I. SCHEDULE OF SERVICES

01. DESCRIPTION OF SERVICES

The Contractor shall furnish professional security services, defined by this solicitation as armed guard services and related duties, at Federally owned and leased facilities protected by the Federal Protective Service at various location throughout Brooklyn, New York. In furnishing these services, the Contractor shall provide all necessary management, supervision, personnel, materials, supplies and equipment except as otherwise indicated, and shall plan, schedule, coordinate and ensure effective performance of, and conformance to, all aspects of the work statement contained herein.

02. CONTRACT TYPE

Services shall be furnished via Blanket Purchase Agreement (BPA) with fixed hourly rates against GSA FSS Contract 084.

03. ESTIMATED QUANTITIES

The attached Post Coverage Exhibits provide the basis for the Estimated Quantities of Guard Coverage included on this Pricing Schedule. These Exhibits reflect the current recurring coverage in the described areas and are provided for estimating purposes only and will be subject to changes reflected in the actual orders issued and modifications thereto. BPA holders will be paid only for services ordered and performed at the established hourly rates. The Government has the unilateral right to add, decrease, cancel, or modify services stated in each task order issued at the established unit prices, as long as the change is within the scope of the BPA and the task order.

04. PRICES

A. Pricing Required for All Services and Performance Periods

Contractors must quote prices for all services required during the Base Year, as well as for each ordering period, in order to be considered for award. Contractors submitting partial pricing information shall be ineligible for award.

B. Department of Labor (DOL) Wage Determination (WD) and/ or Collective Bargaining Agreement (CBA)

The minimum wage rates and fringe benefits applicable are outlined in the Department Of Labor (DOL) Wage.

C. Unbalanced Pricing

Each contractor is cautioned that its pricing proposal may be rejected as non-responsive to the solicitation requirements if it is materially unbalanced as to prices for the Base Year or any option period. A pricing proposal is considered to be materially unbalanced when it is based on prices that are significantly less than cost for some work and prices that are significantly overstated for other work.

D. Contingency Pricing
TERMS AND CONDITIONS

Contractors must not include contingency allowances to cover increased costs for which adjustments are provided under Federal Acquisition Regulation (FAR) Clause 52.222-43 – Fair Labor Standards Act and Service Contract Act – Price Adjustments (Multiple Year and Option Contracts)(NOV 2006). For cost/price factors that are subject to variation, but are not subject to adjustment under FAR clause 52.222-43, contractors may factor in contingency allowances.

E. Pricing of Services

1. The hourly prices quoted must be inclusive of all direct costs, indirect costs, and profit necessary to provide an hour of post coverage as required. Contractors must include all costs associated with providing the services described herein.

2. The Government shall not be responsible for compensating the Contractor for any costs tied to solicitation requirements but not factored into the proposed prices, either by the Contractor’s intention or by mistake.

G. Definitions

1. Basic Services – Basic services are the permanent ongoing services specifically included in the call(s) at time of award or added through modification. For these services, the Contractor shall be compensated using the Basic Services Rates.

2. Temporary Additional Services - During the term of the BPA, the Government may have requirements for temporary additional services (TAS) beyond the basic requirements. Due to the nature of these services, the Contractor may be required to provide them with little advance notice. In such circumstances, the Contractor shall be compensated using the TAS Rates for any temporary additional services performed within 72 hours of the notification to initiate such service. The Contractor will be compensated at the Basic Service Rate for any such services performed after the 72-hour notification period.

   a. In the event other agencies contact the Contractor to request Temporary Additional Services under a task order, the Contractor shall notify the FPS COTR and Contracting Officer immediately.

   b. This temporary Additional Service provision is intended to satisfy the Government’s short term, non-recurring needs for service. Should a continuing need for additional service arise, a contract modification will be issued by the government to provide for those services.

Note: Requests for all services listed above must come from the Federal Protective Service Contracting Officer or his authorized representative.

II. PACKING AND MARKING
01. PAYMENT OF POSTAGE AND FEES

All postage and fees related to submitting information, including forms, reports, etc., to the Contracting Officer or the Contracting Officer's Technical Representative shall be paid by the Contractor.

02. MARKING

All information submitted to the Contracting Officer or the Contracting Officer's Technical Representative shall clearly indicate the contract number of the contract for which the information is being submitted.

III. INSPECTION AND ACCEPTANCE

01. CONTRACTOR'S RESPONSIBILITY

The Contractor shall provide for all day-to-day supervision, inspection and monitoring of all work performed to ensure compliance with the task order requirements. The results of inspections conducted shall be documented in an inspection report for submission to the Government. The Contractor shall follow through to assure that all Government and Contractor identified defects or omissions of task order requirements are corrected.

02. FAR 52.246-4 INSPECTION OF SERVICES - FIXED PRICE (AUG 1996)

A. Definition - "Services", as used in this clause, includes services performed, workmanship, and material furnished or utilized in the performance of services.

B. The Contractor shall provide and maintain an inspection system acceptable to the Government covering the services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

C. The Government has the right to inspect and test all services called for by the contract, to the extent practicable at all times and places during the term of the contract. The Government shall perform inspections and tests in a manner that will not unduly delay the work.

D. If the Government performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties.

E. If any of the services do not conform with contract requirements, the Government may require the Contractor to perform the services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by re-performance, the Government may:
TERMS AND CONDITIONS

1. Require the Contractor to take necessary action to ensure that future performance conforms to contract requirements and

2. Reduce the contract price to reflect the reduced value of the services performed.

F. If the Contractor fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with contract requirements, the Government may:

1. by contract or otherwise, perform the services and charge to the Contractor any cost incurred by the Government that is directly related to the performance of such service or

2. terminate the contract for default.

IV. DELIVERIES OR PERFORMANCE

01. TERM OF CONTRACT

Performance will commence on the 1st day of the third month following BPA award. The full Term of the BPA will be for five (5) Years beginning with the initiation of performance and each year of the BPA Term identified as a performance period with fixed unit prices as quoted on the Pricing Schedule. The Contractor shall be given notice to proceed on individual task orders and shall provide all contractual services, subject to the availability of appropriations if applicable, (see the Clause FAR 52.232-18, “Availability of Funds” (APR 1984)), throughout the term of the BPA.

02. OPTION TO EXTEND SERVICES

If it is determined by the Government that, for administrative, technical, legal, or other reasons, award of a successor contract cannot be made on a timely basis, the Government shall have the unilateral option of extending the services of this BPA. Such notice of intent to extend service shall be given to the Contractor in writing at the earliest possible time, but not less than 15 days prior to the task order expiration date (see FAR Clause 52.217-8, “Option to Extend Services” (Nov 1999)). It is understood that exercise of this option will be only for sufficient time to complete award and/or give notice to proceed to the follow-on Contractor and that extension of service shall in no event exceed six months. The prices to be paid during the extension period shall be established solely in accordance with FAR Clause 52.222-43, “Fair Labor Standards Act and Service Contract Act—Price Adjustment (Multiple Year and Option Contracts)” (NOV 2006), contained within the BPA.

V. CONTRACT ADMINISTRATION DATA

01. SUBMISSION OF INVOICES

1. Invoices shall now be submitted via one of the following three methods:
TERMS AND CONDITIONS

a. By mail:

DHS, ICE
Burlington Finance Center
P.O. Box 1279
Williston, VT  05495-1279
Attn:  FPS Region 2 Invoice

b. By facsimile (fax):  (include a cover sheet with point of contact & # of pages)

802-288-7658

c. By e-mail:

Invoice.Consolidation@dhs.gov

Invoices submitted by other than these three methods will be returned.  In addition to the information required for a proper invoice as identified in FAR clause 52.232-25 “Prompt Payment” (OCT 2003), the contractor shall annotate the “FPS Region 2” on the face of each invoice.  Failure to comply with these submission requirements will result in rejection of the invoice.

02. PAYMENTS

A. Payment will be made on a calendar month basis in arrears upon submission of an invoice.  Payment will be due on the 30th calendar day after receipt of a proper invoice or date of receipt of services, whichever is later.

B. It is the objective of the Government to obtain complete and satisfactory performance in accordance with the terms of specifications and requirements of this BPA.  The criteria for deductions and adjustments below will be used by the Government in determining monetary deductions for nonperformance of work under this task order and for adjustments for deficiencies in the performance of work.  In no event shall contractor invoice or FPS be obligated to pay for any hours in excess of the amount identified within a task order (inclusive of all modifications).

C. The Contractor is responsible for submitting accurate invoices that reflect the actual services provided each month.  Where there are variances between the requirements cited in the task order(s) and the work actually performed (e.g., unmanned posts), the Contractor shall attach a separate sheet to the invoice detailing each instance of a variance.  The Contractor shall compute the invoice price to reflect the actual amount owed.  Submission of false invoices shall be subject to contractual and legal actions.

D. To verify the monthly payment for productive man-hours, the CO's designated representative may compare the man-hours required in the task order with the DHS Form 139, Record of Time of Arrival and Departure from Buildings, or other approved sign-in/sign-out form.  The Government may perform a 100% comparison or sampled comparison to verify the accuracy of the Contractor’s invoice.  The Government will only pay for services actually rendered by the Contractor and funded on the contract/task order.  If variances are noted between the invoice and the DHS Form 139, the Government will propose a contract deduction.  For example, If the task order required that a post be manned for 12 hours, and the Contractor billed for 12 hours, but the DHS
Form 139 shows that post was manned for 10 hours, the 10 hours will prevail and the Government will deduct the difference.

Any inquiries regarding payment shall be directed to the COTR and/or CO.

03. ADJUSTING PAYMENTS FOR CONTRACTOR PERFORMANCE

A. Deductions for Failure to Provide Man-hours

1. To compute man-hour deductions the Contracting Officer’s Representative will compare the man-hours reported by the Contractor with the DHS Form 139, Record of Time of Arrival and Departure from Buildings, or other approved Sign-in/Sign-out forms.

2. Reduction at Post – In the event that posted guards were released or were not required to report due to weather closure, Presidential declared holiday, or similar unforeseen occurrence, payments will be made only for the hours actually worked.

3. In the event the Contractor reports more hours than are reflected on the DHS Form 139, or any other approved Sign-in/Sign-out form, the approved form will prevail. For example: If the weekly report submitted by the Contractor indicates that an employee worked 8 hours and the sign-in/sign-out form shows that employee as having been in the building 5 hours, the 5 hours will prevail and a deduction will be taken for the 3 hours not furnished. In the event the Contractor, for any reason whatsoever, fails to provide the manpower specified for labor, deductions will be made at the current base hourly rate.

B. Contractor Use of DHS Form 139, or Approved Alternate

The Contractor shall maintain, on a daily basis, all applicable DHS Form 139’s, or approved alternate, to document personnel attendance. The original copy must be maintained at a location accessible to the COTR or designee. The Contractor shall incorporate and certify that the data contained on the approved sign-in form is accurate, complete and in agreement with the hours presented on their invoice. (Facsimile copies of completed DHS Form 139’s may not be used for this purpose.)

C. Deductions for Non-Compliant Services

As described in Section III, Paragraph 02 above, in accordance with FAR Clause FAR 52.246-4 “Inspection Of Services - Fixed Price” (AUG 1996), deductions may also be taken for services provided if they are not fully compliant with the Terms of the BPA. Consequently, deficiencies in requirements such as required uniforms, equipment, training and qualifications may result in non-payment or reduced payment for services performed.

04. THE ROLE OF GOVERNMENT PERSONNEL AND RESPONSIBILITY FOR CONTRACT ADMINISTRATION
TERMS AND CONDITIONS

A. Contracting Officer (CO)

1. The CO for this RFQ and resultant award is: Linda Piela

2. Administrative Contracting Officer will be assigned after award of the order.

3. The CO has the overall responsibility for the administration of the order. The CO alone is authorized to take action on behalf of the Government to amend, modify or deviate from the order terms and conditions; make final decisions on unsatisfactory performance; terminate the order for convenience or default; and issue final decisions regarding questions or matters under dispute. The CO may delegate certain other responsibilities to an authorized representative.

B. Contracting Officer's Technical Representative (COTR)

1. The COTR for the order will be designated after award.

2. The COTR is designated to assist the CO in the discharge of their responsibilities when they are unable to be directly in touch with the BPA Call Order work. In the event that the COTR is absent or unavailable, another COTR Alternate will be designated. The responsibilities of the COTR and his/her alternate include, but are not limited to: determining the adequacy of performance by the Contractor in accordance with the terms and conditions of the BPA Call Order, acting as the Government's representative in charge of work at the site(s); ensuring compliance with the BPA Call Order requirements insofar as the actual performance is concerned; advising the Contractor of proposed deductions for non-performance or unsatisfactory performance; and advising the CO of any factors which may cause delay in the performance of work.

3. After award of the BPA Call Order, the CO will issue a written Delegation of Authority memorandum to the COTR that details the scope of duties the COTR is authorized to perform and manage. The COTR cannot make any decisions regarding the performance of the task order except as outlined in the memorandum. A copy of the memorandum shall be sent to the Contractor.

4. The Contractor shall immediately notify the CO in the event the COTR directs the Contractor to perform work that the Contractor believes is not part of the BPA Call Order or part of the COTR's designated duties as outlined in the memorandum. The CO will then make a determination as to the issue and respond to all affected parties in the most appropriate manner deemed necessary.

VI. CONTRACT CLAUSES

In addition to the contract clauses in the General Services Administration's Schedule 84 (Solicitation: 7FCI-L3-030084-B Refresh 5), the following clauses from the Federal Acquisition Regulation (FAR) and Homeland Security Acquisition Regulation (HSAR) are incorporated into this BPA.
01. **Clauses Incorporated by Reference.** The following Clauses are incorporated by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available.

   (ii) options;
   (iii) contracts to acquire stock;

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: $3.24 per hour or $129.60 per week or $561.60 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, 4 weeks after 10 years, and 5 weeks after 20 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year, New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4174)

THE OCCUPATIONS WHICH HAVE PARENTHESSES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as numbered):

1) Under the SCA at section 8(b), this wage determination does not apply to any
employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than $27.63 (or on a salary or fee basis at a rate not less than $455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds $27.63 per hour conformance may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS – NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordinance, explosives, and incendiary materials. This includes work such as screening, blending, dyeing, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for
ordance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of $3.35 per week (or $.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE (Standard Form 1444 (SF 1444))

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. (See Section 4.6 (C)(vi)) When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed occupation) and computes a proposed rate).

2) After contract award, the contractor prepares a written report listing in order
proposed classification title), a Federal grade equivalency (FGE) for each proposed classification), job description), and rationale for proposed wage rate), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

Specialized experience includes: project development and implementation from inspection to deployment; expertise in the management and control of funds and resources using complex reporting mechanisms; and demonstrated capability in managing multi-task Contracts or subcontracts of various types and complexity.

B. The CM must have either completed a four year course of study leading to a bachelor’s degree with a major in any field of study, or have substantial and credible law enforcement, military, or business management experience that demonstrates the individual’s capacity to effectively manage a security guard Contract/task order of the size and scope described in this SOW.

C. The CM shall have complete authority to act for the Contractor during the term of the Task Order. The duties of the CM shall not, under any circumstances, be performed by uniformed employees performing productive or supervisory hours under the term of the Contract/task order or any other guard Contract/task order administered by FPS. The CM shall have the authority to accept notices of deductions, inspection reports, and all correspondence on behalf of the Contractor. The CM will have the overall responsibility for implementing, monitoring, and upgrading the Contractor’s quality control plan and is responsible for ensuring that the Contractor’s work force complies at all times with the contract requirements.

D. The CM shall be available during normal working hours (8:00 a.m. to 4:30 p.m.) within 30 minutes by telephone or in person to discuss problem areas. After normal duty hours or on weekends and holidays, the CM shall be available within two (2) hours.

E. The Contractor shall provide to the CO and COTR the name, telephone number, pager number (if any), cellular phone number (if any), facsimile number, e-mail address, and office address of the CM by the date of the first meeting after award of the Contract.

F. The CM is a salaried managerial position not specifically required in the line item(s) identified in this SOW, therefore, the Contractor shall factor all costs associated with providing a CM into its offering prices (e.g., overhead/G&A).

7.2 **Supervisor**

A. Each Supervisor shall have a background with a minimum of two (2) years of successful experience in field supervision (civilian community law enforcement, military service law enforcement, or commercial/industrial security guard service). The Contractor may propose, by written request, an employee for a supervisory position who lacks the above experience, provided that the Contractor offers evidence of similar leadership experience. The acceptance of such an alternative shall be at the discretion of the CO. The terms "Area
Supervisor,” “On Site Supervisor,” and “Supervisor” are interchangeable and mean a person who has authority to act for the Contractor on a day-to-day basis at the work site.

B. The Contractor shall provide the name(s), telephone number, pager number (if any), cellular phone number (if any), facsimile number, e-mail address (if any), and office address of the Area Supervisor(s) by the date of the first meeting after award of the Contract.

C. The Contractor shall provide the level of supervision sufficient to meet the Contract requirements.

D. All Supervisors shall be required to sign in on a DHS 139 upon visiting the building and to sign out on the same form upon leaving the building. In the column entitled “Post” the Supervisor shall write the abbreviation “SUPV” to indicate supervision. These logs shall be used by the Government to ascertain the level of supervision being provided to the security guards working under this Contract.

E. All costs associated with the Contractor’s Supervision must be factored into the offering prices, as they will not be itemized or paid for separately by the Government after Contract award.

8 Work Scheduling Procedures

The Contractor shall be responsible for scheduling all work and notifying security guards of their work schedules in a manner consistent with effective Contract management. When requested by the CO or COTR, the Contractor shall furnish a copy of the most current schedule to the Government. Breaks and/or Lunch Reliefs shall be provided by the Contractor in accordance with DOL Regulations.

9 Contract Guard Labor Category

Only DOL category Guard II security guards may be utilized to perform services under this Contract. All category Guard II security guards must be firearms qualified unless specified otherwise by Post Orders.

10 Contract Effort Required

10.1 Contract Effort Required – Productive Hours

The minimum productive hours required by the Government will be specified on each task order issued.

10.2 Contract Effort Required – Supervisory Hours

A. Specific hours of supervision will not be required under this Contract. Instead, the Contractor shall be responsible for providing a level of supervision sufficient to ensure
effective performance by the productive security guards over the course of this Contract, as agreed to by the Government as part of the Contractor’s technical proposal and incorporated into the Contract upon Contract award.

B. In the event that the Government determines that the supervision provided by the Contractor is insufficient to effectively manage the security guards, the Government and Contractor shall meet to discuss the Contractor’s Supervision plan and ways in which the Contractor’s performance can be improved.

10.3 Contract Effort Required – Reserve Security Guard Force

A. The Contractor shall be required to maintain, at all times, an on-call reserve force. This reserve force shall be of sufficient size to provide the amount of temporary or emergency staffing (TAS/SAS) services (e.g., services in the event of a natural disaster, civil disturbance, or other unanticipated event). The Contractor shall ascertain how this reserve security guard force shall be acquired and maintained. All reserve security guards shall meet the minimum qualification standards required in this Contract before working any post under this Contract.

B. The Government strongly recommends that the Contractor maintain a reserve force equivalent to at least 10% of the existing security guard force at any given time.

C. The Contractor should factor the costs for maintaining a reserve security guard force into the offering prices, as they will not be itemized or paid for separately by the Government after Contract award.

11 Training

11.1 General

A. All security guards and uniformed supervisors working under this Contract must complete the following training and pass the required written examination. Certifications may be honored for contract security guards and uniformed supervisors who worked under the predecessor Contract and who maintain valid certification credentials.

B. The Training Syllabus is located in Section Exhibit 4. The Contractor shall be responsible for providing the CO and COTR a copy of its Training Plan and proposed Training and Qualifications Schedule within 10 calendar days after award of the Contract. The Contractor shall notify the COTR of any changes to the proposed Training and Qualifications Schedule not less than 10 calendar days before the date of the training session.

C. The Contractor bears the entire responsibility for scheduling and coordinating with FPS for the Government-provided training courses, the written examinations, and weapons qualifications, first aid, CPR, and AED certifications.
D. The Contractor shall also bear all costs and responsibilities related to their employees’ attendance at any contract mandated training class, test or examination, including all expenses for transportation, lodging, and meals (as may be necessary). Currently certified FPS contract guards that are required to go to any training, testing or examination to maintain their FPS certification status shall be paid in accordance with the applicable Service Contract Act (SCA) Department of Labor prevailing wage determination or collective bargaining agreement. For pay purposes, the vendor shall treat time spent by certified contract guards in training and testing as the equivalent of time spent standing post. By contrast, pre-certification training provided by the contractor shall be governed by the payment requirements of the Fair Labor Standards Act (FLSA). Costs related to any training, test or examination required by the contract must be factored into the offering price, as they will not be itemized or paid separately by the Government after award.

E. The CO, COTR, or any FPS personnel shall be allowed to observe any training and qualifying sessions sponsored or provided by the Contractor without any advance notice. The purpose of such observation is to ensure that the Contractor is adhering to the training syllabus and is complying with the stated training requirements defined in this Contract.

11.2 Training Requirements by Position

This subsection details the training requirements that must be successfully completed by all uniformed Contract employees. Training certifications are required for individual Contract employees. The Contractor shall maintain copies of all training certification in its personnel files and provide copies to the CO or COTR immediately upon request.

11.2.1 Security Guards

A. All productive and supervisory security guards working under this Contract must take the required training as outlined in the Exhibits. The Government will provide to the Contractor one copy of the Security Guard Information Manual (SGIM). The Contractor shall be responsible for photocopying the manuals for their employees’ use, at no cost to the Government. The SGIM shall be provided to Contractor’s employees on the first day of their basic training course.

B. “One-time only” courses are defined as courses that, if the employee successfully completes, do not have to be taken again during the Contract term. One-time only courses are (1) basic training; (2) FPS “orientation” training; (3) current FPS Basic Firearms Training; and, (4) the written exam. However, additional training may be required on Magnetometer/x-ray if or when the equipment or technology is changed. The training certifications, excluding FPS orientation, are transferable to other FPS security guard service contracts, provided that the Contractor can furnish evidence (e.g., a valid, signed certification) that the training was successfully completed during the predecessor Contract.

C. Each Contract employee, whether productive or supervisory, must take and complete 40 hours of refresher training within three (3) years of the previous (basic or refresher) training conclusion date.
11.2.2 Supervisors

A. All uniformed supervisors working under this Contract must successfully complete all training established for productive security guards including x-ray and magnetometer training. In addition, supervisors must complete nine hours of supervisory training based on a Contractor-provided Supervisory Training Manual. Following completion of basic training, the supervisors will be required to take and pass the basic written examination.

B. Supervisors shall not be permitted to work under this Contract without having passed the basic training, written examination for basic training, the basic firearms course, firearms practical qualification, and the Contractor Supervisory Training.

11.3 Written Examination

A. Upon the Contract employees’ completion of the basic training class and a favorable pre-employment suitability, the Contractor must schedule with FPS the Government-administered written examination. This exam will test their employees’ familiarity with and understanding of the information contained in the SGIM. The test has 50 multiple-choice questions. All of the questions on the test are taken verbatim from the SGIM. The passing score for the examination is 70% (35 questions correct out of 50 possible questions).

B. If a Contract employee does not pass the examination on the first attempt, s/he will be given one additional attempt within 90 days from the date of the first failed attempt to pass the written examination. If the Contract employee fails after the second attempt, s/he must wait one (1) year to re-train and re-take the examination and will not be permitted to work under any FPS Contract during that one-year waiting period. If a Contract employee fails the examination on the first attempt, but waits longer than 90 days to re-attempt the examination, s/he must wait one (1) year to re-train and re-take the examination and will not be permitted to work under any FPS Contract during that one-year waiting period. After the one (1) year suspension period has expired, the guard is considered a new hire.

C. No waivers shall be granted regarding the testing policies and procedures.

11.4 Weapons Training and Qualification

A. The Contractor is responsible for providing forty (40) hours of weapons training prior to sending the Contract employees to a firing range for the initial range qualification test session. Of the forty hours, twenty-four (24) hours will be actual training/shooting time on a firing range.
B. The Contract employee must carry the same weapon, identified by its serial number, with which they qualify on the firing range. The Contract employee must qualify using their duty ammunition.

C. For firearms training/qualification, all FPS security guards are required to wear their duty uniform to include footwear, issued gun belt, holster and keepers.

D. For the purposes of this Contract, the Government requires that each Contract employee who receives firearms training shall fire at least 500 rounds of ammunition during the course of range training. The Contractor shall factor into the offering price the cost of ammunition. Ammunition shall not be itemized or paid for separately by the Government.

E. Each firearms qualification “session” consists of no more than two (2) attempts to qualify. If unsuccessful, the second attempt must be completed immediately after the first attempt. A qualifying score is 80% or better. See Exhibit 4. If the contract employee fails to qualify during the first session, the employee must attempt to qualify within 30 days at a second qualification session. Before attempting to qualify in the second qualification session, the Contractor must provide a minimum of eight (8) hours of remedial training. The Contractor is responsible in determining what training the employee will need to complete in order to successfully qualify. After failing the second qualification session, the Contractor must provide a minimum of eight (8) hours of remedial training prior to each session (2 attempts) at qualification by the employee. The employee cannot commence working on contract until successfully achieving a qualifying score. The Contractor shall document the employee’s file with any and all remedial training given to enable the employee to pass the firearms course. The Government shall not be liable for compensating the Contractor for any additional expenses or costs incurred by the Contractor to enable Contract employees to annually re-qualify on the course.

F. Any Contract employee who has successfully completed a 40 hour firearms course under a predecessor FPS Contract may be exempted from the 40 hours of firearms training, provided the Contractor can furnish adequate proof (e.g., a valid, legible copy of a Training Certificate or firearms certification) that such training was successfully completed. The COTR shall have the sole discretion to accept or deny proposed exemptions from training based on prior training experience. Prior successful training completion by the Contract employee shall not exempt the Contract employee from the annual range qualification requirements.

G. If the weapon platform required under this Contract is different from the guard’s previous qualification, the Contractor is responsible for providing adequate weapon transition training. The training plan shall include a weapons transition training plan, if applicable.

H. Unless prohibited by state or local law, all weapons range training and qualifications (whether on an FPS range or a commercial range) shall be conducted using current FPS targets only. The Contractor shall furnish an adequate supply of targets for weapons qualifications. Targets shall have a cardboard backing of equal or greater size than the target itself. If the target is non-turning a shot timer shall be used. The Contractor shall factor the
cost of the targets into the offering prices, as they will not otherwise be paid for by the Government after Contract award.

11.4.1 Annual Firearms Re-Qualification

A. The Contractor shall ensure that all Contract employees receive the training or range time necessary to successfully re-qualify on the practical firearms course annually. Any guard attempting annual re-qualification who fails to re-qualify is no longer certified to carry a weapon and shall not be permitted to work on an armed post. Refresher training for intermediate weapons will also be conducted. The costs of such preparations should be factored into the offering prices, as it will not be itemized or paid for separately by the Government.

B. Successful firearms range qualification by Contract employees as part of a state or local firearms permit/license issuance process shall not be considered an acceptable replacement or substitute for the annual firearms qualification required by this Contract.

C. The Contractor shall provide the necessary weapons and ammunition for training and qualifications. If an FPS Training Center is used to conduct range qualifications, the Contractor shall provide a list of serial numbers of Contractor-provided firearms to be used for qualifications 48 hours prior to scheduled training and qualification to the FPS Training Center. All Contractor-provided weapons used for qualifications of Contract employees will be made available for inspection and approval by an FPS representative prior to use on any Government firing range. Contract employees must adhere to the rules and regulations of the firing range. The Contractor shall be responsible for licenses and permits required for weapons during transit between the employee dispatch point and the range.

11.5 Minimum Age for Firearms Licensing

A. Notwithstanding the minimum age requirement cited elsewhere in the Statement of Work, the Contractor must follow Federal, state and/or local licensing requirements for Contract employees. In most areas the minimum age requirements for armed security guard personnel is twenty-one (21) years of age.

B. In the event that there is a legal licensing requirement regarding the minimum age for a security guard, that requirement shall take precedence over the Contract’s stated acceptable minimum age.

11.6 FPS-Specific Training

A. All Contract employees must receive FPS-specific training. The COTR and the Contractor will schedule the site(s) and date(s) of the training session(s) after the award of the Contract and prior to the Contract start date. See Exhibit 4C.
B. Security guards and uniformed supervisors who worked under the predecessor Contract may be exempt from this training, provided the Contractor can furnish adequate proof that such training was successfully completed (e.g., a valid, legible copy of a Training Certificate). The COTR shall have the sole discretion to accept or deny proposed exemptions from training based on prior training experience.

11.7 Government-Provided Magnetometer/X-Ray Training

Contract Employees identified for posts operating magnetometers and/or X-rays will require Government-provided training of up to 8 hours on the equipment prior to such assignment. The contractor shall coordinate and schedule training with the COTR to maintain an adequate number of trained guards to man such posts. Upon completion of this training, the FPS Training Representative will issue each Contract employee a certificate of training completion.

11.8 CPR/AED/First Aid Training

A. Any Contract employee that does not possess valid and current CPR, AED and First Aid certification cards are not considered qualified to perform on this contract.

B. The Contractor is responsible for scheduling, obtaining, and covering all costs associated with providing CPR, AED, and First Aid training to all employees assigned to work under this Contract. CPR and AED training and certification must include adult, youth, and infant training modules. Training certification shall be valid for one year. Prior to the expiration of the CPR and AED certification, the Contract employee must become re-certified. Recertification training shall cover adult, youth, and infant CPR procedures as well as AED procedures. The Government requires that each CPR/AED course MUST provide practical training (e.g., on “dummies”) on resuscitation techniques and be conducted in accordance with American Red Cross (ARC) standards by ARC certified instructors.

C. First Aid training and certification shall be valid for a period of three years. Upon expiration of the First Aid certification, the Contract employee must become re-certified. Recertification training shall be a minimum of 2.5 hours.

D. A post is considered “open” if manned by unqualified contract employees.

11.9 Other Special Training

A. The Contractor is responsible for providing any training required by state or local jurisdictions pertaining to the use or carriage of any lethal or less-than-lethal weapons (i.e. expandable or straight police baton, sprays or repellants, conducted energy weapons, stun weapons, etc.), equipment, or devices required in this Task Order.

B. In certain cases, the Contractor’s employees will receive special training that will be given by the tenant agency or by FPS. The number of training hours and the posts to which the special
requirements apply will be provided when the requirement arises. The Contractor will be required to schedule the training, to compensate all security guards for off-duty training at their regular hourly rate/salary, and to ensure that all posts are manned while training is in progress.

11.10 **Training of Replacement Employees**

All replacement employees shall meet the training and testing requirements specified in this Subsection at no cost to the Government.

11.11 **Schedule of Provided Training and Testing**

The Contractor shall schedule and coordinate Government provided training and testing with the COTR. Government training can only be scheduled after Contract award.

11.12 **Government Provided Training - Failure to Attend**

A. The Contractor shall ensure that the employees attend all scheduled training and examination/qualification sessions. The term ‘absence’ includes any person properly scheduled for training/testing and who fails to report to the appointed place at the proper time and date. An absence may be excused or unexcused. The FPS Training Instructor shall compile a list of all employees who have an unexcused absence for each day of training and will forward this list to the CO.

11.13 **Training Waivers**

A. In certain rare circumstances, such as emergencies or significant, unanticipated increases in required services, the CO may temporarily waive the time frames in which training and/or testing must be provided before a Contract employee can work under the Contract. However, all such waivers must be requested in writing by the Contractor, citing the specific reasons why the time frame for training/testing should be temporarily waived, and citing a specific deadline in which the required training/testing will be successfully completed by the Contract employee, not to exceed 120 calendar days. Under no circumstances shall a Contract employee work under a temporary waiver without the CO’s written consent. If the CO grants a temporary waiver for the time frame requested by the Contractor, the Contractor shall abide by that time frame and, upon expiration of the temporary waiver deadline date, shall have completed the training/testing requirements or shall remove the affected Contract employee(s) from the Contract.

B. The training and testing requirements shall not be permanently waived.
12 **Medical and Physical Qualifications**

12.1 **General**

A. The Contractor shall ensure all uniformed employees working under the Contract meet the medical requirements described in the following sections. The Government will not grant any waivers of the medical standards.

B. The Contractor is also responsible for ensuring that all uniformed employees are able to perform the essential functions described below, with any reasonable accommodation. If one of the Contractor's employees alleges that s/he has a disability and requires a reasonable accommodation to perform the essential functions of the job, it is the Contractor's sole responsibility to discuss reasonable accommodation with its employee and to decide what accommodation, if any, to provide at its own expense.

C. The Contractor, not the Government, is responsible for complying with all provisions of the Americans with Disabilities Act of 1990 (ADA)-(42 USC 12101-12213) and the Rehabilitation Act of 1973 (29 USC 790-794).

12.2 **Medical Standards**

A. The Contractor shall require all of its employees, who are prospective FPS contract guards, to undergo a pre-employment medical/physical examination and every three years thereafter. The Contractor shall ensure that all of its uniformed employees meet the medical standards set forth below. Examinations shall be administered by a licensed physician and documented on a Standard Form (SF) 78.

B. The Contractor shall fully and accurately complete Section 4 of the SF 78 based on the medical standards and essential job functions set forth in the Contract. All guards (productive and supervisory) must meet the health certification requirements listed in the SF 78. The Contractor shall submit a completed SF 78 for each employee to the COTR prior to any Contract employee being permitted to work under the Contract.

C. If an employee of the Contractor claims that s/he has a disability that prevents him/her from meeting the medical standards or performing the essential job functions, it is the Contractor’s responsibility to obtain medical verification of the disability and to provide reasonable accommodation, if necessary, at its own expense. The COTR will review all medical documentation to ensure that it is complete and in compliance with the Contract. No guard shall be permitted to work under the Contract until the certificate and medical documentation has been reviewed and approved for compliance with the Contract by the COTR.

D. All Contract employees must meet the following medical standards:

1. **Vision**: Applicant must have binocular vision and must not test less than 20/20 (Snellen). Corrected vision must not test less than 20/20 in one eye and 20/40 in the other eye. An applicant who has undergone a Radial Keratomy or laser
correction procedure to correct his or her vision to an acceptable level will be considered medically qualified for this position. Near vision, corrected or uncorrected, must be sufficient to read Jaeger Type 2 at 14 inches. Applicant must be able to distinguish basic peripheral vision.

2. **Hearing**: Applicant must be able to hear the whispered voice at 15 feet with each ear. Using an audiometer for measurement, there should be no loss of 30 or more decibels in each ear at 500, 1000, and 2000 CPA levels. Use of a hearing aid is authorized.

3. **Speech**: Individual must be able to speak clearly and distinctly. Any disease or condition that significantly interferes with the individual’s ability to speak is a disqualifying factor.

4. **Cardiovascular System**: Any disease or condition that interferes with cardiovascular function and the individual’s safe and efficient job performance is a disqualifying factor.

5. **Chest and Respiratory System**: Individual must have a healthy respiratory system. Any disease or condition that interferes with respiratory function and the individual’s safe and efficient job performance is a disqualifying factor. An ulcer active within the past year may also be a disqualifying factor.

6. **Gastrointestinal System**: Individual must have a healthy gastrointestinal tract. Any disease or condition that interferes with gastrointestinal function and the individual’s safe and efficient job performance is a disqualifying factor. An ulcer active within the past year may also be a disqualifying factor.

7. **Genitourinary System**: Individual must have a healthy genitourinary system. Any disease or condition that interferes with the individual’s safe and efficient performance of the job is disqualifying.

8. **Endocrine and Metabolic Systems**: Any condition affecting normal hormonal or metabolic functioning and response that is likely to adversely affect the individual’s safe and efficient job performance is a disqualifying factor.

9. **Musculoskeletal System**: Any condition that adversely impacts on the individual’s movement, agility, flexibility, strength, dexterity, coordination, or the ability to accelerate, decelerate, or change directions, and that is likely to adversely affect the individual’s safe and efficient performance of duties, is a disqualifying factor.

10. **Hematology System**: Any hematological condition that is characterized as chronic has caused a hematological crisis, or adversely impacts the individual’s safe and efficient performance of duties is a disqualifying factor. Such conditions may include anemia or thrombocytopenia.
11. **Neurological Systems**: Any disease or condition that interferes with the individual’s central or peripheral nervous system function and that is likely to adversely affect the safe and efficient performance of duties is a disqualifying factor. Any condition with loss of motor skills, muscle strength, cognitive function, coordination, or gait; sensory loss (limb, hearing, or vision); tremor; pain; or effect on speech is a disqualifying factor.

12. **Psychiatric Disorders**: Any disorder that affects the individual’s judgment, cognitive function, or the safe and efficient performance of essential job functions, is a disqualifying factor.

### 12.3 Physical Demands

A. Contract employees are expected to be physically able to perform the following tasks or functions in the performance of their assigned duties:

   a. Frequent and prolonged walking, standing, sitting, and stooping, up to 12 hours per day, either indoors or outdoors, during daytime or nighttime. Outdoor posts may require the individual to withstand extreme heat, humidity, cold, and/or severe weather (e.g., snow, sleet, rain, hail, wind) for up to four hours without shelter. Many posts have no chair/seating available; thus, the individual must be able to stand for up to four consecutive hours.

   b. Frequent contact with the general public, law enforcement, and dispatch center, requiring the ability to speak clearly and distinctly and remain calm in stressful situations (e.g., confrontations with angry, distraught, disturbed, or violent persons).

   c. Ability to remain on post up to four consecutive hours without eating, drinking, or relieving bladder/bowels.
d. Ability to maintain a high degree of alertness for up to 12 hours, with the ability to mentally and physically react quickly to a variety of unexpected and dangerous situations. Use of senses (sight, hearing, smell, touch) is necessary to discern unusual or dangerous situations.

e. Ability to use post security equipment (magnetometers, X-rays, CCTV); ability to use handcuffs, baton, and (where required by post assignment) firearm at any time while on duty.

f. Ability to read post assignments, write reports, and respond to both routine and emergency dispatches/orders.

g. Ability to subdue violent or potentially violent or disturbed individuals, or intervene in a crisis situation (e.g., provide emergency first aid/CPR while waiting for arrival of paramedics or other emergency personnel), and

h. Occasional running, sprinting, lifting heavy weights, moving heavy objects, climbing stairs (e.g., in responding to emergencies, ensuring timely and complete facility evacuations, giving pursuit, etc.).

B. Individuals deemed incapable of performing the above tasks or functions will be removed from the Contract upon the CO’s request.

C. The Contractor shall be responsible for encouraging and promoting employees assigned to this Contract to maintain an ongoing and regular program of physical fitness, at no cost to the Government.

12.4 Initial and Recurring Screening for Illegal Drugs

A. As part of the medical examination, all Contract employees must submit to an initial urine drug screening that tests for the following five (5) substances at the following cutoff levels (nanogram per milliliter, ng/mL):

<table>
<thead>
<tr>
<th>Substance</th>
<th>Cutoff Level (ng/mL)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Marijuana metabolites</td>
<td>50</td>
</tr>
<tr>
<td>Cocaine metabolites</td>
<td>300</td>
</tr>
<tr>
<td>Opiate metabolites</td>
<td>2,000</td>
</tr>
<tr>
<td>Phencyclidine</td>
<td>25</td>
</tr>
<tr>
<td>Amphetamines</td>
<td>1,000</td>
</tr>
</tbody>
</table>

B. The Contractor will perform random drug screening of 5% of the guard force assigned to this contract over a 12-month period. Contract Security Guards must resubmit to a urine drug screening upon renewal of physical forms every three years.
C. Drug screening methodology shall conform to the U.S. Department of Health and Human Services Substance Abuse and Mental Health Services Administration’s (SAMHSA) “Mandatory Guidelines for Federal Workplace Drug Testing Programs.” These guidelines can be accessed via the Internet at: www.health.org/GDLNS-94.htm or at: http://wmcare.samhsa.gov. The Contractor is strongly urged to use one of the laboratories listed on SAMHSA’s “Current List of Laboratories Which Meet Minimum Standards To Engage in Urine Drug Testing for Federal Agencies,” which is accessible via the Internet at: www.health.org/labs/index.htm or at: http://wmcare.samhsa.gov. This list is updated on a monthly basis. If the Contractor chooses to use a laboratory not shown on SAMHSA’s current list, the Contractor must verify whether the laboratory’s methodology conforms to SAMHSA’s guidelines prior to utilizing that laboratory to perform drug screenings.

D. Other drug testing methods (hair, sweat patch, etc.) are commercially available but are not acceptable for the purposes of this Contract, due to widely varying standards of testing and laboratory reliability results. However, if SAMHSA does issue guidelines on alternative drug screening methods, the Contract may be modified to permit the use of those methods.

E. The presence of a positive reading for any of the above substances over the designated cutoff level for that substance shall automatically disqualify an applicant from working under this or any other FPS security guard services contract. Since most drugs are metabolized within a short period of time (from several hours to several days), the Contractor shall not permit any applicant to take multiple tests in order to receive an acceptable reading.

F. The Contractor is responsible for all costs associated with obtaining the medical evaluation and drug screening for each Contract employee. All costs must be factored into the offering prices.

12.5 Government Requested Screening

A. The CO or COTR shall have the express right to request targeted urine drug screenings where there is a reasonable belief by the Government that the Contract employee(s) may be under the influence of or using illegal substances. Targeted screenings shall be conducted in a similar fashion to random screenings, with the exception that the CO will advise the CM in writing that s/he requests a drug screening of a specific security guard. Once the written request is received, the CM shall arrange for the test to be conducted as soon as possible, but not later than three working days. The Contractor shall pay the Contract employee the normal hourly rate/salary for all time associated with taking the screening. Each screening shall follow the guidelines described in paragraph 12.4 above.

B. Contract employees who undergo targeted urine drug screenings may continue working under the Contract until the results have been provided to the Contractor. In the event that the results of any urine drug screening are negative, the Government shall bear the expense of the screening. This does not apply to the pre-employment urine drug screening. In the

---

1 The cutoff level for Opiate metabolites listed in the internet-ready guidelines is 300; however, that number has been revised by SAMHSA and the new cutoff level is shown in paragraph (A) above.
event that the results are positive, the Contractor shall immediately remove the Contract employee(s) with a positive reading from the Contract and immediately inform the COTR and CO of the result and the employee’s removal from the Contract. Additionally, the Contractor shall bear all the expenses relating to the test for the employee(s) with the positive reading.

C. Any Contract employee who undergoes either a random or targeted urine drug screening and tests positive for any of the substances shown above shall be permanently disqualified from working under this or any other FPS security guard services contract. Since most drugs are metabolized within a short period, the affected Contract employee shall not be authorized to take additional tests to achieve an acceptable reading.

13 **Conduct of Contractor Personnel**

A. In accordance with the SGIM, the Contractor shall be responsible for maintaining satisfactory standards of employee competency, conduct, appearance, and integrity, and shall be responsible for taking such disciplinary action with respect to his employees as may be necessary.

B. The COTR may recommend to the CO that the Contractor immediately remove any employee from any or all locations where the contractor has contracts with the FPS if the employee is not maintaining satisfactory performance in accordance with the Contract or the SGIM. Additionally, the employee may be removed if he/she has been disqualified for employment suitability, performance suitability, or security reasons, or who is found to be unfit for performing security duties during his/her tour of duty. The CO will make all determinations regarding the removal of any employee from any or all locations where the contractor has contracts with the Federal Protective Service. The Contractor shall provide to each uniformed Contract employee a legible, securely bound copy of the SGIM upon beginning the basic training course.

17 Security Guard Certification /Security Requirements

17.1 General

A. All personnel performing on this Contract must pass a suitability determination conducted by the Government. Contractor personnel will not be able to perform under this Contract until appropriate suitability determinations have been made. The Government will provide all necessary forms at the time of Contract award. The DHS Office of Security will accept only complete and legible security packages. Therefore, all personnel must provide the required information and documents to the COTR within 10 calendar days after Contract award.

B. The Contractor should follow the procedures listed below to obtain an FPS certification card for each Contract employee:

1. Conduct an initial employment screening to determine whether the prospective employee meets the Contractor’s specific hiring requirements and the Contract eligibility requirements, including medical and drug testing (see Section 12).

2. Submit the suitability package to the COTR and await the results of the adjudication. This process may take approximately one to three months if all forms are legible and complete. However, preliminary suitability is usually determined within a week of the submission of the paperwork. The Contractor will be notified whenever there is an instance where there is a preliminary unfavorable adjudication decision so that the Contractor can determine how to proceed with the employee’s training, testing, etc.
3. Schedule required Government-provided training and testing/qualifying with FPS and schedule/conduct all other Contractor-provided training requirements; \(^2\) this does not include the FPS Written Exam.

4. After the Contractor employee receives favorable suitability adjudication results and the employee successfully completes the training and passes the required examination(s), the Contractor shall submit the following information to the COTR for an FPS certification card:

   a. **Certification.** A certification, signed by the Contract Manager, that the employee has met all the requirements set forth in Statement of Work and that all pertinent documents are on file at the Contractor’s facility. (See Exhibit 6).

   b. **Photographs.** Two color photographs, 1” x 1”, no more than one year old, of the guard’s head and upper shoulders; and

   c. **Contract Guard Qualification Certificate.** The guard’s name, and the name of the Contractor’s company must be typed on the front of the card, and the guard must sign the signature block in blue or black ink.

   d. **Lautenberg Amendment Statement.** Armed guards must submit a signed and dated “Domestic Violence” certification that satisfies the legal requirements of the Lautenberg Amendment, 18 U.S.C. § 922(g)(8) and (9). This certification is valid for one (1) year. The Contractor shall maintain a file of its guards’ certifications and provide the COTR a signed statement certifying compliance with this requirement. If at any time a guard has a disqualifying event under Lautenberg, the Contractor shall notify the COTR and immediately remove the guard from work under the contract that may require use of a firearm. The Contractor shall submit a new certification to the COTR stating that all its guards are in compliance with the Lautenberg Amendment annually.

C. The certification card shall be worn on the outermost garment of the guard's uniform.

D. As determined by the COTR, The Contractor is responsible for the employees having all required certification credentials in their possession at all times while on the protected premises. This includes not only the FPS certification card, but also a valid CPR/AED/First Aid card and a valid firearms permit.

E. The Contractor must return employees’ certification card to FPS within five (5) workdays upon the termination of the guard's employment or the guard's removal from the contract. At the end of the contract period, the Contractor must return to FPS all blank cards and all completed cards for guards who will not continue to work under FPS contracts. Possession of an FPS certification card does not waive any other contract requirement.

---

\(^2\) The Contractor may proceed with Contractor-provided training while awaiting results of the suitability adjudication process.
F. Because the Certification card does not expire when individual certification elements expire, the Contractor is responsible for continually maintaining validity of each element of the Contract employee’s certification status (i.e., suitability determination, medical examination, firearms re-qualification, CPR/AED/First Aid certification). (See Exhibit 6)

G. The CO shall have the express authority to demand return of the FPS Certification card for any Contract employee who does not maintain compliance with the Contract qualification and certification standards, and the CO shall have the express authority to prohibit that employee from performing under the Contract until such time as s/he comes into full compliance with all qualification/certification criteria.

17.2 Security Management

A. The Contractor shall appoint a senior official to act as the Corporate Security Officer. The individual will interface with the DHS Security Office through the COTR on all security matters, to include physical, personnel, and protection of all Government information and data accessed by the Contractor.

B. The COTR and the Security Office shall have the right to inspect the procedures, methods, and facilities utilized by the Contractor in complying with the security requirements under this Contract. Should the COTR determine that the Contractor is not complying with the security requirements of this Contract, the Contractor will be informed in writing by the Contracting Officer of the proper action to be taken in order to effect compliance with such requirements.

17.3 Suitability Determination / Entry on Duty Decision

A. DHS shall have and exercise full control over granting, denying, withholding or terminating unescorted access to a Government facility and or sensitive Government information access for Contractor employees, based upon the results of a background investigation. DHS may, as it deems appropriate, authorize and make favorable entry on duty (EOD) decision based on preliminary security checks. The favorable EOD decision would allow the employees to commence work temporarily prior to the completion of the full investigation. The granting of a favorable EOD decision shall not be considered as assurance that a full employment suitability authorization will follow as a result thereof. The granting of a favorable EOD decision or a full employment suitability determination shall in no way prevent, preclude, or bar the withdrawal or termination of any such access by DHS, at any time during the term of the Contract. No employee of the Contractor shall be allowed unescorted access to a Government facility without a favorable EOD decision or suitability determination by the DHS Security Office. Contract employees assigned to the Contract not needing access to sensitive DHS information or recurring access to DHS’ facilities will not be subject to security suitability screening.

