Under U.S. Code § 1552 - "Correction of military records - Claims incident thereto", the DHS Board for Correction of Military Records (BCMR) is required to make available for public inspection each quarter: a. the number of Applications reviewed by the BCMR, b. the number of discharges or dismissals corrected by upgrading the discharge characterization of former members, c. the percentage of Applications received that were reviewed within 10 months of receipt during each calendar year (The law requires this figure to be no less than 90% annually.) and d. the percentage of BCMR Review of Applications completed within 10 to 18 months of receipt of an Application. (The law stipulates that all Applications shall be reviewed and corrected where appropriate within 18 months of receipt.) 2. As my son's (Justin H.
