

Architecture and Engineering Services II

The Department of Homeland Security (DHS) awarded an Indefinite Delivery/Indefinite Quantity (IDIQ) contract vehicle to acquire architectural engineering services including, but not limited to, architecture, mechanical, structural, civil, sanitary, geotechnical, and coastal.

Key Contract Vehicle Features:

- Streamlines the procurement process and reduces the procurement timeline by using existing IDIQ contracts that meet federal acquisition regulations;
- Facilitates a relationship where awardees become familiar with DHS construction requirements and goals to anticipate needs; and
- Provides competitive pricing and improved project execution due to competition among highly qualified firms.

Period of Performance (POP):

Five, one-year ordering periods plus five, one-year options (11/06/2017 - 11/05/2027)

Number of Awardees:

Ten (six large businesses and four small businesses)