B. Agencies that enter into contracts shall require, as condition of each contract, that the contractor agree to use an electronic employment eligibility verification system (e-Verify) designated by the Secretary of Homeland Security to verify the employment eligibility of: (i) all
persons hired during the contract term by the contractor to perform employment duties within the United States; and (ii) all persons assigned by the contractor to perform work within the United States on the Federal contract.

B.C. Contract employees awaiting an EOD decision may begin work on the contract provided they do not access sensitive Government information. Limited access to Government buildings is allowable prior to the EOD decision if a Government employee escorts the contract employee. This limited access is to allow contractors to attend briefings, non-recurring meetings and begin transition work. The EOD determination does not substitute for the required background investigation.

17.4 Suitability Adjudication

A. After award of the Contract and prior to any Contract employees being permitted to work under the Contract, the Contractor is responsible for ensuring that the Contract employees receive formal suitability adjudication by FPS. All Contract employees shall receive formal suitability adjudication by FPS, including the CM, Supervisors, Quality Assurance personnel and all other company officers that visit the work sites. Contractor suitability determinations are to be made in accordance with the criteria outlined in 5 CFR 731.202.

B. Once a prospective Contract employee has applied for a position and has been favorably evaluated by the Contractor (i.e., meets the minimum qualification requirements cited in this Statement of Work and otherwise meets the Contractor’s hiring criteria), the Contractor shall submit to the COTR the following Government furnished forms for each Contract employee:

1. Two (2) completed original Forms FD-258, "Fingerprint Chart;"

2. Standard Form 85P, "Questionnaire for Public Trust Positions" (plus one copy);

3. Standard Form 85P-S, "Supplemental Questionnaire for Selected Positions" (plus one copy);

4. DHS Form 11000-9, “Disclosure and Authorization Pertaining to Consumer Reports pursuant to the Fair Credit Reporting Act” (plus one copy);

5. Foreign National Relatives or Associates Statement (plus one copy);

6. Lautenberg Amendment Statement (plus one copy);

7. Contractor Information Worksheet.

8. e-Verify Confirmation Notice.

C. Contractors are required to use local police, the state police, the Federal Bureau of Investigation (FBI), or FPS regional offices to obtain readable fingerprints on the fingerprint cards. In certain locations, FPS may have an electronic fingerprint-scanning machine, which
the Contractor is encouraged to use for fingerprinting Contract employees. Upon receipt of
the completed, legible forms, FPS will submit the fingerprints for review by the FBI. FPS
will use the information provided by the Contractor and the FBI to make a determination
regarding the security guard’s suitability to work under an FPS Contract. If the forms are
complete and legible, the entire evaluation process will take from one (1) week to several
months, depending on current processing times. For planning purposes, the Contractor
should always assume that the standard processing time is one (1) month and should plan
paperwork submissions accordingly. Standard Form 85P, “Questionnaire for Public Trust
Positions” Form must be submitted via OPM “e-QIP” (electronic Questionnaires for
Investigation Processing)”.

1. ELECTRONIC SUBMISSION-OPM “e-QIP” Process: Fill out the ICE “Contractor
Information Worksheet”, proofread for completeness. Send it to the FPS COTR. They
can fax or mail to the FPS Regional Contract Suitability Adjudication Office for
continued processing.

D. Illegible or incomplete forms submitted by the Contractor will be returned and will result in
delays in the adjudication process. Therefore, the Contractor must ensure that all forms
submitted to FPS are complete, legible, and accurate. FPS shall not be responsible for any
delays that occur due to the Contractor’s failure to submit complete, accurate, and legible
forms to FPS.

E. All federal agencies are required to implement Homeland Security Presidential Directive 12
(HSPD-12) and must follow the minimum background investigation requirements of
National Agency Check with Written Inquiries (NACI) or other suitability or national
security investigation prior to credential issuance.

F. A contractor on whom unfavorable or derogatory information has been uncovered must be
presented with the information and offered an opportunity to refute, explain, clarify, or
mitigate the information in question. If a determination of ineligibility is made, the
individual will be formally notified and informed of the reason(s).

G. If FPS finds a Contract employee to be unsuitable to work as a result of the suitability
investigation under the Contract, the Contractor shall be advised immediately that such
employee cannot work or be assigned to work under the Contract, and the Contractor shall in
turn immediately remove the affected employee from the Contract. The security guard or the
Contractor may appeal the suitability determination to the CO. However, in such cases the
Contractor shall proceed with the hiring process at their own risk until the final determination
of the security guard’s suitability has been accomplished. Under no circumstances shall a
Contract employee who has received a notice of unfavorable (unsuitable) adjudication work
under this or any FPS security guard service contract. This requirement also applies to
Contract employees whose unfavorable adjudication is pending appeal. Disqualifying
information includes but is not limited to the following:

1. Conviction of a felony, a crime of violence, or a serious misdemeanor;
2. Possessing a record of arrests for continuing offenses;

3. Falsification of information entered on suitability background investigation forms.

G.H. Once a favorable adjudication has been made by FPS, the security guard is suitable to work under the Contract for five (5) years (if nothing occurs within the 5-year period that would render the security guard unsuitable for continuing performance under the Contract). The Contractor shall immediately notify the COTR and the CO in writing of any circumstances that arise which could possibly affect any Contract employee’s suitability status (e.g., arrests, convictions, and/or termination of employment by the Contractor for cause, such as misconduct or neglect of duty). The Contractor is responsible for renewing the security guard’s suitability clearance prior to its expiration. Any security guard who continues to work under the Contract after his/her suitability clearance has expired shall be removed from the Contract until a new favorable suitability determination is made. The Contractor should make every effort to submit a new suitability package to FPS at least 30 days prior to the current suitability expiration date.

1. Any investigation conducted by or for another federal agency on a contractor that is of the same or higher type and scope as the one required for the position is sufficient to meet the investigation requirements provided it was conducted within the past five years.

2. Any investigation conducted by or for another federal agency on a contractor whose scope is less than that required for the position can be upgraded as provided for by OPM to meet the investigation requirements of the position if it was conducted within the past five years.

H.I. For employees cleared through this process while employed under a predecessor contract (providing the same services), the suitability determination made under the previous contract will carry over to the new contract. However, the Contractor will be required to submit new suitability applications once the security guards’ current suitability clearances expire.

1. Contractors who have been investigated and approved by Components prior to the issuance of DHS-MD 11055, “Suitability Screening Requirements for Contractors” to work on unclassified contracts are eligible to remain on the contract even though they may not have the investigation commensurate with the risk level indicated in Appendix 1, DHS-MD 11055. Such contractors cannot perform work under a different contract or at a different risk level until the investigative requirements in Appendix 1 are met.

2. Lawful Permanent Residents are not eligible (1) to transfer between contracts; (2) for an upgrade to another position; or (3) to remain on a contract after a re-compete and award.

I.J. FPS shall have and exercise full and complete control over granting, denying, withholding, or terminating suitability clearances for employees. FPS may, as it deems appropriate, authorize and grant temporary clearances to employees of the Contractor. However, issuance of a temporary clearance to any such employee shall not be considered as assurance that full clearance will be granted as a result or condition thereof, and the granting of either temporary
or full clearance shall in no way prevent, preclude, or bar the later withdrawal or termination of any such clearance by the Government.

18 Security Clearance Requirements

18.1 Background Investigations

A. In addition to meeting the FPS background suitability check described in Section C, additional security clearances may be required by the Contract and task order(s). These clearances will be provided by the Department of Defense Security Service (DSS), the Department of Energy (DOE), the Nuclear Regulatory Commission (NRC), or other agency, as appropriate (refer to Section J, Exhibit 6C for further information as to whether this Contract will require such clearances). Where such clearances are required, employees shall be subject to a security investigation by the Government prior to being allowed to work at the site. This requirement may also pertain to officers of the firm, who for any reason may visit the work site(s) during the term of the Contract. Employees may not work at the site until the Contractor receives a DD Form 560 (Letter of Consent), for the individual employee from DSS, or receives a final clearance from DOE, NRC, or other agency.

B. The Government shall notify the Contractor of the required security classification of this Contract and the elements thereof, and of any subsequent revisions in such security classifications, by use of Security Requirements Checklist (DD Form 254), or other written notification.

C. In all areas requiring a DOD, DOE, NRC, or other agency security clearance, the Contractor shall comply with the provisions of the most currently available National Industrial Security Program Operating Manual (NISPOM). This publication may be obtained online at www.dss.mil or from the Superintendent of Documents, U.S. Government Printing Office, Mail Stop SSOP, Washington, DC 20402-9238 (ISBN: 0-16-045560-X). Application forms required for DOD personnel security clearances shall be obtained from Defense Security Service (DSS) at www.dss.mil; for DOE clearances at www.doe.gov; and for NRC at www.nrc.gov. Each designated employee must complete all applicable forms. The Contractor shall notify the COTR in writing within five calendar days of receipt of authorization for employees to be assigned to classified areas. (See Part III, Section J, Exhibit 6A, Security Clearance Requirements).

D. A security clearance determination of whether an individual should be eligible for access to classified information is a process separate and distinct from the suitability determination and is conducted in accordance with DHS MD 11035, Industrial Security Program. For contractors processed in accordance with DHS MD 11035, the investigative standard for access to Secret classified information will be a MBI. The minimum investigative standard for access to Top Secret classified information will be a SSBI. Each designated employee must complete all applicable forms.

E. The Government will provide the Contractor with the appropriate personnel security questionnaire and fingerprint forms that are to be completed for each Contract security guard.
employee performing under this Contract, as well as the firm employees, who may, in the performance of this Contract, visit the work site.

E.F. Contract employees (to include applicants, temporaries, part-time and replacement employees) under the contract needing access to sensitive information shall undergo a position sensitivity analysis based on the duties each individual will perform on the contract. The results of the position sensitivity analysis shall identify the appropriate background investigation to be conducted. All background investigations will be processed through the Security Office. Prospective Contractor employees with adequate security clearances issued by the Defense Industrial Security Clearance Office (DISCO) may not be required to submit complete security packages, as the clearance issued by DISCO may be accepted. Prospective Contractor employees shall submit the following completed forms to the Security Office, through the COTR, no less than 30 days before the starting date of the Contract or 30 days prior to entry on duty of any employees, whether a replacement, addition, subcontractor employee, or vendor.

a. Standard Form 85P, “Questionnaire for Public Trust Positions”

b. Standard Form 85P-S, “Supplemental Questionnaire for Selected Positions”

b.c. Lautenberg Amendment Statement (plus one copy)

c.d. FD Form 258, “Fingerprint Card” (2 copies)

d.e. Foreign National Relative or Associates Statements

e.f. DHS 11000-9, “Disclosure and Authorization Pertaining to Consumer Reports Pursuant to the Fair Credit Reporting Act”

f.g. Deleted

g.h. E-Verify Confirmation Notice

i. Contractor Information Worksheet

Required forms will be provided by DHS/ FPS at the time of award of the contract. Only complete packages will be accepted by the DHS/ FPS Contract Suitability Adjudication Program Office. Specific instructions on submission of packages will be provided upon award of the contract. Standard Form 85P, “Questionnaire for Public Trust Positions” Form will be submitted via e-QIP (electronic Questionnaires for Investigation Processing). (For the Electronic Submission process refer to Chap. 17.4C.1).

G. The Contractor is responsible for all costs associated with obtaining and renewing the applicable security clearances for each affected Contract employee. The costs should be factored into the offering prices, as they will not be itemized or paid for separately by the Government.
H. The Contractor is advised to only submit security packages on suitable prospective employees whose integrity, credit, and character will meet the security suitability requirements of DHS. DHS will likely consider as being unsuitable prospective employees who fail to truthfully represent their credit history; who make no attempt to pay debts; and whose character could be questionable because of serious arrests, illegal drug use, or abuse of alcohol.

I. Unless an applicant/employee has resided in the U.S. for three of the past five years, the Government may not be able to complete a satisfactory background investigation. In such cases, DHS retains the right to deem an applicant/employee as ineligible due to insufficient background information.

18.2 Access To Classified Information (Contractor)

A. The DHS has determined that the performance of this Contract requires that the Contractor, subcontractor(s), vendor(s), etc., (herein known as Contractor) require(s) access to sensitive DHS information or classified National Security Information (herein known as classified information). Classified information is Government information that requires protection in accordance with Executive Order 12958, Classified National Security Information, and supplementing directives.

B. See Section J, Exhibit 6C, Security Suitability Requirements, for a determination of which, if any, Contractor facilities and Contractor personnel, including Contract Manager or Supervisor, assigned to this Contract are required to possess up to a TOP SECRET security clearance.

C. If access to classified information is required as identified in Section J, Exhibit 6C, the Contractor will abide by the requirements set forth in the DD Form 254, Contract Security Classification Specification, DHS MD 11035 (Industrial Security Program), and the National Industrial Security Program Operating Manual (NISPOM) for the protection of classified information at its cleared facility, if applicable, as directed by the Defense Security Service. If the Contractor has access to classified information at a DHS or other Government facility, it will abide by the requirements set by that agency. If these procedures are not properly followed by the Contractor, it will result in deductions from monthly invoices.

D. The Contractor and all applicable personnel shall be cleared pursuant to the Defense Industrial Security Regulations, or other applicable regulations. The Contractor shall hold as a minimum, interim facility clearance requirements subsequent to the official award date, and/or at least thirty- (30) days prior to the Contract start-up date.

E. Interim Personnel Clearance Level – Applicants for SECRET may be routinely granted a interim personnel clearance level as appropriate, provided there is not evidence of adverse information of material significance. The interim status will cease if results are favorable following completion of full investigation requirements. Non-U.S. citizens are not eligible for access to classified information on an interim basis.
F. If access to classified information is required as identified in Section J, Exhibit 6C, the Contractor must possess a TOP SECRET facility clearance consistent with the DHS MD 11035, Industrial Security Program prior to Contract award. If an uncleared firm is selected, DHS will sponsor the firm for the facility clearance. If the facility clearance is not issued within 180 days, DHS may terminate the Contract for the convenience of the Government.

18.3 Continued Eligibility

A. A contractor on whom unfavorable or derogatory information has been uncovered must be presented with the information and offered an opportunity to refute, explain, clarify, or mitigate the information in question. If a determination of ineligibility is made, the individual will be formally notified and informed of the reason(s). If a prospective employee is found to be ineligible for access to Government facilities or information, the COTR will advise the Contractor that the employee shall not continue to work or to be assigned to work under the Contract.

B. The Security Office may require drug screening for probable cause at any time and/or when the Contractor independently identifies circumstances where probable cause exists.

C. DHS reserves the right and prerogative to deny and/or restrict the facility and information access of any Contractor employee whose actions are in conflict with the standards of conduct, 5 CFR 2635 and 5 CFR 3801, or whom DHS determines to present a risk of compromising sensitive Government information to which he or she would have access under this Contract.

D. The Contractor will immediately report any adverse information coming to their attention concerning contract employees under the contract to the COTR. Reports based on rumor or innuendo should not be made. The subsequent termination of employment of an employee does not obviate the requirement to submit this report. The report shall include the employees’ name and social security number, along with the adverse information being reported.

E. The Contractor must notify the Security Office of all terminations/resignations within five (5) days of occurrence. The Contractor will return any expired DHS/FPS issued identification cards and building passes, or those of terminated employees to the COTR. When a controlled personnel identification system is used by a tenant agency at a site at which the Contract employee is assigned for duty, and the tenant agency provided the Contract employee with the necessary Government identification, the Contractor shall ensure that all Government identifications are returned to the issuing agency when employees are terminated or resign, or upon expiration of the Contract, whichever comes first. If an identification card or building pass is not available to be returned, a report must be submitted to the COTR, referencing the pass or card number, name of individual to whom issued, the last known location and disposition of the pass card.

A. To minimize duplication of effort by the FPS and the Contractor, the Contractor shall maintain personnel files on-site for all employees who work under this Contract. Files shall be maintained at the Contractor Manager’s office and will be made available to the COTR on a continuous basis. Each guard’s file must contain the following information:

7. Records of current firearms training and qualification scores, where required by the Contract;

8. Records of all successfully completed Government-provided training;

12. A copy of all firearm licenses and certifications required by state and local regulations;

13. Records of guard’s suitability information (including date current suitability expires);

14. Copies of all complaints, investigations, and disciplinary actions taken by the Contractor against the employee for all infractions committed under the Contract;

15. A copy of all commendations, awards, letters, and other documents given to the employee as a result of work performed under this Contract; and

B. The CO or COTR shall have the express authority to review any Contract employee’s file at any time during the course of the Contract. The Contractor shall maintain all personnel files for a minimum of five (5) years after Contract closeout (upon receipt of release of claims).

C. The CO or COTR can request, at any time during the course of the Contract, a spreadsheet or other tracking system (either in paper form or in electronic form) that clearly details the status of all Contract employees pertaining to Contract requirements.

D. The Contractor may maintain either a hard-copy (paper) file or a computerized system containing all the information required above. However, if the Contractor uses a computerized filing system, all forms must be scanned into the computer and must be legible.

E. False statements, certification, or falsification of any documents required in this Contract by the Contractor, Contract Manager, or any Contract employee shall be punishable under US Code Title 18, Chapter 47, Section 1001, Fraud and False Statements. Additionally, the Government may initiate investigations by its Office of Inspector General or the regional FPS Criminal Investigations Branch, may initiate debarment proceedings, and/or may take Contractual remedies, up to and including termination for default. Under no circumstances whatsoever will the Government tolerate falsification of required documents.

20 Performance Evaluations

A. The CO and/or COTR shall meet with the Contractor (either in person or via teleconference) on a regular basis, but not less than annually.

B. The Government shall formally evaluate, in writing, the Contractor’s performance at least once per year. Whenever possible, the Government shall give the Contractor the opportunity to correct any identified problems/deficiencies prior to a written performance evaluation being given. The Contractor shall be permitted to respond, in writing, to the findings of the performance evaluation. Both the performance evaluation and the Contractor’s response shall be filed in the Contract file. Where the Contractor fails to respond in writing to a performance evaluation, the CO shall assume the Contractor’s complete concurrence with the findings of the performance evaluation. The CO and/or COTR shall meet with the Contractor prior to all performance evaluations to discuss the results of the Government’s quality control findings and the overall performance of the Contract by the Contractor.

C. The Government shall use the performance evaluations as a factor to determine whether to exercise any available option period and/or as a factor to determine whether to award any future Contract(s) to the Contractor.

I. SCHEDULE OF SERVICES

01. DESCRIPTION OF SERVICES

The Contractor shall furnish professional security services, defined by this solicitation as armed and unarmed guard services and related duties, at Federally owned and leased facilities protected by the Federal Protective Service at various location throughout Queens New York. In furnishing these services, the Contractor shall provide all necessary management, supervision, personnel, materials, supplies and equipment except as otherwise indicated, and shall plan, schedule, coordinate and ensure effective performance of, and conformance to, all aspects of the work statement contained herein.

02. CONTRACT TYPE

Services shall be furnished via Blanket Purchase Agreement (BPA) with fixed hourly rates against GSA FSS Contract 084.

03. ESTIMATED QUANTITIES

The attached Post Coverage Exhibits provide the basis for the Estimated Quantities of Guard Coverage included on this Pricing Schedule. These Exhibits reflect the current recurring coverage in the described areas and are provided for estimating purposes only and will be subject to changes reflected in the actual orders issued and modifications thereto. BPA holders will be paid only for services ordered and performed at the established hourly rates. The Government has the unilateral right to add, decrease, cancel, or modify services stated in each task order issued at the established unit prices, as long as the change is within the scope of the BPA and the task order.

04. PRICES

A. Pricing Required for All Services and Performance Periods

Contractors must quote prices for all services required during the Base Year, as well as for each ordering period, in order to be considered for award. Contractors submitting partial pricing information shall be ineligible for award.

B. Department of Labor (DOL) Wage Determination (WD) and/ or Collective Bargaining Agreement (CBA)

The minimum wage rates and fringe benefits applicable are outlined in the Department Of Labor (DOL) Wage Determinations and/or Collective Bargaining Agreement (CBA) included.

C. Unbalanced Pricing

Each contractor is cautioned that its pricing proposal may be rejected as non-responsive to the solicitation requirements if it is materially unbalanced as to prices for the Base Year or any option period. A pricing proposal is considered to be materially unbalanced when it is based on prices that are significantly less than cost for some work and prices that are significantly overstated for other work.
D. **Contingency Pricing**

Contractors must not include contingency allowances to cover increased costs for which adjustments are provided under Federal Acquisition Regulation (FAR) Clause 52.222-43 – Fair Labor Standards Act and Service Contract Act – Price Adjustments (Multiple Year and Option Contracts)(NOV 2006). For cost/price factors that are subject to variation, but are not subject to adjustment under FAR clause 52.222-43, contractors may factor in contingency allowances.

E. **Pricing of Services**

1. The hourly prices quoted must be inclusive of all direct costs, indirect costs, and profit necessary to provide an hour of post coverage as required. Contractors must include all costs associated with providing the services described herein.

2. The Government shall not be responsible for compensating the Contractor for any costs tied to solicitation requirements but not factored into the proposed prices, either by the Contractor's intention or by mistake.

G. **Definitions**

1. **Basic Services** – Basic services are the permanent ongoing services specifically included in the call(s) at time of award or added through modification. For these services, the Contractor shall be compensated using the Basic Services Rates.

2. **Temporary Additional Services** - During the term of the BPA, the Government may have requirements for temporary additional services (TAS) beyond the basic requirements. Due to the nature of these services, the Contractor may be required to provide them with little advance notice. In such circumstances, the Contractor shall be compensated using the TAS Rates for any temporary additional services performed within 72 hours of the notification to initiate such service. The Contractor will be compensated at the Basic Service Rate for any such services performed after the 72-hour notification period.

   a. In the event other agencies contact the Contractor to request Temporary Additional Services under a task order, the Contractor shall notify the FPS COTR and Contracting Officer immediately.

   b. This temporary Additional Service provision is intended to satisfy the Government’s short term, non-recurring needs for service. Should a continuing need for additional service arise, a contract modification will be issued by the government to provide for those services.

Note: Requests for all services listed above must come from the Federal Protective Service Contracting Officer or his authorized representative.
II. PACKING AND MARKING

01. PAYMENT OF POSTAGE AND FEES

All postage and fees related to submitting information, including forms, reports, etc., to the Contracting Officer or the Contracting Officer's Technical Representative shall be paid by the Contractor.

02. MARKING

All information submitted to the Contracting Officer or the Contracting Officer's Technical Representative shall clearly indicate the contract number of the contract for which the information is being submitted.

III. INSPECTION AND ACCEPTANCE

01. CONTRACTOR'S RESPONSIBILITY

The Contractor shall provide for all day-to-day supervision, inspection and monitoring of all work performed to ensure compliance with the task order requirements. The results of inspections conducted shall be documented in an inspection report for submission to the Government. The Contractor shall follow through to assure that all Government and Contractor identified defects or omissions of task order requirements are corrected.

02. FAR 52.246-4 INSPECTION OF SERVICES - FIXED PRICE (AUG 1996)

A. Definition - "Services", as used in this clause, includes services performed, workmanship, and material furnished or utilized in the performance of services.

B. The Contractor shall provide and maintain an inspection system acceptable to the Government covering the services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

C. The Government has the right to inspect and test all services called for by the contract, to the extent practicable at all times and places during the term of the contract. The Government shall perform inspections and tests in a manner that will not unduly delay the work.

D. If the Government performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties.

E. If any of the services do not conform with contract requirements, the Government may require the Contractor to perform the services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by re-performance, the Government may:
TERMS AND CONDITIONS

1. Require the Contractor to take necessary action to ensure that future performance conforms to contract requirements and

2. Reduce the contract price to reflect the reduced value of the services performed.

F. If the Contractor fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with contract requirements, the Government may:

1. by contract or otherwise, perform the services and charge to the Contractor any cost incurred by the Government that is directly related to the performance of such service or

2. terminate the contract for default.

IV. DELIVERIES OR PERFORMANCE

01. TERM OF CONTRACT

Performance will commence on the 1st day of the third month following BPA award. The full Term of the BPA will be for five (5) Years beginning with the initiation of performance and each year of the BPA Term identified as a performance period with fixed unit prices as quoted on the Pricing Schedule. The Contractor shall be given notice to proceed on individual task orders and shall provide all contractual services, subject to the availability of appropriations if applicable, (see the Clause FAR 52.232-18, “Availability of Funds” (APR 1984)), throughout the term of the BPA.

