Current employee, contractor, and other individual's numbers do not include US Coast Guard (USCG), as USCG will primarily be utilizing the DoD CAC card.

Contractor and other individuals' numbers represent an estimate of total number of contractors and other individuals based on estimates provided by Components.

* The total number of PIV credentials issued has been adjusted to show the number of cards issued to eligible personnel. Previously, the statistics reports the number of PIV compliant issued. The difference in reported numbers from previous cycles to present, represent those cases where an individual has been issued card updates such as expiration, name changes, lost and/or stolen, FERRO designation, etc.

** Number of Employees, Contractors, and other individuals has been adjusted to show the number of completed/adjudicated NACI (or equivalent background investigation)
