Exemplar Pilot Program

Training Announcement for Private Sector Entities

Training Area: Research & Development

Description:

The U.S. Department of Homeland Security (DHS) through the Exemplar Pilot Program seeks to send one or more DHS employees from its Science and Technology Directorate (S&T) and National Protection and Programs Directorate (NPPD) to a for-profit private sector company for training purposes. The DHS employee will receive technical knowledge of a company's approach to developing and executing their research and development (R&D) programs. This effort is in direct support of the Secretary's priority to develop the next generation of science, technology, engineering, and mathematics (STEM) professionals.

Length:

The position is a six-month assignment with the option for a six-month renewal. During this time, the DHS employee (s) will embed with a private sector entity for training purposes.

Training Schedule:

The DHS employee (s) will train via temporary assignment, as defined in Title 5, United States Code (U.S.C.), Section 41, "Government Employees Training Act of 1958." The training schedule is full-time, with the option of part-time or intermittent.

Location:

National Capital Region Preferred

R&D Desired Learning Objectives (Management or Operational):

A. Management Objectives

1. Acquire general knowledge of the company's management and organizational structure and understand critical influence/decision points in the company's management process
2. Learn how the company formulates and implements its R&D efforts based on its strategic goals; gain a general knowledge of the company's approach to R&D within its science and technology programs
3. Learn how company establishes scientific and/or analytical priorities and projects at all levels of the organization
4. Be aware of how the company makes decisions for R&D funding, including how they protect intellectual property, and how they stay aware of advances by others which they need to know about
5. Understand the various methods and processes the company uses to accomplish scientific processes, technical management activities and sub-processes.

6. Understand the processes that ensure the company coordinates with activities outside area of assignment to accomplish advance planning that ensures R&D process integration is accomplished, accurate, and understood; know how the company plans, schedules, and allocates R&D work. Understand how company analyzes R&D requirements to determine if existing technical related infrastructure is capable of meeting needs.

B. Operational Objectives:

Specific operational objectives related to the sub-specialty of the individual participant, or the developmental discipline that led to their selection for Exemplar pilot program will be developed for each Exemplar participant. Overall operational objectives are:

1. Understand the various methods and processes the company uses to accomplish research and development
2. Understand the processes that ensure the company coordinates with activities outside area of assignment to accomplish advance planning that ensures process integration is accomplished, accurate, and understood
3. Know how the company plans, schedules, and allocates work. Understand how company analyzes client requirements to determine if existing research and development related infrastructure is capable of meeting needs

Additional Information

DHS GS-11 and above employees:

- Remain in their official position of record at DHS while on detail to private sector entities.
- Will continue to receive their current DHS salary and benefits while on detail to the private sector entity.
- Are required to return to DHS and serve three times the length of the Exemplar detail.
- Must receive approval for DHS-sponsored and non DHS-sponsored travel from supervisor prior to traveling.
- May be asked to sign a limited Non-Disclosure Agreement by the private sector entity.

Prohibition Against Charging Certain Costs to the Federal Government

A private sector organization may not charge DHS or any other agency of the Federal Government indirect or direct costs incurred while participating in Exemplar. The private sector entity will not be compensated for providing this training opportunity.
