Medical Supplies II

The Department of Homeland Security (DHS) established Blanket Purchase Agreements (BPAs) for Medical Supplies II to procure medical items at prices that leverage spend volume for all of DHS. These supplies are used by personnel for DHS critical operational and pandemic mission needs and training. These supplies are used specifically in situations such as pre-hospital treatment and emergency medical services, oftentimes in austere or remote environments.

To streamline offerings and ensure lower prices, products are grouped into three categories:

- **Category 1:** General Medical Supplies; includes items for IV/Maintenance, Medication Administration, Medical Supplies and Equipment for Austere Environments, Trauma Management, Splinting/Immobilization, Operational Medical Supplies and Equipment, Respiratory Management, Cardiology, and Training Materials
- **Category 2:** AEDs/Heart Monitors with accessories
- **Category 3:** Clinical, Dental and Surgical Equipment

Key Contract Vehicle Features:
