

Reimbursable Services Program

First and Second Quarters, Fiscal Year 2024

Fiscal Year 2024 Report to Congress

**Homeland
Security**

U.S. Customs and Border Protection

Message from the Acting Deputy Commissioner of CBP

July 2, 2024

I am pleased to submit the following report, “Reimbursable Services Program,” for the first and second quarters of Fiscal Year (FY) 2024.

The report was prepared by U.S. Customs and Border Protection (CBP) pursuant to direction in House Report 118-123 and Senate Report 118-85, accompanying the FY 2024 Department of Homeland Security Appropriations Act (P.L. 118-47).

Pursuant to congressional requirements, this report is being provided to the following Members of Congress:

The Honorable Mark Amodei
Chairman, House Appropriations Subcommittee on Homeland Security

The Honorable Lauren Underwood
Ranking Member, House Appropriations Subcommittee on Homeland Security

The Honorable Chris Murphy
Chair, Senate Appropriations Subcommittee on Homeland Security

The Honorable Katie Britt
Ranking Member, Senate Appropriations Subcommittee on Homeland Security

I would be pleased to respond to any questions you may have. Please do not hesitate to contact my office at (202) 344-2001.

Sincerely,

A handwritten signature in black ink, appearing to read "P. Flores".

Pete R. Flores
Acting Deputy Commissioner
U.S. Customs and Border Protection

Executive Summary

The Reimbursable Services Program enables partnerships with private-sector and government entities to provide additional inspection services on a reimbursable basis upon program stakeholders' requests. Reimbursable programs are not used to supplant baseline service levels but instead are used to supplement them with service that CBP otherwise would be unable to perform. To comply with congressional reporting requirements, this report provides information on baseline levels of service at each port of entry.

I. Legislative Language

This document was compiled pursuant to direction set forth in House Report 118-123 and Senate Report 118-85, accompanying the Fiscal Year (FY) 2024 Department of Homeland Security (DHS) Appropriations Act (P.L. 118-47), which continues direction from the Joint Explanatory Statement accompanying the FY 2023 DHS Appropriations Act (P.L. 117-328).

The House Report 118-123 states:

Reimbursable Services Program.—CBP is reminded of the requirement under the same heading in the joint explanatory statement accompanying Public Law 117–328 to brief the Committee quarterly on the baseline service levels for each air, land, and sea POE.

The Senate Report 118-85 states:

Reimbursable Services Program.—The Committee notes that the Consolidated Appropriations Act, 2023 (Public Law 117–328), directed CBP to provide each air, land, and sea port operator, including cruise terminals, with information on baseline service levels and report to the Committee quarterly on its adherence to these baseline levels. To date, the Committee has not received the first quarterly report. The Committee directs CBP to provide the aforementioned report no later than 30 days after the date of enactment of this act, and to provide future reports on a semi-annual basis. Further, the Committee reminds CBP that the report shall address staffing shortages, requirements for facility and security upgrades, and plans for technology recapitalization; the process used to decide how initiatives are funded; a justification for the scope of the requests; and how CBP will negotiate with port operators and incorporate their feedback into the development of plans to address future facility and security needs.

The Joint Explanatory Statement accompanying P.L. 117-328 states:

Reimbursable Services Program.—CBP is directed to provide each air, land, and sea port operator, including cruise terminals, with information on baseline service levels and report to the Committees quarterly on its adherence to these baseline levels. The report shall also address staffing shortages, requirements for facility and security upgrades, and plans for technology recapitalization; the process used to decide how initiatives are funded; a justification for the scope of the requests; and how CBP will negotiate with port operators and incorporate their feedback into the development of plans to address future facility and security needs.

CBP is encouraged to defer all current and future seaport facility agreements until it has provided details on baseline service levels to each port operator and provided the Committees with estimates for future facility and security requirement improvements and associated federally mandated technology. CBP is expected to work in partnership with seaports and refrain from imposing requirements on seaports in a unilateral fashion.

II. Background

U.S. Customs and Border Protection (CBP) continues to face record increases in passenger and cargo volumes and is frequently asked to provide new or additional services to support this increased demand. To address these issues, Congress enacted Section 560 of the FY 2013 DHS Appropriations Act (P.L. 113-6), Section 559 of the FY 2014 DHS Appropriations Act (P.L. 113-76), and Section 481 of the Homeland Security Act, 2002 (P.L. 107-296), as amended by the Cross-Border Trade Enhancement Act, 2016 (P.L. 114-279). To facilitate planning, development, and ongoing implementation of these new and expanded authorities, CBP established the Reimbursable Services Program (RSP).