02. OPTION TO EXTEND SERVICES

If it is determined by the Government that, for administrative, technical, legal, or other reasons, award of a successor contract cannot be made on a timely basis, the Government shall have the unilateral option of extending the services of this BPA. Such notice of intent to extend service shall be given to the Contractor in writing at the earliest possible time, but not less than 15 days prior to the task order expiration date (see FAR Clause 52.217-8, “Option to Extend Services” (Nov 1999)). It is understood that exercise of this option will be only for sufficient time to complete award and/or give notice to proceed to the follow-on Contractor and that extension of service shall in no event exceed six months. The prices to be paid during the extension period shall be established solely in accordance with FAR Clause 52.222-43, “Fair Labor Standards Act and Service Contract Act—Price Adjustment (Multiple Year and Option Contracts)” (NOV 2006), contained within the BPA.

V. CONTRACT ADMINISTRATION DATA

01. SUBMISSION OF INVOICES

1. Invoices shall now be submitted via one of the following three methods:
TERMS AND CONDITIONS

a. By mail:

DHS, ICE
Burlington Finance Center
P.O. Box 1279
Williston, VT 05495-1279
Attn: FPS Region 2 Invoice

b. By facsimile (fax): (include a cover sheet with point of contact & # of pages)

802-288-7658

c. By e-mail:

Invoice.Consolidation@dhs.gov

Invoices submitted by other than these three methods will be returned. In addition to the information required for a proper invoice as identified in FAR clause 52.232-25 “Prompt Payment” (OCT 2003), the contractor shall annotate the “FPS Region 2” on the face of each invoice. Failure to comply with these submission requirements will result in rejection of the invoice.

02. PAYMENTS

A. Payment will be made on a calendar month basis in arrears upon submission of an invoice. Payment will be due on the 30th calendar day after receipt of a proper invoice or date of receipt of services, whichever is later.

B. It is the objective of the Government to obtain complete and satisfactory performance in accordance with the terms of specifications and requirements of this BPA. The criteria for deductions and adjustments below will be used by the Government in determining monetary deductions for nonperformance of work under this task order and for adjustments for deficiencies in the performance of work. In no event shall contractor invoice or FPS be obligated to pay for any hours in excess of the amount identified within a task order (inclusive of all modifications).

C. The Contractor is responsible for submitting accurate invoices that reflect the actual services provided each month. Where there are variances between the requirements cited in the task order(s) and the work actually performed (e.g., unmanned posts), the Contractor shall attach a separate sheet to the invoice detailing each instance of a variance. The Contractor shall compute the invoice price to reflect the actual amount owed. Submission of false invoices shall be subject to contractual and legal actions.

D. To verify the monthly payment for productive man-hours, the CO's designated representative may compare the man-hours required in the task order with the DHS Form 139, Record of Time of Arrival and Departure from Buildings, or other approved sign-in/sign-out form. The Government may perform a 100% comparison or sampled comparison to verify the accuracy of the Contractor’s invoice. The Government will only pay for services actually rendered by the Contractor and funded on the contract/task order. If variances are noted between the invoice and the DHS Form 139, the Government will propose a contract deduction. For example, If the task order required that a post be manned for 12 hours, and the Contractor billed for 12 hours, but the DHS
03. ADJUSTING PAYMENTS FOR CONTRACTOR PERFORMANCE

A. Deductions for Failure to Provide Man-hours

1. To compute man-hour deductions the Contracting Officer’s Representative will compare the man-hours reported by the Contractor with the DHS Form 139, Record of Time of Arrival and Departure from Buildings, or other approved Sign-in/Sign-out forms.

2. Reduction at Post – In the event that posted guards were released or were not required to report due to weather closure, Presidential declared holiday, or similar unforeseen occurrence, payments will be made only for the hours actually worked.

3. In the event the Contractor reports more hours than are reflected on the DHS Form 139, or any other approved Sign-in/Sign-out form, the approved form will prevail. For example: If the weekly report submitted by the Contractor indicates that an employee worked 8 hours and the sign-in/sign-out form shows that employee as having been in the building 5 hours, the 5 hours will prevail and a deduction will be taken for the 3 hours not furnished. In the event the Contractor, for any reason whatsoever, fails to provide the manpower specified for labor, deductions will be made at the current base hourly rate.

B. Contractor Use of DHS Form 139, or Approved Alternate

The Contractor shall maintain, on a daily basis, all applicable DHS Form 139’s, or approved alternate, to document personnel attendance. The original copy must be maintained at a location accessible to the COTR or designee. The Contractor shall incorporate and certify that the data contained on the approved sign-in form is accurate, complete and in agreement with the hours presented on their invoice. (Facsimile copies of completed DHS Form 139’s may not be used for this purpose.)

C. Deductions for Non-Compliant Services

As described in Section III, Paragraph 02 above, in accordance with FAR Clause FAR 52.246-4 “Inspection Of Services - Fixed Price” (AUG 1996), deductions may also be taken for services provided if they are not fully compliant with the Terms of the BPA. Consequently, deficiencies in requirements such as required uniforms, equipment, training and qualifications may result in non-payment or reduced payment for services performed.

04. THE ROLE OF GOVERNMENT PERSONNEL AND RESPONSIBILITY FOR CONTRACT ADMINISTRATION
TERMS AND CONDITIONS

A. Contracting Officer (CO)

1. The CO for this RFQ and resultant award is: Sheldon Fishkin

2. Administrative Contracting Officer, if appropriate, will be assigned after award of the order.

3. The CO has the overall responsibility for the administration of the order. The CO alone is authorized to take action on behalf of the Government to amend, modify or deviate from the order terms and conditions; make final decisions on unsatisfactory performance; terminate the order for convenience or default; and issue final decisions regarding questions or matters under dispute. The CO may delegate certain other responsibilities to an authorized representative.

B. Contracting Officer's Technical Representative (COTR)

1. The COTR for the order is: Rafael Bou-III

2. The COTR is designated to assist the CO in the discharge of their responsibilities when they are unable to be directly in touch with the BPA Call Order work. In the event that the COTR is absent or unavailable, another COTR Alternate will be designated. The responsibilities of the COTR and his/her alternate include, but are not limited to: determining the adequacy of performance by the Contractor in accordance with the terms and conditions of the BPA Call Order, acting as the Government's representative in charge of work at the site(s); ensuring compliance with the BPA Call Order requirements insofar as the actual performance is concerned; advising the Contractor of proposed deductions for non-performance or unsatisfactory performance; and advising the CO of any factors which may cause delay in the performance of work.

3. After award of the BPA Call Order, the CO will issue a written Delegation of Authority memorandum to the COTR that details the scope of duties the COTR is authorized to perform and manage. The COTR cannot make any decisions regarding the performance of the task order except as outlined in the memorandum. A copy of the memorandum shall be sent to the Contractor.

4. The Contractor shall immediately notify the CO in the event the COTR directs the Contractor to perform work that the Contractor believes is not part of the BPA Call Order or part of the COTR's designated duties as outlined in the memorandum. The CO will then make a determination as to the issue and respond to all affected parties in the most appropriate manner deemed necessary.

VI. CONTRACT CLAUSES

In addition to the contract clauses in the General Services Administration’s Schedule 84 (Solicitation: 7FCI-L3-030084-B Refresh 5), the following clauses from the Federal Acquisition Regulation (FAR) and Homeland Security Acquisition Regulation (HSAR) are incorporated into this BPA.
 TERMS AND CONDITIONS

01. **Clauses Incorporated by Reference.** The following Clauses are incorporated by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available.

(2) Plan Deemed In Certain Cases. If a foreign incorporated entity acquires directly or indirectly substantially all of the properties of a domestic corporation or partnership during the 4-year period beginning on the date which is 2 years before the ownership requirements of subsection (b)(2) are met, such actions shall be treated as pursuant to a plan.

(i) warrants;
(ii) options;
(iii) contracts to acquire stock;
(iv) convertible debt instruments; and
(v) others similar interests.
TERMS AND CONDITIONS

(2) Rights labeled as stocks shall not be treated as stocks whenever it is deemed appropriate to do so to reflect the present value of the transaction or to disregard transactions whose recognition would defeat the purpose of Section 835.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: $3.24 per hour or $129.60 per week or $561.60 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or
successor; 3 weeks after 5 years, 4 weeks after 10 years, and 5 weeks after 20
years. Length of service includes the whole span of continuous service with the
present contractor or successor, wherever employed, and with the predecessor
contractors in the performance of similar work at the same Federal facility. (Reg.
29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year, New Year's Day, Martin Luther
King Jr's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor
Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A
contractor may substitute for any of the named holidays another day off with pay in
accordance with a plan communicated to the employees involved.) (See 29 CFR 4174)

THE OCCUPATIONS WHICH HAVE PARENTHESSES AFTER THEM RECEIVE THE FOLLOWING BENEFITS (as
numbered):

1) Under the SCA at section 8(b), this wage determination does not apply to any
employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than $27.63 (or on a salary or fee basis at a rate not less than $455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds $27.63 per hour conformance may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;
2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;
3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or
4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of $3.35 per week (or $.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE (Standard Form 1444 (SF 1444))

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. (See Section 4.6 (C)(vi)) When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed occupation and computes a proposed rate).

2) After contract award, the contractor prepares a written report listing in order
proposed classification title), a Federal grade equivalency (FGE) for each proposed classification), job description), and rationale for proposed wage rate), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

1.2 **General Information**

A. This is a Statement of Work (SOW) for Department of Homeland Security (DHS) Federal Protective Service (FPS) Solicitation/Contract number HSCEE2-08-Q-00006.

B. As an integral component of the FPS security effort, the Contractor shall provide and maintain all management, supervision, manpower, training, equipment, supplies, licenses, permits, certificates, insurance, pre-employment screenings, reports, and files necessary to accomplish security guard services as described and required in this SOW. The Contractor shall perform to the standards required in this Contract and will be expected to work closely with FPS representatives throughout the duration of the Contract.

C. Where the Government identifies and references specific Solicitation/Contract Section numbers, that reference refers to that Section in its entirety, including every subsection having the same letter and/or letter-number prefix. For example, a reference to the
requirements of “Section C” includes all of Section C. Similarly, a reference to Section 7 includes Sections 7.1, 7.2, and so on, through the last subsection identified with a prefix of “7.”

1.3 Information Regarding FPS

A. FPS is the security and law enforcement component of the Department of Homeland Security, Immigration and Customs Enforcement. FPS is responsible for protecting federally owned or leased facilities. FPS’s mission is to provide a safe environment in which Federal agencies conduct their business without fear of violence, crime or disorder.

B. Contract security guards have a crucial and highly visible role in support of FPS’s mission. They are usually the first (and sometimes only) contact visitors have with the Federal community, and they are usually the first line of defense in a federally controlled facility. Visitors and federal employees perceive the contract Security Guards to be an integral part of the FPS mission. It is crucial that the Contractor ensure that their employees realize the importance of their role, and perform their duties courteously and professionally at all times.

2 Contract Transition

2.1 Phase – In

A. A smooth and orderly transition between the Contractor and the predecessor Contractor is necessary to assure minimum disruption to vital Contractor services and Government activities.

B. The Contractor shall not disrupt official Government business or in any way interfere with the assigned duties of the predecessor Contractor’s employees. The Contractor may notify the predecessor Contractor’s employees that the Contractor will be assuming services upon the Contract start date and may distribute business cards, employment applications, brochures, and other company information to the predecessor Contractor’s employees while they are on duty, provided that there is no interference with the Contract employee’s assigned duties (e.g., during “off hours” or during relief or lunch breaks). However, the Contractor shall not interview, recruit, schedule interviews, or conduct extensive discussions with the predecessor Contractor’s employees while they are on duty.

C. The Contractor shall provide a transition plan within 5 working days after contract award. The transition plan shall include at a minimum all preliminary licensing and certifications required to initiate performance; process for transitioning predecessor employees; recruitment of new employees; and, timeline showing procurement of required equipment and uniforms. The Plan shall address:

1. A strategy for implementing supervisory functions,
2. The process for transitioning predecessor employees,
3. Equipment inventory (radio & phone) and maintenance plan,
4. Weapons Inventory and employee assignment
5. Communication plan.
6. Relief and break plan,
7. A plan for establishing a reserve force and the current status of staffing levels,
8. A progress report on obtaining permits, licenses, and registrations,
9. A status report on submitting applications for personnel clearances,
10. A strategy for training including schedules, locations, coordinating with FPS monitors, and class staffing levels.

D. The government will allow a maximum of 60-day start up from the time of the award of the base task order to the initial start of performance.

2.2 Phase-Out of Contract and Continuity of Services

A. The contractor shall provide a list with the total number of employees and their names performing on the Contract with any applicable suitability and certification expiration dates when requested by the CO in preparation for a new solicitation for follow-on services. Prior to Contract expiration and after a follow-on contract is awarded, the Contractor shall exercise its best efforts and cooperation to effect an orderly and efficient transition to a successor contractor.

B. After a new Contract is awarded, the Contractor shall disclose necessary personnel records sufficient to allow the successor Contractor to conduct interviews for possible transition (if the Contractor is not awarded the successor Contract). These records shall be provided to the successor at least 45 days prior to date of Contract expiration. If any incumbent employees are selected by the successor and are agreeable to the change, the incumbent Contractor should cooperate to grant the employees release at a mutually agreed date.

C. As part of the closeout process, the Contractor shall, within 30 days of the final day of performance, turn over all incumbent officer training, medical, suitability and security records to the successor contractor as stated in paragraph 19A, 1 thru 17. Failure to do so shall result in a 10% withholding of final payment until this action is accomplished.

2.3 Conferences and Meetings

A. Immediately after award of the Contract and prior to the Contractor’s performance at the work site(s), the CO shall notify the Contractor, and the Contracting Officer’s Technical Representative (COTR) to schedule a pre-performance meeting that includes an in-depth review of the total Contract requirements and a review of the Contractor’s Transition Plan.

B. During the performance of the Contract, the CO, COTR, and the Contractor shall meet annually or on an as-needed basis to discuss all relevant Contract issues. A mutual effort will be made to resolve all problems identified. The Contractor and the CO shall sign the written minutes of these meetings, which will be prepared by the Contractor and incorporated into the Contract file. Should the Government not concur with the minutes, the Government shall state, in writing, any areas of clarification or disagreement within 5 days after receipt of the meeting minutes. Those comments shall be included with the report in the Contract file.
3  **Authority and Jurisdiction, Permits, Licenses, and Adherence to Laws**

The Contractor shall provide an updated record to the Government upon request of the CO or COTR. The Contractor shall not be reimbursed for services rendered by a Security Guard lacking appropriate permits and certifications.

D. Failure by the Contractor to obtain all required licenses as of the Contract start date will be grounds for termination for default.

E. The Contractor must pay all costs and fees associated with applying for, receiving, and maintaining all such permits and licenses throughout the term of the Contract. The costs associated with this requirement must be factored into the Contractor’s hourly rate, as they will not be itemized or paid for separately by the Government.

F. Where Contract employees are required by law to individually apply for licenses and/or permits, and a fee is required by the licensing agency, the Contractor shall reimburse the employee for all costs and fees associated with obtaining the required license/permit.
G. Armed security guards shall carry their firearm license/permits (and, where legally required, their concealed weapons permits) on their person while on duty, unless local or state law requires the Contractor to maintain the records. I. The CO, COTR and all other authorized Government personnel shall have the express authority to examine these documents upon request, at any time, during the duration of this Contract.

Security guards are not janitors, building maintenance staff, delivery persons, receiving officials, or mechanics, and will not be required or expected to provide any building systems services except the very basic functions as required in the Post Orders.

6.3.12 **Reports, Records, and Testimony**

A. Security guards shall prepare and maintain required reports in accordance with the Post Orders regarding security-related issues, such as accidents, fires, bomb threats, unusual incidents and unlawful acts, and provide these reports to those officials specified by the COTR.

B. While on duty, security guards shall verbally report threatening circumstances and potentially threatening activities they observe to the FPS MegaCenter and, when possible, to the COTR. Whenever possible, security guards are encouraged to report a serious or potentially serious problem before responding so that they may receive all necessary backup and support to lessen or eliminate the potential threat.

C. Security guards may be required to testify in various judicial proceedings on behalf of the Government. Security guards shall coordinate all Contract-related court appearances with the COTR. Contract-related court testimony on behalf of the Government shall take priority
over all other Contractor-scheduled duties. Security guards who are required to make a court appearance shall be remunerated by the Contractor at the same hourly rate they would earn while on duty, and the Contractor shall in turn be remunerated by the Government. The Contractor shall be required to invoice for the actual hours the security guard spent at court (including transit times from the duty station to the court), whether or not his/her testimony was used and/or provided (court delays are common, and multiple appearances by the testifying security guard may be required). Unless otherwise required by the COTR, Contract employees who are scheduled to testify on behalf of the Government shall appear for court testimony in full uniform, but without weapons/firearms.

D. The Contractor shall provide qualified Contract security guards to fulfill post requirements affected by Contract employees testifying on behalf of the Government.

6.3.13 Civil Disturbances

Security guards shall be required to perform other such functions as may be necessary in the event of situations or occurrences such as civil disturbances, attempts to commit espionage, sabotage, or other criminal acts adversely affecting the security and/or safety of the Government, its employees, property, and the general public lawfully in buildings or on the grounds under the control of the Government.

6.3.14 Emergencies

In case of an emergency condition requiring immediate attention, the Contractor's on-site supervisor or the shift supervisor shall take action at the direction of or in coordination with the COTR, to divert uniformed personnel from their normal assigned duties to meet the condition and summon appropriate assistance as may be required in the Occupant Emergency Plan. The Contractor shall immediately notify the Designated Government Official or Prime Tenant Agency, as applicable, of action taken, and shall immediately contact the FPS MegaCenter to report the same information. No additional cost shall be charged the Government for the diversion, and the Contractor shall not be penalized for the normal daily work not completed which was otherwise scheduled. Incidents of this nature shall be reported in accordance with procedures outlined in the Officer's Duty Book. As soon as the situation is resolved, the Contract employees should return to their assigned posts and duties.

6.3.15 Primary Security Responses

In some situations, security guards may be required to act independently as the primary security response until law enforcement assistance arrives.

6.4 Contract Security Guard Duty Register

A. The Contractor's employees shall sign-in when reporting for work and shall sign-out when leaving using the DHS 139 (Record of Time of Arrival/Departure from Buildings). Security guards who patrol between buildings will sign in and out at each building visited as directed by the Post Orders. The Government shall specify the on-site registration points and the
Contractor must use those points for this purpose. Contract employees working on TAS/SAS posts will record "TAS/SAS" in the "Post" column. Relief security guards shall sign in and out at each post visited as directed by the Post Orders.

B. Each successively lower line on the DHS 139 must be completed in chronological order without exception. Lines may not be left blank among signatures in any period. No more than one line may be used to enter a calendar date for separating individual workdays.

C. Erasures, obliterations, superimposed or double entries of any type on any one line are unacceptable and will not be credited for payment purposes. If errors in signatures, times, post numbers, or duty status are made on the DHS 139, the Contract employee should draw a single line through the entire line on which such mistakes appear. The next line immediately below (or following on subsequent sheet's) will be used to record all information in the correct manner. The Contractor must attach a detailed memorandum of explanation to each DHS 139 containing erroneous entries describing all mistakes made with the applicable valid lines of information, and for reporting the reasons for those mistakes.

D. The COTR shall retain all original DHS 139s and shall provide copies upon request by the Contractor.

E. No employee of the Contractor shall provide more than twelve (12) hours of combined service on any one or multiple contracts administered by FPS in any twenty-four (24) hour period, unless the work periods are separated by an eight (8) hour non-duty period.

7 Key Personnel

A. Under this contract, the Contract Manager and Supervisors are designated as “key personnel.” The Contractor shall submit a Key Personnel Resume clearly detailing the individual’s qualifications and demonstrating that the proposed Key Personnel meet the requirements listed below. If the proposed Key Personnel do not meet the requirements, the Contractor shall attach a written waiver request that will cite both the areas where the proposed Key Personnel do not meet the requirements and a statement by the Contractor explaining why the Contractor considers the proposed Key Personnel to be qualified to hold the position. Waiver requests must adequately demonstrate that the proposed Key Personnel possesses the ability to effectively manage, supervise, or train security guards in a security guard contract of the size and scope described in this Solicitation/Task Order.

B. The CO must approve the proposed Key Personnel prior to his/her assignment under this Contract. The Contractor shall not replace any of the Key Personnel without submitting a key Personnel Resume to the CO for her/his approval. The CO and COTR have the right to request the replacement of a supervisor that does not meet performance standard expectations.

E. The Contractor shall provide to the CO and COTR the name, telephone number, pager number (if any), cellular phone number (if any), facsimile number, e-mail address, and office address of the CM by the date of the first meeting after award of the Contract.

F. The CM is a salaried managerial position not specifically required in the line item(s) identified in this SOW, therefore, the Contractor shall factor all costs associated with providing a CM into its offering prices (e.g., overhead/G&A).

7.2 **Supervisor**

A. Each Supervisor shall have a background with a minimum of two (2) years of successful experience in field supervision (civilian community law enforcement, military service law enforcement, or commercial/industrial security guard service). The Contractor may propose, by written request, an employee for a supervisory position who lacks the above experience, provided that the Contractor offers evidence of similar leadership experience. D. All Supervisors shall be required to sign in on a DHS 139 upon visiting the building and to sign out on the same form upon leaving the building. In the column entitled “Post” the Supervisor shall write the abbreviation “SUPV” to indicate supervision. These logs shall be used by the Government to ascertain the level of supervision being provided to the security guards working under this Contract.

E. All costs associated with the Contractor’s Supervision must be factored into the offering prices, as they will not be itemized or paid for separately by the Government after Contract award.

8 Work Scheduling Procedures

The Contractor shall be responsible for scheduling all work and notifying security guards of their work schedules in a manner consistent with effective Contract management. When requested by the CO or COTR, the Contractor shall furnish a copy of the most current schedule to the Government. 10.2 Contract Effort Required – Supervisory Hours

A. Specific hours of supervision will not be required under this Contract. Instead, the Contractor shall be responsible for providing a level of supervision sufficient to ensure effective performance by the productive security guards over the course of this Contract, as
agreed to by the Government as part of the Contractor’s technical proposal and incorporated into the Contract upon Contract award.

B. In the event that the Government determines that the supervision provided by the Contractor is insufficient to effectively manage the security guards, the Government and Contractor shall meet to discuss the Contractor’s Supervision plan and ways in which the Contractor’s performance can be improved.

10.3 Contract Effort Required – Reserve Security Guard Force

A. The Contractor shall be required to maintain, at all times, an on-call reserve force. This reserve force shall be of sufficient size to provide the amount of temporary or emergency staffing (TAS/SAS) services (e.g., services in the event of a natural disaster, civil disturbance, or other unanticipated event). The Contractor shall ascertain how this reserve security guard force shall be acquired and maintained. All reserve security guards shall meet the minimum qualification standards required in this Contract before working any post under this Contract.

B. The Government strongly recommends that the Contractor maintain a reserve force equivalent to at least 10% of the existing security guard force at any given time.

C. The Contractor should factor the costs for maintaining a reserve security guard force into the offering prices, as they will not be itemized or paid for separately by the Government after Contract award.

11 Training

11.1 General

A. All security guards and uniformed supervisors working under this Contract must complete the following training and pass the required written examination. Certifications may be honored for contract security guards and uniformed supervisors who worked under the predecessor Contract and who maintain valid certification credentials.

B. The Training Syllabus is located in Section Exhibit 4. The Contractor shall be responsible for providing the CO and COTR a copy of its Training Plan and proposed Training and Qualifications Schedule within 10 calendar days after award of the Contract. The Contractor shall notify the COTR of any changes to the proposed Training and Qualifications Schedule not less than 10 calendar days before the date of the training session.

