# Executive Summary

DHS secures our Nation’s air, land, and sea borders to prevent unauthorized activity while facilitating lawful travel and trade. DHS’s border security and management efforts focus on three interrelated goals: effectively securing U.S. air, land, and sea borders; safeguarding and streamlining lawful trade and travel; and disrupting and, in coordination with other federal agencies, dismantling transnational criminal and terrorist organizations.

DHS is working to secure U.S. borders through deployment of personnel, technology, and infrastructure. The integration of intelligence and enforcement capabilities through intergovernmental task forces and partnerships facilitates better information sharing, leading to increased interdiction of drugs, weapons, and currency. By focusing on the largest threats and responding rapidly, DHS has strengthened security across U.S. borders while facilitating international travel and trade.

Highlights for FY 2021 Q3 compared to FY 2020 Q3 include:

- U.S. Customs and Border Protection (CBP) U.S. Border Patrol (USBP) encounters<sup>1</sup> increased 662 percent in FY 2021 Q3 (525,508) compared to FY 2020 Q3 (68,966) (Table 1).
- CBP USBP encounters of Mexican nationals increased 247 percent in FY 2021 Q3 (187,854) compared to FY 2020 Q3 (54,207) (Table 2).
- CBP USBP encounters of non-Mexican nationals increased 2,188 percent in FY 2021 Q3 (337,654) compared to FY 2020 Q3 (14,759) (Table 3).
- DHS removals decreased by 17 percent in FY 2021 Q3 (19,407) compared to FY 2020 Q3 (23,313) (Table H1).
- DHS returns increased 15 percent in FY 2021 Q3 (46,422) compared to FY 2020 Q3 (40,303) (Table H1).

This report includes figures and tables on the following topics:

- Encounters, administrative arrests, and inadmissible noncitizens;
- Notices to appear;
- Criminal arrests;
- Authorized entries;
- Detention;
- Removals and returns;
- Worksite enforcement/labor exploitation and E-Verify;
- Seizures: drugs, weapons, and currency;
- CBP and U.S. Immigration and Customs Enforcement (ICE) staffing;
- Violence against CBP and ICE agents and officers; and
- Operation Stonegarden grants.

---

<sup>1</sup> In 2021 Q1, wording changed from “apprehensions” to “encounters” for CBP-related operations as a result of the inclusion of Title 42 because all encounters were not necessarily apprehensions.

# I. Legislative Language

This document was compiled pursuant to direction in the Joint Explanatory Statement accompanying the Fiscal Year (FY) 2021 Department of Homeland Security (DHS) Appropriations Act (P.L. 116-260). The Joint Explanatory Statement states:

*Public Reporting of Operational Statistics.*—The Department is directed to submit quarterly Border Security Status Reports and data on the deportation of the parents of U.S.-born children semiannually, as in prior years.

## II. Background

### A. Overview of Congressional Mandate

This Border Security Status Report (BSSR) includes data for the third quarter (Q3) of FY 2021. The BSSR is a revised version of the Secure Border Initiative report, last released with data through FY 2010.

The original *Quarterly Status Report on the Department of Homeland Security's Border Security Performance and Resources* was provided in 2006 in response to a letter from the House Appropriations Committee. The data included in the BSSR overlap with many of those in prior reports on border security performance and resources; however, the BSSR excludes detailed program descriptions, accomplishments, and resource information. The list of data provided in this report was reviewed with committee staff and is described in Section B.

### B. Data Presented

There are 25 figures and 19 tables in the body of this report and 32 tables in the appendix that provide data on enforcement-related activities listed below. This report provides data on the following categories of border security and immigration enforcement-related activities:

- Encounters, administrative arrests, and inadmissible noncitizens;<sup>2</sup>
- Notices to appear (NTA);
- Criminal arrests;
- Authorized entries;
- Detention;
- Removals and returns;
- Worksite enforcement/labor exploitation and E-Verify;
- Seizures: drugs, weapons, and currency;
- U.S. Customs and Border Protection (CBP) and U.S. Immigration and Customs Enforcement (ICE) staffing;
- Violence against CBP and ICE agents and officers; and
- Operation Stonegarden grants.

