National Small Business Week Vendor Outreach Matchmaking Event

May 4, 2023

Sessions: 9:00 am – 4:00 pm EDT

All sessions will be held virtually

The U.S. Department of Homeland Security will host its second small to small business Vendor Outreach Matchmaking Event in support of National Small Business Week! Small businesses will be able to meet with other small businesses virtually, business to business. The purpose is to raise awareness of subcontracting opportunities with other small businesses, potential partnerships, and to facilitate discussions that may lead to small business joint ventures and teaming. The Department sees this event as key to assisting with gaps in capabilities, encouraging new entrants, and strengthening the small business vendor base.
