# Executive Summary

DHS secures our Nation's air, land, and sea borders to prevent illegal activity while facilitating lawful travel and trade. The Department's border security and management efforts focus on three interrelated goals: effectively securing U.S. air, land, and sea borders; safeguarding and streamlining lawful trade and travel; and disrupting and, in coordination with other Federal agencies, dismantling transnational criminal and terrorist organizations.

DHS is working to secure U.S. borders through the unprecedented deployment of personnel, technology, and infrastructure. The integration of intelligence and enforcement capabilities through intergovernmental task forces and partnerships has facilitated better information sharing, leading to the increased interdiction of drugs, weapons, and currency. By focusing on the largest threats and rapidly responding, DHS has strengthened security across the U.S. borders while facilitating international travel and trade.

Highlights for FY 2018 compared to FY 2017 include:

- U.S. Customs and Border Protection (CBP) U.S. Border Patrol (USBP) apprehensions increased 30 percent in FY 2018 (404,151) compared to FY 2017 (310,521) (Table 1).
- CBP USBP apprehensions of Mexican nationals increased 19 percent in FY 2018 (155,446) compared to FY 2017 (130,454) (Table 2).
- CBP USBP apprehensions of non-Mexican nationals increased 38 percent in FY 2018 (248,695) compared to FY 2017 (180,066) (Table 3).
- DHS removals increased by 17 percent in FY 2018 (334,002) compared to FY 2017 (286,286) (Table H1).
- DHS returns increased 9 percent in FY 2018 (108,683) compared to FY 2017 (99,541) (Table H1).

# I. Legislative Requirement

This report has been prepared pursuant to the direction in the Joint Explanatory Statement accompanying the Fiscal Year (FY) 2018 Department of Homeland Security (DHS) Appropriations Act (P.L. 115-141). The Joint Explanatory Statement includes the following provision:

The Department shall continue to submit quarterly Border Security Status reports and data on the deportation of parents of U.S.-born children semiannually, as in prior years.

## II. Background

### A. Overview of Congressional Mandate

This Border Security Status Report (BSSR) includes data for FY 2018. The BSSR is a revised version of the Secure Border Initiative report, which last was released with data through FY 2010.

The original *Quarterly Status Report on the Department of Homeland Security's Border Security Performance and Resources* was provided in 2006 in response to a letter from the House Appropriations Committee. The data series included in the BSSR overlaps with many of those in prior border security performance and resources reports; however, the BSSR excludes detailed program descriptions, accomplishments, and resource information. The list of data series provided in this report was reviewed with committee staff and is described in Section B.

### B. Data Presented

There are 25 figures and 19 tables in the body of the report and 32 tables in the appendix that provide data on the enforcement-related activities listed below. This report provides data on the following categories of border security and immigration enforcement-related activities:

- Apprehensions, administrative arrests, and inadmissible aliens
- Notices to appear (NTA)
- Criminal arrests
- Legal entries
- Detention
- Removals and returns
- Worksite enforcement and E-Verify
- Seizures - drugs, weapons, and currency
- U.S. Customs and Border Protection (CBP) and U.S. Immigration and Customs Enforcement (ICE) staffing
- Violence against CBP and ICE agents and officers
- Operation Stonegarden grants

Note that some data for previous fiscal years have been shifted to the appendix.

### III. Results/Analysis

DHS's Office of Immigration Statistics (OIS) compiles the BSSR from data received from DHS Components. The compilation of these data shows specifics and trends as shown below.

