Please save the date to join the U.S. Department of Homeland Security for a
Regional Seminar and Tabletop Exercise for Institutions of Higher Education

When: February 2, 2018

Where: Drexel University

This regional event will include a tabletop exercise focused on emergency response to a hazardous material spill near campus.

The event seeks to provide participants with insight into planning, preparedness and resilience best practices for the academic community. Because emergency planning involves a team of individuals from across an institution, it is recommended that up to 5-7 senior leaders representing various functions (i.e. leadership, public safety, student life and communications) attend from each school.

More information, including a formal invitation with specific event information, to follow.

*There is **no cost** to attend or present at this event. Participants and presenters are responsible for their own travel, lodging and per diem expenses. Please contact the Office of Academic Engagement at AcademicEngagement@hq.dhs.gov with any questions.*
