

## SAVE THE DATE

Please save the date to join the U.S. Department of Homeland Security for the **2018 National Seminar and Tabletop Exercise for Institutions of Higher Education**

**When:** September 24 - 25, 2018

**Where:** The University of Texas at San Antonio (UTSA) [Student Union](#)

This two-day event will include workshop sessions, a tabletop exercise and an after-action review session on preparing participants to respond to a campus emergency. This year's event will focus on **threats of campus disorder during a large event**. More detailed information on the specific topics for workshops and the tabletop exercise will be available closer to the event.

The event seeks to provide participants with insight into planning, preparedness and resilience best practices for the academic community. Because emergency planning involves a team of individuals from across an institution, we **recommend a team of three (3) to five (5) senior leaders representing various functions** (*i.e. public safety, security and law enforcement, academic affairs, student life, communications, etc.*) **attend from each institution**. Participants also will include representatives from federal departments and agencies that support campus resilience.

Registration for the 2018 National Seminar and Tabletop Exercise will open in late June.  
Space is limited to the first 400 participants.

The most up-to-date information on the 2018 NTTX, including a set of FAQs, and details on past events can be found on our website, <https://www.dhs.gov/nttx/>.
