SUSPENSION AND DEBARMENT INSTRUCTION

I. Purpose

A. This Instruction implements the Department of Homeland Security (DHS) Directive 146-01, Suspension and Debarment Program.

B. Pursuant to the Federal Acquisition Regulation (FAR) Section 9.402(e) and Nonprocurement Suspension and Debarment Rules, 2 Code of Federal Regulation (C.F.R.) Section 180.25(a), this Instruction implements uniform suspension and debarment procedures for the Department of Homeland Security (DHS). It provides the process for each referral, which may come from any source, to be considered for potential suspension and/or debarment. It is not intended to, and does not create, any rights or benefits, substantive or procedural, enforceable by law or in equity by any party against the United States, its departments, agencies, instrumentalities or entities, officers, employees or agents, or any other person.

C. Suspension and debarment actions prevent business entities and individuals from participating in future government contracts, subcontracts, grants, cooperative agreements, loans and other covered transactions. This administrative process is used to address non-compliance with specific laws, malfeasance, or gross misconduct affecting the federal government’s interest. Suspensions and debarments are not punishments; instead these actions ensure the federal government only does business with presently responsible entities.

D. The DHS Suspension and Debarment Program falls under the oversight, direction, and guidance of the Under Secretary for Management.

E. The DHS Office of Inspector General (OIG) audits and investigates violations of contracts, grants, and cooperative agreements. These audits and investigations may indicate non-compliance with specific laws, malfeasance, or gross misconduct affecting the Federal Government’s interests. Where appropriate, the DHS OIG forwards referrals to the DHS or Component Suspension and Debarment Official (SDO), through the Component Suspension and Debarment Director (SDD), for potential suspension and debarment actions.
F. Where appropriate, all DHS Components should consult their Component General Counsel and notify the DHS Chief Financial Officer’s Financial Assistance Policy and Oversight (FAPO) prior to contacting the DHS SDO.

G. Federal contracts and financial assistance awarded by DHS Components that have been terminated for default or cause provide adequate cause for a referral to the DHS or Component SDO.

H. This Instruction recognizes the DHS Components’ roles in the DHS Suspension and Debarment Program processing all DHS OIG referrals including, but not limited to, procurement and financial assistance-related referrals.

I. As defined in Directive 146-01, there are suspension and debarment Centers of Excellence within DHS. Centers of Excellence have a delegated SDO. However, SDOs are not autonomous. These Centers of Excellence and SDOs are subject to oversight by the DHS SDO and are obligated to follow these Instructions, report regularly on program effectiveness, attend regular meetings, and generally participate in the DHS Suspension and Debarment Program.

J. Every suspension or debarment action is unique and may have additional or alternative steps in the process. The following is a general guide that may be tailored for each individual action. However, any tailoring adheres to the fundamental principle of fairness and is coordinated with the applicable SDO.

L. Definitions can be found at Appendix 2.

II. Scope

This Instruction applies throughout DHS, with the exception of the Office of Inspector General.

IV. Responsibilities

A. **DHS Suspension and Debarment Official:**
   1. Determines the appropriate outcome of each case referred for suspension or debarment.
2. Proactively contributes to ensuring that only responsible persons and organizations participate in DHS procurement and other covered transactions.

3. Establishes the policy, process, and procedures for the Suspension and Debarment Program.

4. Ensures referrals for suspension and debarment are properly processed either at the appropriate Components with delegated SDO authority or at the Departmental level.

5. Establishes a process to designate a DHS official to conduct fact-finding hearings when there are disputed material facts that warrant a hearing.

6. Refers matters involving disputed material facts to a DHS designated official for a fact finding hearing.

7. Holds Presentations of Matters in Opposition (PMIO) when appropriate to allow respondents to submit information and argument in opposition to the suspension or proposed debarment.

8. Represents the Department as the DHS voting member on the Interagency Suspension and Debarment Committee (ISDC).

9. Ensures the Department’s suspension or debarment actions are coordinated with the ISDC, as appropriate. If necessary, coordinates actions between or among agencies to ensure the best result for the government.

10. Ensures that each Component maintains its own records regarding suspension and debarment cases for six (6) years [General Records Schedule (GRS) 1.1, Item 10] after the end of the suspension or debarment period or end date of an Administrative Agreement. Records stemming from a referral which results in "no action" or a finding of "responsible" will be maintained for six (6) years (GRS 1.1, Item 10) from the date of the decision.