#### A. Data Trends

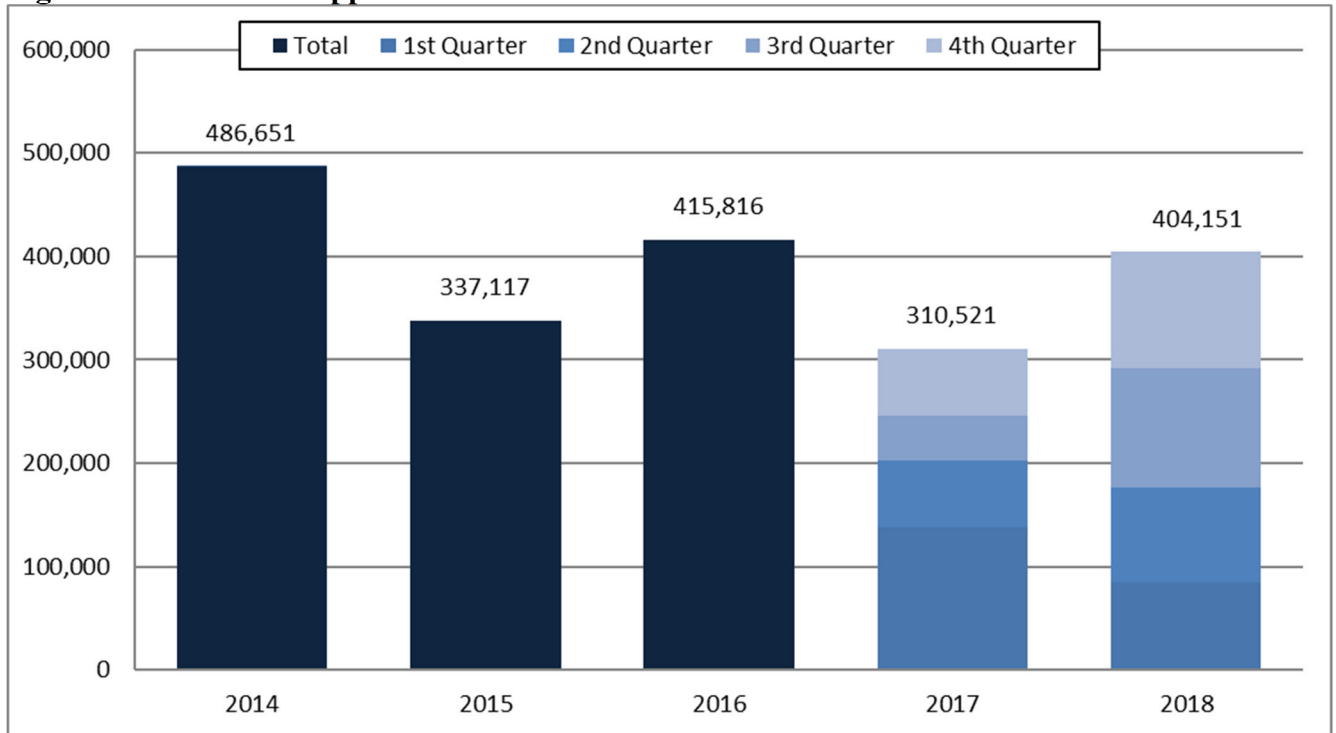

- CBP U.S. Border Patrol (USBP) apprehensions increased 30 percent in FY 2018 (404,151) compared to FY 2017 (310,521) (Table 1).
- CBP USBP apprehensions of Mexican nationals increased 19 percent in FY 2018 (155,446) compared to FY 2017 (130,454) (Table 2).
- CBP USBP apprehensions of non-Mexican nationals increased 38 percent in FY 2018 (248,695) compared to FY 2017 (180,066) (Table 3).
- DHS removals increased by 17 percent in FY 2018 (334,002) compared to FY 2017 (286,286) (Table H1).
- DHS returns increased 9 percent in FY 2018 (108,683) compared to FY 2017 (99,541) (Table H1).

The figures and tables in this section include notes about the data sources and, where applicable, descriptions of changes in definitions over time or in data compared to past reports. Quarterly data, when not included in the Results/Analysis (Section III), are provided in the Appendices (Section IV, Appendix C, and Data Tables). The data included in this report were provided by CBP, ICE, and U.S. Citizenship and Immigration Services (USCIS) and may differ from data reported by each Component as a result of differences in data compilation or reporting practices. Moreover, Component systems frequently are “living,” meaning that such systems accept corrections, modifications, and new entries for a period of time. As a result, data provided to OIS are a snapshot as of a specific date, and numbers retrieved on a subsequent date may differ from those originally provided.

<sup>1</sup> An administrative arrest refers to the arrest of an alien who is charged with an immigration violation under section 212 or 237 of the Immigration and Nationality Act. Administrative arrests conducted by CBP USBP traditionally have been referred to as apprehensions and this convention is used in the following CBP USBP charts and tables. Administrative arrest data are provided for CBP USBP, ICE Homeland Security Investigations (HSI), and ICE Enforcement and Removal Operations (ERO).