### C. Summary of Changes

Tables and figures were updated with data for the new reporting period (Q3), and figures for previous quarters of FY 2021 were updated as data became available since the previous edition of this report. (Data for previous years are “locked” and are not subject to updating.) Small variations/updates in Component-provided data may have occurred after FY 2020. Most data for FY 2020 was shifted from quarterly to single-year reporting and/or moved to the appendix, as indicated.

---

<sup>2</sup> This report uses the word “noncitizen” to refer to individuals described under section 101(a)(3) of the Immigration and Nationality Act (INA).

### III. Results/Analysis

DHS's Office of Immigration Statistics (OIS) compiles the BSSR from data received from DHS Components. The compilation of these data shows specifics and trends as shown below.

#### A. Data Trends

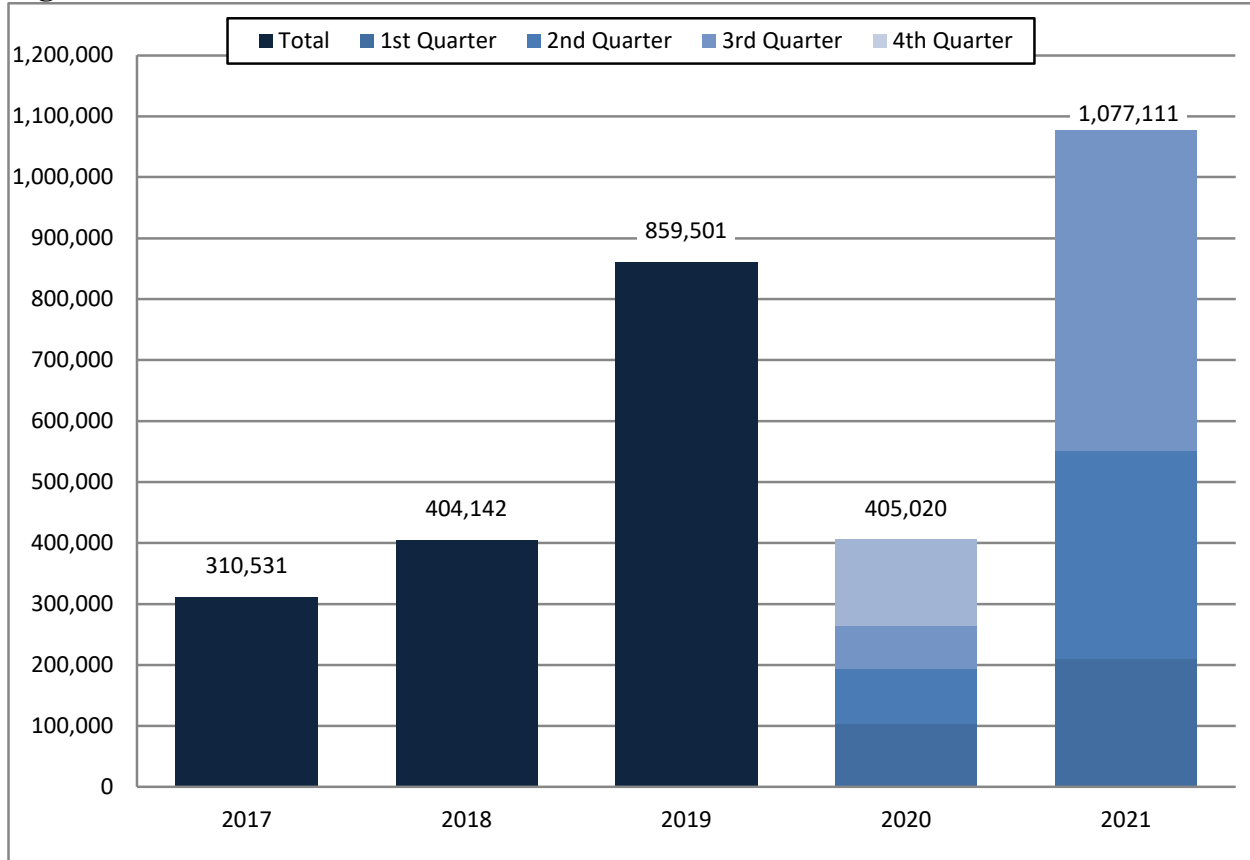

Highlights for FY 2021 Q3 compared to FY 2020 Q3 include:

- CBP U.S. Border Patrol (USBP) encounters increased 662 percent in FY 2021 Q3 (525,508) compared to FY 2020 Q3 (68,966) (Table 1).
- CBP USBP encounters of Mexican nationals increased 247 percent in FY 2021 Q3 (187,854) compared to FY 2020 Q3 (54,207) (Table 2).
- CBP USBP encounters of non-Mexican nationals increased 2,188 percent in FY 2021 Q3 (337,654) compared to FY 2020 Q3 (14,759) (Table 3).
- DHS removals decreased by 17 percent in FY 2021 Q3 (19,407) compared to FY 2020 Q3 (23,313) (Table H1).
- DHS returns increased 15 percent in FY 2021 Q3 (46,422) compared to FY 2020 Q3 (40,303) (Table H1).

