

Department of Homeland Security (DHS) Planned Analysis of FY 2011 Inventory

Special Interest Functions in FY 2011 Inventory for Analysis

DHS will evaluate all 15 codes identified as “Special Interest Functions” by the Office of Management and Budget’s (OMB) Office of Federal Procurement Policy (OFPP) memorandum on “Service Contract Inventories,” dated November 5, 2010; two additional codes of interest to DHS will also be included. These 17 functions are the focus of the DHS Balanced Workforce Strategy (BWS) pilot requiring thorough Component review of new services functions prior to procurement, and therefore, closely monitoring all contracting in these categories will be a priority throughout the next fiscal year.

Description of Function	Product Service Code
