II. Authority:

III. Purpose:

This Agreement sets forth the terms by which DHS/FEMA (or, with DHS/FEMA's coordination, the U.S. Department of Health and Human Services (HHS)) will transport Personal Protective Equipment or other medical supplies (hereinafter "PPE") on behalf of Henry Schein, Inc. The effort underlying this agreement is intended to facilitate the ability of Henry Schein, Inc. to rapidly provide critical PPE items that are currently in short supply to locations where it is needed most, including end users such as hospitals, and state and local governments. In consideration of DHS/FEMA's agreement to transport PPE at the Government's expense, Henry Schein, Inc. agrees to distribute, in accordance with their responsibilities set forth below, a minimum of 50% of the total transported PPE to DHS/FEMA designated locations specified in Attachment A. Each party will cooperate to carry out its respective responsibilities under this agreement.

IV. Responsibilities:

A. DHS/FEMA Responsibilities:

1. DHS/FEMA (or HHS) will transport, by air, PPE owned by Henry Schein, Inc. to the United States from the locations identified in **Attachment A** from time to time by mutual agreement of the parties.
2. DHS/FEMA (or HHS) will use existing authority to arrange air transportation services.
3. DHS/FEMA (or HHS) will deliver the shipments to the locations designated in **Attachment A** (as may be updated from time to time per Section IV.A.1 above).

B. Henry Schein, Inc. Responsibilities:

1. Henry Schein, Inc. agrees to cooperate to the fullest extent possible with assisting DHS/FEMA (or HHS) at point of origin and point of destination to facilitate the shipment of PPE.

3. Henry Schein, Inc. agrees that upon receipt of the PPE shipment in the United States, Henry Schein, Inc. will distribute at least 50% of the PPE medical supplies to Henry Schein, Inc. existing customers in the locations specified in **Attachment B**, which DHS/FEMA and HHS have determined have the most pressing need. For avoidance of doubt, any sales of such PPE directly to FEMA shall not be deemed to be distribution to the locations specified in **Attachment B**. DHS/FEMA reserves the right to amend the list of locations specified in **Attachment B** at any time.
4. Henry Schein, Inc. agrees to confirm distribution of the PPE to the locations specified in **Attachment B** via an email to FEMA containing a report on the locations, name of recipient healthcare facilities, and amount of PPE per healthcare facility.
5. Henry Schein, Inc. agrees to take possession of the PPE shipped at Government's expense at the point of arrival (*i.e.*, the airport). The point(s) of arrival is set forth in **Attachment A**.
6. Henry Schein, Inc. agrees to distribute the PPE to its customers at a reasonable price (*i.e.*, the price that a prudent and competent buyer would be willing to pay given available data on market conditions).

Any services, equipment or personnel provided to DHS/FEMA to accomplish the goals anticipated under this agreement are done so without expectation of reimbursement or the payment of fees related to the provision of such services, equipment, or personnel, unless otherwise agreed. Any specific work or activity that involves the transfer of funds, services, or property among the parties will require execution of a separate agreement

and will be contingent upon the availability of appropriated funds. Such activities must be independently authorized by appropriate statutory or other legal authority. This Agreement does not provide such authority. Henry Schein, Inc. agrees that it has no expectation of payment from FEMA and agrees to waive any claim for compensation of any kind from FEMA or any payment from FEMA in relation to FEMA's transportation of Henry Schein, Inc. PPE.

F. This Agreement, upon execution, contains the entire agreement of the parties and supersedes all prior agreements and understandings, both written and oral, between the parties with respect to the subject matter.

The terms of this Agreement will become effective upon the signature of both parties.

VIII. Modification:

This Agreement may be modified upon the mutual, written consent of the parties.

IX. Termination:

The terms of this Agreement, as modified with the consent of both parties, will remain in effect until Henry Schein, Inc. has confirmed the delivery information for the PPE as specified in Section IV.B.4. **MEMORANDUM OF AGREEMENT
BETWEEN
THE DEPARTMENT OF HOMELAND SECURITY
FEDERAL EMERGENCY MANAGEMENT AGENCY (DHS/FEMA)
AND
McKesson MedicalSurgical Inc.**

I. Parties:

The parties to this Memorandum of Agreement ("Agreement") are the Department of Homeland Security/Federal Emergency Management Agency (DHS/FEMA) and **McKesson Medical-Surgical Inc. ("MMS")**.

II. Authority:

This Agreement is authorized under the provisions of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 et seq.

III. Purpose:

This Agreement sets forth the terms by which DHS/FEMA (or, with DHS/FEMA's coordination, the U.S. Department of Health and Human Services (HHS)) will transport Personal Protective Equipment or other medical supplies (hereinafter "PPE") on behalf of **MMS**. The effort underlying this agreement is intended to facilitate the ability of **MMS** to rapidly provide critical PPE items that are currently in short supply to locations and health care professionals where it is needed most, including end users such as but not limited to hospitals, nursing homes/long term care facilities, and state and local governments. In consideration of DHS/FEMA's agreement to transport PPE at the Government's expense, **MMS** agrees to distribute, in accordance with their responsibilities set forth below, a minimum of 50% of the total transported PPE items to DHS/FEMA designated locations specified in Attachment B. Each party will cooperate to carry out its respective responsibilities under this agreement.

