## Committee Member Biography The President's National Security Telecommunications Advisory Committee

**Renée J. James**  
**President**  
**Intel Corp.**

Ms. Renée J. James is president of Intel Corporation and is a member of the company's Executive Office. Previously, she was executive vice president and the general manager of the Software and Services Group; vice president for Developer Programs; and director and chief operating officer (COO) of Intel Online Services. She was also part of the pioneering team working with independent software vendors to port applications to Intel Architecture, and served as chief of staff for former Intel CEO, Mr. Andy Grove. She joined Intel through the company's acquisition of Bell Technologies. Ms. James serves as a non-executive director on Vodafone Group Plc.'s board of directors and is a member of the company's Remuneration Committee. For seven years, she served as an independent director on VMware Inc.'s board of directors and was a member of the company's Audit Committee. Additionally, Ms. James is a member of the C200, a membership organization of women entrepreneurs and corporate innovators. She holds both a bachelor's and a master's degree in business administration from the University of Oregon.