## C. Unique Individuals Apprehended by CBP USBP (Figure 5)

With the Automated Biometric Identification System (IDENT), fingerprint records can be matched, making it possible to count both the number of unique individuals apprehended and the total number of apprehensions (Figure 5). Because of data collection procedures, data are tabulated at the end of the fiscal year.

**Figure 5. Apprehensions from IDENT by CBP USBP: FYs 2009 to 2018**

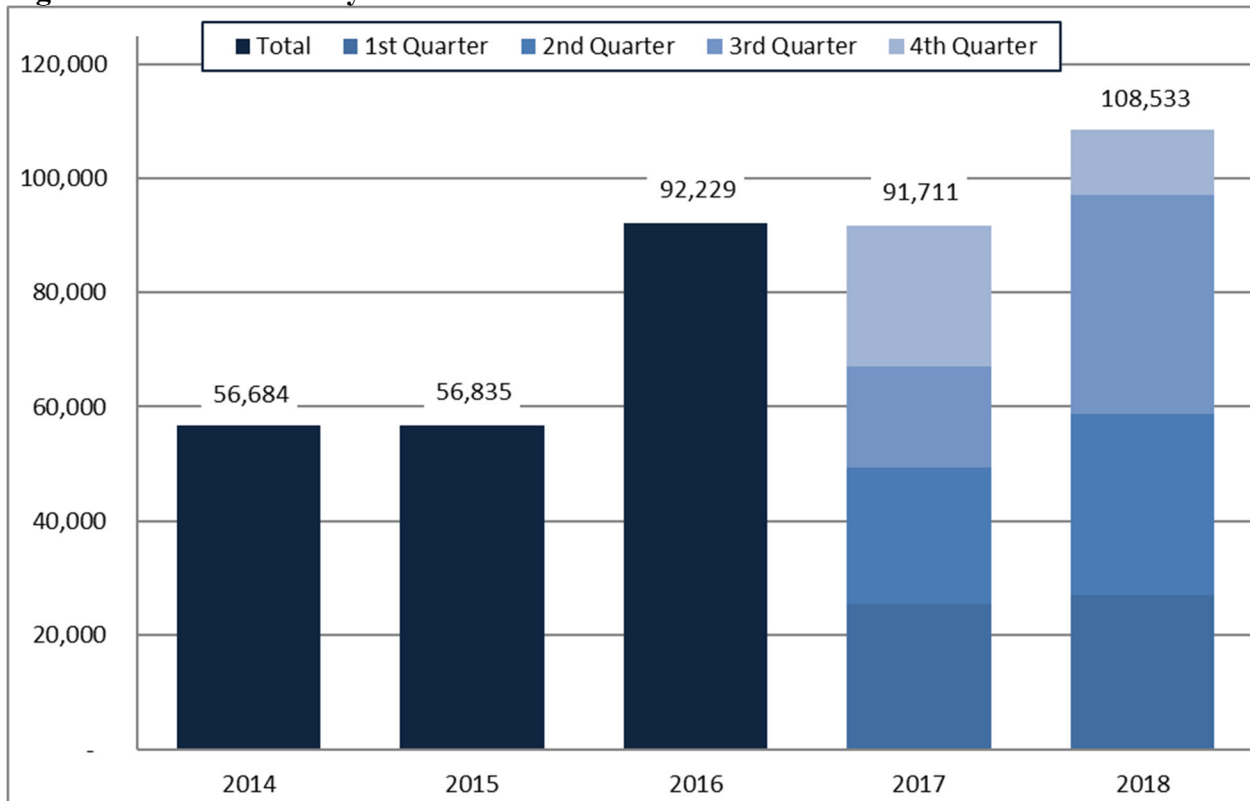

Note: Individuals younger than 14 years of age are not fingerprinted and cannot be counted individually. Data are released at the end of the fiscal year.

## D. Notices to Appear Issued (Figures 6-9) and USCIS Fraud Cases Referred to ICE (Figure 10)

NTAs order aliens to appear at a civil immigration removal proceeding before an immigration judge with the U.S. Department of Justice's Executive Office for Immigration Review. This section includes NTAs issued by USCIS, CBP USBP, CBP OFO, and ICE ERO, as well as the number of applications accepted by ICE for investigation under suspicion of fraud by USCIS.

