- Has the victim been harmed or deprived of food, water, sleep, medical care, or other life necessities?
- Does the victim have few or no personal possessions?
- Can the victim freely contact friends or family?

What Can We Do?*

1. **Train Yourself.** Interactive online training is available at: www.dhs.gov/humantrafficking
2. **Promote awareness.** Educate members of your worshipping community and your staff on the basic signs of human trafficking and how to report it. Create awareness through posters, bulletin inserts, events, etc.
3. **Report suspicious activity.** Encourage members of your worshipping community to include the ICE TIP Line in their phone contact lists and report any suspicious activity that could be related to human trafficking.
4. **Partner with your community.** Work with local businesses to find opportunities to support victims (e.g. safe hotel lodging, dental, medical, legal services).
5. **Become an advocate.** Encourage members of your worshipping community to distribute codes of conduct to hotels, airlines, and taxis. Support local and state legislation that provides services for victims of human trafficking.

*Do not undertake independent investigations. Remember to be discreet to ensure your safety and the safety of victims, and contact a shelter or law enforcement as warranted.