D. The Contractor shall also bear all costs and responsibilities related to their employees’ attendance at any contract mandated training class, test or examination, including all
expenses for transportation, lodging, and meals (as may be necessary). Currently certified FPS contract guards that are required to go to any training, testing or examination to maintain their FPS certification status shall be paid in accordance with the applicable Service Contract Act (SCA) Department of Labor prevailing wage determination or collective bargaining agreement. For pay purposes, the vendor shall treat time spent by certified contract guards in training and testing as the equivalent of time spent standing post. By contrast, pre-certification training provided by the contractor shall be governed by the payment requirements of the Fair Labor Standards Act (FLSA). Costs related to any training, test or examination required by the contract must be factored into the offering price, as they will not be itemized or paid separately by the Government after award.

E. The CO, COTR, or any FPS personnel shall be allowed to observe any training and qualifying sessions sponsored or provided by the Contractor without any advance notice. The purpose of such observation is to ensure that the Contractor is adhering to the training syllabus and is complying with the stated training requirements defined in this Contract.

11.2   Training Requirements by Position

This subsection details the training requirements that must be successfully completed by all uniformed Contract employees. Training certifications are required for individual Contract employees. The Contractor shall maintain copies of all training certification in its personnel files and provide copies to the CO or COTR immediately upon request.

11.2.1  Security Guards

A. All productive and supervisory security guards working under this Contract must take the required training as outlined in the Exhibits. The Government will provide to the Contractor one copy of the Security Guard Information Manual (SGIM). The Contractor shall be responsible for photocopying the manuals for their employees’ use, at no cost to the Government. The SGIM shall be provided to Contractor’s employees on the first day of their basic training course.

B. “One-time only” courses are defined as courses that, if the employee successfully completes, do not have to be taken again during the Contract term. One-time only courses are (1) basic training; (2) FPS “orientation” training; (3) current FPS Basic Firearms Training; and, (4) the written exam. However, additional training may be required on Magnetometer/x-ray if or when the equipment or technology is changed. The training certifications, excluding FPS orientation, are transferable to other FPS security guard service contracts, provided that the Contractor can furnish evidence (e.g., a valid, signed certification) that the training was successfully completed during the predecessor Contract.

C. Each Contract employee, whether productive or supervisory, must take and complete 40 hours of refresher training within three (3) years of the previous (basic or refresher) training conclusion date.
11.2.2 Supervisors

A. All uniformed supervisors working under this Contract must successfully complete all training established for productive security guards including x-ray and magnetometer training. In addition, supervisors must complete nine hours of supervisory training based on a Contractor-provided Supervisory Training Manual. Following completion of basic training, the supervisors will be required to take and pass the basic written examination.

B. Supervisors shall not be permitted to work under this Contract without having passed the basic training, written examination for basic training, the basic firearms course, firearms practical qualification, and the Contractor Supervisory Training.

11.3 Written Examination

A. Upon the Contract employees’ completion of the basic training class and a favorable pre-employment suitability, the Contractor must schedule with FPS the Government-administered written examination. This exam will test their employees’ familiarity with and understanding of the information contained in the SGIM. The test has 50 multiple-choice questions. All of the questions on the test are taken verbatim from the SGIM. The passing score for the examination is 70% (35 questions correct out of 50 possible questions).

B. If a Contract employee does not pass the examination on the first attempt, s/he will be given one additional attempt within 90 days from the date of the first failed attempt to pass the written examination. If the Contract employee fails after the second attempt, s/he must wait one (1) year to re-train and re-take the examination and will not be permitted to work under any FPS Contract during that one-year waiting period. If a Contract employee fails the examination on the first attempt, but waits longer than 90 days to re-attempt the examination, s/he must wait one (1) year to re-train and re-take the examination and will not be permitted to work under any FPS Contract during that one-year waiting period. After the one (1) year suspension period has expired, the guard is considered a new hire.

C. No waivers shall be granted regarding the testing policies and procedures.

11.4 Weapons Training and Qualification

D. For the purposes of this Contract, the Government requires that each Contract employee who receives firearms training shall fire at least 500 rounds of ammunition during the course of range training. The Contractor shall factor into the offering price the cost of ammunition. Ammunition shall not be itemized or paid for separately by the Government.

E. Each firearms qualification “session” consists of no more than two (2) attempts to qualify. If unsuccessful, the second attempt must be completed immediately after the first attempt. A qualifying score is 80% or better. See Exhibit 4. If the contract employee fails to qualify during the first session, the employee must attempt to qualify within 30 days at a second qualification session. Before attempting to qualify in the second qualification session, the Contractor must provide a minimum of eight (8) hours of remedial training. The Contractor is responsible in determining what training the employee will need to complete in order to successfully qualify. After failing the second qualification session, the Contractor must provide a minimum of eight (8) hours of remedial training prior to each session (2 attempts) at qualification by the employee. The employee cannot commence working on contract until successfully achieving a qualifying score. The Contractor shall document the employee’s file with any and all remedial training given to enable the employee to pass the firearms course. The Government shall not be liable for compensating the Contractor for any additional expenses or costs incurred by the Contractor to enable Contract employees to annually re-qualify on the course.

F. Any Contract employee who has successfully completed a 40 hour firearms course under a predecessor FPS Contract may be exempted from the 40 hours of firearms training, provided the Contractor can furnish adequate proof (e.g., a valid, legible copy of a Training Certificate or firearms certification) that such training was successfully completed. The COTR shall have the sole discretion to accept or deny proposed exemptions from training based on prior training experience. Prior successful training completion by the Contract employee shall not exempt the Contract employee from the annual range qualification requirements.

G. If the weapon platform required under this Contract is different from the guard’s previous qualification, the Contractor is responsible for providing adequate weapon transition training. The training plan shall include a weapons transition training plan, if applicable.

H. Unless prohibited by state or local law, all weapons range training and qualifications (whether on an FPS range or a commercial range) shall be conducted using current FPS targets only. The Contractor shall furnish an adequate supply of targets for weapons qualifications. Targets shall have a cardboard backing of equal or greater size than the target itself. If the target is non-turning a shot timer shall be used. The Contractor shall factor the cost of the targets into the offering prices, as they will not otherwise be paid for by the Government after Contract award.
11.4.1 Annual Firearms Re-Qualification

A. The Contractor shall ensure that all Contract employees receive the training or range time necessary to successfully re-qualify on the practical firearms course annually. Any guard attempting annual re-qualification who fails to re-qualify is no longer certified to carry a weapon and shall not be permitted to work on an armed post. Refresher training for intermediate weapons will also be conducted. The costs of such preparations should be factored into the offering prices, as it will not be itemized or paid for separately by the Government.

B. Successful firearms range qualification by Contract employees as part of a state or local firearms permit/license issuance process shall not be considered an acceptable replacement or substitute for the annual firearms qualification required by this Contract.

C. The Contractor shall provide the necessary weapons and ammunition for training and qualifications. If an FPS Training Center is used to conduct range qualifications, the Contractor shall provide a list of serial numbers of Contractor-provided firearms to be used for qualifications 48 hours prior to scheduled training and qualification to the FPS Training Center. All Contractor-provided weapons used for qualifications of Contract employees will be made available for inspection and approval by an FPS representative prior to use on any Government firing range. Contract employees must adhere to the rules and regulations of the firing range. The Contractor shall be responsible for licenses and permits required for weapons during transit between the employee dispatch point and the range.

11.6 FPS-Specific Training

A. All Contract employees must receive FPS-specific training. The COTR and the Contractor will schedule the site(s) and date(s) of the training session(s) after the award of the Contract and prior to the Contract start date. See Exhibit 4C.

B. Security guards and uniformed supervisors who worked under the predecessor Contract may be exempt from this training, provided the Contractor can furnish adequate proof that such training was successfully completed (e.g., a valid, legible copy of a Training Certificate).
The COTR shall have the sole discretion to accept or deny proposed exemptions from training based on prior training experience.

11.7 Government-Provided Magnetometer/X-Ray Training

Contract Employees identified for posts operating magnetometers and/or X-rays will require Government-provided training of up to 8 hours on the equipment prior to such assignment. The contractor shall coordinate and schedule training with the COTR to maintain an adequate number of trained guards to man such posts. Upon completion of this training, the FPS Training Representative will issue each Contract employee a certificate of training completion.

B. In certain cases, the Contractor’s employees will receive special training that will be given by the tenant agency or by FPS. The number of training hours and the posts to which the special requirements apply will be provided when the requirement arises. The Contractor will be required to schedule the training, to compensate all security guards for off-duty training at their regular hourly rate/salary, and to ensure that all posts are manned while training is in progress.

The FPS Training Instructor shall compile a list of all employees who have an unexcused absence for each day of training and will forward this list to the CO.

11.13 Training Waivers

A. In certain rare circumstances, such as emergencies or significant, unanticipated increases in required services, the CO may temporarily waive the time frames in which training and/or testing must be provided before a Contract employee can work under the Contract. However, all such waivers must be requested in writing by the Contractor, citing the specific reasons why the time frame for training/testing should be temporarily waived, and citing a specific deadline in which the required training/testing will be successfully completed by the Contract employee, not to exceed 120 calendar days. Under no circumstances shall a Contract employee work under a temporary waiver without the CO’s written consent. If the CO grants a temporary waiver for the time frame requested by the Contractor, the Contractor shall abide by that time frame and, upon expiration of the temporary waiver deadline date, shall have completed the training/testing requirements or shall remove the affected Contract employee(s) from the Contract.

B. The training and testing requirements shall not be permanently waived.

e. Ability to use post security equipment (magnetometers, X-rays, CCTV); ability to use handcuffs, baton, and (where required by post assignment) firearm at any time while on duty.

f. Ability to read post assignments, write reports, and respond to both routine and emergency dispatches/orders.

g. Ability to subdue violent or potentially violent or disturbed individuals, or intervene in a crisis situation (e.g., provide emergency first aid/CPR while waiting for arrival of paramedics or other emergency personnel), and

h. Occasional running, sprinting, lifting heavy weights, moving heavy objects, climbing stairs (e.g., in responding to emergencies, ensuring timely and complete facility evacuations, giving pursuit, etc.).

B. Individuals deemed incapable of performing the above tasks or functions will be removed from the Contract upon the CO’s request.

C. The Contractor shall be responsible for encouraging and promoting employees assigned to this Contract to maintain an ongoing and regular program of physical fitness, at no cost to the Government.

12.4 Initial and Recurring Screening for Illegal Drugs

A. As part of the medical examination, all Contract employees must submit to an initial urine drug screening that tests for the following five (5) substances at the following cutoff levels (nanogram per milliliter, ng/mL):

<table>
<thead>
<tr>
<th>Substance</th>
<th>Cutoff Level (ng/mL)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Marijuana metabolites</td>
<td>50</td>
</tr>
<tr>
<td>Cocaine metabolites</td>
<td>300</td>
</tr>
<tr>
<td>Opiate metabolites</td>
<td>2,000</td>
</tr>
<tr>
<td>Phencyclidine</td>
<td>25</td>
</tr>
<tr>
<td>Amphetamines</td>
<td>1,000</td>
</tr>
</tbody>
</table>

B. The Contractor will perform random drug screening of 5% of the guard force assigned to this contract over a 12-month period. Contract Security Guards must resubmit to a urine drug screening upon renewal of physical forms every three years.

C. Drug screening methodology shall conform to the U.S. Department of Health and Human Services Substance Abuse and Mental Health Services Administration’s (SAMHSA) “Mandatory Guidelines for Federal Workplace Drug Testing Programs.” These guidelines can be accessed via the Internet at: [www.health.org/GDLNS-94.htm](http://www.health.org/GDLNS-94.htm) or at: [http://wmcare.samhsa.gov](http://wmcare.samhsa.gov). The Contractor is

1 The cutoff level for Opiate metabolites listed in the internet-ready guidelines is 300; however, that number has been revised by SAMHSA and the new cutoff level is shown in paragraph (A) above.
strongly urged to use one of the laboratories listed on SAMHSA’s “Current List of Laboratories Which Meet Minimum Standards To Engage in Urine Drug Testing for Federal Agencies,” which is accessible via the Internet at: www.health.org/labs/index.htm or at: http://wmcare.samhsa.gov/. This list is updated on a monthly basis. If the Contractor chooses to use a laboratory not shown on SAMHSA’s current list, the Contractor must verify whether the laboratory’s methodology conforms to SAMHSA’s guidelines prior to utilizing that laboratory to perform drug screenings.

D. Other drug testing methods (hair, sweat patch, etc.) are commercially available but are not acceptable for the purposes of this Contract, due to widely varying standards of testing and laboratory reliability results. However, if SAMHSA does issue guidelines on alternative drug screening methods, the Contract may be modified to permit the use of those methods.

E. The presence of a positive reading for any of the above substances over the designated cutoff level for that substance shall automatically disqualify an applicant from working under this or any other FPS security guard services contract. Since most drugs are metabolized within a short period of time (from several hours to several days), the Contractor shall not permit any applicant to take multiple tests in order to receive an acceptable reading.

F. The Contractor is responsible for all costs associated with obtaining the medical evaluation and drug screening for each Contract employee. All costs must be factored into the offering prices.

12.5 Government Requested Screening

A. The CO or COTR shall have the express right to request targeted urine drug screenings where there is a reasonable belief by the Government that the Contract employee(s) may be under the influence of or using illegal substances. Targeted screenings shall be conducted in a similar fashion to random screenings, with the exception that the CO will advise the CM in writing that s/he requests a drug screening of a specific security guard. Once the written request is received, the CM shall arrange for the test to be conducted as soon as possible, but not later than three working days. The Contractor shall pay the Contract employee the normal hourly rate/salary for all time associated with taking the screening. Each screening shall follow the guidelines described in paragraph 12.4 above.

B. Contract employees who undergo targeted urine drug screenings may continue working under the Contract until the results have been provided to the Contractor. In the event that the results of any urine drug screening are negative, the Government shall bear the expense of the screening. This does not apply to the pre-employment urine drug screening. In the event that the results are positive, the Contractor shall immediately remove the Contract employee(s) with a positive reading from the Contract and immediately inform the COTR and CO of the result and the employee’s removal from the Contract. Additionally, the Contractor shall bear all the expenses relating to the test for the employee(s) with the positive reading.
C. Any Contract employee who undergoes either a random or targeted urine drug screening and tests positive for any of the substances shown above shall be permanently disqualified from working under this or any other FPS security guard services contract. Since most drugs are metabolized within a short period, the affected Contract employee shall not be authorized to take additional tests to achieve an acceptable reading.

13 **Conduct of Contractor Personnel**

A. In accordance with the SGIM, the Contractor shall be responsible for maintaining satisfactory standards of employee competency, conduct, appearance, and integrity, and shall be responsible for taking such disciplinary action with respect to his employees as may be necessary.

B. The COTR may recommend to the CO that the Contractor immediately remove any employee from any or all locations where the contractor has contracts with the FPS if the employee is not maintaining satisfactory performance in accordance with the Contract or the SGIM. Additionally, the employee may be removed if he/she has been disqualified for employment suitability, performance suitability, or security reasons, or who is found to be unfit for performing security duties during his/her tour of duty. The CO will make all determinations regarding the removal of any employee from any or all locations where the contractor has contracts with the Federal Protective Service. In the event of a dispute, the CO will make the final determination. Specific reasons for removal of an employee will be provided to the Contractor in writing.

C. Notification of Arrest: Guards working under this contract shall notify his contractor within 12 hours of their arrest. The contractor will notify the COTR within 12 hours of the guard’s notification. Failure of the guard to do so may result in a request of removal from this contract.

14 **Contract Employee Reinstatements**

A. When the Government takes action that may impact upon the suitability or work fitness status of a Contract employee, the Contractor may appeal the decision to the CO.

B. If the CO made the initial decision, a senior manager within the FPS Regional Office or headquarters Security and Law Enforcement Division will review the appeal. The appeal decision will be provided to the Contractor in writing with a brief explanation of the decision to uphold or reverse the CO’s decision.

C. While the appeal is being considered, the employee shall not work under this Contract.

Contract employees who misuse, willfully damage, or willfully destroy Government property may be removed from the Contract and may face further penalties as deemed necessary by the Government.

All security guards performing under this Contract shall wear the same color and style of uniform and maintain a professional and neat appearance at all times during their tour of duty.

C. Security guards are expected to comply with standards for wear and care of uniform items in accordance with the SGIM (Security Guard Information Manual).

15.2.4 Supplementary Equipment

The Contractor will be required to furnish some or all of the types of supplementary equipment. Security guards shall not possess any unauthorized supplemental or personal equipment (e.g., equipment not issued by the Contractor or required by the Contracts). Security guards who are found to possess any unauthorized equipment while on post may be removed from the contract.

16 Regulations, Handbooks, and Other Applicable Documents

A. FPS regulations contain the basic procedures for the operation, maintenance, and protection of property. The primary regulations and related procedures to be followed by the Contractor are listed below. Supplementary regulations, which are provided to the Contractor by the CO or his/her authorized representative shall also be in effect and will be incorporated by Contract modification.

B. An Officer's Duty Book shall be furnished by the COTR and maintained by the Contractor at each post and shall contain complete duty instructions.

C. A separate loose-leaf binder shall be furnished by the COTR and maintained by the Contractor at each additional fixed post and will contain only those items of duty instructions pertinent to that specific post.

D. Officer’s Duty Book, Post Orders, and any supplemental memoranda, directives, or other information is considered Sensitive But Unclassified/Law Enforcement Sensitive information. The Contractor and its employees are restricted from disclosing this or any
other operational information to individuals outside of the FPS/Contractor community. The Officer's Duty Book shall not be removed from Government property, or reproduced or copied in any manner unless properly authorized, in writing, by the COTR.

E. Conduct on Federal Property (FMR 41 CFR 102-74) placards are posted in buildings under the charge and control of the General Services Administration and are applicable to all persons entering in or on such property.

F. Security Guard Information Manual (SGIM) handbook contains the information all security guards and supervisors must read and be familiar with prior to assuming duties under this Contract. The COTR shall give the Contractor one (1) electronic copy of this manual at the pre-performance meeting held shortly after Contract award. The Contractor shall provide to each uniformed Contract employee a legible, securely bound copy of the SGIM upon beginning the basic training course.

17 Security Guard Certification /Security Requirements

17.1 General

A. All personnel performing on this Contract must pass a suitability determination conducted by the Government. Contractor personnel will not be able to perform under this Contract until appropriate suitability determinations have been made. The Government will provide all necessary forms at the time of Contract award. The DHS Office of Security will accept only complete and legible security packages. Therefore, all personnel must provide the required information and documents to the COTR within 10 calendar days after Contract award.

B. The Contractor should follow the procedures listed below to obtain an FPS certification card for each Contract employee:

1. Conduct an initial employment screening to determine whether the prospective employee meets the Contractor’s specific hiring requirements and the Contract eligibility requirements, including medical and drug testing (see Section 12).

2. Submit the suitability package to the COTR and await the results of the adjudication. This process may take approximately one to three months if all forms are legible and complete. However, preliminary suitability is usually determined within a week of the submission of the paperwork. The Contractor will be notified whenever there is an instance where there is a preliminary unfavorable adjudication decision so that the Contractor can determine how to proceed with the employee’s training, testing, etc.

3. Schedule required Government-provided training and testing/qualifying with FPS and schedule/conduct all other Contractor-provided training requirements; this does not include the FPS Written Exam.

2 The Contractor may proceed with Contractor-provided training while awaiting results of the suitability adjudication process.
4. After the Contractor employee receives favorable suitability adjudication results and the employee successfully completes the training and passes the required examination(s), the Contractor shall submit the following information to the COTR for an FPS certification card:

   a. **Certification.** A certification, signed by the Contract Manager, that the employee has met all the requirements set forth in Statement of Work and that all pertinent documents are on file at the Contractor’s facility. (See Exhibit 6).

   b. **Photographs.** Two color photographs, 1” x 1,” no more than one year old, of the guard’s head and upper shoulders; and

   c. **Contract Guard Qualification Certificate.** The guard’s name, and the name of the Contractor’s company must be typed on the front of the card, and the guard must sign the signature block in blue or black ink.

   d. **Lautenberg Amendment Statement.** Armed guards must submit a signed and dated “Domestic Violence” certification that satisfies the legal requirements of the Lautenberg Amendment, 18 U.S.C. § 922(g)(8) and (9). This certification is valid for one (1) year. The Contractor shall maintain a file of its guards’ certifications and provide the COTR a signed statement certifying compliance with this requirement. If at any time a guard has a disqualifying event under Lautenberg, the Contractor shall notify the COTR and immediately remove the guard from work under the contract that may require use of a firearm. The Contractor shall submit a new certification to the COTR stating that all its guards are in compliance with the Lautenberg Amendment annually.

C. The certification card shall be worn on the outermost garment of the guard's uniform.

D. As determined by the COTR, The Contractor is responsible for the employees having all required certification credentials in their possession at all times while on the protected premises. This includes not only the FPS certification card, but also a valid CPR/AED/First Aid card and a valid firearms permit.

E. The Contractor must return employees’ certification card to FPS within five (5) workdays upon the termination of the guard's employment or the guard's removal from the contract. At the end of the contract period, the Contractor must return to FPS all blank cards and all completed cards for guards who will not continue to work under FPS contracts. Possession of an FPS certification card does not waive any other contract requirement.

F. Because the Certification card does not expire when individual certification elements expire, the Contractor is responsible for continually maintaining validity of each element of the Contract employee’s certification status (i.e., suitability determination, medical examination, firearms re-qualification, CPR/AED/First Aid certification). (See Exhibit 6)
G. The CO shall have the express authority to demand return of the FPS Certification card for any Contract employee who does not maintain compliance with the Contract qualification and certification standards, and the CO shall have the express authority to prohibit that employee from performing under the Contract until such time as s/he comes into full compliance with all qualification/certification criteria.

17.2 Security Management

A. The Contractor shall appoint a senior official to act as the Corporate Security Officer. The individual will interface with the DHS Security Office through the COTR on all security matters, to include physical, personnel, and protection of all Government information and data accessed by the Contractor.

B. The COTR and the Security Office shall have the right to inspect the procedures, methods, and facilities utilized by the Contractor in complying with the security requirements under this Contract. Should the COTR determine that the Contractor is not complying with the security requirements of this Contract, the Contractor will be informed in writing by the Contracting Officer of the proper action to be taken in order to effect compliance with such requirements.

17.3 Suitability Determination / Entry on Duty Decision

A. DHS shall have and exercise full control over granting, denying, withholding or terminating unescorted access to a Government facility and or sensitive Government information access for Contractor employees, based upon the results of a background investigation. DHS may, as it deems appropriate, authorize and make favorable entry on duty (EOD) decision based on preliminary security checks. The favorable EOD decision would allow the employees to commence work temporarily prior to the completion of the full investigation. The granting of a favorable EOD decision shall not be considered as assurance that a full employment suitability authorization will follow as a result thereof. The granting of a favorable EOD decision or a full employment suitability determination shall in no way prevent, preclude, or bar the withdrawal or termination of any such access by DHS, at any time during the term of the Contract. No employee of the Contractor shall be allowed unescorted access to a Government facility without a favorable EOD decision or suitability determination by the DHS Security Office. Contract employees assigned to the Contract not needing access to sensitive DHS information or recurring access to DHS’ facilities will not be subject to security suitability screening.

B. Agencies that enter into contracts shall require, as condition of each contract, that the contractor agree to use an electronic employment eligibility verification system (e-Verify) designated by the Secretary of Homeland Security to verify the employment eligibility of: (i) all persons hired during the contract term by the contractor to perform employment duties within the United States; and (ii) all persons assigned by the contractor to perform work within the United States on the Federal contract.

C. Contract employees awaiting an EOD decision may begin work on the contract provided they do not access sensitive Government information. Limited access to Government buildings is allowable prior to the EOD decision if a Government employee escorts the
contract employee. This limited access is to allow contractors to attend briefings, non-recurring meetings and begin transition work. The EOD determination does not substitute for the required background investigation.

17.4 **Suitability Adjudication**

A. After award of the Contract and prior to any Contract employees being permitted to work under the Contract, the Contractor is responsible for ensuring that the Contract employees receive formal suitability adjudication by FPS. All Contract employees shall receive formal suitability adjudication by FPS, including the CM, Supervisors, Quality Assurance personnel and all other company officers that visit the work sites. Contractor suitability determinations are to be made in accordance with the criteria outlined in 5 CFR 731.202.