11. Provides periodic reporting to the Under Secretary for Management and develops the annual Suspension and Debarment Report, used for reporting to the ISDC, detailing all DHS suspension, debarment and related actions that were completed and the total of number of actions referred, by Fiscal Year.
12. Establishes training levels, certification requirements, professional development, and sets expectations for suspension and debarment personnel.

13. Fosters relationships among all DHS investigative offices and SDDs by assisting with the establishment of procedures for submitting referrals to SDDs and providing guidance on suspension and debarment issues with due regard for applicable laws and regulations.

14. Ensures that SDDs track suspension and debarment program actions using the designated DHS suspension and debarment case tracking system.

15. Establishes procedures for respondents to exhaust administrative remedies by appealing an adverse SDO decision prior to the respondent pursuing Federal litigation pursuant to the Administrative Procedure Act (APA). As such, the DHS SDO accepts suspension and debarment petitions for reconsideration from any Component SDO for a review, including a de novo review, as determined appropriate. Alternatively, Component petitions may be forwarded to another Component SDO for de novo review. Sends DHS suspension and debarment petitions for reconsideration to any Component SDO for de novo review. During this review process, the DHS SDO has the authority to stay the immediate decision while the petition is under review.

16. Acts ethically and impartially in every action taken or decision made.

B. Component Heads:

1. Designate one or more individuals to be dedicated to the Component’s Suspension and Debarment Program as the SDD. This may or may not be a full-time position depending on the number of referrals generated by that Component. The SDD provides appropriate administrative services for that Component.

2. Ensure Components which are Centers of Excellence have sufficient staff to support these efforts. The DHS SDO has the authority to delegate the Component SDD as a SDO should that individual be suitable for this role.

C. Component (Centers of Excellence) Suspension and Debarment Officials, when delegated authority concerning referrals:

1. Determine the appropriate outcome of each case referred for suspension or debarment.
2. Refer matters involving disputed material facts to a DHS designated official for a fact finding hearing.

3. Hold PMIOs, when appropriate, to allow respondents to submit information and argument in opposition to the suspension or proposed debarment.

4. Follow procedures for respondents to exhaust administrative remedies by appealing an adverse SDO decision prior to the respondent pursuing federal litigation pursuant to the Administrative Procedure Act (APA). As such, accepts suspension and debarment petitions for reconsideration from the DHS SDO or another Component SDO for review, including a de novo review as determined appropriate. Alternatively, Component petitions may be sent to the DHS SDO or another Component SDO for de novo review. During this review process, the reviewing SDO has the authority to stay the immediate decision while the petition is under review.

5. Ensure that records regarding Component/Center of Excellence suspension and debarment cases are maintained for six (6) years (GRS 1.1, Item 10) after the end of the suspension or debarment period or end date of an Administrative Agreement. Records stemming from a referral which results in "no action" or a finding of “responsible” will be maintained for six (6) years (GRS 1.1, Item 10) from the date of the decision.

D. **Component Suspension and Debarment Directors**:

1. Receive information pertaining to potential suspension and debarment cases (hereinafter referred to as “intake”) from any source, analyze the intake and determine the correct Component to process the potential case. Where appropriate, Components should consult with their Component General Counsel and notify the DHS Chief Financial Officer’s Financial Assistance Policy and Oversight (FAPO) prior to contacting the SDO.

2. Track all intake, referrals, and actions and document each case file in accordance with this Instruction and other policy issued by the SDO. Report the status of all intake and referrals to the SDO monthly and assist the SDO in the planning process and requests for information.

3. Prior to making a recommendation to the SDO, review the System for Award Management (SAM) to determine the suspension or debarment status of the subject of the intake.

4. Maintain and update suspension and debarment records in SAM as appropriate.
5. Coordinate the appropriate processing of each intake with the appropriate SDD or SDO to ensure no duplication, overlap, or failure to process intake.

6. Gather all relevant facts and determine if there are disputed facts associated with the intake.

7. Prepare intake with recommendations and submit the Administrative Record to the SDO for action. Once the recommendation is sent to the SDO, it becomes a referral and is counted as such at this point in time. For ISDC reporting purposes, only suspensions and proposed debarments are counted as referrals.

