

The President's National Security Telecommunications Advisory Committee

Committee Member Biography

The President's National Security Telecommunications Advisory Committee

Renée J. James
Former President
Intel Corporation

Ms. Renée J. James is a seasoned technology executive with broad, international experience managing large-scale, complex global operations. She is currently an operating executive with the Carlyle Group in their Media and Technology practice. Ms. James recently concluded a lengthy year career with Intel Corporation where she was the president of the company and a member of the Executive Office with the CEO and chairman. During her 28 year career at Intel, she held a variety of positions spanning research and development (R&D) leadership in both software and hardware, including the establishment of a global R&D network and global manufacturing leadership. Ms. James was the executive vice president and general manager of Intel's software and services business for a decade. She led large-scale merger and acquisition and the structuring and serving as chairman of Intel's software subsidiaries. In her tenure, Ms. James spearheaded the company's strategic expansion into providing proprietary and open source software, cybersecurity and cloud-based computing. As president, she added global, corporate operations including: corporate strategy, human resources, finance, manufacturing, and other operating units to her experiences. Early in her career, Ms. James served as chief of staff for her mentor, former Intel CEO, Mr. Andy Grove. Ms. James serves as a non-executive director on the Vodafone Group Plc board and is a member of the Remuneration Committee. She also serves on the board of Sabre Corporation and is a member of their Audit and Technology Committee. Ms. James serves on the board of Oracle Corporation and is a member of the Compensation Committee. She also serves on the board of Citigroup, Inc., and is a member of the Technology, AML, and Risk Committees. She also served seven years as independent director on the VMware Inc., board of directors and was a member of the Audit Committee. She is also a member of the Committee of 200, a membership organization of the world's most successful women entrepreneurs and corporate innovators. In 2014, Ms. James was ranked 21st on

Fortune's Most Powerful Women in Business list, and she is ranked 45th on the *Forbes'* 100 Most Powerful Women list.
