(b)(6) I hope you are doing well. Are you still in the Office of Public Affairs? If you are still in OPA, or if you know people there, maybe you can run something down for me.

I have been on detail at the White House Science Office for over two years and haven't been on DHS email much, so I'm pretty stale with respect to what is going on back at the Department. However, someone I know has called attention to what he considers to be disturbing similarities the between headline of a DHS statement from last February (<https://www.dhs.gov/news/2018/02/15/we-must-secure-border-and-build-wall-make-america-safe-again>), and what, according to the Anti-Defamation League, is the "most popular white supremacist slogan in the world," referred to as the "14 words" (<https://www.adl.org/education/references/hate-symbols/14-words>). The slogan reads:

"We Must Secure The Existence Of Our People And A Future For White Children."

The DHS statement headline, also 14-words long, reads:

"We Must Secure The Border And Build The Wall To Make America Safe Again"

(b)(5)

As to what's going on with me, my OSTP detail is ending tomorrow, and I'll be back at DHS next week to go through my stuff, pack up, and check out. I am starting a new position at DoD's National Defense University on Monday July 9.