B. Once a prospective Contract employee has applied for a position and has been favorably evaluated by the Contractor (i.e., meets the minimum qualification requirements cited in this Statement of Work and otherwise meets the Contractor’s hiring criteria), the Contractor shall submit to the COTR the following Government furnished forms for each Contract employee:

1. Two (2) completed original Forms FD-258, "Fingerprint Chart;"
2. Standard Form 85P, "Questionnaire for Public Trust Positions" (plus one copy);
3. Standard Form 85P-S, "Supplemental Questionnaire for Selected Positions" (plus one copy);
4. DHS Form 11000-9, “Disclosure and Authorization Pertaining to Consumer Reports pursuant to the Fair Credit Reporting Act” (plus one copy);
5. Foreign National Relatives or Associates Statement (plus one copy);
6. Lautenberg Amendment Statement (plus one copy);
7. Contractor Information Worksheet.
8. “e-Verify” Confirmation Notice

C. Contractors are required to use local police, the state police, the Federal Bureau of Investigation (FBI), or FPS regional offices to obtain readable fingerprints on the fingerprint cards. In certain locations, FPS may have an electronic fingerprint-scanning machine, which the Contractor is encouraged to use for fingerprinting Contract employees. Upon receipt of the completed, legible forms, FPS will submit the fingerprints for review by the FBI. FPS will use the information provided by the Contractor and the FBI to make a determination regarding the security guard’s suitability to work under an FPS Contract. If the forms are complete and legible, the entire evaluation process will take from one (1) week to several months, depending on current processing times. For planning purposes, the Contractor should always assume that the standard processing time is one (1) month and should plan
paperwork submissions accordingly. Standard Form 85P, “Questionnaire for Public Trust Positions” Form must be submitted via OPM “e-QIP” (electronic Questionnaires for Investigation Processing”).

1. ELECTRONIC SUBMISSION-OPM “e-QIP” Process: Fill out the ICE “Contractor Information Worksheet”, proofread for completeness. Send it to the FPS COTR. They can fax or mail to the FPS Regional Contract Suitability Adjudication Office for continued processing.

D. Illegible or incomplete forms submitted by the Contractor will be returned and will result in delays in the adjudication process. Therefore, the Contractor must ensure that all forms submitted to FPS are complete, legible, and accurate. FPS shall not be responsible for any delays that occur due to the Contractor’s failure to submit complete, accurate, and legible forms to FPS.

E. All federal agencies are required to implement Homeland Security Presidential Directive 12 (HSPD-12) and must follow the minimum background investigation requirements of National Agency Check with Written Inquiries (NACI) or other suitability or national security investigation prior to credential issuance.

F. A contractor on whom unfavorable or derogatory information has been uncovered must be presented with the information and offered an opportunity to refute, explain, clarify, or mitigate the information in question. If a determination of ineligibility is made, the individual will be formally notified and informed of the reason(s).

G. If FPS finds a Contract employee to be unsuitable to work as a result of the suitability investigation under the Contract, the Contractor shall be advised immediately that such employee cannot work or be assigned to work under the Contract, and the Contractor shall in turn immediately remove the affected employee from the Contract. The security guard or the Contractor may appeal the suitability determination to the CO. However, in such cases the Contractor shall proceed with the hiring process at their own risk until the final determination of the security guard’s suitability has been accomplished. Under no circumstances shall a Contract employee who has received a notice of unfavorable (unsuitable) adjudication work under this or any FPS security guard service contract. This requirement also applies to Contract employees whose unfavorable adjudication is pending appeal. Disqualifying information includes but is not limited to the following:

1. Conviction of a felony, a crime of violence, or a serious misdemeanor;

2. Possessing a record of arrests for continuing offenses;

3. Falsification of information entered on suitability background investigation forms.
H. Once a favorable adjudication has been made by FPS, the security guard is suitable to work under the Contract for five (5) years (if nothing occurs within the 5-year period that would render the security guard unsuitable for continuing performance under the Contract). The Contractor shall immediately notify the COTR and the CO in writing of any circumstances that arise which could possibly affect any Contract employee’s suitability status (e.g., arrests, convictions, and/or termination of employment by the Contractor for cause, such as misconduct or neglect of duty). The Contractor is responsible for renewing the security guard’s suitability clearance prior to its expiration. Any security guard who continues to work under the Contract after his/her suitability clearance has expired shall be removed from the Contract until a new favorable suitability determination is made. The Contractor should make every effort to submit a new suitability package to FPS at least 30 days prior to the current suitability expiration date.

1. Any investigation conducted by or for another federal agency on a contractor that is of the same or higher type and scope as the one required for the position is sufficient to meet the investigation requirements provided it was conducted within the past five years.

2. Any investigation conducted by or for another federal agency on a contractor whose scope is less than that required for the position can be upgraded as provided for by OPM to meet the investigation requirements of the position if it was conducted within the past five years.

I. For employees cleared through this process while employed under a predecessor contract (providing the same services), the suitability determination made under the previous contract will carry over to the new contract. However, the Contractor will be required to submit new suitability applications once the security guards’ current suitability clearances expire.

1. Contractors who have been investigated and approved by Components prior to the issuance of DHS-MD 11055, “Suitability Screening Requirements for Contractors” to work on unclassified contracts are eligible to remain on the contract even though they may not have the investigation commensurate with the risk level indicated in Appendix 1, DHS-MD 11055. Such contractors cannot perform work under a different contract or at a different risk level until the investigative requirements in Appendix 1 are met.

2. Lawful Permanent Residents are not eligible (1) to transfer between contracts; (2) for an upgrade to another position; or (3) to remain on a contract after a re-compete and award.

J. FPS shall have and exercise full and complete control over granting, denying, withholding, or terminating suitability clearances for employees. FPS may, as it deems appropriate, authorize and grant temporary clearances to employees of the Contractor. However, issuance of a temporary clearance to any such employee shall not be considered as assurance that full clearance will be granted as a result or condition thereof, and the granting of either temporary or full clearance shall in no way prevent, preclude, or bar the later withdrawal or termination of any such clearance by the Government.

18 Security Clearance Requirements
18.1 **Background Investigations**

A. In addition to meeting the FPS background suitability check described in Section C, additional security clearances may be required by the Contract and task order(s). These clearances will be provided by the Department of Defense Security Service (DSS), the Department of Energy (DOE), the Nuclear Regulatory Commission (NRC), or other agency, as appropriate (refer to Section J, Exhibit 6C for further information as to whether this Contract will require such clearances). Where such clearances are required, employees shall be subject to a security investigation by the Government prior to being allowed to work at the site. This requirement may also pertain to officers of the firm, who for any reason may visit the work site(s) during the term of the Contract. Employees may not work at the site until the Contractor receives a DD Form 560 (Letter of Consent), for the individual employee from DSS, or receives a final clearance from DOE, NRC, or other agency.

B. The Government shall notify the Contractor of the required security classification of this Contract and the elements thereof, and of any subsequent revisions in such security classifications, by use of Security Requirements Checklist (DD Form 254), or other written notification.

C. In all areas requiring a DOD, DOE, NRC, or other agency security clearance, the Contractor shall comply with the provisions of the most currently available National Industrial Security Program Operating Manual (NISPOM). This publication may be obtained online at [www.dss.mil](http://www.dss.mil) or from the Superintendent of Documents, U.S. Government Printing Office, Mail Stop SSOP, Washington, DC 20402-9238 (ISBN: 0-16-045560-X). Application forms required for DOD personnel security clearances shall be obtained from Defense Security Service (DSS) at [www.dss.mil](http://www.dss.mil); for DOE clearances at [www.doe.gov](http://www.doe.gov); and for NRC at [www.nrc.gov](http://www.nrc.gov). Each designated employee must complete all applicable forms. The Contractor shall notify the COTR in writing within five calendar days of receipt of authorization for employees to be assigned to classified areas. (See Part III, Section J, Exhibit 6A, Security Clearance Requirements).

D. A security clearance determination of whether an individual should be eligible for access to classified information is a process separate and distinct from the suitability determination and is conducted in accordance with DHS MD 11035, Industrial Security Program. For contractors processed in accordance with DHS MD 11035, the investigative standard for access to Secret classified information will be a MBI. The minimum investigative standard for access to Top Secret classified information will be a SSBI. Each designated employee must complete all applicable forms.

E. The Government will provide the Contractor with the appropriate personnel security questionnaire and fingerprint forms that are to be completed for each Contract security guard employee performing under this Contract, as well as the firm employees, who may, in the performance of this Contract, visit the work site.
F. Contract employees (to include applicants, temporaries, part-time and replacement employees) under the contract needing access to sensitive information shall undergo a position sensitivity analysis based on the duties each individual will perform on the contract. The results of the position sensitivity analysis shall identify the appropriate background investigation to be conducted. All background investigations will be processed through the Security Office. Prospective Contractor employees with adequate security clearances issued by the Defense Industrial Security Clearance Office (DISCO) may not be required to submit complete security packages, as the clearance issued by DISCO may be accepted. Prospective Contractor employees shall submit the following completed forms to the Security Office, through the COTR, no less than 30 days before the starting date of the Contract or 30 days prior to entry on duty of any employees, whether a replacement, addition, subcontractor employee, or vendor.

   a. Standard Form 85P, “Questionnaire for Public Trust Positions”
   b. Standard Form 85P-S, “Supplemental Questionnaire for Selected Positions”
   c. Lautenberg Amendment Statement (plus one copy)
   d. FD Form 258, “Fingerprint Card” (2 copies)
   e. Foreign National Relative or Associates Statements
   f. DHS 11000-9, “Disclosure and Authorization Pertaining to Consumer Reports Pursuant to the Fair Credit Reporting Act”
   g. Deleted
   h. “e-Verify” Confirmation Notice
   i. Contractor Information Worksheet

Required forms will be provided by DHS/ FPS at the time of award of the contract. Only complete packages will be accepted by the DHS/ FPS Contract Suitability Adjudication Program Office. Specific instructions on submission of packages will be provided upon award of the contract. Standard Form 85P, “Questionnaire for Public Trust Positions” Form will be submitted via e-QIP (electronic Questionnaires for Investigation Processing). (For the Electronic Submission process refer to Chap. 17.4C.1).

G. The Contractor is responsible for all costs associated with obtaining and renewing the applicable security clearances for each affected Contract employee. The costs should be factored into the offering prices, as they will not be itemized or paid for separately by the Government.

H. The Contractor is advised to only submit security packages on suitable prospective employees whose integrity, credit, and character will meet the security suitability
requirements of DHS. DHS will likely consider as being unsuitable prospective employees who fail to truthfully represent their credit history; who make no attempt to pay debts; and whose character could be questionable because of serious arrests, illegal drug use, or abuse of alcohol.

I. Unless an applicant/employee has resided in the U.S. for three of the past five years, the Government may not be able to complete a satisfactory background investigation. In such cases, DHS retains the right to deem an applicant/employee as ineligible due to insufficient background information.

18.2 Access To Classified Information (Contractor)

A. The DHS has determined that the performance of this Contract requires that the Contractor, subcontractor(s), vendor(s), etc., (herein known as Contractor) require(s) access to sensitive DHS information or classified National Security Information (herein known as classified information). Classified information is Government information that requires protection in accordance with Executive Order 12958, Classified National Security Information, and supplementing directives.

B. See Section J, Exhibit 6C, Security Suitability Requirements, for a determination of which, if any, Contractor facilities and Contractor personnel, including Contract Manager or Supervisor, assigned to this Contract are required to possess up to a TOP SECRET security clearance.

C. If access to classified information is required as identified in Section J, Exhibit 6C, the Contractor will abide by the requirements set forth in the DD Form 254, Contract Security Classification Specification, DHS MD 11035 (Industrial Security Program), and the National Industrial Security Program Operating Manual (NISPOM) for the protection of classified information at its cleared facility, if applicable, as directed by the Defense Security Service. If the Contractor has access to classified information at a DHS or other Government facility, it will abide by the requirements set by that agency. If these procedures are not properly followed by the Contractor, it will result in deductions from monthly invoices.

D. The Contractor and all applicable personnel shall be cleared pursuant to the Defense Industrial Security Regulations, or other applicable regulations. The Contractor shall hold as a minimum, interim facility clearance requirements subsequent to the official award date, and/or at least thirty- (30) days prior to the Contract start-up date.

E. Interim Personnel Clearance Level – Applicants for SECRET may be routinely granted a interim personnel clearance level as appropriate, provided there is not evidence of adverse information of material significance. The interim status will cease if results are favorable following completion of full investigation requirements. Non-U.S. citizens are not eligible for access to classified information on an interim basis.

F. If access to classified information is required as identified in Section J, Exhibit 6C, the Contractor must possess a TOP SECRET facility clearance consistent with the DHS MD
11035, Industrial Security Program prior to Contract award. If an uncleared firm is selected, DHS will sponsor the firm for the facility clearance. If the facility clearance is not issued within 180 days, DHS may terminate the Contract for the convenience of the Government.

18.3 Continued Eligibility

A. A contractor on whom unfavorable or derogatory information has been uncovered must be presented with the information and offered an opportunity to refute, explain, clarify, or mitigate the information in question. If a determination of ineligibility is made, the individual will be formally notified and informed of the reason(s). If a prospective employee is found to be ineligible for access to Government facilities or information, the COTR will advise the Contractor that the employee shall not continue to work or to be assigned to work under the Contract.

B. The Security Office may require drug screening for probable cause at any time and/or when the Contractor independently identifies circumstances where probable cause exists.

C. DHS reserves the right and prerogative to deny and/or restrict the facility and information access of any Contractor employee whose actions are in conflict with the standards of conduct, 5 CFR 2635 and 5 CFR 3801, or whom DHS determines to present a risk of compromising sensitive Government information to which he or she would have access under this Contract.

D. The Contractor will immediately report any adverse information coming to their attention concerning contract employees under the contract to the COTR. Reports based on rumor or innuendo should not be made. The subsequent termination of employment of an employee does not obviate the requirement to submit this report. The report shall include the employees’ name and social security number, along with the adverse information being reported.

E. The Contractor must notify the Security Office of all terminations/resignations within five (5) days of occurrence. The Contractor will return any expired DHS/FPS issued identification cards and building passes, or those of terminated employees to the COTR. When a controlled personnel identification system is used by a tenant agency at a site at which the Contract employee is assigned for duty, and the tenant agency provided the Contract employee with the necessary Government identification, the Contractor shall ensure that all Government identifications are returned to the issuing agency when employees are terminated or resign, or upon expiration of the Contract, whichever comes first. If an identification card or building pass is not available to be returned, a report must be submitted to the COTR, referencing the pass or card number, name of individual to whom issued, the last known location and disposition of the pass card.

19 Contractor’s Personnel Filing System

A. To minimize duplication of effort by the FPS and the Contractor, the Contractor shall maintain personnel files on-site for all employees who work under this Contract. Files shall
be maintained at the Contractor Manager’s office and will be made available to the COTR on a continuous basis. Each guard’s file must contain the following information:

1. Application for employment, including SF85P, FD 258, resume or detailed prior work history and references;

2. Results of all criminal history checks obtained by the Contractor;

3. Employment Eligibility Verification (e-Verify) Confirmation Notice;

4. A copy of DHS 11000-6 Non-Disclosure Agreement,

5. A copy of high school diploma, GED certificate, college transcripts, military records, or POST training completion;

6. Records of all basic and refresher training attendance and, where required, test scores;

7. Records of current firearms training and qualification scores, where required by the Contract;

8. Records of all successfully completed Government-provided training;

9. A copy of most recent CPR, First Aid, and AED certification card;

10. Results of all drug screenings administered (both pre- and post- employment);

11. A copy of the DHS certification card as required by the COTR;

12. A copy of all firearm licenses and certifications required by state and local regulations;

13. Records of guard’s suitability information (including date current suitability expires);

14. Copies of all complaints, investigations, and disciplinary actions taken by the Contractor against the employee for all infractions committed under the Contract;

15. A copy of all commendations, awards, letters, and other documents given to the employee as a result of work performed under this Contract; and

16. A copy of any National Security Information clearance issued, where required by this Contract (i.e., Secret/Top Secret).

17. To comply with the Health Insurance Portability & Accountability Act (HIPAA), the Medical Evaluation (SF-78) may be filed separately by the Contractor.
B. The CO or COTR shall have the express authority to review any Contract employee’s file at any time during the course of the Contract. The Contractor shall maintain all personnel files for a minimum of five (5) years after Contract closeout (upon receipt of release of claims).

C. The CO or COTR can request, at any time during the course of the Contract, a spreadsheet or other tracking system (either in paper form or in electronic form) that clearly details the status of all Contract employees pertaining to Contract requirements.

D. The Contractor may maintain either a hard-copy (paper) file or a computerized system containing all the information required above. However, if the Contractor uses a computerized filing system, all forms must be scanned into the computer and must be legible.

E. False statements, certification, or falsification of any documents required in this Contract by the Contractor, Contract Manager, or any Contract employee shall be punishable under US Code Title 18, Chapter 47, Section 1001, Fraud and False Statements. Additionally, the Government may initiate investigations by its Office of Inspector General or the regional FPS Criminal Investigations Branch, may initiate debarment proceedings, and/or may take Contractual remedies, up to and including termination for default. Under no circumstances whatsoever will the Government tolerate falsification of required documents.

20 Performance Evaluations

A. The CO and/or COTR shall meet with the Contractor (either in person or via teleconference) on a regular basis, but not less than annually.

B. The Government shall formally evaluate, in writing, the Contractor’s performance at least once per year. Whenever possible, the Government shall give the Contractor the opportunity to correct any identified problems/deficiencies prior to a written performance evaluation being given. The Contractor shall be permitted to respond, in writing, to the findings of the performance evaluation. Both the performance evaluation and the Contractor’s response shall be filed in the Contract file. Where the Contractor fails to respond in writing to a performance evaluation, the CO shall assume the Contractor’s complete concurrence with the findings of the performance evaluation. The CO and/or COTR shall meet with the Contractor prior to all performance evaluations to discuss the results of the Government’s quality control findings and the overall performance of the Contract by the Contractor.

C. The Government shall use the performance evaluations as a factor to determine whether to exercise any available option period and/or as a factor to determine whether to award any future Contract(s) to the Contractor.

The Instructor shall use his/her expertise in evaluating the class’s progress in comprehending and applying the concepts and materials taught. There may be some fluctuation in the actual time covered for each subject, but under no circumstances shall the Instructor provide less than 40 hours of training. It is also incumbent upon the Instructor to notify the Contractor of instances where students are not adequately mastering the subject matter or are presenting a disruption to the class by repeated lateness, absences, or disrespectful behavior, such as sleeping or talking while instruction is being given. Such behavior indicates that the student may not be suitable for holding a position as a security guard at a Federal facility.

**TOTAL ESTIMATED PRICE (ORDERING YEAR 5)** $11,130,533.60
I. SCHEDULE OF SERVICES

01. DESCRIPTION OF SERVICES

The Contractor shall furnish professional security services, defined in the statement of work and contract exhibits, as guard services and related duties, at federally owned and leased facilities protected by the Federal Protective Service at various locations primarily located in but not limited to, throughout upstate New York. In furnishing these services, the Contractor shall provide all necessary management, supervision, personnel, materials, supplies and equipment except as otherwise indicated, and shall plan, schedule, coordinate and ensure effective performance of, and conformance to, all aspects of the statement of work contained herein.

02. CONTRACT TYPE

Services shall be furnished via Blanket Purchase Agreement (BPA) with fixed hourly rates issued against GSA Federal Supply Schedule (FSS) Contract 084. Resultant calls under this BPA will be firm fixed price type.

03. ESTIMATED QUANTITIES

The attached Post Coverage Exhibits provide the basis for the Estimated Quantities of Guard Coverage included on this Pricing Schedule. These Exhibits reflect the current recurring coverage in the described areas and are provided for estimating purposes only and will be subject to changes reflected in the actual orders issued and modifications thereto. BPA holders will be paid only for services ordered and performed at the established hourly rates. The Government has the unilateral right to add, decrease, cancel, or modify services stated in each task order issued at the established unit prices, as long as the change is within the scope of the BPA and the task order.

04. PRICES

A. Department of Labor (DOL) Wage Determination (WD) and/ or Collective Bargaining Agreement (CBA)

1. The minimum wage rates and fringe benefits applicable to the Blanket Purchase Agreement (BPA) are outlined in the Department of Labor (DOL) prevailing wage determinations and/or Collective Bargaining Agreement (CBA) incorporated into the BPA.

2. The applicable job classification under this request for quotes is: Guard II. This classification reflects the minimum wage rates that the Contractor must pay to all employees working under the order. The Contractor shall also be responsible for complying with all other requirements of the wage determination, including all fringe benefits, such as vacations, holidays, uniform allowances, etc.

B. Contingency Pricing

1. Contractors must not include contingency allowances to cover increased costs for which adjustments are provided under Federal Acquisition Regulation
2. In addition to increases to wages and fringe benefits prescribed by a revised wage determination, including fringe benefits specifically called out in a collective bargaining agreement, FPS may consider increases to other direct costs brought about by the contractor’s cost of compliance with the terms of a revised wage determination (i.e. Industrial Funding Fee (IFF)). Any price adjustment request associated with such other direct cost(s) must be supported by documentation demonstrating that a contingency covering an increase to the subject cost(s) was not included in the contractor’s price proposal accepted by the Government at time of award.

3. For cost/price factors that are subject to variation, but are not subject to adjustment under the provisions above, contractors may factor in contingency allowances.

C. Definitions

1. Basic Services (ALT) – Basic services are the permanent ongoing services specified in the post orders and included in the call(s) at time of award or added through modification. For this requirement basic services are designated as either productive or supervisory. The Contractor shall be compensated according to the corresponding rates set forth in the pricing schedule.

2. Temporary Additional Services - During the term of the Contract, the Government may have requirements for temporary additional services (TAS) beyond the basic requirements. Due to the nature of these services, the Contractor may be required to provide them with little advance notice. In such circumstances, the Contractor shall be compensated using the TAS Rates for any temporary additional services performed within 72 hours of the notification to initiate such service. The Contractor will be compensated at the Basic Service Rate for any such services performed after the 72-hour notification period.

   a. In the event other agencies contact the Contractor to request Temporary Additional Services under this contract, the Contractor shall notify the FPS COTR and Contracting Officer immediately.

   b. This Temporary Additional Service provision is intended to satisfy the Government’s short term, non-recurring needs for service. Should a continuing need for additional service arise, a contract modification will be issued by the government to provide for those services as permanent post locations.

3. Emergency Guard Services - Emergency Guard Services are those services required to safeguard federal employees, visitors, property and temporary facilities during disaster declarations and other emergency situations as determined by the contracting officer. They may include large and small-scale deployments, short and long-term emergency situations, i.e. manmade and natural disasters & FEMA projects. The requirements under the “Emergency Guard Service” Contract Line Item Number (CLIN) shall be ordered for anywhere in the geographic area covered under this Contract with little, if any, advance notice. The hourly rate for this “emergency guard service” CLIN shall be
inclusive of any and all costs (e.g. travel costs) directly related to or incidental to providing service at locations to be specified when ordered. There will be no "phase-in" period for these requirements. The requirements ordered under the “Emergency Guard Service” CLIN will be limited to 120 days of service. Thereafter, provided notice is provided within 30 days before the expiration of the emergency guard service task order, any continuing long term requirements for those same post/locations shall be ordered at the regular hourly rates specified for fixed posts/facilities within the contract.

Note: Requests for all services listed above must come from the Federal Protective Service Contracting Officer or his authorized representative.

II. PACKING AND MARKING

01. PAYMENT OF POSTAGE AND FEES

All postage and fees related to submitting information, including forms, reports, etc., to the Contracting Officer or the Contracting Officer's Technical Representative shall be paid by the Contractor.

02. MARKING

All information submitted to the Contracting Officer or the Contracting Officer's Technical Representative shall clearly indicate the BPA and call number for which the information is being submitted.

III. INSPECTION AND ACCEPTANCE

01. CONTRACTOR’S RESPONSIBILITY

The Contractor shall provide for all day-to-day supervision, inspection and monitoring of all work performed to ensure compliance with the BPA requirements. The results of inspections conducted shall be documented in an inspection report for submission to the Government. The Contractor shall follow through to assure that all Government and Contractor identified defects or omissions in the BPA requirements are corrected.