The RSP is an example of a public-private partnership program that was developed as part of the Office of Field Operations' *Resource Optimization Strategy at Ports of Entry*, originally submitted to Congress on April 10, 2013. The *Resource Optimization Strategy at Ports of Entry* was designed to address increased demands on CBP's existing resources and enhance services to interested stakeholders in all CBP operational environments. These partnerships represent a "win-win" option; they not only help CBP to carry out its national security mission, but they also help private and public entities develop new opportunities to expedite the legitimate flow of people and goods, which are vital to the U.S. economy.

III. Baseline Service Levels at Ports of Entry

The following section provides baseline service levels for ports of entry (POE) that have reimbursable services agreements (RSA). Baseline service levels are considered core hours of operation when CBP processes passengers and cargo at a POE. Processing of travel or trade that occurs outside of core operating hours is not considered part of baseline service levels, and it is not included in this report. Core hours of operation are available on the [cbp.gov](https://www.cbp.gov) website, and relevant links are provided within this report for each POE.

Hours of operation are subject to change as CBP responds to changes in patterns of travel, trade, emergency situations, and other unforeseen events. Port operators and other interested parties are encouraged to coordinate directly with local POEs to obtain the most accurate and current information.

A. Alabama

Port of Huntsville, Alabama

Office Hours: Monday–Friday: 8:00 a.m. – 5:00 p.m. (Central Standard Time (CST))
<https://www.cbp.gov/contact/ports/huntsville-alabama-1910>

Port of Mobile, Alabama

Office Hours: Monday–Friday: 8:00 a.m. – 5:00 p.m. (CST)
<https://www.cbp.gov/contact/ports/mobile-including-theodore>

B. Arizona

Phoenix Sky Harbor International Airport, Arizona

Passenger Processing: Daily: 8:00 a.m. – 9:00 p.m. (Mountain Standard Time (MST))
Cargo: Monday–Friday: 8:30 a.m. – 4:30 p.m. (MST)
<https://www.cbp.gov/contact/ports/phoenix>

Port of San Luis, Arizona

Commercial Processing: Monday–Friday: 9:00 a.m. – 7:00 p.m. (MST)
Saturday: 9:00 a.m. – 3:00 p.m. (MST)
<https://www.cbp.gov/contact/ports/san-luis>

C. California

Los Angeles International Airport-Cargo Operations, California

Office Hours: Monday–Friday: 8:00 a.m. – 4:30 p.m. (Pacific Standard Time (PST))
<https://www.cbp.gov/contact/ports/los-angeles-international-airport-cargo-operations-california-2720>

Los Angeles/Long Beach Seaport, California

Office Hours: Monday–Friday: 8:00 a.m. – 4:30 p.m. (PST)

IV. Conclusion

CBP continues to face an increasingly complex and expanding mission amid competing demands for limited federal resources. CBP has seen record increases in passenger and cargo volumes, which are outpacing CBP's ability to staff and modernize its POEs sufficiently. CBP continually analyzes existing workloads and staffs POEs with CBP officers to align with the specific workload at each POE. These baseline service levels may be adjusted over time on the basis of the shifting demands of travel and trade.

RSAs authorized under Section 559 and Section 481 allow CBP to provide additional inspection services on a reimbursable basis upon program stakeholders' request. These additional services allow CBP to secure the Nation's borders more effectively, to enforce federal immigration and drug laws, and to facilitate legitimate trade and travel.

V. Appendix: List of Abbreviations

Abbreviation	Definition
AST	Atlantic Standard Time
CBP	U.S. Customs and Border Protection
CDT	Central Daylight Time
CES	Container Examination Station
CNMI	Commonwealth of the Northern Mariana Islands
CST	Central Standard Time
DHS	Department of Homeland Security
EDT	Eastern Daylight Time
EST	Eastern Standard Time
FAST	Free and Secure Trade
FY	Fiscal Year
HST	Hawaii Standard Time
MDT	Mountain Daylight Time
MST	Mountain Standard Time
POE	Port of Entry
PST	Pacific Standard Time
RSA	Reimbursable Services Agreement
RSP	Reimbursable Services Program
