

## Electronic Contract Filing System BPA

The Department of Homeland Security (DHS) awarded a single-award, Department-wide Blanket Purchase Agreement (BPA) for the AINS eCase software system. This software will act as a digital storage cabinet to store final contract artifacts, allowing users to efficiently search for them rather than thumbing through paper documents. The eCase system is provided as Software as a Service and is authorized under FedRAMP.

### Key Contract Vehicle Features:

- Rapidly acquire eCase software through a streamlined ordering process
- Provides pre-negotiated, optimal, and consistent terms and conditions
