

## Enterprise Software Solutions — IBM Enterprise License Agreement

The Department of Homeland Security (DHS) awarded an Enterprise Software Solutions (ESS) Blanket Purchase Agreement (BPA). This competitive Enterprise License Agreement was established to provide software licenses, software maintenance, training and consulting in three capability areas:

- Application Infrastructure
- Backup and Storage
- Security

### Key Contract Vehicle Features:

- Provides software licenses and maintenance for Application Infrastructure; Backup and Storage; and, Security either by download or media for each order issued;
- Allows existing license and maintenance contracts from outside vendors to be added to the BPA. Existing and future maintenance contracts will be co-terminated to one anniversary date;
- Transfers DHS licenses within and between Components at no additional cost;
- Leverages opportunities to negotiate additional discounts at the order level;
- Upgrades current licenses to latest versions at no additional cost; and
- Centrally tracks licenses and maintenance costs under one license portal.

### Period of Performance (POP):

One-year base, plus six one-year options (9/23/2011 - 9/22/2018) - Note: Calls and orders issues in the final year of the BPA shall not exceed beyond 12 months after the POP of the final ordering year.