IV. Responsibilities:

A. DHS/FEMA Responsibilities:

1. DHS/FEMA (or HHS) will transport, by air, PPE owned by **MMS** to the United States from the locations identified in **Attachment A**.
2. DHS/FEMA (or HHS) will use existing authority to arrange air transportation services.
3. DHS/FEMA (or HHS) will deliver the shipments to the locations designated in **Attachment A**.
3. DHS/FEMA will provide a list of locations in the United States that are of the most pressing need for PPE with some direction to **MMS** on the relative degree

of need by location (i.e., prioritization). The list will identify specific counties within a given State, and, to the extent DHS/FEMA has information, direction on the specific products of greatest need for a given location.

B. MMS Responsibilities:

1. MMS agrees to cooperate to the fullest extent possible with assisting DHS/FEMA (or HHS) at point of origin and point of destination to facilitate the shipment of PPE.
2. MMS agrees to provide a reasonable estimate of the value of the shipment at least 48 hours prior, to the fullest extent possible, to the shipment for purposes of arranging service with a transportation service provider.
3. MMS agrees that upon receipt of the PPE shipment in the United States, MMS will distribute at least 50% of the number of PPE medical supplies (excluding vinyl gloves) to MMS's existing customers in the locations specified in **Attachment B**, which DHS/FEMA and HHS have determined have the most pressing need. For avoidance of doubt, sales of PPE directly to FEMA from the "first flight" shall be deemed to be distribution to the locations specified in **Attachment B**, and any future sales of PPE directly to FEMA shall not be deemed to be distribution to the locations specified in **Attachment B**, unless otherwise agreed to by the parties. DHS/FEMA reserves the right to amend the list of locations specified in **Attachment B** at any time.
4. In addition, MMS will distribute at least 50% of the vinyl gloves to existing MMS customers who are nursing homes/long term health agencies located within the United States.
5. MMS agrees to use best efforts to confirm distribution of the PPE to the locations specified in **Attachment B** via an email to FEMA containing a report on the locations, name of recipient healthcare facilities, and amount of PPE per healthcare facility, but FEMA acknowledges that for items that MMS currently sells under existing item numbers it will be impossible to trace items at the lot level after such items are placed into MMS's core inventory as most medical supply items are not currently traced by lot. If the PPE is placed into a warehouse for use only for expedited COVID-19-related shipments, MMS will be able to demonstrate proof of delivery to FEMA as described in the preceding sentence.
6. MMS agrees to take possession of the PPE shipped at Government's expense at the point of arrival (i.e., the airport). The point(s) of arrival is set forth in **Attachment A**.
7. MMS agrees to distribute the PPE to its customers at reasonable prices (i.e., the price that a prudent and competent buyer would be willing to pay given available data on market conditions).

Such activities must be independently authorized by appropriate statutory or other legal authority. This Agreement does not provide such authority. **MMS** agrees that it has no expectation of payment from FEMA for the services described herein and agrees to waive any claim for compensation of any kind from FEMA or any payment from FEMA in relation to FEMA's transportation of **MMS's** PPE.

F. This Agreement, upon execution, contains the entire agreement of the parties and supersedes all prior agreements and understandings, both written and oral, between the parties with respect to the subject matter.

VIII. Modification:

This Agreement may be modified upon the mutual, written consent of the parties.

IX. Termination:

The parties to this Agreement are the Department of Homeland Security/Federal Emergency Management Agency (DHS/FEMA) and Cardinal Health 200, LLC ("Company").

II. Authority:

This Agreement is authorized under the provisions of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 et seq.

III. Purpose:

This Agreement sets forth the terms by which DHS/FEMA (or, with DHS/FEMA's coordination, the U.S. Department of Health and Human Services (HHS)) will transport Personal Protective Equipment or other medical supplies (hereinafter "PPE") on behalf of Company. The effort underlying this agreement is intended to facilitate the ability of Company to rapidly provide critical PPE items that are currently in short supply to locations where it is needed most, including end users such as hospitals, and state and local governments. In consideration of DHS/FEMA's agreement to transport PPE at the Government's expense (the "Transported PPE"), Company agrees to distribute, in accordance with their responsibilities set forth below, PPE comprised of the same or equivalent products as, and equal to a minimum of 50% of, the total Transported PPE to DHS/FEMA designated locations specified in Attachment A. Each party will cooperate to carry out its respective responsibilities under this Agreement.

