

Homeland Security Information Network-Intelligence (HSIN-Intel)

HSIN-Intel is a secure community that connects Federal, State, Local, Territorial and Tribal partners across all homeland security missions and promotes the exchange and analysis of controlled, unclassified intelligence and threat related information.

HSIN-Intel Purpose

- Foster community and coordination between fusion centers and homeland security partners across the nation
- Disseminate timely intelligence information derived from DHS sources, Federal partners and the Intelligence Community
- Exchange of raw intelligence during national or regional incidents
- Provide a secure, single-access point to unclassified intelligence data which authorized stakeholders may access from anywhere at any time

HSIN-Intel Member Benefits

- Access to the nationwide community of fusion center analysts and homeland security professionals
- Access to sensitive "For Official Use Only" (FOUO) intelligence and situational awareness products posted by Fusion Centers, DHS Intelligence & Analysis, DHS Components and other Federal Intelligence Partners
- 24/7 situational awareness tools to ensure awareness and coordination during regional and national level incidents
- Mapping and imagery tools to display real-time intelligence information visually
- Ability to respond promptly to state and local partner requests for assistance

Minimum Eligibility Requirements*

- 1 Be engaged in intelligence analysis functions
- 2 Be a U.S. Citizen
- 3 Be associated with a Fusion Center
(for Federal, State and Local participants in the field)
- 4 Have a government email address *(or other email address approved by the State POC and the HSIN-Intel community manager)*
- 5 Be employed by a law enforcement, criminal justice or homeland security agency

*Members are approved for access through the HSIN-Intel Branch

Governance

HSIN Intel is governed by the HSIN State and Local Intelligence Community (SLIC) Executive Board. The board is comprised of 12 state and local homeland security and law enforcement leaders representing the four Homeland Security SLIC regions. Visit HSIN Intel to see the current list of Executive Board members representing your region. For more information about the Executive Board, contact HSIN Intel at HSIN.Intel@hq.dhs.gov.

SitAware

SitAware is a centralized, 24/7 virtual information sharing room which provides all trained HSIN-Intel members ways to monitor and post relevant items that occur while an incident of national or regional significance is transpiring.

Examples of these incidents include but are not limited to:

- | | |
|---|--|
|  Active Shooter |  Critical incidents involving national infrastructure |
|  Chemical, Biological, Radiological, Nuclear or Explosive |  Natural or Manmade Disasters |
|  Planned Events |  Public Health Incidents or Outbreaks |
|  Suspicious Packages |  Special events of national impact |
|  Significant rise in violent criminal activity | |

To view SitAware, HSIN-Intel members may access the site using their HSIN username and password at <https://share.dhs.gov/sitaware>.

Request Access to HSIN-Intel

To request access to HSIN-Intel, please email your name, affiliated organization, email address and phone number, and a short justification to HSIN.Intel@hq.dhs.gov.
