Chief,

It was a pleasure to meet you today. And again, you have my condolences and those of the entire department of homeland security for the loss of your officer today. It is always a tragedy to see the loss of an officer, and each one of them stings in its own way for those involved in the department in the family. Our prayers are with that family.

This is my email address, and my cell phone number is (b)(6) I am going to talk to the head of the federal protective service about getting you all some quick support in terms of operating with the fence in the event of other protests. As I noted, we learned some lessons that were hard-earned particularly in Portland with the use of those fences. They are very helpful, but they require different tactics.

We are not only happy to provide some advice, but we can provide ongoing personnel support to the extent you need it. We just want to make sure we have all the paperwork done right and early so it doesn't get in the way of helping you do your job.

Hi Kris,

The fencing should start arriving around 8am and the first crew at 9am. The Vendor (Checkmate Global) needs a good POC for two items: a location to stage the fencing and for general protection of the staff.

(b)(6); (b)(7)(C); Per USSS (copied above, phone number: (b)(6); (b)(7)(C); Per USSS), Head of Contracting for USSS, would be a good POC to bridge the conversation between the Vendor and the USCP POC.

Thanks – and please let me know if you need anything else.

Sir,
Just provided Troy with a quick update – bottom line, the Vendor estimated the need is approximately 7k linear feet, and they have about 11k linear feet in the area (mainly for the upcoming inauguration). The will have boots on the ground at 9am tomorrow to start erecting the fence. The fence should be complete within 24 hours depending on how quickly they can send works crews to the project.

One item the Vendor has requested is in regards to the security of their workforce. They have asked for a POC to coordinate with to ensure their staff are not in harms way. Do you recommend we coordinate with <(b)(6); (b)(7)(C)>

Thanks,

Paul

(b)(6) all noted we will proceed with mobilizing the contractor immediately. We have begun coordination with DOD for the funding. We will need a POC for requirements and placement of the fence.

CPO, action please, would like an update in the AM on progress. CFO likewise would like any funding issues/progress in the AM.

Hi (b)(6);
The contractor is Checkmate Global. The POC is (b)(6); (b)(7)(C) Her contact information is C:
(b)(6); (b)(7)(C) Fence and laborers will arrive at 0900.

She is requesting USCP have on-site sweeps for contractor vehicles at the capitol, and Truck and driver information may not be available until they arrive.
