidance and best practices for preparing and submitting an application.

Agencies Providing Related Funding Opportunities:

- U.S. Department of Homeland Security
- U.S. Department of Justice
- U.S. Department of Education
- U.S. Department of Health & Human Services

U.S. Department of Homeland Security

Homeland Security Grant Program (HSGP)

The Homeland Security Grant Program (HSGP) plays an important role in the implementation of the National Preparedness System (NPS) by supporting the building, sustainment, and delivery of core capabilities essential to achieving the National Preparedness Goal (NPG) of a secure and resilient Nation. Delivering core capabilities requires the combined effort of the whole community, rather than the exclusive effort of any single organization or level of government. The HSGP's allowable costs support efforts to build and sustain core capabilities across the Prevention, Protection, Mitigation, Response, and Recovery mission areas, including the following priorities:

- Building and Sustaining Law Enforcement Terrorism Prevention Capabilities
- Maturation and Enhancement of State and Major Urban Area Fusion Center

Additional information can be found [here](#).

Nonprofit Security Grant Program

This grant provides funding support for target hardening and other physical security enhancements and activities to nonprofit organizations that are at high risk of terrorist attack. The intent is to integrate nonprofit preparedness activities with broader state and local preparedness efforts. It is also designed to promote coordination and collaboration in emergency preparedness activities among public and private community representatives, as well as state and local government agencies. Additional information can be found [here](#).

Tribal Homeland Security Grant Program

This grant plays an important role in the implementation of the National Preparedness System by supporting the building, sustaining and delivery of core capabilities essential to achieving the National Preparedness Goal of a secure and resilient nation. Additional information can be found [here](#).

Additional Grant Resources

Public Assistance Grant

FEMA's Public Assistance Program provides supplemental grants to state, tribal, territorial, and local governments, and certain types of private non-profits so that communities can quickly respond to and recover from major disasters or emergencies. FEMA also encourages protection of these damaged facilities from future events by providing assistance for hazard mitigation measures during the recovery process. Additional information can be found [here](#).

Emergency Management Performance Grant (EMPG)

This grant provides state, local, tribal and territorial emergency management agencies with the resources required for implementation of the National Preparedness System and works toward the National Preparedness Goal of a secure and resilient nation. The EMPG's allowable costs support efforts to build and sustain core capabilities across the prevention, protection, mitigation, response and recovery mission areas. Additional information can be found [here](#).

U.S. Department of Justice (DOJ)

DOJ, National Institute of Justice (NIJ)-Research and Evaluation on Domestic Terrorism Prevention Program

NIJ seeks proposals for rigorous research and evaluation projects targeted toward developing a better understanding of the domestic radicalization phenomenon and advancing evidence-based strategies for effective intervention and prevention. This includes research efforts that explore the radicalization of Americans to white nationalist extremism, and those exploring emerging militant left-wing movements, to identify and advance evidence-based strategies for effective intervention and prevention. Additional information can be found [here](#).

U.S. Department of Education, Office of Elementary and Secondary Education, National Center on Safe and Supportive Learning Environments

Project Prevent Grants

Awarded to local educational agencies (LEAs) to offer students access to counseling services, social and emotional support, conflict resolution strategies to prevent future violence, and a safer and improved environment. Additional information can be found [here](#).

Additional Grant Resources

School-Based Mental Health Services

To state education agencies to increased number of qualified mental health service providers to provide school-based mental health services in local educational agencies with need. Additional information can be found [here](#).

Title IV, Part A, Student Support and Academic Achievement, administered by the Technical Assistance Center to help improve students' academic achievement by funding resources and programs for well-rounded education and improving the safety and health of students. Additional information can be found [here](#).

U.S. Department of Health and Human Services (HHS)

Substance Abuse and Mental Health Services Administration (SAMHSA) -

Mental Health Awareness and Training Grants for organizations and schools for 5-year programs, up to \$125,000 a year per award. Additional information can be found [here](#).

Expansion and Sustainability of the Comprehensive Community Mental Health Services for Children with Serious Emotional Disturbances grant information can be found [here](#).

Resiliency In Communities After Stress and Trauma (ReCAST) grant to promote resilience and equity in communities that have recently faced civil unrest through implementation of evidence-based, violence prevention, and community youth engagement programs, as well as linkages to trauma-informed behavioral health services. Additional information can be found [here](#).

Project AWARE Advancing Wellness and Resiliency in Education to build or expand the capacity of State Educational Agencies, in partnership with State Mental Health Agencies (SMHAs) overseeing school-aged youth, and with three local education agencies (LEAs) to (1) increase awareness of mental health issues among school-aged youth; (2) provide training for school personnel and other adults who interact with school-aged youth to detect and respond to mental health issues; and (3) connect school-aged youth who may have behavioral health issues (including serious emotional disturbance [SED] or serious mental illness [SMI]), and their families, to needed services. Additional information can be found [here](#).

Centers for Disease Control and Prevention- Division of Violence Prevention (DVP) National Centers of Excellence in Youth Violence Prevention (YVPCs) is a 20-year program that are academic-community collaborations that advance the science and practice of youth violence prevention. Additional information can be found [here](#).

Additional Grant Resources

- 3) Research Grants to Prevent Firearm-Related Violence and Injuries (R01): Additional information can be found [here](#).
- 4) Research Grants for Preventing Violence and Violence Related Injury: Additional information can be found [here](#).

Safe Schools/Healthy Students

In 1999, the **U.S. Departments of Education, Health and Human Services, and Justice** embarked on a unique and unprecedented collaboration, creating the Safe Schools/Healthy Students (SS/HS) Initiative in response to rising concerns about youth violence, substance abuse and school safety. This Federal grant recognizes that violence among young people is caused by a multitude of factors—including early childhood, family life, mental health, and substance abuse issues—and that no single action can be counted on to prevent it. As such, the SS/HS Initiative took a comprehensive approach, drawing on the best practices and the latest thinking in education, justice, social services, and mental health to help communities take action. Additional information can be found [here](#).