8. Maintain records regarding Component suspension and debarment cases for six (6) years (GRS 1.1, Item 10) after the end of the suspension or debarment period or end date of an Administrative Agreement. Records stemming from a referral which results in "no action" or a finding of "responsible" will be maintained for six (6) years (GRS 1.1, Item 10) from the date of the decision.

9. Suggest internal and external process improvements to the appropriate SDO for action.

10. Provide appropriate administrative services for that Component.

11. Act ethically and impartially in every action taken or decision made.

E. **Heads of the Contracting Activities (HCA):**

1. Ensure their contracting professionals are trained on when and how to consider referrals for suspension or debarment for a Component’s contractor.

2. Provide access and contact information to the Component’s investigative unit, OIG, and SDD.

3. Provide easy access and encourage contracting professionals to refer instances of terminations for cause or default.

4. Ensure all contractors are referred to the SDO for potential suspension and debarment where the Component terminated the contract for cause or default per HSAM 3049.1.

5. Instruct contractors to utilize SAM before entering into any subcontract.
6. Request a DHS Chief Procurement Officer (CPO) compelling reason determination prior to entering into a contract with an excluded party per HSAM 3009.4.

F. **DHS Chief Procurement Officer.**

1. Grants waivers/limited exceptions to let an excluded person participate in covered procurement transactions, including prime and subcontracts.

2. Identifies the method(s) and specific limitations of entering into a covered procurement transaction with the excluded party.

3. Immediately informs the DHS SDO and the Deputy Under Secretary for Management of each authorization to contract with an excluded party and provides the rationale for the approval. If a waiver is approved, the DHS CPO shall craft a notification of the waiver and an explanation of the finding that a compelling reason exists for the waiver for dissemination to the appropriate congressional oversight committees and the DHS Office of Inspector General. Within five (5) days of signing of the waiver, the DHS Office of Legislative Affairs submits the notification to the appropriate congressional committees and the DHS CPO submits the notification to the DHS Inspector General.

4. Tracks all contracts terminated for default or cause and populates them in the Enterprise Reporting Application (ERA) site.

G. **DHS Chief Financial Officer.**

1. Waivers/Exceptions. The DHS Chief Financial Officer (CFO) grants waivers/limited exceptions to let an excluded person participate in covered non-procurement transactions including grants and direct loans. The DHS CFO immediately informs the DHS SDO and the Deputy Under Secretary for Management of each authorization to enter into an award with an excluded party and provides the rationale for the approval. The DHS CFO identifies the method(s) and specific limitations of entering into a covered non-procurement transaction with the excluded party. If a waiver is approved, the DHS CFO shall craft a notification of the waiver and an explanation of the finding that a compelling reason exists for the waiver for dissemination to the appropriate congressional oversight committees and the DHS Office of the Inspector General. Within five (5) days of signing of the waiver, the DHS Office of Legislative Affairs submits the notification to the appropriate congressional committees and the DHS CFO submits the notification to the DHS Inspector General.

2. CFO’s Financial Assistance Policy and Oversight:
a. Provides financial assistance policy guidance on enforcement actions and SAM review for program and Grants Officers.

b. Coordinates with the DHS SDO to provide training to financial assistance program and grants officers.

c. Requires DHS Financial Assistance Offices to refer any DHS Component terminated grant, cooperative agreement and/or loan for cause or default, through the FAPO Director, to the DHS OIG and the appropriate SDO, through the SDD.

d. Collaborates with the DHS SDO and delegated Component SDOs, to review financial assistance transactions for potential suspension and debarment.

e. Requests a DHS CFO determination that there is a compelling need before awarding a grant to an excluded party.

H. **DHS and Component General Counsel:**

   1. Provides legal support to the SDDs and the SDOs.
   
   2. Provides legal reviews and comments on all Administrative Records and other appropriate documents when requested.
   
   3. Provides legal review of due process and other issues that may arise associated with the suspension and debarment process.
   