The figures and tables in this section include notes about the data sources and, where applicable, descriptions of changes in definitions over time or in data compared to past reports. Quarterly data, when not included in the Results/Analysis (Section III), are provided in the appendices (Section IV, Appendix C, and Data Tables). Data included in this report were provided by CBP, ICE, and U.S. Citizenship and Immigration Services (USCIS) and may differ from data independently reported by each Component because of differences in data compilation or reporting practices. Moreover, Component systems frequently are "living," meaning that such systems accept corrections, modifications, and new entries for a period. As a result, data provided to OIS are a snapshot as of a specific date, and numbers retrieved on a subsequent date may differ from those originally provided.

B. Encounters, Administrative Arrests, and Inadmissible Noncitizens<sup>3</sup>  
 (Figures 1-4 and Tables 1-4)

**Figure 1. CBP USBP Encounters: FYs 2017 to 2021 Q3**

Note: See Appendix Table B1 for quarterly totals. Beginning on March 21, 2020, USBP enforcement encounters include Title 8 apprehensions and Title 42 expulsions (see <https://www.cbp.gov/newsroom/stats/cbp-enforcement-statistics/title-8-and-title-42-statistics>). Title 42 expulsions are not included in USBP apprehensions data. Encounters are calculated using microdata during the period, rather than CBP USBP summary statistics, so slight discrepancies may occur between these numbers and final CBP USBP numbers in other reports.  
 Source: DHS, CBP USBP, Enforcement Integrated Database (EID) Arrest Guide for Law Enforcement (received 7/7/2021).

<sup>3</sup> An administrative arrest refers to the arrest of a noncitizen who is charged with being inadmissible or deportable under section 212 or 237 of the INA. Administrative arrests conducted by CBP USBP traditionally have been referred to as apprehensions, but given Title 42, this wording has been changed in this report to encounters. Administrative arrest data are provided for CBP USBP, ICE Homeland Security Investigations (HSI), and ICE Enforcement and Removal Operations (ERO).

### C. Unique Individuals Encountered by CBP USBP (Figure 5)

With the Automated Biometric Identification System (IDENT), fingerprint records can be matched, making it possible to count both the number of unique individuals encountered and the total number of encounters (Figure 5). Per data collection procedures, data are tabulated at the end of the fiscal year.