IV. Responsibilities:

A. DHS/FEMA Responsibilities:

1. DHS/FEMA (or HHS) will transport, by air, PPE owned or ordered by Company to the United States from the locations identified in Attachment A. The parties may amend the list of locations specified in Attachment A at any time by mutual agreement in writing, including by email.
2. DHS/FEMA (or HHS) will use existing authority to arrange air transportation and related services to facilitate the movement of the goods to include temporary warehousing, packaging, and regulatory clearances for the Transported PPE.
3. DHS/FEMA (or HHS) will deliver the shipments to the locations designated in Attachment A.

B. Company Responsibilities:

1. Company agrees to use commercially reasonable efforts to assist DHS/FEMA (or HHS) at point of origin and point of destination to facilitate the shipment of Transported PPE.
2. Company agrees to provide a reasonable estimate of the value of the shipment at least 48 hours prior to the shipment for purposes of arranging service with a transportation service provider.
3. Company agrees that upon receipt of the Transported PPE shipment in the United States, Company will distribute PPE comprised of the same or equivalent products as, and equal to at least 50% of, the Transported PPE (the "FEMA-Directed PPE") to Company existing customers in the locations specified in Attachment B, which DHS/FEMA and HHS have determined have the most pressing need. For avoidance of doubt, any sales of such PPE directly to FEMA shall not be deemed to be distribution to the locations specified in Attachment B. DHS/FEMA reserves the right to amend the list of locations specified in Attachment B at any time.
4. Company agrees to confirm distribution of the FEMA-Directed PPE to the locations specified in Attachment B via an email to FEMA containing a report on the locations, name of recipient healthcare facilities, and amount of PPE per healthcare facility.
5. Company agrees to take possession of the Transported PPE shipped at Government's expense at the point of arrival (*i.e.*, the airport). The point(s) of arrival is set forth in Attachment A.
6. Company agrees to distribute the FEMA-Directed PPE to its customers at a reasonable price (*i.e.*, the price that a prudent and competent buyer would be willing to pay given available data on market conditions), and provided, however, that this section IV.B.6. shall not require Company to sell the FEMA-Directed PPE to its customers for less than the contractual price established between Company and its customers in the ordinary course of business.

If a term of this Agreement is inconsistent with such authority, then that term shall be invalid, but the remaining terms and conditions of this Agreement shall remain in full force and effect.

B. This agreement with Company is not contingent upon, or made on the expectation of, any agreement between the U.S. and any other private company. Moreover, Company will comply with the agreement without regard to the participation or non-participation in the program, or the terms thereof, of any other private company.

C. **Risk of Loss.** All PPE furnished, loaned or bailed by Company to DHS/FEMA or HHS, or otherwise acquired by DHS/FEMA or HHS for the performance of this MOA are the property of Company. DHS/FEMA shall not charge Company for any storage, maintenance or return of any PPE, except in the circumstance that FEMA must store the shipment due to Company failure to timely take possession of the shipment at the point of destination. Except as provided for in writing, Company shall bear all risk of loss for all such PPE in DHS/FEMA's possession or for which DHS/FEMA is responsible, and DHS/FEMA will not be liable for any loss or damage to the PPE during shipment, occurring prior to delivery of the PPE to Company, or resulting from improper packing and marking, improper loading, stowing, trimming, blocking, and/or bracing of the shipment.

D. This Agreement is between DHS/FEMA and Company and does not confer or create any right, benefit, or trust responsibility, substantive or procedural, enforceable at law or in equity, onto any third person or party (public or private) against the United States, its agencies, its officers or employees, or any person; or against Company, its officers or employees, or any other person.

E. This Agreement is not a fiscal or funds obligation document. Any services, equipment or personnel provided to DHS/FEMA to accomplish the goals anticipated under this agreement are done so without expectation of reimbursement or the payment of fees related to the provision of such services, equipment, or personnel, unless otherwise agreed. Any specific work or activity that involves the transfer of funds, services, or property among the parties will require execution of a separate agreement and will be contingent upon the availability of appropriated funds. Such activities must be independently authorized by appropriate statutory or other legal authority. This Agreement does not provide such authority. Company agrees that it has no expectation of payment from FEMA and agrees to waive any claim for compensation of any kind from FEMA or any payment from FEMA in relation to FEMA's transportation of Company's PPE.

F. This Agreement, upon execution, contains the entire agreement of the parties and supersedes all prior agreements and understandings, both written and oral, between the parties with respect to the subject matter.

VII. Effective Date:

The terms of this Agreement will become effective upon the signature of both parties.

VIII. Modification:

This Agreement may be modified upon the mutual, written consent of the parties.

IX. Termination:

The terms of this Agreement, as modified with the consent of both parties, will remain in effect until Company has confirmed the delivery information for the PPE as specified in Section IV.B.4. The Agreement may be extended by mutual written agreement of the parties. Either party upon 5 days' written notice to the other party may, without cause, terminate this Agreement.
