I. Purpose

A. This Directive outlines the authorities, establishes the policies, and describes the responsibilities for the administration and management of the Department of Homeland Security (Department or DHS) Workers’ Compensation Program under the Federal Employees’ Compensation Act (FECA).

B. The Department of Labor (DOL), Division of Federal Employees’ Compensation (DEFC), Office of Workers’ Compensation Program (OWCP) is responsible for administering the FECA program. The FECA provides compensation benefits to civilian employees of the United States government for disability due to personal injury sustained while in the performance of duty or due to employment-related disease. The FECA also provides for the payment of benefits to dependents if the injury or disease causes the employee’s death. Benefits provided under the FECA constitute the sole recourse for work-related injury or death. A Federal employees and surviving dependents are not precluded from suing the United States to recover damages for injuries or death covered by FECA.

II. Scope

This Directive applies throughout DHS, unless exempted by statutory or federal regulatory authority, or as otherwise indicated herein.