**Figure 5. Encounters from IDENT by CBP USBP: FYs 2009 to 2020**

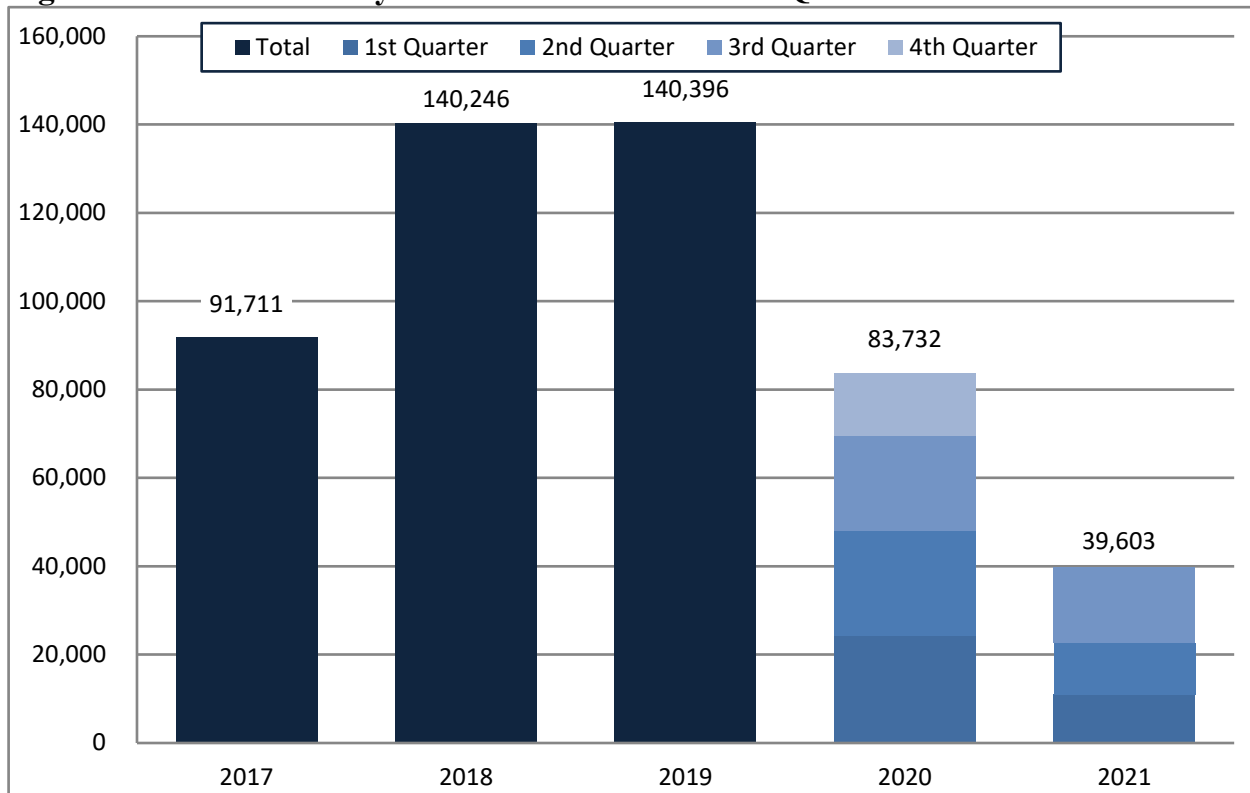

Note: Individuals younger than 14 years of age are not fingerprinted and cannot be counted individually. Data are released at the end of the fiscal year. Encounters are calculated using microdata during the period, rather than CBP USBP summary statistics, so slight discrepancies may occur between these numbers and final CBP USBP numbers in other reports.

## D. NTAs Issued (Figures 6-9) and USCIS Fraud Cases Referred to ICE (Figure 10)

NTAs are served on noncitizens and, once filed with an immigration court, initiate civil immigration removal proceedings against a noncitizen before an immigration judge with the U.S. Department of Justice Executive Office for Immigration Review. This section includes NTAs issued by USCIS, CBP USBP, CBP OFO, and ICE ERO, as well as the number of applications accepted by ICE from USCIS for investigation under suspicion of fraud.

## E. Criminal Arrests (Figures 11-13)

Criminal arrests refer to individuals (both noncitizens and U.S. citizens) who are arrested for violation of a federal and/or a state criminal law. Criminal arrests may be for felony or misdemeanor charges. Criminal arrest data are provided for ICE HSI, ICE ERO, and CBP OFO.

## F. Authorized Entries (Figure 14 and Table 5)

Authorized entries refer to the number of lawful entries of U.S. citizens and noncitizens into the United States. Individual U.S. citizens and noncitizens may be counted more than once during a reporting period. Individuals denied entry at air, land, or seaports are excluded from these data.

## G. Detention (Figures 15-17 and Tables 6-8)

Removable noncitizens who are encountered by CBP and ICE and are determined to warrant custodial supervision are placed in detention facilities that are managed by ICE ERO. Noncitizens detained by ICE are housed in local or state government facilities under intergovernmental service agreements (IGSA), contract detention facilities, and ICE-owned facilities (service processing centers). ICE sometimes uses Federal Bureau of Prisons-controlled facilities to house individuals detained in immigration custody, but this practice is generally in limited circumstances and is accomplished using an interagency agreement.