IV. DELIVERIES OR PERFORMANCE

01. TERM OF CONTRACT

Performance will commence on the first day of the third month following BPA award. The full term of the BPA will be five (5) years with a base ordering period of one year and four additional ordering periods of one year, each with fixed unit prices as quoted on the Pricing Schedule. The base ordering period shall begin approximately 60 days after BPA award to allow for contractor phase-in. The Contractor shall be given notice to proceed on issued individual calls against the BPA and shall provide all contractual services, subject to the availability of appropriations if applicable, (see the Clause FAR 52.232-18, “Availability of Funds” (APR 1984)), throughout the term of the BPA.
Performance required during the dates specified below may be ordered by issuing a call under the appropriate Ordering Period. Note that these dates may be modified based on the actual BPA award date. Work under this BPA is expected to commence on or about October 1, 2009. Performance periods shall be as follows:

- Base Ordering Period: (12/01/2009 through 11/30/2010)
- Additional Ordering Period 1: (12/01/2010 through 11/30/2011)
- Additional Ordering Period 2: (12/01/2011 through 11/30/2012)
- Additional Ordering Period 3: (12/01/2012 through 11/30/2013)
- Additional Ordering Period 4: (12/01/2013 through 11/30/2014)

02. OPTION TO EXTEND SERVICES

If it is determined by the Government that, for administrative, technical, legal, or other reasons, award of a successor contract cannot be made on a timely basis, the Government shall have the unilateral option of extending the services of this BPA. Such notice of intent to extend service shall be given to the Contractor in writing at the earliest possible time, but not less than 15 days prior to the BPA expiration date (see FAR clause 52.217-8, “Option to Extend Services” contained within the BPA). It is understood that exercise of this option will be only for sufficient time to complete award and/or give notice to proceed to the follow-on Contractor and that extension of service shall in no event exceed six months. The prices to be paid during the extension period shall be established solely in accordance with FAR clause 52.222-43, “Fair Labor Standards Act and Service Contract Act—Price Adjustment (Multiple Year and Option Contracts)”, contained within the BPA.

V. CONTRACT ADMINISTRATION DATA

01. SUBMISSION OF INVOICES - Invoices shall be submitted via one of the following three methods:

   A. By mail:

      DHS, ICE
      Burlington Finance Center
      P.O. Box 1279
      Williston, VT 05495-1279
      Attn: FPS Region 2 Invoice

   B. By facsimile (fax): (include a cover sheet with point of contact & # of pages)

      802-288-7658

   C. By e-mail:

      Invoice.Consolidation@dhs.gov

Invoices submitted by other than these three methods will not be processed and will be returned. In addition to the information required for a proper invoice as identified in FAR 52.212-4 (g)(1), Contract Terms and Conditions – Commercial Items, (OCT 2003), the
contractor shall annotate “FPS Region 2” on the face of each invoice. Failure to comply with these submission requirements will result in rejection of the invoice.

02. PAYMENTS

A. Payment will be made on a calendar month basis in arrears upon submission of an invoice. Payment will be due on the 30th calendar day after receipt of a proper invoice or date of receipt of services, whichever is later.

B. It is the objective of the Government to obtain complete and satisfactory performance in accordance with the terms of specifications and requirements of this BPA. The criteria for deductions and adjustments below will be used by the Government in determining monetary deductions for nonperformance of work under this BPA and for adjustments for deficiencies in the performance of work. In no event shall contractor invoice or the Government be obligated to pay for any hours in excess of the amount identified within a BPA (inclusive of all modifications).

C. The Contractor is responsible for submitting accurate invoices that reflect the actual services provided each month. Where there are variances between the requirements cited in the call(s) and the work actually performed (e.g., unmanned posts), the Contractor shall attach a separate sheet to the invoice detailing each instance of a variance. The Contractor shall compute the invoice price to reflect the actual amount owed. Repeated substantiated errors in invoicing may adversely affect the performance evaluations assigned during the pendency of the BPA. Submission of false invoices shall be subject to contractual and legal actions.

D. To verify the monthly payment for productive man-hours, the Contracting Officer’s designated representative may compare the man-hours required in the call with the DHS Form 139, Record of Time of Arrival and Departure from Buildings, or other approved sign-in/sign-out form. The Government may perform a 100% comparison or sampled comparison to verify the accuracy of the Contractor’s invoice. The Government will only pay for services actually rendered by the Contractor and funded on the call. If variances are noted between the invoice and the DHS Form 139, the Government will propose a price deduction. For example, if the call required that a post be manned for 12 hours, and the Contractor billed for 12 hours, but the DHS Form 139 shows that post was manned for 10 hours, the 10 hours will prevail and the Government will deduct the difference.

Any inquiries regarding payment shall be directed to the COTR and/or CO.

03. ADJUSTING PAYMENTS FOR CONTRACTOR PERFORMANCE

A. Deductions for Failure to Provide Man-hours

1. To compute man-hour deductions the Contracting Officer’s Representative will compare the man-hours reported by the Contractor with the DHS Form 139, Record of Time of Arrival and Departure from Buildings, or other approved Sign-in/Sign-out forms.

2. Reduction at Post – In the event that posted guards were released or were not required to report due to weather closure, Presidential declared holiday, or similar unforeseen occurrence, payments will be made only for the hours actually worked.
3. In the event the Contractor reports more hours than are reflected on the DHS Form 139, or any other approved Sign-in/Sign-out form, the approved form will prevail. For example: If the weekly report submitted by the Contractor indicates that an employee worked 8 hours and the sign-in/sign-out form shows that employee as having been in the building 5 hours, the 5 hours will prevail and a deduction will be taken for the 3 hours not furnished. In the event the Contractor, for any reason whatsoever, fails to provide the manpower specified for labor, deductions will be made at the current base hourly rate.

4. In accordance with SOW, paragraph 5.2.C, the Government may also assess price deductions for each post hour where services are not rendered according to the provisions of the contract (e.g. guard on post but not properly equipped; guard on post with expired certifications, etc.)

B. Contractor Use of DHS Form 139, or Approved Alternate

The Contractor shall maintain, on a daily basis, all applicable DHS Form 139’s, or approved alternate, to document personnel attendance. The original copy must be maintained at a location accessible to the COTR or designee. The Contractor shall incorporate and certify that the data contained on the approved sign-in form is accurate, complete and in agreement with the hours presented on their invoice. (Facsimile copies of completed DHS Form 139’s may not be used for this purpose.)

04. THE ROLE OF GOVERNMENT PERSONNEL AND RESPONSIBILITY FOR CONTRACT ADMINISTRATION

A. Contracting Officer (CO)

1. The CO for this RFQ and resultant award is: Margaret Flanagan

2. Administrative Contracting Officer(s) will be assigned after award of the order.

3. The CO has the overall responsibility for the administration of the BPA. The CO alone is authorized to take action on behalf of the Government to amend, modify or deviate from the BPA’s terms and conditions; make final decisions on unsatisfactory performance; terminate the BPA order for convenience or cause; and issue final decisions regarding questions or matters under dispute. The CO may delegate certain other responsibilities to an authorized representative.

B. Contracting Officer’s Technical Representative (COTR)

1. The COTR for the order is: Robert Soden

2. The COTR is designated to assist the CO in the discharge of his or her responsibilities when he or she is unable to be directly in touch with the BPA Call work. In the event that the COTR is absent or unavailable, another COTR Alternate will be designated. The responsibilities of the COTR and his/her alternate include, but are not limited to: determining the adequacy of performance by the Contractor in accordance with the terms and conditions of the BPA, acting as the Government’s representative in charge of work at the site(s); ensuring compliance with the BPA requirements insofar as the actual
performance is concerned; advising the Contractor of proposed deductions for non-performance or unsatisfactory performance; and advising the CO of any factors which may cause delay in the performance of work.

3. After award of the BPA or call, the CO will issue a written Delegation of Authority memorandum to the COTR that details the scope of duties the COTR is authorized to perform and manage. The COTR shall not make any decisions regarding the performance of the work under the call except as outlined in the memorandum. A copy of the memorandum shall be sent to the Contractor.

4. The Contractor shall immediately notify the CO in the event the COTR directs the Contractor to perform work that the Contractor believes is not part of the BPA or the COTR assumes duties not designated in the memorandum. The CO will then make a determination as to the issue and respond to all affected parties in the most appropriate manner deemed necessary.

VI. CONTRACT CLAUSES

In addition to the contract clauses in the General Services Administration’s Schedule 84 (Solicitation: 7FCI-L3-030084-B Refresh 5), the following clauses from the Federal Acquisition Regulation (FAR) and Homeland Security Acquisition Regulation (HSAR) are incorporated into this BPA.

01. FAR 52.252-2, CLAUSES INCORPORATED BY REFERENCE (FEB 1998):

This BPA incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this address: http://www.arnet.gov/far

PREAMBLE - This Agreement is entered into this 1ST day of October, 2009, by and between THE WACKENHUT CORPORATION, hereinafter referred to as the "COMPANY" or the "EMPLOYER", at their operations at all federal sites, as such sites existed on June 16, 1997 and thereafter, in the state of New York under government contract for protective services, the UNITED FEDERATION OF SPECIAL POLICE & SECURITY OFFICERS, INC. and its affiliated LOCAL 618, hereinafter referred to as the "UNION", as sole and exclusive representative for collective bargaining for the employees covered by this Agreement.

ARTICLE 1 - SCOPE AND PURPOSE OF AGREEMENT

Section 1.1 - It is the intent and purpose of the parties hereto that this Agreement shall serve to establish and maintain harmonious labor relations between the COMPANY and the UNION and to set the rates of pay, wages, hours of work and the other terms and conditions of employment of Employees as stated by this Agreement.

Section 1.2 - The COMPANY recognizes the UNION as the collective bargaining representative for all hourly regular full-time and regular part-time security officers performing guard duties as defined in Section 9(b)(3) of the National Labor Relations Act, employed at Federal sites located in New York State, under Solicitation GS02P03CID2001, excluding office clerical employees, professional employees and supervisors as defined in the Act and all other employees at all Federal sites in the State of New York as such sites existed on June 27, 1997 and thereafter.

ARTICLE 2 - MANAGEMENT RIGHTS

Section 2.1 - Except as specifically limited, abridged or modified by a specific provision of this Agreement the Employer retains the full right and authority to administer and/or manage the Company’s business, in the direction of the working force; the right to plan, direct, expand, reduce and control operations; to hire, to assign, to suspend, to discipline or to discharge for just cause, to relieve employees from duty because of lack of work or at client’s request. In the event the client refuses to make such request in writing, the COMPANY shall acknowledge, in writing, the fact that the employee has been denied access to the site. The right to introduce any new methods and to make such reasonable rules and regulations as may be necessary for the successful operation of the company.

ARTICLE 3 - STRIKES AND LOCKOUTS

Since the COMPANY is responsible for continuous, uninterrupted and efficient twenty-four (24) hour per day security service and in accordance with the no-strike-no-lockout pledge requested by Presidential Executive Order 10946 concerning Federal Government sites, the UNION and the Employees agree to perform loyal and efficient work and service on a continuous, uninterrupted basis and shall use their best efforts to achieve the objectives of the government contract. UNION, under this Agreement, is required to represent all of the Employees in the bargaining unit
fairly and equally without regard to whether or not an Employee is a member of the UNION. The
terms of this Agreement have been made for all Employees in the bargaining unit, and not just for
UNION members. Accordingly, it is fair and just that each Employee(s) in the bargaining unit is to
pay a fair and equal share of the obligations along with the grant of equal benefits contained in this
Agreement.

Accordingly, all Employees on the active payroll as of the date of execution of this Agreement,
who elect to not become members of the UNION, shall have payroll deducted each pay period a

the bargaining unit who are members of the UNION, which shall be limited to an amount of money
equal to the UNION’S regular and usual dues.

Section 4.3 - All Employees hired after the date of execution of this Agreement, may become
members of the UNION no later than the thirty first (31st) day following the beginning of such
employment by providing the EMPLOYER with a completed UNION dues deduction authorization
form. Such newly hired Employees who elect to not join the UNION shall have payroll deducted the
maintenance fee as provided for in Section 4.2 of this Agreement.

Section 4.4 - For the purposes of this Article, an Employee shall be considered in good standing with
the UNION if he/she tenders his/her periodic payroll deducted dues uniformly required as a condition
of membership, or has payroll deducted a maintenance fee as provided for in Section 4.2 of this
Agreement.

Section 4.5 - An Employee who has failed to maintain good standing with the UNION as required by
this Article, shall be discharged if the required dues and initiation fee (for members), or maintenance
fee (for non-members), have not been tendered.

Section 4.6 - The EMPLOYER shall deduct from the wages due each Employee each pay period,
starting not earlier than the first pay period following the completion of the Employee’s thirty first (31st)
day of employment, and remit to the UNION regular weekly dues and initiation fees, as fixed by the
UNION. Employees who have elected not to join the UNION, shall have deducted from their wages
each pay period a maintenance fee, equal to the amount of dues deducted from the wages of UNION
members.
Section 4.7 - The EMPLOYER shall be relieved from making such check-off deductions upon (a) termination of employment, or (b) transfer to a job other than one covered by the bargaining unit, or (c) layoff from work, or (d) an agreed leave of absence.

Section 4.8 - The EMPLOYER shall not be obliged to make dues deductions of any kind, or maintenance fee deductions, from any Employee who, during any payroll period involved, shall have failed to receive sufficient wages to equal the dues deductions or maintenance fee.

Section 4.9 – Once a month, the EMPLOYER shall remit to the UNION all deductions for dues and/or maintenance fees made from the wages of Employees for the preceding month, together with a list of all Employees from whom dues and/or maintenance fees have been deducted.

Section 4.10 - The EMPLOYER agrees to furnish the UNION each month with the names of newly hired Employees, their addresses, their dates of birth, their dates of hire, and names of terminated Employees, together with their dates of termination, and names of Employees on leave of absence.

Section 4.11 - It is specifically agreed that the EMPLOYER assumes no obligation, financial or otherwise, arising out of the provisions of this Article, and the UNION hereby agrees that it will indemnify and hold the EMPLOYER harmless from any claims, actions or proceedings by any Employee arising from deductions made by the EMPLOYER hereunder. Once the funds are remitted to the UNION, their disposition thereafter shall be the sole and exclusive obligation and responsibility of the UNION.

ARTICLE 5 - GRIEVANCE AND ARBITRATION PROCEDURE

Section 5.1 - For the purpose of this Agreement, a grievance is defined as a written statement signed by an individual Employee, or by the UNION, claiming a violation of the terms of this Agreement or a difference arising between the COMPANY and an individual Employee or a number of individual Employees as to the interpretation or application of any of the terms of this Agreement, including discharge and disciplinary suspension.

Grievances shall be settled promptly in the following manner, and if the time limits contained therein are not followed, the grievance shall be considered void. No waiver of such time limits shall be effective unless reduced to writing, nor shall such waiver be deemed precedent. The parties may mutually agree to expedite the procedures in the Steps below:

Step 1 – Any Employee or the Union Representative having a complaint or grievance under this Agreement shall file in writing his grievance with the employees immediate supervisor and with his Union Representative. The aggrieved Employee or his UNION Representative shall discuss the grievance with the aggrieved Employee's immediate supervisor no later than ten (10) workdays after such occurrence is discovered by the Employee or should have reasonably been discovered by the Employee.

Step 2 - If the matter is not resolved by the aggrieved Employee's immediate supervisor then the complaint or grievance shall be reduced to writing and signed by the aggrieved Employee and/or the Union Representative and submitted in duplicate to the Contract Manager within ten (10) workdays of the written response of the supervisor. Within ten (10) workdays from the receipt of such written grievance or complaint, the Contract Manager shall submit his answer in writing to the aggrieved Employee and the Union Representative. If the Contract Manager does not respond the grievance is deemed denied.
Step 3 – If the matter is not resolved in Step 2, the UNION may request arbitration in the following manner:

Within twenty (20) days after the rejection of the grievance by the Contract Manager or his designee, the parties may request the Federal Mediation and Conciliation Service to mediate the grievance. If mediation fails to resolve the grievance then the parties shall have ten (10) days to move the grievance to arbitration, by requesting a list of seven (7) arbitrators from Federal Mediation and Conciliation Service, from which the parties may select an arbitrator. All discharges will go directly to mediation within twenty (20) days of the rejection of the grievance by the contract manager. All discharges, resulting from a request for removal by the client may be mediated, but are not eligible for arbitration.

Section 5.2 - The arbitrator shall have no power to add to, subtract from or modify any of the terms of the Agreement or any supplementary agreement, nor shall the arbitrator substitute his judgment for that of the established rules of the EMPLOYER and the Client in matters of discipline or termination. The arbitrator’s decision shall be based exclusively on evidence presented at the arbitration hearing.

Section 5.3 - The decision of the arbitrator shall be final and binding on both parties. Each party shall bear its own expense, including any witness expense, in presenting its case to the arbitrator. The parties shall share equally the fees and expenses of the arbitrator. A qualified reporter may record the minutes of any arbitration case if either party so requests. The party requesting that the minutes be recorded shall pay the cost of the recording of said reporter, plus the cost of a copy of the minutes, if requested. If the other party desires a copy of the minutes so recorded, he shall purchase such at his own expense and pay half of the reporter’s cost.

Section 5.4 - For the purpose of this Article, Saturdays, Sundays and holidays shall be excluded in computing time periods.

Section 5.5 - It is a specific condition precedent to the processing of grievances that the time limits specified herein shall be strictly complied with and are jurisdictional unless waived mutually by the UNION and the COMPANY in writing. Therefore, any grievance not originated and processed within the time limited and manner provided herein shall be considered settled on the basis of the decision which was not appealed and the matter closed and final and binding on all parties.

ARTICLE 6 - SENIORITY

Section 6.1 – Seniority shall be defined as follows:

COMPANY SENIORITY is defined as the length of time, from the first day a shift was worked on this contract an Employee has been continuously employed by the EMPLOYER, and any previous employers who held the GSA contract for service, as a full or part time employee under this GSA contract. COMPANY SENIORITY will count toward vacation pay, holiday pay, experience and/or longevity pay, medical and pension (401k) payments and any other benefits as set forth in Article 16 of this Agreement.

BARGAINING UNIT SENIORITY is defined as the length of time an Employee has been employed in a position included in the bargaining unit in this Agreement. BARGAINING UNIT SENIORITY is limited to the geographical region in which the employee works and will count toward post bids, schedule bids, shift bids, vacation and holiday bids. All such bids are within the geographical regions of employment as defined in this Agreement.
Section 6.2 - The last four digits of the employee’s social security number (highest number is most senior) will determine Seniority for Employees starting work on the same day.

Section 6.3 - Regularly scheduled part-time Employees will have the same seniority rights as the full-time Employees, except where provided elsewhere in this Agreement.

Section 6.4 – Any new hire Employee shall be deemed to be on Probation for a period of one hundred twenty (120) calendar days from the first day worked on a post. After s/he has worked such a period, the Employee shall gain seniority status as set forth in Section 6.1 of this Agreement. The Employee shall express to the COMPANY his/her intent to return to work not more than three weeks after notice is sent by the COMPANY; thereafter, the Employee will have a maximum of one week in which to report for duty. B. Employees shall be permitted to bid for assignments based on Company seniority for any new opening in any existing or new site within the Employee's geographical region of employment.

I. An employee clearance with the client is terminated.

J. An employee is permanently removed from working on the contract by the client.

If an Employee has a question regarding his seniority date, he will advise the COMPANY in writing of what he feels is his correct seniority date. The COMPANY will check their records, if they agree or disagree with the Employee's date, they will so notify the Employee. APPENDIX B

Memorandum of Clarification of Sick Leave Pay, Uniform Maintenance, Vacation

The parties hereto agree to the following clarification of provisions of this Agreement:

Full-time Employees, defined as those Employees who are normally scheduled to work a forty-hour work week (which equates to 2080 work hours per year) shall receive the maximum amount of sick leave pay, uniform maintenance reimbursement and vacation leave pay, subject to the benefit caps as provided for herein.

Part-time Employees, defined as those Employees who work less than forty hours per week, shall receive a pro-rated portion of the maximum amount (subject to the benefit caps as provided herein) of sick leave pay, uniform maintenance allowance and vacation leave pay. Such pro-rated portion shall be the percentage of 2080 annual hours that the part-time Employee is worked.

1. Article 11, Bereavement and Other Leaves - Section 11.8

   Sick Leave

   Full-time Employees: Each full-time Employee shall receive four (4) paid sick leave days per year. Sick leave is accrued at the rate of one (1) day every three months. At the end of the contract year, all accrued sick leave pay not paid during the course of the year shall be paid to the Employee. If an Employee takes a sick leave day on a normally scheduled work day, he/she may submit a timely written request to receive the sick leave pay on the same pay period it was taken. For example, if an Employee takes a sick leave day on the 10th of January, by submitting a request form the Employee may receive the sick pay on the 1st of February with the paycheck for the period January 1 thru January 15.

   Part-time Employees: Part-time Employees shall receive a pro-rated portion of four sick leave days (32 work hours) per year, and may request payment as above for such accrued hours.

2. Article 10, Vacation - Section 10.2

   Vacation Leave

   Vacation leave must be taken in increments of a full week, unless otherwise authorized in writing. Employees eligible for more than two weeks of vacation leave may take a maximum of two weeks at one time, unless written authorization is received at least six weeks in advance. One week of any third and/or fourth weeks of vacation entitlement may be taken in one day increments with prior approval of the Employee's manager.
Vacation accrual is based on regularly scheduled work hours and is not affected by authorized unpaid leaves of absence of less than thirty days. Over thirty days of unpaid leaves of absence in any one year will reduce vacation entitlement.

If a company-paid holiday falls during a scheduled vacation period, the Employee shall be entitled to an additional day of vacation, or pay for the holiday, whichever the Employee prefers.

Full-time Employees: Vacation leave for full-time Employees is accrued monthly at the rate of 1/12 of the Employee's annual vacation entitlement, i.e., an Employee with five years or more of service entitled to 160 hours (4 weeks) of vacation a year will accrue vacation at the rate of 13.33 hours per month worked, which amounts to 40 hours (1 week) every 3 months.

Part-time Employees: Vacation leave for part-time Employees shall be the pro-rated share of the vacation entitlement of a full-time Employee with the same number of years employed, and is accrued monthly at the rate of 1/12 of the Employee's annual vacation entitlement.

For example, a part-time Employee with four years of service, who is regularly scheduled to work 30 hours per week, shall be entitled to 90 hours of vacation leave per year, accrued at the rate of 7.5 vacation days per month, which is calculated as follows:

- Full-time Employee with 4 years service is entitled to 3 weeks vacation.

  30 hours per week times 52 weeks = 1560 hours per year

  1560 divided by 2080 (full-time hours) = 75%

  75% of 120 hours (3 weeks vacation full-time entitlement) = 90 hours

  90 hours leave per year divided by 12 = 7.5 hours accrued per month

1.2 **General Information**

A. This is a Statement of Work (SOW) for Department of Homeland Security (DHS) Federal Protective Service (FPS) Solicitation/Contract number HSCEE2-09-Q-00004.

B. As an integral component of the FPS security effort, the Contractor shall provide and maintain all management, supervision, manpower, training, equipment, supplies, licenses, permits, certificates, insurance, pre-employment screenings, reports, and files necessary to accomplish security guard services as described and required in this SOW. The Contractor shall perform to the standards required in this Contract and will be expected to work closely with FPS representatives throughout the duration of the Contract.

C. Where the Government identifies and references specific Solicitation/Contract Section numbers, that reference refers to that Section **in its entirety**, including every subsection having the same number prefix. For example, a reference to the requirements of this SOW
under Section 6, includes all of Section 6 through the last subsection identified with a prefix of “6.”

1.3 Information Regarding FPS

A. FPS is the security and law enforcement component of the Department of Homeland Security, Immigration and Customs Enforcement. FPS is responsible for protecting federally owned or leased facilities. FPS’s mission is to provide a safe environment in which Federal agencies conduct their business without fear of violence, crime or disorder.

B. Contract security guards have a crucial and highly visible role in support of FPS’s mission. They are usually the first (and sometimes only) contact visitors have with the Federal community, and they are usually the first line of defense in a federally controlled facility. Visitors and federal employees perceive the contract Security Guards to be an integral part of the FPS mission. It is crucial that the Contractor ensure that their employees realize the importance of their role, and perform their duties courteously and professionally at all times.

2 Contract Transition

2.1 Phase –In

A. A smooth and orderly transition between the Contractor and the predecessor Contractor is necessary to assure minimum disruption to vital Contractor services and Government activities.

