Hi (b) (6), (b) (7) –

Meant to send this to you last night. As you can see, the strategy changed after we spoke. Let me know if you have any concerns. The narrative was edited a fair amount. Because the timing was shorter than I expected and because the strategy changed, I didn't write a second one as I had previously discussed.

We will still be sending the spreadsheet that we need your team to fill out.

Thanks for all of your help!

**Subject:** Draft Transfer/Reprogramming Language

All,

Attached is the draft (Reprogramming) Notification to Congress on the border wall, as well as for the border surge requirements. Recognizing the need to expedite, we are providing this draft for concurrent DHS Budget and CBP Counsel review. Please be advised the language on the use of funding for the wall frames our intent on development and deployment, but is intentionally left broad in areas to allow flexibility as the requirements evolve. We are available for a call if you have any questions or would like us to walk you through the document. We are looking to finalize tomorrow.

If you have any questions, please contact me or have your staff reach out to (b) (6), (b) (7)(C) and (b) (6), (b) (7)(C)