   4. Ensures attorneys attend meetings, including PMIOs, when requested by the SDOs or SDDs.

V. **Procedures**

A. **Case Generation and Referrals:** Almost all DHS cases begin with an intake of information for consideration of potential suspension or debarment action to the appropriate SDD, and is entered into the tracking system within three (3) workdays. Cases arise under many circumstances but generally are associated with a criminal conviction, civil judgment, an Inspector General investigation or other administrative action. A case may be processed for suspension or debarment if a person or legal organization demonstrates a lack of business honesty or integrity. Information related to contractor suspension and debarment and possible criminal or fraudulent activities are made to the OIG, consistent with HSAM 3009.402.

   1. Triggers include, but are not limited to:
a. Termination for default or cause of any contract or federal assistance award.

b. Dishonestly obtaining or attempting to obtain a contract such as improperly obtaining competitor information or by misrepresenting size status.

c. Violations of FAR clause 52.222-50, “Combating Trafficking in Persons.”

d. Grantee malfeasance or misuse of grant funding.

e. False information provided to obtain flood insurance payment or disaster assistance.

f. Any criminal activity or violation of civil code by a DHS employee indicating unethical behavior on the part of a DHS contractor or grantee.

g. Indictment or conviction of a federal felony that indicates unethical behavior by a DHS employee, contractor, or grantee.

h. Violation of the Immigration and Nationality Act (INA).

i. Violation of trade laws against counterfeit, unsafe, and/or fraudulently entered goods.

j. Violation of other statutes requiring suspension or debarment where DHS is the appropriate lead agency.

2. Any DHS employee can refer a suspension or debarment case. The intake is provided to the SDD or Inspector General office that has the closest association with the basis for the potential suspension or debarment.

3. Even without an intake, an SDD may open a case for suspension or debarment. The SDD may open a case for all criminal convictions or civil judgments that relate to receiving public funds if there is evidence that the individual or organization committed one or more of the causes for debarment or suspension set forth at FAR § 9.406-2 or 9.407-2, or 2 C.F.R. § 180.700 or 180.800.
B. **Analysis and Processing.**

1. A conviction-based intake should generally be evaluated within 30 days of the SDD receiving the case.

2. When an intake is received, the SDD reviews it to ensure it includes all necessary documentation, and takes appropriate action to complete the file with relevant documents to support the specific cause. Appendix 1 of this Instruction contains a list of documents for possible inclusion in the case file.

3. SDDs take special care if using information that may have been obtained through a grand jury process or if any document in the intake package contains non-grand jury information that is sensitive, privileged, or confidential. This information may need to be removed before submitting to the SDO. If this information needs to be reviewed by the SDO, but not released to the respondents in the suspension or debarment process, this information should be included in an Action Referral Memorandum (ARM). The SDD should mark the ARM as “Sensitive – In Camera Review by the Debarring Official Only” in order to safeguard the information.

4. The SDD analyzes the case file, including any additional research results, and prepares the Action Referral Memorandum (ARM) and the Notice(s) of Proposed Debarment and/or Notice(s) of Suspension, etc. Affiliates of a respondent are generally included within the ARM for that respondent. The SDD generates a separate ARM for each respondent in a particular case.

5. Affiliates listed in the ARM are sent a separate Notice of Proposed Debarment/Notice of Suspension when the affiliate has a separate address of record from the respondent.

6. The SDD prepares the Lead Agency Request and routes through the Interagency Suspension and Debarment Committee prior to forwarding the Administrative Record to the appropriate SDO. The Lead Agency Request should be conducted prior to the issuance of a Notice of Suspension and must be sent prior to the issuance of a Notice of Proposed Debarment or Show Cause. Additionally, Lead Agency Requests should be sent upon receipt of a company’s self-reporting to the SDD/SDO of alleged or criminal misconduct.
7. The SDD forwards the Administrative Record, including supporting documentation used to develop the ARM and notices, to the appropriate SDO, for review and further processing. Once the recommendation is on the SDO’s desk, it becomes a referral. For ISDC reporting purposes, only suspensions and proposed debarments are counted as referrals and are counted as referrals when they are sent to the SDO. The SDD recommends one of the following actions to the appropriate SDO:

   a. Close the referral with no action.

   b. Close the referral because the respondent was found to be responsible.

   c. Propose debarment, including the recommended length of the proposed debarment.

   d. Suspension.

   e. Resolution through an Administration Agreement (AA) or Voluntary Exclusion (VE).

8. If the situation justifies an immediate suspension to protect the Government, the SDD documents the circumstances and recommends that the SDO proceed with the suspension without prior coordination with the ISDC. In this case, the SDD sends a follow up Lead Agency Notice to the ISDC informing of the suspension by the next business day.

