

SAFE SPACES: NAVIGATING SAFETY CENTERS

Parents and Guardians: You can take an active role in helping kids stay safe online. Many platforms provide built-in safety centers and tools to support you. While nothing can replace an involved parent or guardian, these tools can help make monitoring your child's online activity a little easier. Here's what you need to know:

Meta (Facebook, Instagram)

Meta's Family Center highlights the built-in protections and helpful tools that support safety on its platforms. It also includes resources, insights and expert guidance to nurture and support a family's digital experience. Visit Meta's Family Center to:

- Set time limits and privacy controls.
- Monitor screen time and activity.
- View your child's followers and account settings.
- View educational content to help guide kids in navigating social media responsibly.

familycenter.meta.com

YouTube and YouTube Kids

YouTube's Safety Center and YouTube Kids app help manage and monitor what kids and teens watch and whom they interact with. Visit YouTube's Safety Help for Families to:

- Enable Restricted Mode to filter mature content.
- Use Supervised Accounts for tweens and teens.
- Set up parental controls in the YouTube Kids app for younger children.