Note: Data refer to I-862 NTAs only. See USCIS Policy Memorandum (PM) 602-0050.1 dated June 28, 2018, titled "Updated Guidance for the Referral of Cases and Issuance of NTAs in Cases Involving Inadmissible and Removable Aliens." The new PM did not affect current NTAs number; all NTAs were issued under the old guidance, PM 602-0050.

## E. Criminal Arrests (Figures 11-13)

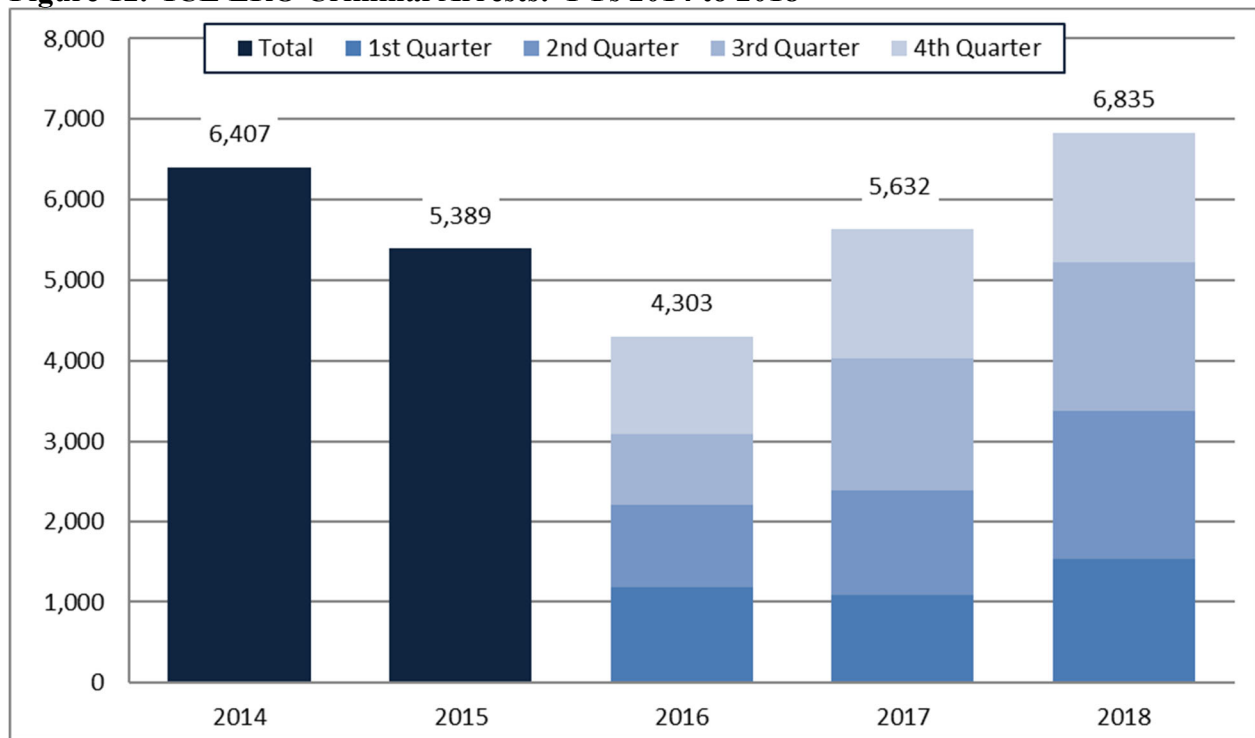

Criminal arrests refer to individuals (both aliens and U.S. citizens) who are arrested for violation of a federal and/or a state criminal law. Criminal arrests may be for felony or misdemeanor charges. Criminal arrest data are provided for ICE HSI, ICE ERO, and CBP OFO.

## F. Legal Entries (Figure 14 and Table 5)

Legal entries refer to the number of lawful entries of U.S. citizens and noncitizens into the United States. Individual U.S. citizens and noncitizens may be counted more than once during a reporting period. Individuals denied entry at air, land, or seaports are excluded from these data.

## G. Detention (Figures 15-17 and Tables 6-8)

Removable aliens who are apprehended by CBP and ICE and are determined to warrant custodial supervision are placed in detention facilities that are managed by ICE ERO. Aliens detained by ICE are housed in local or state government facilities under Intergovernmental Service Agreements (IGSA), contract detention facilities, and ICE-owned facilities (Service Processing Centers). ICE sometimes uses Federal Bureau of Prisons-controlled facilities to house immigration detainees, but this practice generally is in limited circumstances and accomplished through the use of an interagency agreement.