9. Occasionally, information may come to the attention of the SDD prior to the receipt of an intake that requires them to gather additional research from a potential respondent. After notifying the appropriate SDO, the SDD prepares a Request for Information and sends it to the respondent via USPS certified mail. The respondent is provided an opportunity to present information to the SDD to determine if a referral for suspension or debarment to the SDO is appropriate. If circumstances warrant, the information never becomes a referral and the case is closed by issuing a memo for the record. A unique record is established but placed into the system with a zero, indicating no referral to the SDO was generated.

10. After a review of the initial documents in the administrative record, if the SDO determines that a suspension or debarment action is not yet warranted, the SDO may issue a Show Cause letter, if appropriate.
a. Based on the respondent’s response to the Show Cause letter, the SDO may decide that insufficient evidence exists to proceed with a suspension or debarment. In this case the SDD prepares a Decision Memorandum for signature by the SDO and the respondent remains eligible to participate in all federal business/financial relationships. The case is dismissed, based on current facts, and a notification is sent to the respondent within five (5) business days; or,

b. An AA may be offered. If appropriate, the SDD proposes the terms and upon agreement of the SDO and respondent, the SDD generates the final document for signature by the respondent. After signature by the respondent, the SDD provides the document to the SDO for processing. The SDO signs on behalf of the United States Government. Prior to entering an AA, the SDD ensures that an AA Decision Memorandum is signed by the SDO and entered into the Administrative Record. The AA Decision Memorandum should document the facts of the case and the rationale for the decision. Under an AA, the respondent remains eligible, but is required to adhere to the terms and conditions of the AA. Failure to adhere to the terms and conditions can result in one of two outcomes. If the failure is administrative or technical in nature, this violation would normally result in a short reprieve [normally ten (10) business days] to correct the breach. If the breach is material or if the failure goes uncorrected, it may establish a new cause for debarment. At a minimum, the AA period may be extended due to the breach. The final decision to extend or terminate resides with the SDO.

c. If after the review of Show Cause information, the SDO determines that the respondent is not responsible and suspension or debarment is appropriate, the SDD prepares a new ARM and Notice of Suspension or Notice of Proposed Debarment and follows the instructions above for a proposed debarment.

11. If the SDO concurs with SDD recommendation in the ARM, the SDD:
a. Notifies the respondent of Suspension or Proposed Debarment in accordance with FAR 9.406-3 or 9.407-3, or the applicable non-procurement regulation. The Notice of Suspension/Debarment is sent via USPS certified mail, return receipt requested, to the address of record for each respondent, or sent via an applicable Nonprocurement Common Rule (NCR) dissemination method found at 2 C.F.R. § 180.615. Along with the Notice of Proposed Debarment/Notice of Suspension, the SDD sends a copy of the ARM to the respondent. If there is a reason to withhold from the respondent any portion of the record (normally for show cause or suspension actions), the respondent is informed, in general terms, what was withheld and the reasons for such withholding without disclosing the government’s evidence. Upon request, the SDD makes available to each respondent a copy of the Administrative Record which formed the basis for the decision.

b. For Proposed Debarments or Suspensions under the authority of FAR 9.4, and Suspensions under the NCR, the SDD updates SAM within three (3) working days from the effective date of the action. Proposed Debarments under the NCR are not entered into SAM.

c. In accordance with FAR 9.406-3(c) and 9.407-3(c) and allowable for nonprocurement actions, matters in opposition may be presented in person, in writing, or through a representative. The respondent may submit matters in opposition within thirty (30) days from receipt of the notice of suspension or proposed debarment. Matters in opposition may be presented through any combination of the foregoing methods, but if a respondent desires to present matters in person or through a representative, any written material is normally delivered at least five (5) business days in advance of the presentation.

d. The SDD may control the PMIO and should ensure all interested government officials who are present for the PMIO receive a copy of the written information submitted by the respondent, or transcript, if any exist.

e. Usually, all matters in opposition are presented in a single proceeding. These meetings may be held in-person or via telephone and are non-adversarial and generally informal in nature. Prior to the meeting, the SDO or SDD may determine that a recording is necessary and make arrangements to have the meeting transcribed. Government officials may ask questions of the respondent or its representative making the presentation.
(1) Representatives at the PMIO may include, but are not limited to the SDO, SDD, and Component Legal Counsel. Someone from the referring organization, who is familiar with the case, may also be present. If another federal agency has an interest in the outcome, they may be present.

