2022-NPFO-00144	Bowling, Kristi	<p>On 5/17/22 I began getting hundreds of comments - threats to my life, Slander or my name, and false accusations, and reported this to the app TikTok. This continued and got worse by the day, now there are dozens of accounts using my identity-my picture as the profile my name and my content that's been manipulated to say completely different things, the threats got worse and more detailed, and the accounts being used claimed they are the same person "wanting me to kill myself, and will not stop the harassment until it's done". When I exhausted all the reports on the app. the next step on all the government websites for cyber harassment, stalking and impersonating someone says to call and file a police report. So on Tuesday 5/31/22 I spoke to Officer Covington at the CCSO who refused to look at any of the evidence I had brought with me, told me he would file a report and I would hear from an investigator- so today Thursday 6/2/22 I called for an update on the investigation- and found out the officer never even filed the report. I spoke to (b) (7)(C), who said he did not have an answer as to why a report was not filed, but would contact me with answers- this never happened. Officer Covington called me 6/2/22 after I spoke to the Sargent and the district attorney and told me he had just filed the report "even though his direct supervisor told him not to". I was told by (b) (7)(C), to go onto the TBI website to file a complaint- and it clearly states this is not TBI jurisdiction. District Attorney Matt told me he was going to call the police to see why the aren't doing their job. This department is not serving and protecting the community- this is gross negligence, especially the fact my life has been threatened and I'm being impersonated online, with slander and horrible claims- using my identity. The have not done due diligence, and neglected to even tell me who I was speaking with - refused to tell me- while on the phone when they called to tell me (b) (7)(C), would contact me "shortly". They never called. Never followed up. They keep telling me I need to know who is impersonating me, stalking and harassing me before (b) (6) charges and I was told by the sheriffs office they (b) (7)(C), who I would need to. TikTok app. *MY user name is (b) (7)(C), - they are using my pictures and name with user name (b) (7)(C), to impersonate me with slander and threats. Other accounts they've used are (b) (7)(C), (b) (6) there are more accounts, but these leave the most threats and harass the most. The one that's using my name, the same profile picture/impersonating me is still up on the app and it's now been 3days of them impersonating me. They threatened my life, my freedom, and they are actively seeking me out after I block them. I need to know who it is so I can press charges to end this nightmare.