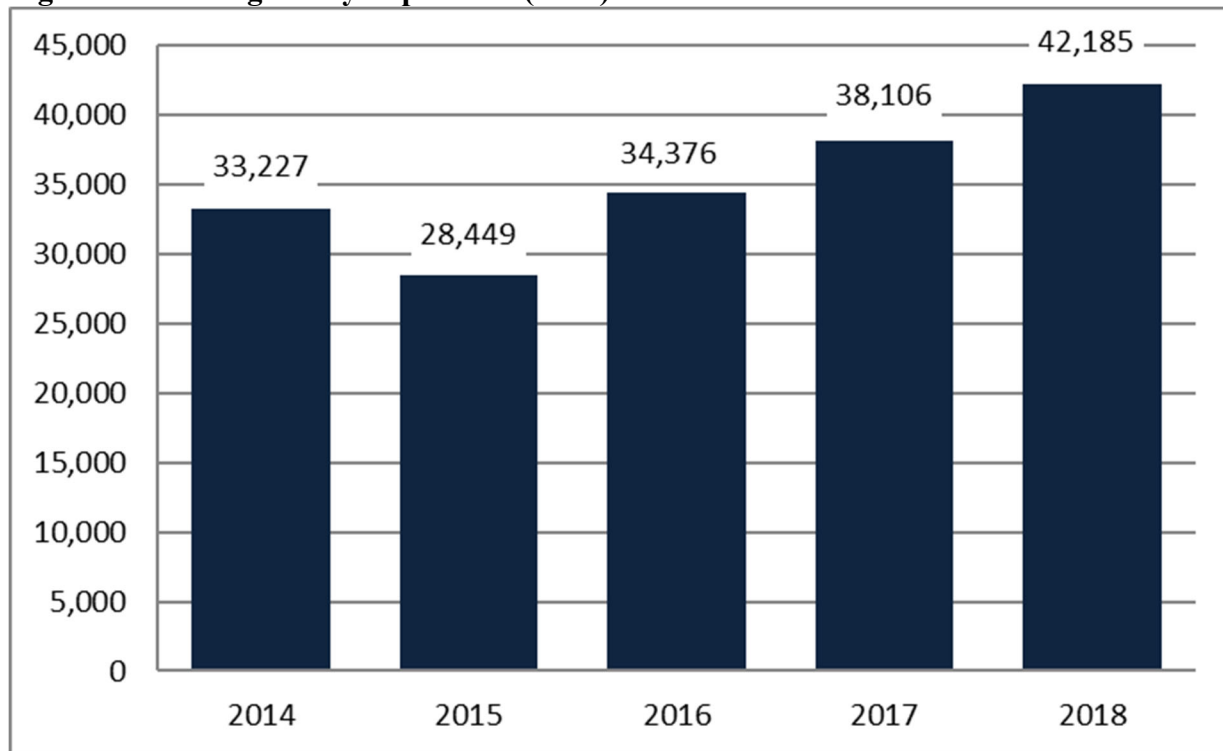

**Figure 15. Initial Book-Ins to ICE Detention Facilities: FYs 2014 to 2018**

Note: Initial Book-Ins refer to the number of individuals whose initial placement into a detention facility began within the reporting period. These totals may include aliens currently in ICE detention. Beginning in 2010, data exclude detainees held in facilities dedicated to housing aliens under the U.S. Department of Health and Human Services (HHS) Office of Refugee Resettlement (ORR) and U.S. Marshals Service purview.

Source: DHS, ICE, IIDS (October 2018). See Appendix Table G1 for quarterly totals.

**Figure 16. Average Daily Population (ADP) of Aliens in ICE Detention: FYs 2014 to 2018**

Note: ADP is provided in place of funded beds because it more accurately reflects the status of facility capacity and utilization. ADP is based on the total number of midnight count bed space used divided by the number of days in the requested period of time. Beginning in 2010, ADP excludes detainees in ICE custody held in facilities dedicated to housing aliens under HHS ORR and U.S. Marshals Service purview.

## H. Removals and Returns (Figure 18)

Alien removals refer to inadmissible or deportable aliens who have been removed on the basis of an order of removal, whereas alien returns refer to inadmissible or deportable aliens who have been confirmed to have departed the United States without an order of removal. This report includes fiscal year removals effectuated and returns conducted by both CBP and ICE. An alien who is removed has administrative or criminal consequences placed on subsequent reentry owing to the fact of the removal.