(2) At least five (5) business days prior to the meeting, the respondent should submit any written information which the respondent considers important for inclusion in the Administrative Record.

(3) Individual respondents or principals of a business may attend the meeting and speak for themselves, or the respondent may select the individuals to attend the meeting on the respondent’s behalf.

(4) At the conclusion of the PMIO, the SDO or SDD may hold the record open to afford the respondent a reasonable amount of time, generally ten (10) business days, to submit additional documentary evidence for the administrative record.

f. The opportunity to present matters in opposition to a proposed debarment includes the opportunity to present matters concerning the present responsibility of the respondent. Normally, if there is a judgment or conviction involved, the facts surrounding the matter would not be discussed. However, the respondent should be prepared to discuss what happened to cause the misconduct, provide the results of any internal investigations, enumerate mitigating circumstances, and provide details concerning remedial measures that have been implemented, or that are contemplated; to ensure that the root cause of the suspension and/or proposed debarment has been identified and corrective measures have been taken to ensure there will be no future instances of this misconduct. It is recommended that the respondent send a representative to the meeting who has knowledge of the incidents, who has the authority to speak on behalf of the company and who is capable of answering any questions posed by the government. The respondent may also discuss the duration of the debarment and the possibility of entering into an AA or VE.
g. The SDO determines whether the respondent’s presentation has raised a genuine dispute of material fact(s). If the SDO has decided against debarment or continued suspension, or the provisions of FAR Subpart 9.4 or 2 C.F.R. § 180.830 preclude fact-finding, no fact-finding is conducted. If the SDO has determined a genuine dispute of material fact(s) exists, the fact-finding official conducts fact-finding and provides a report containing the results of the fact-finding. The written findings of facts are prepared as mandated by FAR § 9.406-3(d)(2)(i) and 9.407-3(d)(2)(i) and 2 C.F.R. §180.840. A copy of the findings of fact is provided to the SDO.

12. **Self-referrals.** In some instances a respondent may self-refer criminal or other misconduct to the SDD prior to receiving a Notice of Suspension, Notice of Proposed Debarment, or Show Cause. The SDD:

a. Requests that the respondent submit all documentation in writing and invites them to present matters related to their present responsibility. Representatives at the meeting may include, but are not limited to, the SDO, SDD, and Component Legal Counsel. If another federal agency has an interest in the outcome, they may be present as well.

b. Requests the respondent come to the meeting prepared to discuss present responsibility. Normally, if there is a judgment or conviction involved, the facts surrounding the matter would not be discussed. However, the respondent should be prepared to discuss what happened to cause the misconduct, provide the results of any internal investigations, enumerate mitigating circumstances, and provide details concerning remedial measures that have been implemented, or that are contemplated; to ensure that the root cause has been identified and corrective measures have been taken to ensure there will be no future instances of this misconduct. It is recommended that the respondent send a representative to the meeting who has knowledge of the incidents, who has the authority to speak on behalf of the company and who is capable of answering any questions posed by the government. The respondent may also discuss the duration of any potential debarment and the possibility of entering into an AA or a VE.

c. Requests the respondent provide any information that they would like considered by the SDO in writing at least five (5) business days prior to the meeting. Requests additional meetings, conversations, or materials as appropriate.
d. Acknowledge that there are generally three possible outcomes: 1) a finding of present responsibility based on the mitigating factors and remedial measures; 2) the implementation of an AA or VE; or 3) a proposed debarment.

13. **Voluntary Exclusion Agreements (VE).** The SDO may find that a VE is an appropriate resolution to a suspension or debarment matter. If appropriate, the SDD proposes the terms and upon agreement of the SDO and respondent, the SDD generates the final document for signature by the respondent. After signature by the respondent, the SDD provides the document to the SDO for processing. The SDO signs on behalf of the United States Government. Prior to entering a VE, the SDD ensures that a VE Decision Memorandum is signed by the SDO and entered into the Administrative Record. The VE Decision Memorandum should document the facts of the case and the rationale for the decision.