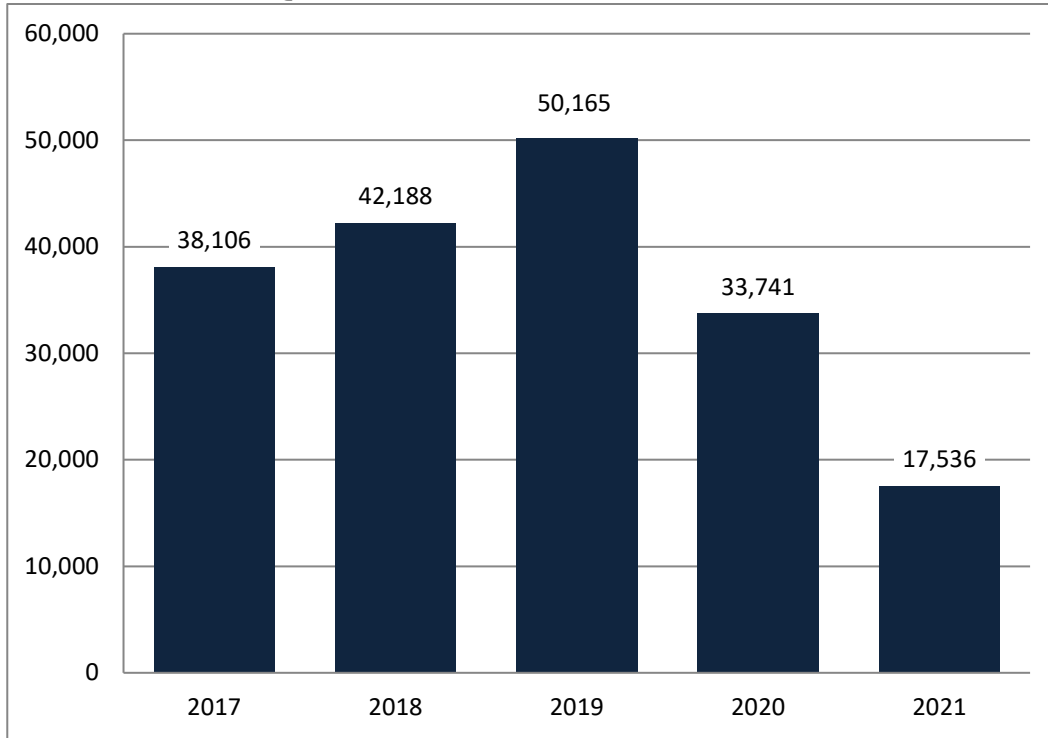

**Figure 15. Initial Book-Ins to ICE Detention Facilities: FYs 2017 to 2021 Q3**

Note: Initial book-ins refer to the number of individuals whose initial placement into a detention facility began within the reporting period. These totals may include noncitizens currently in ICE detention. Beginning in 2010, data exclude individuals detained in facilities dedicated to housing noncitizens under the U.S. Department of Health and Human Services (HHS) Office of Refugee Resettlement (ORR) and U.S. Marshals Service purview. See Appendix Table G1 for quarterly totals. FY 2021 ICE Initial Book-Ins data are filtered through 12/31/2020 (IIDS v1.34 run date 01/18/2021; EID as of 01/16/2021).

Note: ADP is provided in place of funded beds because it more accurately reflects the status of facility capacity and utilization. ADP is based on the total number of midnight count bed space used divided by the number of days in the requested period. Beginning in 2010, ADP excludes detained individuals in ICE ERO custody held in facilities dedicated to housing noncitizens under HHS ORR and U.S. Marshals Service purview. ## H. Removals and Returns (Figure 18)

Noncitizen removals refer to repatriations of inadmissible or removable noncitizens subject to a final order of removal, whereas returns refer to confirmed departures of inadmissible or removable noncitizens. This report includes fiscal year removals effectuated and returns conducted by both CBP and ICE. A noncitizen who is removed may be subject to additional administrative or criminal consequences upon subsequent unauthorized reentry owing to the fact of the removal.

**Figure 18. DHS Removals and Returns: FYs 2017 to 2021 Q3**

Note: Removals and returns include data from both ICE and CBP. Removals and returns in this report refer to the year that the events occurred. Differences in prior time periods are due to the updating of the data series. See Appendix Table H1 for quarterly totals.

## I. Worksite Enforcement/Labor Exploitation and E-Verify (Figures 19-24)

Worksite arrest statistics are shown for employers who are charged by ICE HSI with violations related to the employment of unauthorized noncitizens, and employees who are charged with a variety of crimes including identity theft, fraud, tax violations, or other related crimes. Worksite fines are reflected in Figures 19 and 20 below.

The number of employers registered for E-Verify and the number of queries each year also are provided below. For the purposes of the E-Verify program, each query represents one new hire or new verification.