**Figure 18. DHS Removals and Returns: FYs 2014 to 2018**

Note: Removals and returns include data from both ICE and CBP. Removals and returns in this report refer to the year that the events occurred. Differences in prior time periods are due to the updating of the data series.

## I. Worksite Enforcement and E-Verify (Figures 19-24)

Worksite arrest statistics are shown for employers who are charged by ICE HSI with violations related to the employment of unauthorized aliens, and employees who are charged with a variety of crimes including identity theft, fraud, tax violations, or other related crimes. Worksite fines are reflected in Figures 19 and 20 below.

The number of employers registered for E-Verify and the number of queries each year also are provided below. For the purposes of the E-Verify program, each query represents one new hire or new verification.

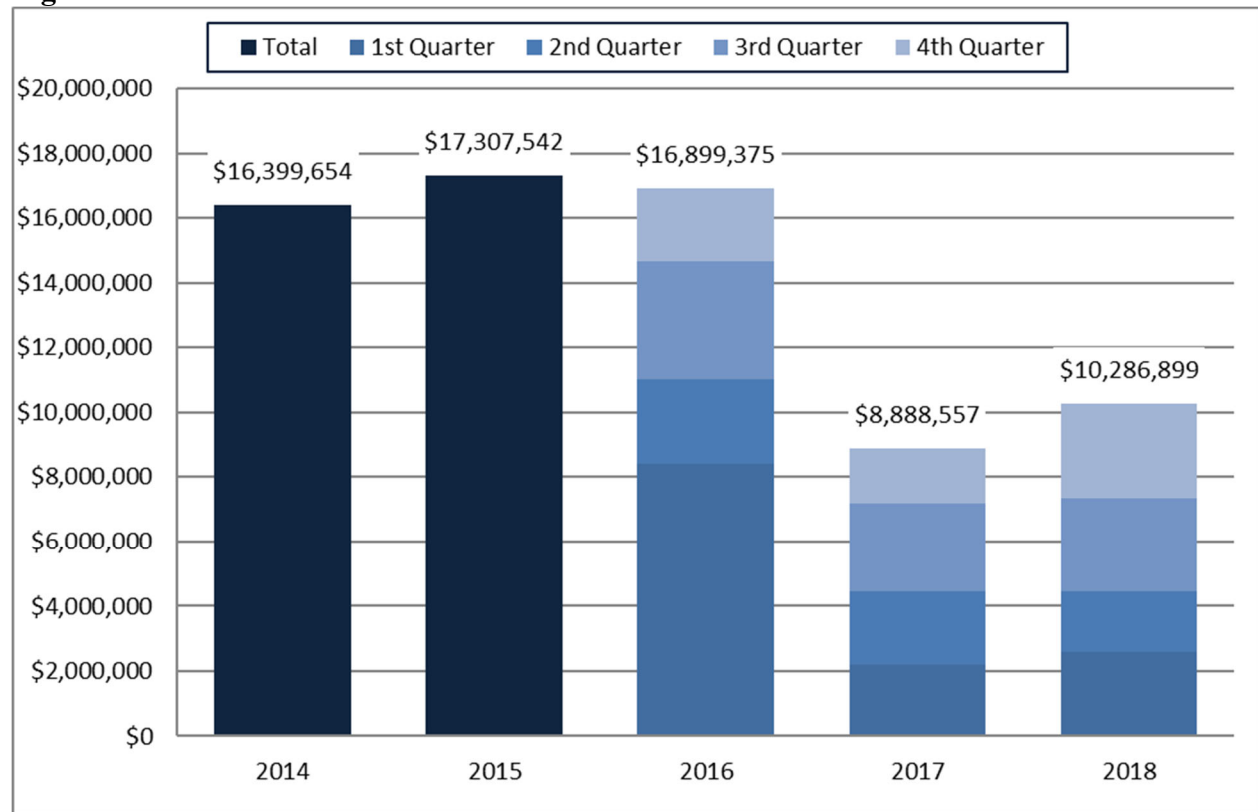

**Figure 19. Worksite Enforcement - Criminal Fines: FYs 2014 to 2018**

Note: The FY 2016 Q2, Q3, and Q4 value is \$0 (U.S. dollars). The fines levied in FY 2017 would have been consistent with the previous year; however, the increase is directly attributable to the successful conclusion of a large-scale, multiyear investigation that resulted in a fine of \$95,000,000 against one particular company. This specific fine accounts for FY 2017's relatively large dollar amount.

