# I. Legislative Language

This document has been compiled pursuant to language set forth in the *FY 2015 Continuing Resolution* (P.L. 113-164), which continues the terms and reporting requirements of the *FY 2014 DHS Appropriations Act* (P.L. 113-76). The language in P.L. 113-76 states:

*Provided further*, That the Administrator of the Federal Emergency Management Agency shall submit to the Committees on Appropriations of the Senate and the House of Representatives the following reports, including a specific description of the methodology and the source data used in developing such reports:

(2) an estimate or actual amounts, if available, of the following for the current fiscal year shall be submitted not later than the fifth day of each month, and shall be published by the Administrator on the Agency's Web site not later than the fifth day of each month:

(A) a summary of the amount of appropriations made available by source, the transfers executed, the previously allocated funds recovered, and the commitments, allocations, and obligations made;

(B) a table of disaster relief activity delineated by month, including—  
(i) the beginning and ending balances;

(ii) the total obligations to include amounts obligated for fire assistance, emergencies, surge, and disaster support activities;

(iii) the obligations for catastrophic events delineated by event and by State; and

(iv) the amount of previously obligated funds that are recovered;

(C) a summary of allocations, obligations, and expenditures for catastrophic events delineated by event;

(D) in addition, for a disaster declaration related to Hurricane Sandy, the cost of the following categories of spending: public assistance, individual assistance, mitigation, administrative, operations, and any other relevant category (including emergency measures and disaster resources); and

(E) the date on which funds appropriated will be exhausted.

This report covers activities through November 30, 2014.

## II. Background

Public Law 113-76 requires that the FEMA Administrator provide a report by the fifth day of each month on the Disaster Relief Fund (DRF) which includes a funding summary, a table delineating the DRF funding activities each month by state and event, a summary of the funding for the catastrophic events, and an estimate of the date on which the funds will be exhausted.

Consequently, the following report elements are included herein:

1. Appendix A is an appropriations summary that includes a synopsis of the amount of appropriations made available by source, the transfers executed, the previously allocated funds recovered, and the commitments, allocations, and obligations.
2. Details on the DRF funding activities delineated by month are presented in Appendix B.
3. Hurricane Sandy FY 2015 estimates by spending categories, per P.L. 113-2, as presented in Appendix C.
4. Funding summaries for the current active catastrophic events including the allocations, obligations, and expenditures are contained in Appendix D.
5. An estimate of the fund exhaustion date, or end of fiscal year balance, is provided in Appendix E.
6. A bridge table which provides explanation for the monthly and baseline change for all activities to include details for catastrophic events is provided in Appendix F.

Through 11/30/2014

(1) Includes FY2015 funding for the following major disaster events:

- Hurricanes Katrina/Rita/Wilma
- Hurricane Gustav
- Hurricane Ike
- Midwest Flooding
- 2010 TN Flooding
- 2011 Spring Tornadoes
- 2011 Spring Floods
- Hurricane Irene
- Tropical Storm Lee
- Hurricane Isaac
- Hurricane Sandy
- 2013 Colorado Floods

(2) Average for non-catastrophic event funding based on historical averages (non-Base and Base excluding

DRS)(3) Estimates based on November 2014 FEMA Spend Plans.

\* Projected ending balance reduced by \$1B provision for reserve.

Note: The estimated end of year balance is based on projections for ongoing catastrophic events and 10 year non-catastrophic averages (BCA calculation). These estimates are subject to change. For example, rescissions, transfers, accelerated funding of current disasters, above average non-catastrophic activity, or initial requirements for a new catastrophic disaster could substantially reduce or deplete the projected year-end balance. Balance needs to be available as these are no year funds and can only be used for disaster purposes.
