Summary:

Safe Kids Worldwide (Safe Kids) seeks funding from the U.S. Coast Guard (USCG) in the amount of \$225,000 over three years to continue supporting the efforts of the organization and its network around water safety education. Through this partnership, we intend to support new and existing Safe Kids coalition programs to address open water safety at the community level through a Safe Kids Coalition Grant Program (educational outreach). With our coalitions, we will educate families and raise awareness about reducing the risk of open water-related injuries and death, influence changes in caregivers' knowledge and behavior as it relates to safe open water and boating practices and build capacity and strengthen community-level efforts to address open water safety.