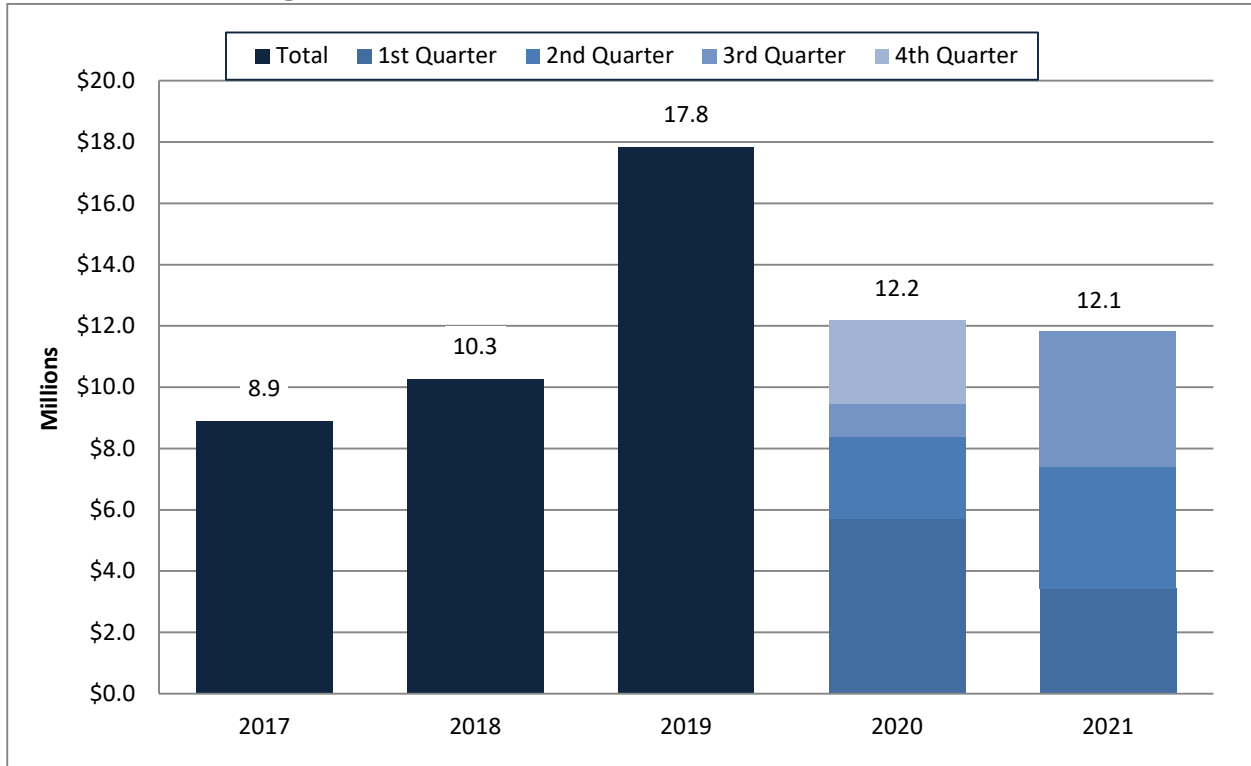

**Figure 19. Worksite Enforcement/Labor Exploitation – Criminal Fines:  
FYs 2017 to 2021 Q3**

Note: The fines levied in FY 2017 would have been consistent with the previous fiscal year (2016 fines were \$2 million); however, the increase is attributable to the successful conclusion of a large-scale, multiyear investigation that resulted in a fine of \$95 million against one company. This specific fine accounts for FY 2017's relatively large dollar amount. See Appendix Table II for quarterly totals.

**Operation Stonegarden** funds are provided to enhance cooperation and coordination among state, local, tribal, territorial, and federal law enforcement agencies in a joint mission to secure the U.S. borders. The states and territories eligible for the program may border Canada, Mexico, or international waters. The table below, updated at the end of the fiscal year, reflects the funds appropriated to the Department from Congress and how they were distributed.

## IV. Appendices

### Appendix A. Glossary

**Administrative Arrest** - The arrest of a noncitizen who is charged with removability under the Immigration and Nationality Act (INA).

