## **Committee Member Biography** **The President's National Security Telecommunications Advisory Committee**

**Jamie Dos Santos**  
**President and Chief Executive Officer**  
**Isis Defense**

Ms. Jamie Dos Santos is president and CEO of Isis Defense. She is the former president and CEO of Terremark Federal Group, a wholly-owned subsidiary of Terremark Worldwide, Inc. (Terremark was acquired by Verizon in 2011 and is now called Verizon Terremark.) Prior to her position as Terremark CEO, she served as Terremark's chief marketing officer. Before joining Terremark Federal, Ms. Dos Santos spent 25 years with companies such as BellSouth, Bellcore, and SAIC.

Ms. Dos Santos participates in the Armed Forces Communications and Electronics Association (AFCEA) Intelligence and Cyber Committee and serves on the committee's board of directors as an executive committee member. Previously, Ms. Dos Santos served as the vice president of the South Florida chapter of AFCEA. She also serves on the IT Sector Coordinating Council and is a FED 100 winner. Ms. Dos Santos received training from the Bellcore Training Center, the University of Florida, and attended the Harvard Business School for Continuing Education.