14. **Petitions.** If a respondent submits a petition for reconsideration, the SDD sends a copy of the petition with a cover ARM documenting the history along with the entire Administrative Record to the cognizant SDO for a review, including a de novo review, as determined appropriate. The information is generally provided to the SDO within ten (10) business days. Generally, the DHS SDO reviews requests for reconsideration of decisions made by the Component SDO and the Component SDO reviews requests for reconsideration of decisions made by the DHS SDO.

   a. The cognizant SDO reviews the administrative record and issues a written decision. The decision could be to modify or terminate the suspension or leave it in force; or leave the debarment period as is, reduce the period of debarment, terminate the debarment, or explore entering into an AA with the respondent.

   b. The SDO provides the written decision to the SDD and the SDD updates the administrative record, provides notice to the respondent of the decision and, if necessary, updates SAM within three (3) working days with any necessary changes.

15. If a respondent inquires on the status of their pending case, the SDD provides the respondent with a response to that inquiry in a timely manner.

**VI. Training and Professional Development**

A. The DHS and Component SDOs and SDDs must successfully complete the Federal Law Enforcement Training Centers’ National Suspension and Debarment Training Program within one (1) year of the start of the responsibilities, if not already completed.
B. Component suspension and debarment staff obtain professional development through Federal Acquisition Certification in Contracting (FAC-C) and the CFO FAPO’s financial assistance training and certification program. Professional development should include familiarity with contract and grant fraud. It is highly encouraged that the SDOs and Centers of Excellence SDDs obtain and maintain the Certified Compliance and Ethics Professional (CCEP) designation, or equivalent with approval of the DHS SDO, to properly evaluate compliance and ethics programs of respondent companies and to properly administer respondent AAs.

VII. Tracking and Reporting Procedures

A. The DHS SDO ensures that DHS has a consistent method to track referrals and resulting progress. The Component SDOs and SDDs enter each referral into a tracking system and updates each referral as it progresses through the suspension and debarment process. Data entry and document upload into the case tracking system must occur within two (2) business days. The DHS SDO ensures that all referrals progress toward completion in a timely manner.

1. The Component SDOs and SDDs are responsible for ensuring that all information is properly reported. DHS reports the suspension and debarment statistics to the ISDC to be included in the annual 873 Report to Congress. Referrals are counted on the same day that they are sent to the SDO. For ISDC reporting purposes, only suspensions and proposed debarments are counted as referrals. Show Cause, Suspension, Proposed Debarment, Debarment, Finding of Responsibility, No Action, Declination, AA, and Voluntary Exclusion actions are counted at each stage, as applicable, on the same day they are signed by the SDO. Petitions are counted as such on the day that the SDO signs the final determination in the matter. For petitions, if the decision is to find the respondent responsible, it is only counted as a petition and not a finding of responsibility.

2. If suspending and proposing for debarment under the NCR, the action would count as both as a suspension and a proposed debarment the same day the SDO signs the action.

B. The Component SDOs or SDDs enter all information into SAM and have the responsibility to meet the regulatory timeframes for listing parties as suspended, proposed for debarment, debarred, and voluntarily excluded. These Component SDOs or SDDs are also responsible for uploading all AAs to the Federal Awardee Performance and Integrity Information System (FAPIIS) within the required timeframe.
C. The DHS CPO tracks all contracts terminated for default or cause and populates them in the Enterprise Reporting Application (ERA) site. The SDDs review the ERA site within five (5) business days after the end of each calendar month to determine if opening a suspension and debarment referral is appropriate.

D. Annually, the DHS SDO prepares the DHS Suspension and Debarment report. This may require supplemental reports from the Component SDOs to assist with good administration of the program.

E. The DHS SDO:

1. Reviews reports and information from the ISDC, GAO, DHS IG, or other reviewing body on behalf of the Suspension and Debarment Program. However, the DHS SDO may request other Component SDOs and SDDs assistance in the review, or request further information to support the review.

2. Serves as the DHS voting member of the ISDC. However, all staff, Component SDOs and SDDs are encouraged to attend the ISDC meetings and to serve on its related interagency working groups. Participation on the working groups is pre-coordinated within DHS.

3. May call meetings of all Component suspension and debarment staff to discuss DHS processes, including making improvements, and communicating policy changes and updates.
