Annual Performance Report on Executive Agency Actions to Assist MSIs

Part I. Section A - FY 2012 Executive Summary

The Department of Homeland Security (DHS) submits this Annual Performance Report on Executive Agency Actions to Assist Minority Serving Institutions (MSIs) for Fiscal Year (FY) 2012, pursuant to Executive Order (EO) 13515, EO 13532, EO 13555, and EO 13592. The purpose of these executive orders is to advance equal opportunity in higher education, strengthen the capacity of MSIs to provide the highest quality education, increase opportunities for these institutions to participate in and benefit from Federal programs, and ensure that our Nation has the highest proportion of college graduates in the world by the Year 2020. In this report, MSIs refer specifically to Historically Black Colleges and Universities (HBCUs), Tribal Colleges and Universities (TCUs), Hispanic-Serving Institutions (HSIs), Asian American and Native American Pacific Islander-Serving Institutions (AANAPISIs), and Alaska Native and Native Hawaiian-Serving Institutions (ANNHs).

The total funds awarded to Institutions of Higher Education (IHEs) and MSIs are below:

MSIs:	FY 2012 Funds	Funds as % of FY 2012 Total to IHEs
• HBCUs:	\$11,768,988	2.75%
• TCUs:	\$235,904	0.06%
• HSIs:	\$4,053,003	0.95%
• AANAPISIs/ANNH*:	\$1,679,148	0.39%
Total MSIs:	\$17,737,043	4.11%
IHEs Total:	\$428,309,693	

In FY 2012, more than \$428 million was allocated to IHEs. This is a slight decline from \$450,709,307 FY 2011. As referenced in Tables B and C, approximately 4.1% of these funds were allocated to MSIs.

The Federal Emergency Management Agency (FEMA), which comprises a small portion of the overall DHS workforce, was DHS's largest provider of awards to IHEs, allocating more than \$349 million in FY 2012. FEMA grants, primarily used to help IHEs that have been affected by storms, earthquakes, and other disasters; much of those awards go to costly projects such as the repair or restoration of public facilities, such as roads, bridges and public buildings, and the repair and replacement of equipment. FEMA does not control which areas of the country will require grants because of the unpredictable nature of disasters and emergencies. FEMA awarded 2% of grants to MSIs in the reporting period.

* Note the total awards to Asian American and Native American Pacific Islander-Serving Institutions (AANAPISIs) and Alaska Native and Native Hawaiian-Serving Institutions (ANNHs) are combined here and in Part I. Section B and C, but are separated in the narrative of the Part I. Section A, Executive Summary.

The Science and Technology (S&T) Directorate was DHS's next largest provider of awards to IHEs, allocating more than \$36 million in FY 2012. Their awards were also in the form of grants. Unlike FEMA, S&T is able to be more targeted with respect to how it awards money, and almost 19% of S&T grants went to MSIs in FY 2012.

The U.S. Coast Guard (USCG) was DHS's third largest provider of awards to IHEs, allocating more than \$26 million in FY 2012. Most USCG award money constituted service money in the form of student tuition assistance, fellowships, scholarships, and other aid. More than six percent of USCG awards went to MSIs in FY 2012.

The remaining DHS Components (U.S. Customs and Border Protection (CBP), U.S. Citizenship and Immigration Services (USCIS), Federal Law Enforcement Training Center (FLETC), U.S. Immigrations and Customs Enforcement (ICE), Transportation Security Administration (TSA), U.S. Secret Service (USSS), and elements within DHS Headquarters (HQ) such as the Science and Technology (S&T) Directorate) provided service award money, primarily in the form of internships, traineeships, recruitment, and Intergovernmental Personnel Acts (IPAs).