## IV. Appendices

### Appendix A. Glossary

**Administrative Arrest** - The arrest of an alien who is charged with removability under the Immigration and Nationality Act (INA).

**Average Daily Population** - Average daily detention population for the months included in the reporting period.

**Average Length of Stay in Detention** - The mean length of stay in detention from the time of initial admission to the time of release for those aliens released during the reporting period. Aliens in detention at the end of the reporting period are excluded from the calculation.

**Consequence Delivery System** - A U.S. Customs and Border Protection (CBP)-developed system that guides management and agents through a process that is designed to evaluate each subject apprehended by the CBP U.S. Border Patrol (USBP) and to identify the most appropriate consequence based on the individual's crossing history. The Consequence Delivery System initially was implemented in the Tucson Sector in January 2011 and now is deployed across the Southwest Border.

**E-Verify** - An Internet-based system administered by U.S. Citizenship and Immigration Services (USCIS) in partnership with the Social Security Administration that allows employers to verify the employment eligibility of workers electronically.

**Deportable Alien under INA § 237** - An alien in and admitted to the United States subject to any grounds of deportability specified in section 237 of the INA, 8 U.S.C. § 1227. This includes any aliens illegally in the United States, regardless of whether the alien entered the United States by fraud or misrepresentation or entered legally but subsequently violated the terms of his or her nonimmigrant classification or status.

**Inadmissible Alien** - An alien seeking admission to the United States, or who is present without being inspected and admitted or paroled, who is subject to one or more grounds of inadmissibility described in section 212 of the INA, 8 U.S.C. § 1182.

**Removals** - The compulsory and confirmed movement of an inadmissible or deportable alien out of the United States based on an order of removal. Ineligibility to remain in the United States is based on grounds of inadmissibility under INA § 212 or deportability under INA § 237. An alien who is removed has administrative and/or criminal consequences with respect to subsequent reentry owing to the fact of the removal. This report includes removals effectuated by both U.S. Immigration and Customs Enforcement (ICE) and CBP.

**Returns** - The confirmed movement of an inadmissible or deportable alien out of the United States not based on an order of removal. Ineligibility to remain in the United States is based on

grounds of inadmissibility under INA § 212 or deportability under INA § 237. An alien waives his or her right to a formal proceeding and chooses to depart the United States and return to his or her home country in lieu of removal proceedings. This report includes returns effectuated by both ICE and CBP.

**Queries** - For the purposes of the E-Verify program, each query represents one new hire or new verification.

**Seizure** - Taking physical possession and/or control of property, merchandise, or other articles from the possession or control of an individual or establishment.

**Violence against CBP USBP Agents** - Any assault directed at a CBP USBP agent in the performance of or with a nexus to their official duties, including, but not limited to, rockings, shootings, vehicular assaults, other physical assaults, and any other threat of bodily harm or death, while engaged in or on account of border enforcement activities.

**Violence against CBP Office of Field Operations (OFO) Officers** - Physical threats or elevated use of force occurring in reaction to a legitimate or perceived threat to CBP OFO personnel. Along with physical assaults, violent incidents involve vehicles being operated in a manner that posed a risk or harm or the use or intended use of a deadly weapon.

**287(g) Program** - A state and local cross-designation program authorized by INA § 287(g). This program provides specific officers of participating state and local law enforcement agencies with the necessary delegation of authority, training, and resources to perform certain functions of an immigration officer under the direction of ICE.

ADP is provided in place of funded beds because it more accurately reflects the status of facility capacity and utilization. ADP is based on the total number of midnight count bed space used divided by the number of days in the requested period of time. Beginning in 2010, ADP excludes detainees in ICE custody held in facilities dedicated to housing aliens under HHS ORR and U.S. Marshals Service purview.

Note: The fines levied in FY 2017 would have been consistent with the previous year; however, the increase is directly attributable to the successful conclusion of a large-scale, multiyear investigation that resulted in a fine of \$95,000,000 against one particular company. This specific fine accounts for FY 2017's relatively large dollar amount.
