2. FOIA professionals are responsible for making determinations on whether information is to be released or withheld under FOIA’s exemptions and should consult with the Office of the General Counsel and subject matter experts, as appropriate, during their decision-making process.

3. With respect to matters in litigation, FOIA professionals should coordinate with appropriate DHS personnel in order to ensure consistency within the Department with respect to the disclosure of agency records.

5. 1-Day FOIA Release Notifications are used only for records being released. Full denials and no records determinations are not reported through FOIA Release Notifications; Components, however, still report the activity in the Chief FOIA Officer Weekly Report.

4. Components send their reports to the Deputy Chief FOIA Officer or designee using predesignated template.

E. **DHS Annual Report**

FOIA Officers compile the Component data required for the annual FOIA Report to the Attorney General of the United States and the Director of the Office of Government Information Services. These reports contain detailed statistics on the numbers of requests received and processed by each agency, the time taken to respond, and the outcome of each request, as well as many other vital statistics regarding the administration of the FOIA at federal departments and agencies.