Historically Black Colleges and Universities (HBCUs):

DHS strategies to support HBCUs included participation in the following Program Award Categories:

- Research and Development (R&D)
- Training
- Facilities and Equipment (F&E)
- Internships, Recruitment, and Intergovernmental Personnel Acts
- Student Tuition Assistance, Fellowships, and Scholarships (STA)
- Direct Institutional Subsidies (DIS)
- Third Party Awards (TPA)
- Private-Sector Involvement (PSI)

To support these activities, DHS components projected in FY 2011 a total funding amount of \$32,046,560 (16.6% of IHE funds projected); actual funding awarded for FY 2012 totaled \$11,768,988 (2.75% of IHE funds awarded). DHS's decline in funding to HBCUs was primarily the result of department-wide budget reductions.

Actual funding declined in the following award categories: R&D (\$2,374,904 in FY 2011 to \$1,577,666 in FY 2012); F&E (\$15,793,875 in FY 2011 to \$6,920,080 in FY 2012); Interns (\$1,603,275.26 in FY 2011 to \$785,754 in FY 2012); DIS (\$2,449,885 last FY to \$2,150,000 in FY 2012); and TPA (\$68,944 in FY 2011 to \$48,288 in FY 2012). However, the Federal Law Enforcement Training Center (FLETC) and the U.S. Coast Guard (USCG) increased awards in the Training category funds with a combined total of \$7,169.

S&T supported MSI students and faculty through the Homeland Security Scientific Leadership Program's Summer Research Team (SRT). This program is a collaboration that engages early career faculty and students with the DHS Centers of Excellence. Faculty recruits one or two graduate and/or undergraduate student team members. Stipends for faculty and students include housing allowances and limited transportation expenses.

CBP provided 261 MSI internships and attended 150 recruitment events (of which 104 resulted in no cost to the Component).

USCG utilized the expertise of 18 Admirals/Senior Executives to formalize HBCU partnerships. These efforts resulted in “Memorandum of Understandings,” which help foster and strengthen partnerships. Additionally, DHS was a sponsor at the National Society of Black Engineers, National Association of Equal Opportunity in Higher Education, the White House Initiatives for HBCUs and the Thurgood Marshall Fund. This component funded the College Student Pre-Commissioning Initiative (CSPI) which is a scholarship program for college sophomores and juniors from MSIs with academic potential and motivation. The goal of this program is to train future officers for success and prepare them for officer Candidate School. This Component awarded 30 scholarships to MSIs.

USSS provided a tour of the J.J. Rowley Training Center and the Secret Service Headquarters for the Baltimore Field Office Interns. Students received a briefing on security clearance protocols, a presentation on the agency background and a briefing on the Protective Intelligence & Assessment Division and Forensic Services Division.

Tribal Colleges and Universities (TCUs):

DHS strategies supported TCUs in the following Program Award Categories:

- Research and Development (R&D)
- Internships, Recruitment, and Intergovernmental Personnel Acts
- Third Party Awards (TPAs)

To support these activities, DHS components projected in FY 2011 a total funding amount of \$121,900 to TCUs which represents (0.1% of IHE funds projected) of the total DHS FY 2012 Awards projected for IHEs. In FY 2012, DHS exceeded the projected funding with a total of \$235,904 (0.06% of IHE funds awarded).

Actual funding declined in the following categories: R&D (\$50,000 in FY 2011 to \$35,000 in FY 2012) and Third Party Awards (\$105,498 in FY 2011 to \$32,150 in FY 2012).

DHS gained visibility through advertisements with the Society of American Indian Government Employees (SAIGE), the American Indian Higher Education Consortium (AIHEC), and American Indian Science and Engineering Society (AISES).

CBP and the USCG continued to build relationships with presidents and staff of Tribal schools. DHS Component efforts resulted in a combined total of \$168,754 (2.0% of IHE funds awarded for Internships, Recruitment, and IPAs) for interns.

FLETC presented a four-hour training session on Wildfire Origin and Cause Determination and a four-hour training session on Wildfire Arson Recognition at the National Native American Law Enforcement Association (NNALEA) Conference.

