

NIAC – Information Sharing
Additional Framing Questions
July 31, 2013

Related to the initial response on “Metrics”:

1. How would you define the term “indicators”?
2. What are some examples of such indicators?
3. What methods will be most efficient for establishing the efficacy and quality of information?
4. How can the Federal Government incentivize private sector owners and operators be amenable to providing feedback?
5. What obstacles exist for owners and operators to provide such feedback?
