DHS.gov Customer Satisfaction Survey

Time Period: 6/1/2016 – 6/30/2016

Voice of the Customers

Feedback:

- The major customer issues to improve on the DHS.gov site include making content easier to find, label pages and navigation to help customers find relevant content quickly and easily.
- Other items to improve on the DHS.gov site include simplifying links and navigation choices, making navigation more intuitive, and remediating broken links.

Final Recommendations:

We continue to review and work on recommendations from DHS.gov metrics reports. The DHS.gov Web Team documents and analyzes the success of improvements through metrics in addition to emerging technologies, recommendations and actions.

Recommendations:

- **Difficulty Finding Content, Feeling Lost and Mislabeled Links:** The DHS.gov Web Team continues to implement more left navigation throughout site and restructure content and hyperlinks to promote a more productive, user-friendly experience.

Actions Taken:

- In an effort to address long-standing customer concerns and issues with DHS.gov, we launched a redesigned DHS.gov at the beginning of June 2016. Some of the specific differences you'll see are:
 1. Compatibility for both desktop computers and mobile devices (phones and tablets)
 2. Cleaner, easier-to-read site format and presentation
 3. Faster and more accurate site navigation using our internal search function and external search engines (like Google and Bing)

Throughout the course of this effort, we updated more than 9,000 pages to simplify how information is presented to the user. Each page now features easy-to-read type and a clear introduction, so you can quickly determine if you are on the right page. We also built in collapsing sections so that longer pages of content can be quickly skimmed for relevant information, and fixed over 1,350 broken links and over 4,330 misspellings across the site.

The new DHS.gov is also fully accessible, reinforcing the Department's commitment to meet or exceed federal Section 508 compliance standards.

Finally, we introduced new tools like updated slideshows and image carousels, which highlight new

information and announcements from the Department.

- **Increase Visibility:** We continue to update our Frequently Requested Pages area to our web site each month according to our web metrics analysis. We also continue to add both internal and external links to our rotational banners, blogs and multimedia to help our readers find content quickly and easily.