USSS conducted information forums at the 2012 Intertribal Youth Summit at the White House. This program was sponsored by the Department of Justice and the Executive Office of the President (EOP) and included approximately 200 Native American Youth. Additionally, USSS Headquarters hosted 110 students and chaperones from the United National Indian Tribal Youth (UNITY) organization.

USCG was a sponsor at the Society of AIHEC and AISES Conferences. This component advertised in the AIHEC’s *TCJournal*, *Indian Country Today Magazine* and AISES’s *Winds of Change Magazine*. These advertisements increased employment awareness among American Indian college students.

Hispanic-Serving Institutions (HSIs):

DHS strategies supported HSIs in the following Program Award Categories:

- Research and Development (R&D)
- Internships, Recruitment, and Intergovernmental Personnel Acts
- Student Tuition Assistance, Fellowships, and Scholarships (STA)
- Direct Institutional Subsidies (DISs)
- Third Party Awards (TPAs)

To support these activities, DHS components projected in FY 2011 a total funding amount of \$4,217,416.31 (2.2% of IHE funds projected); actual funding awarded this FY totaled \$4,053,003 (0.95% of IHE funds awarded), which was a decline from last year.

Actual funding declined in the following award categories: R&D (\$1,402,155 in FY 2011 to 1,261,588 in FY 2012); DIS (\$972,313 in FY 2011 to \$700,000 in FY 2012); and TPA (\$99,843 in FY 2011 to \$71,484 in FY 2012). However, STA increased from \$92,782 in FY 2011 to \$700,000 in FY 2012.

USSS was a sponsor at the Hispanic Association of Colleges and Universities (HACU) and the Hispanic American Police Command Officer's Association (HAPCOA) Training Conferences.

Asian American and Native American Pacific Islander-Serving Institutions (AANAPISIs):

DHS strategies supported AANAPISIs and ANNHs in the following Program Award Categories:

- Research and Development (R&D)
- Internships, Recruitment, and Intergovernmental Personnel Acts
- Student Tuition Assistance, Fellowships, and Scholarships (STA)
- Direct Institutional Subsidies (DIS)
- Other

To support these activities, DHS components in FY 2011 projected a total funding amount of \$1,632,072.47 (0.8% of IHE funds projected); actual funding awarded \$1,573,341 (0.37% of IHE funds awarded), which was a slight decrease from FY 2011.

Actual funding declined in the following categories: R&D (\$1,153,838 in FY 2011 to \$808,820 in FY 2012); Interns (\$289,235 to \$229,239 in FY 2012); Training (\$150,000 in FY 2011 with no activity in FY 2012); Interns (\$289,235 in FY 2011 to \$264,255 in FY 2012); and TPA (\$16,500 in FY 2011 to \$2,750 in FY 2012).

However, there was an increase in the following categories: STA (\$22,500 in FY 2011 to \$353,323 in FY 2012) and DIS (no activity in FY 2011 to \$250,000 in FY 2012).

ICE conducted a Forensic Science Workshop and a Pathway Program Internship presentation during the MSI Conference in Texas. USCG continued funding the College Student Pre-Commissioning Initiative (CSPI) and selected college sophomores and juniors from MSIs who demonstrated academic potential and motivation.

USSS was a sponsor at the National Asian Peace Officers Association (NAPOA) Conference and Career Fair, Conference on Asian Pacific American Leadership (CAPAL), National Association of Asian American Professionals (NAAP) RTC Tour, and Virginia Polytechnic Institute and State University Asian American Student Information Forum.

Native and Native Hawaiian-Serving Institutions (ANNHs):

- Internships, Recruitment, and Intergovernmental Personnel Acts
- Student Tuition Assistance, Fellowships, and Scholarships (STA)

DHS did not have projections, but had activity in the following categories: Internships (\$35,015) and STA (\$70,792). Actual funding awarded totaled \$105,807 (0.02% of IHE funds awarded), which was a slight decrease from FY 2011.
