## HSIN Membership

Membership in HSIN is based on application to and acceptance into one or more Community of Interest (COI) or site. To join an existing HSIN site, you must submit a membership application. The following information is required on the HSIN membership application:

- Full name
- A valid email address
- Department/Organization
- Supervisor
- Valid contact information
- Reason for access

To request access, there are two options.

Option #1: You can visit the Site Directory located under the HSIN Toolbox in the new HSIN Release 3 system, which shows all active sites on HSIN as well their access or vetting requirements. The Site Directory also includes a link, "Request Access," to each site. This is the easiest way for current HSIN users to request access to other sites.

Option #2: For individuals that are not current members of the HSIN community, an individual or agency can send an email to [HSIN.Outreach@hq.dhs.gov](mailto:HSIN.Outreach@hq.dhs.gov) requesting access with the above information. The application will be reviewed by the sponsoring organization of the requested site.
