V. Policy and Requirements

A. **Policy:** Component heads or their designees authorize reimbursement to qualified employees for one-half (50 percent) of the annual premium paid to obtain professional liability insurance, in accordance with statute (Section III.A.).

B. **Requirements/Procedures:** Component guidelines and procedures ensure that:

1. Only fully paid professional liability insurance premiums are reimbursed;

2. If the annual premium for the professional liability insurance is paid in installments (for example, bi-weekly, quarterly, or semi-annually), reimbursement is made when the premium for a full plan year has been paid;

3. If the annual premium for the professional liability insurance is prorated for a partial year of coverage, only one-half of the premium amount paid is reimbursed; and
4. The employee repays the agency a prorated share of the reimbursement received if the professional liability insurance coverage is discontinued, the employee separates from the DHS, or otherwise becomes ineligible for reimbursement (for example, by moving to a non-eligible position) during a period covered by the reimbursement.

   a. The amount to be repaid to the agency is equal to the number of full months during which the employee is ineligible for reimbursement of professional liability insurance premiums multiplied by monthly reimbursement rate.

   b. The monthly reimbursement rate is one-half of the annual premium for the professional liability insurance divided by 12.