**Average Daily Population** - Average daily detention population for the months included in the reporting period.

**Average Length of Stay in Detention** - The mean length of stay in detention from the time of initial admission to the time of release for those noncitizens released during the reporting period. Noncitizens in detention at the end of the reporting period are excluded from the calculation.

**Consequence Delivery System** - A U.S. Customs and Border Protection (CBP)-developed system that guides management and agents through a process that is designed to evaluate each individual apprehended by the CBP U.S. Border Patrol (USBP) and to identify the most appropriate consequence on the basis of the individual's crossing history. The Consequence Delivery System initially was implemented in the Tucson Sector in January 2011 and now is deployed across the Southwest Border.

**Deportable Noncitizen under INA § 237** - A noncitizen in and admitted to the United States subject to any grounds of deportability specified in section 237 of the INA, 8 U.S.C. § 1227. This includes, but is not limited to, noncitizens who are in the United States without authorization due to fraud or misrepresentation or who entered with authorization but subsequently violated the terms of their nonimmigrant classification or status or committed a criminal offense that renders them deportable.

**E-Verify** - An Internet-based system administered by U.S. Citizenship and Immigration Services (USCIS) in partnership with the Social Security Administration that allows employers to verify the employment eligibility of workers electronically.

**Encounter** - An engagement between a noncitizen and a border law enforcement agent or officer resulting in either a CBP USBP Title 8 apprehension, an Office of Field Operations (OFO) Title 8 determination of inadmissibility, or a Title 42 expulsion by USBP or OFO. Encounter data are limited to "enforcement encounters," which exclude OFO parolees, withdrawals of application for admission, and crew members detained on board vessels, collectively known as "administrative encounters."

**Inadmissible Noncitizen** - A noncitizen ineligible to receive visas or ineligible to be admitted to the United States based on one or more grounds of inadmissibility described in section 212 of the INA, 8 U.S.C. § 1182.

**Removal** - The compulsory and confirmed movement of an inadmissible or deportable noncitizen out of the United States based on an order of removal. Ineligibility to remain in the United States is based on grounds of inadmissibility under INA § 212 or deportability under INA § 237. A noncitizen who is removed may be subject to additional administrative and/or criminal consequences with respect to subsequent unauthorized reentry owing to the fact of the removal. This report includes removals effectuated by both U.S. Immigration and Customs Enforcement (ICE) and CBP.

**Return** - The confirmed movement of an inadmissible or deportable noncitizen out of the United States not based on an order of removal. Ineligibility to remain in the United States is based on grounds of inadmissibility under INA § 212 or deportability under INA § 237. Noncitizens may withdraw their applications for admission and/or choose to depart the United States and return to their home countries in lieu of removal proceedings. This report includes returns effectuated by both ICE and CBP.

**Queries** - For the purposes of the E-Verify program, each query represents one new hire or new verification.

**Seizure** - Taking physical possession and/or control of property, merchandise, or other articles from the possession or control of an individual or establishment.

**Violence against CBP USBP Agents** - Any assault directed at CBP USBP agents in the performance of or with a nexus to their official duties, including, but not limited to, “rockings,” shootings, vehicular assaults, other physical assaults, and any other threat of bodily harm or death, while engaged in or on account of border enforcement activities.

**Violence against CBP Office of Field Operations (OFO) Officers** - Physical threats or elevated use of force occurring in reaction to a legitimate or perceived threat to CBP OFO personnel. Along with physical assaults, violent incidents involve vehicles being operated in a manner that poses a risk or harm or the use or intended use of a deadly weapon.

**287(g) Program** - A state and local cross-designation program authorized by INA § 287(g). This program provides specific officers of participating state and local law enforcement agencies with the necessary delegation of authority, training, and resources to perform certain functions of an immigration officer under the direction of ICE.

These totals may include noncitizens currently in ICE detention. Beginning in 2010, data exclude detained individuals not in ICE custody who are held in facilities dedicated to housing noncitizens under U.S. Department of Health and Human Services (HHS) Office of Refugee Resettlement (ORR) purview.

Note: The fines levied in FY 2017 would have been consistent with the previous year; however, the increase is attributable directly to the successful conclusion of a large-scale, multiyear investigation that resulted in a fine of \$95 million against one company. This specific fine accounts for FY 2017’s relatively large dollar amount. All reported quarterly statistics are accurate as of the date that the report was run. The database is “live,” and the statistics are updated constantly so these quarterly statistics may change over time and may not add up to the year-end total.