B. The Contractor shall not disrupt official Government business or in any way interfere with the assigned duties of the predecessor Contractor’s employees. The Contractor may notify the predecessor Contractor’s employees that the Contractor will be assuming services upon the Contract start date and may distribute business cards, employment applications, brochures, and other company information to the predecessor Contractor’s employees while they are on duty, provided that there is no interference with the Contract employee’s assigned duties (e.g., during “off hours” or during relief or lunch breaks). However, the Contractor shall not interview, recruit, schedule interviews, or conduct extensive discussions with the predecessor Contractor’s employees while they are on duty.

C. The Contractor shall provide a transition plan within 5 working days after contract award. The transition plan shall include at a minimum all preliminary licensing and certifications required to initiate performance; process for transitioning predecessor employees; recruitment of new employees; and, timeline showing procurement of required equipment and uniforms. The Plan shall address:

1. A strategy for implementing supervisory functions,
2. The process for transitioning predecessor employees,
3. Equipment inventory (radio & phone) and maintenance plan,
4. Weapons Inventory and employee assignment
5. Communication plan.
6. Relief and break plan,
7. A plan for establishing a reserve force and the current status of staffing levels,
8. A progress report on obtaining permits, licenses, and registrations,
9. A status report on submitting applications for personnel clearances,
10. A strategy for training including schedules, locations, coordinating with FPS monitors, and class staffing levels.

D. The government will allow a maximum of 60-day start up from the time of the award of the base task order to the initial start of performance.

2.2 Phase-Out of Contract and Continuity of Services

A. The contractor shall provide a list with the total number of employees and their names performing on the Contract with any applicable suitability and certification expiration dates when requested by the CO in preparation for a new solicitation for follow-on services. Prior to Contract expiration and after a follow-on contract is awarded, the Contractor shall exercise its best efforts and cooperation to effect an orderly and efficient transition to a successor contractor.

B. After a new Contract is awarded, the Contractor shall disclose necessary personnel records sufficient to allow the successor Contractor to conduct interviews for possible transition (if the Contractor is not awarded the successor Contract). These records shall be provided to the successor at least 45 days prior to date of Contract expiration. If any incumbent employees are selected by the successor and are agreeable to the change, the incumbent Contractor should cooperate to grant the employees release at a mutually agreed date.

C. As part of the closeout process, the Contractor shall, within 30 days of the final day of performance, turn over all incumbent officer training, medical, suitability and security records to the successor contractor as stated in paragraph 19A, 1 thru 17. Failure to do so shall result in a 10% withholding of final payment until this action is accomplished.

2.3 Conferences and Meetings

A. Immediately after award of the Contract and prior to the Contractor’s performance at the work site(s), the CO shall notify the Contractor, and the Contracting Officer’s Technical Representative (COTR) to schedule a pre-performance meeting that includes an in-depth review of the total Contract requirements and a review of the Contractor’s Transition Plan.

B. During the performance of the Contract, the CO, COTR, and the Contractor shall meet annually or on an as-needed basis to discuss all relevant Contract issues. A mutual effort will be made to resolve all problems identified. The Contractor and the CO shall sign the written minutes of these meetings, which will be prepared by the Contractor and incorporated into the Contract file. Should the Government not concur with the minutes, the Government shall state, in writing, any areas of clarification or disagreement within 5 days after receipt of the meeting minutes. Those comments shall be included with the report in the Contract file.
3 Authority and Jurisdiction, Permits, Licenses, and Adherence to Laws

The Contractor shall provide an updated record to the Government upon request of the CO or COTR. The Contractor shall not be reimbursed for services rendered by a Security Guard lacking appropriate permits and certifications.

E. The Contractor must pay all costs and fees associated with applying for, receiving, and maintaining all such permits and licenses throughout the term of the Contract. The costs associated with this requirement must be factored into the Contractor’s hourly rate, as they will not be itemized or paid for separately by the Government.
F. Where Contract employees are required by law to individually apply for licenses and/or permits, and a fee is required by the licensing agency, the Contractor shall reimburse the employee for all costs and fees associated with obtaining the required license/permit.

G. Armed security guards shall carry their firearm license/permits (and, where legally required, their concealed weapons permits) on their person while on duty, unless local or state law requires the Contractor to maintain the records. Failure by an armed security guard to carry a valid firearm certificate or permit while on duty shall result in the security guard being removed from the armed post until the certificate or permit is obtained.

H. All armed guards shall carry permit or proper state certification to carry weapons off site. Guards must have the ability to travel to and from their duty station with their weapons.

I. The CO, COTR and all other authorized Government personnel shall have the express authority to examine these documents upon request, at any time, during the duration of this Contract.

The Contractor shall immediately notify the Designated Government Official or Prime Tenant Agency, as applicable, of action taken, and shall immediately contact the FPS MegaCenter to report the same information. No additional cost shall be charged the Government for the diversion, and the Contractor shall not be penalized for the normal daily work not completed which was otherwise scheduled. Incidents of this nature shall be reported in accordance with procedures outlined in the Officer's Duty Book. As soon as the situation is resolved, the Contract employees should return to their assigned posts and duties.

In some situations, security guards may be required to act independently as the primary security response until law enforcement assistance arrives.
6.4 Contract Security Guard Duty Register

A. The Contractor's employees shall sign-in when reporting for work and shall sign-out when leaving using the DHS Form 139 (Record of Time of Arrival/Departure from Buildings). D. The COTR shall retain all original DHS Form 139s and shall provide copies upon request by the Contractor.

E. No employee of the Contractor shall provide more than twelve (12) hours of combined service on any one or multiple contracts administered by FPS in any twenty-four (24) hour period, unless the work periods are separated by an eight (8) hour non-duty period.

If the proposed Key Personnel do not meet the requirements, the Contractor shall attach a written waiver request that will cite both the areas where the proposed Key Personnel do not meet the requirements and a statement by the Contractor explaining why the Contractor considers the proposed Key Personnel to be qualified to hold the position. Waiver requests must adequately demonstrate that the proposed Key Personnel possesses the ability to effectively manage, supervise, or train security guards in a security guard contract of the size and scope described in this Solicitation/Task Order.

B. The CO must approve the proposed Key Personnel prior to his/her assignment under this Contract. The Contractor shall not replace any of the Key Personnel without submitting a key Personnel Resume to the CO for her/his approval. The CO and COTR have the right to request the replacement of a supervisor that does not meet performance standard expectations.

A. Each Supervisor shall have a background with a minimum of two (2) years of successful experience in field supervision (civilian community law enforcement, military service law enforcement, or commercial/industrial security guard service). The Contractor may propose, by written request, an employee for a supervisory position who lacks the above experience, provided that the Contractor offers evidence of similar leadership experience. The acceptance of such an alternative shall be at the discretion of the CO. The terms "Area Supervisor," “On Site Supervisor,” and “Supervisor” are interchangeable and mean a person who has authority to act for the Contractor on a day-to-day basis at the work site.

This reserve force shall be of sufficient size to provide the amount of temporary or emergency staffing (TAS/SAS) services (e.g., services in the event of a natural disaster, civil disturbance, or other unanticipated event). The Contractor shall ascertain how this reserve security guard force shall be acquired and maintained. All reserve security guards shall meet the minimum qualification standards required in this Contract before working any post under this Contract.

B. The Government strongly recommends that the Contractor maintain a reserve force equivalent to at least 10% of the existing security guard force at any given time.

A. All security guards and uniformed supervisors working under this Contract must complete the following training and pass the required written examination. Certifications may be honored for contract security guards and uniformed supervisors who worked under the predecessor Contract and who maintain valid certification credentials.

B. The Training Syllabus is located in the Exhibits. The Contractor shall be responsible for providing the CO and COTR a copy of its Training Plan and proposed Training and Qualifications Schedule within 10 calendar days after award of the Contract. The Contractor shall notify the COTR of any changes to the proposed Training and Qualifications Schedule not less than 10 calendar days before the date of the training session.

D. The Contractor shall also bear all costs and responsibilities related to their employees’ attendance at any contract mandated training class, test or examination, including all expenses for transportation, lodging, and meals (as may be necessary). Currently certified FPS contract guards that are required to go to any training, testing or examination to maintain their FPS certification status, including weapons transition training, shall be paid in accordance with the applicable Service Contract Act (SCA) Department of Labor prevailing wage determination or collective bargaining agreement. For pay purposes, the vendor shall treat time spent by certified contract guards in training and testing as the equivalent of time spent standing post. By contrast, pre-certification training provided by the contractor shall be governed by the payment requirements of the Fair Labor Standards Act (FLSA). Costs related to any training, test or examination required by the contract must be factored into the offering price, as they will not be itemized or paid separately by the Government after award.

E. The CO, COTR, or any FPS personnel shall be allowed to observe any training and qualifying sessions sponsored or provided by the Contractor without any advance notice. The purpose of such observation is to ensure that the Contractor is adhering to the training syllabus and is complying with the stated training requirements defined in this Contract.

11.2 Training Requirements by Position

This subsection details the training requirements that must be successfully completed by all uniformed Contract employees. Training certifications are required for individual Contract employees. The Contractor shall maintain copies of all training certification in its personnel files and provide copies to the CO or COTR immediately upon request, or as directed.
11.2.1 Security Guards

A. All productive and supervisory security guards working under this Contract must take the required training as outlined in the exhibits. The Government will provide to the Contractor one copy of the Security Guard Information Manual (SGIM). The Contractor shall be responsible for photocopying the manuals for their employees’ use, at no cost to the Government. The SGIM shall be provided to Contractor’s employees on the first day of their basic training course.

B. “One-time only” courses are defined as courses that, if the employee successfully completes, do not have to be taken again during the Contract term. One-time only courses are (1) basic training; (2) FPS “orientation” training; (3) current FPS Basic Firearms Training; and, (4) the written exam. However, additional training may be required on Magnetometer/x-ray if or when the equipment or technology is changed. The training certifications, excluding FPS orientation, are transferable to other FPS security guard service contracts, provided that the Contractor can furnish evidence (e.g., a valid, signed certification) that the training was successfully completed during the predecessor Contract.

C. Each Contract employee, whether productive or supervisory, must take and complete 40 hours of refresher training within three (3) years of the previous (basic or refresher) training conclusion date.

11.2.2 Supervisors

A. All uniformed supervisors working under this Contract must successfully complete all training established for productive security guards including x-ray and magnetometer training. In addition, supervisors must complete nine hours of supervisory training based on a Contractor-provided Supervisory Training Manual. Following completion of basic training, the supervisors will be required to take and pass the basic written examination.

B. Supervisors shall not be permitted to work under this Contract without having passed the basic training, written examination for basic training, the basic firearms course, firearms practical qualification, and the Contractor Supervisory Training.

11.3 Written Examination

A. Upon the Contract employees’ completion of the basic training class and a favorable pre-employment suitability, the Contractor must schedule with FPS the Government-administered written examination. This exam will test their employees’ familiarity with and understanding of the information contained in the SGIM. The test has 50 multiple-choice questions. All of the questions on the test are taken verbatim from the SGIM. The passing score for the examination is 70% (35 questions correct out of 50 possible questions).

B. If a Contract employee does not pass the examination on the first attempt, s/he will be given one additional attempt within 90 days from the date of the first failed attempt to pass the written examination. If the Contract employee fails after the second attempt, s/he must wait
one (1) year to re-train and re-take the examination and will not be permitted to work under any FPS Contract during that one-year waiting period. If a Contract employee fails the examination on the first attempt, but waits longer than 90 days to re-attempt the examination, s/he must wait one (1) year to re-train and re-take the examination and will not be permitted to work under any FPS Contract during that one-year waiting period. After the one (1) year suspension period has expired, the guard is considered a new hire.

C. No waivers shall be granted regarding the testing policies and procedures.

11.4 Weapons Training and Qualification

A. The Contractor is responsible for providing forty (40) hours of weapons training prior to sending the Contract employees to a firing range for the initial range qualification test session. Of the forty hours, twenty-four (24) hours will be actual training/shooting time on a firing range.

B. The Contract employee must carry the same weapon, identified by its serial number, with which they qualify on the firing range. The Contract employee must qualify using their duty ammunition.

D. For the purposes of this Contract, the Government requires that each Contract employee who receives firearms training shall fire at least 500 rounds of ammunition during the course of range training. The Contractor shall factor into the offering price the cost of ammunition. Ammunition shall not be itemized or paid for separately by the Government.

E. Each firearms qualification “session” consists of no more than two (2) attempts to qualify. If unsuccessful, the second attempt must be completed immediately after the first attempt. A qualifying score is 80% or better. (See Exhibit 4E). If the contract employee fails to qualify during the first session, the employee must attempt to qualify within 30 days at a second qualification session. Before attempting to qualify in the second qualification session, the Contractor must provide a minimum of eight (8) hours of remedial training. The Contractor is responsible in determining what training the employee will need to complete in order to successfully qualify. After failing the second qualification session, the Contractor must provide a minimum of eight (8) hours of remedial training prior to each session (2 attempts) at qualification by the employee. The employee cannot commence working on contract until successfully achieving a qualifying score. The Contractor shall document the employee’s file with any and all remedial training given to enable the employee to pass the firearms course. The Government shall not be liable for compensating the Contractor for any additional expenses or costs incurred by the Contractor to enable Contract employees to annually re-qualify on the course.

F. Any Contract employee who has successfully completed a 40 hour firearms course under a predecessor FPS Contract may be exempted from the 40 hours of firearms training, provided
the Contractor can furnish adequate proof (e.g., a valid, legible copy of a Training Certificate or firearms certification) that such training was successfully completed. The COTR shall have the sole discretion to accept or deny proposed exemptions from training based on prior training experience. Prior successful training completion by the Contract employee shall not exempt the Contract employee from the annual range qualification requirements.

G. If the weapon platform required under this Contract is different from the guard’s previous qualification, the Contractor is responsible for providing adequate weapon transition training. The training plan shall include a weapons transition training plan, if applicable.

H. Unless prohibited by state or local law, all weapons range training and qualifications (whether on an FPS range or a commercial range) shall be conducted using current ICE targets only. The Contractor shall furnish an adequate supply of targets for weapons qualifications. Targets shall have a cardboard backing of equal or greater size than the target itself. If the target is non-turning a shot timer shall be used. The Contractor shall factor the cost of the targets into the offering prices, as they will not otherwise be paid for by the Government after Contract award.

I. The contractor is responsible for providing the certification training specified by the manufacturers’ recommendations and/or any state or local requirements that may apply pertaining to the use or carriage of any lethal or less-than-lethal weapons (i.e. expandable or straight police baton, sprays or repellants, conducted energy weapons, stuns weapons, etc.), equipment, or devices.

J. All productive guards who are required to be armed in the performance of their duties will carry all required magazines (total of 3) or speed loaders (as appropriate) at maximum capacity (in accordance with New York state regulation, each magazine shall not hold more than 10 rounds) and carry their weapon in a “Duty-Ready” manner (magazine in the weapon and a round in the chamber).

11.4.1 Annual Firearms Re-Qualification

A. The Contractor shall ensure that all Contract employees receive the training or range time necessary to successfully re-qualify on the practical firearms course annually. Any guard attempting annual re-qualification who fails to re-qualify is no longer certified to carry a weapon and shall not be permitted to work on an armed post. Refresher training for intermediate weapons will also be conducted. The costs of such preparations should be factored into the offering prices, as it will not be itemized or paid for separately by the Government.

B. Successful firearms range qualification by Contract employees as part of a state or local firearms permit/license issuance process shall not be considered an acceptable replacement or substitute for the annual firearms qualification required by this Contract.
C. FPS Law Enforcement personnel or trained representative will witness firearms qualifications for Contract employees. Firearms qualifications that are not witnessed by FPS will not be deemed acceptable for the purposes of this Contract.

D. The Contractor shall provide the necessary weapons and ammunition for training and qualifications. If an FPS Training Center is used to conduct range qualifications, the Contractor shall provide a list of serial numbers of Contractor-provided firearms to be used for qualifications 48 hours prior to scheduled training and qualification to the FPS Training Center. All Contractor-provided weapons used for qualifications of Contract employees will be made available for inspection and approval by an FPS representative prior to use on any Government firing range. Contract employees must adhere to the rules and regulations of the firing range. The Contractor shall be responsible for licenses and permits required for weapons during transit between the employee dispatch point and the range.

11.5 Minimum Age for Firearms Licensing

A. Notwithstanding the minimum age requirement cited elsewhere in the Statement of Work, the Contractor must follow Federal, state and/or local licensing requirements for Contract employees. In most areas the minimum age requirements for armed security guard personnel is twenty-one (21) years of age.

B. In the event that there is a legal licensing requirement regarding the minimum age for a security guard, that requirement shall take precedence over the Contract’s stated acceptable minimum age.

11.6 FPS-Specific Training

A. All Contract employees must receive FPS-specific training. The COTR and the Contractor will schedule the site(s) and date(s) of the training session(s) after the award of the Contract and prior to the Contract start date. (See Exhibit 4C).

B. Security guards and uniformed supervisors who worked under the predecessor Contract may be exempt from this training, provided the Contractor can furnish adequate proof that such training was successfully completed (e.g., a valid, legible copy of a Training Certificate). The COTR shall have the sole discretion to accept or deny proposed exemptions from training based on prior training experience.

11.7 Government-Provided Magnetometer/X-Ray Training

All Contract employees shall receive up to eight (8) hours of Government-provided training on the use and handling of magnetometers and/or x-rays. Upon completion of this training, the FPS Training Representative will issue each Contract employee a certificate of training completion.

CPR and AED training and certification must include adult, youth, and infant training modules. Training certification shall be valid for one year. Prior to the expiration of the CPR and AED certification, the Contract employee must become re-certified. Recertification training shall cover adult, youth, and infant CPR procedures as well as AED procedures. The Government requires that each CPR/AED course MUST provide practical training (e.g., on “dummies”) on resuscitation techniques and be conducted in accordance with American Red Cross (ARC) standards by ARC certified instructors.

C. First Aid training and certification shall be valid for a period of three years. Upon expiration of the First Aid certification, the Contract employee must become re-certified. Recertification training shall be a minimum of 2.5 hours.

D. A post is considered “open” if manned by unqualified contract employees.

11.9 **Other Special Training**

A. The Contractor is responsible for providing any training required by state or local jurisdictions pertaining to the use or carriage of any lethal or less-than-lethal weapons (i.e. expandable or straight police baton, sprays or repellants, conducted energy weapons, stun weapons, etc.), equipment, or devices required in this Task Order.

B. In certain cases, the Contractor’s employees will receive special training that will be given by the tenant agency or by FPS. The number of training hours and the posts to which the special requirements apply will be provided when the requirement arises. The Contractor will be required to schedule the training, to compensate all security guards for off-duty training at their regular hourly rate/salary, and to ensure that all posts are manned while training is in progress.

The FPS Training Instructor shall compile a list of all employees who have an unexcused absence for each day of training and will forward this list to the CO.

11.13 **Training Waivers**

A. In certain rare circumstances, such as emergencies or significant, unanticipated increases in required services, the CO may temporarily waive the time frames in which training and/or testing must be provided before a Contract employee can work under the Contract. However, all such waivers must be requested in writing by the Contractor, citing the specific reasons why the time frame for training/testing should be temporarily waived, and citing a specific deadline in which the required training/testing will be successfully completed by the Contract employee, not to exceed 120 calendar days. Under no circumstances shall a Contract employee work under a temporary waiver without the CO’s written consent. If the CO grants a temporary waiver for the time frame requested by the Contractor, the Contractor shall abide by that time frame and, upon expiration of the temporary waiver deadline date, shall have completed the training/testing requirements or shall remove the affected Contract employee(s) from the Contract.

B. The training and testing requirements shall not be permanently waived.

Requests for any exception or waiver of a contract standard or requirement must be submitted in writing to the FPS COTR.

1. Accommodations must be consistent with legal and constitutional standards and essential mission requirements, especially those affecting the safety of guards and members of the public. An accommodated religious practice must not suggest government endorsement of any particular faith, must not reasonably appear to propagate the individual’s faith to members of the public, must not significantly undermine the public’s confidence in FPS, must not create a significant risk to the safety of the guard or the public, and must not conflict with mission-essential job task requirements.

3. FPS security guards will be granted reasonable accommodations to grooming standards – such as haircut and shaving standards. A security guard receiving an accommodation must nonetheless maintain as neat and professional an appearance as religious requirements permit. Whenever possible, hair in excess of regulation length will be worn under a uniform hat or appropriate religious headgear. Facial hair exceeding regulation length will be neatly combed.

4. Religious headgear will be consistent with the colors of the duty uniform, and should be no larger than required by an individual’s religious requirements, and may be required to bear the insignia and other distinctive markings of the uniform for ease of emergency identification.

12.2 Medical Standards

The Contractor shall ensure that all of its uniformed employees meet the medical standards set forth below. Examinations shall be administered by a licensed physician and documented on a Standard Form (SF) 78. (Ref. Exhibit 6A). After award of the contract the Government will provide the Contractor with copies of any Standard Form (SF) 78’s that it has on file for incumbent employees, contingent upon the prior written consent of the individuals to whom the record pertains pursuant to the Privacy Act of 1974, 5 U.S.C. § 552a.

B. The Contractor shall fully and accurately complete Section 4 of the SF 78 based on the medical standards and essential job functions set forth in the Contract. All guards (productive and supervisory) must meet the health certification requirements listed in the SF
78. The Contractor shall submit a completed SF 78 for each employee to the COTR prior to any Contract employee being permitted to work under the Contact.

C. If an employee of the Contractor claims that s/he has a disability that prevents him/her from meeting the medical standards or performing the essential job functions, it is the Contractor’s responsibility to obtain medical verification of the disability and to provide reasonable accommodation, if necessary, at its own expense. The COTR will review all medical documentation to ensure that it is complete and in compliance with the Contract. No guard shall be permitted to work under the Contract until the certificate and medical documentation has been reviewed and approved for compliance with the Contract by the COTR.

</tr>
<tr>
<td>Cocaine metabolites</td>
<td>300</td>
</tr>
<tr>
<td>Opiate metabolites</td>

This list is updated on a monthly basis. If the Contractor chooses to use a laboratory not shown on SAMHSA’s current list, the Contractor must verify whether the laboratory’s methodology conforms to SAMHSA’s guidelines prior to utilizing that laboratory to perform drug screenings.

D. Other drug testing methods (hair, sweat patch, etc.) are commercially available but are not acceptable for the purposes of this Contract, due to widely varying standards of testing and laboratory reliability results. However, if SAMHSA does issue guidelines on alternative drug screening methods, the Contract may be modified to permit the use of those methods.

E. The presence of a positive reading for *any* of the above substances over the designated cutoff level for that substance shall automatically disqualify an applicant from working under this or any other FPS security guard services contract. Since most drugs are metabolized within a short period of time (from several hours to several days), the Contractor *shall not* permit any applicant to take multiple tests in order to receive an acceptable reading.

---

1 The cutoff level for Opiate metabolites listed in the internet-ready guidelines is 300; however, that number has been revised by SAMHSA and the new cutoff level is shown in paragraph (A) above.
F. The Contractor is responsible for all costs associated with obtaining the medical evaluation and drug screening for each Contract employee. All costs must be factored into the offering prices.

12.5 Government Requested Screening

A. The CO or COTR shall have the express right to request targeted urine drug screenings where there is a reasonable belief by the Government that the Contract employee(s) may be under the influence of or using illegal substances. Targeted screenings shall be conducted in a similar fashion to random screenings, with the exception that the CO will advise the CM in writing that s/he requests a drug screening of a specific security guard. Once the written request is received, the CM shall arrange for the test to be conducted as soon as possible, but not later than three working days. The Contractor shall pay the Contract employee the normal hourly rate/salary for all time associated with taking the screening. Each screening shall follow the guidelines described in paragraph 12.4 above.

B. Contract employees who undergo targeted urine drug screenings may continue working under the Contract until the results have been provided to the Contractor. In the event that the results of any urine drug screening are negative, the Government shall bear the expense of the screening. This does not apply to the pre-employment urine drug screening. In the event that the results are positive, the Contractor shall immediately remove the Contract employee(s) with a positive reading from the Contract and immediately inform the COTR and CO of the result and the employee’s removal from the Contract. Additionally, the Contractor shall bear all the expenses relating to the test for the employee(s) with the positive reading.

C. Any Contract employee who undergoes either a random or targeted urine drug screening and tests positive for any of the substances shown above shall be permanently disqualified from working under this or any other FPS security guard services contract. Since most drugs are metabolized within a short period, the affected Contract employee shall not be authorized to take additional tests to achieve an acceptable reading.

13 Conduct of Contractor Personnel

A. In accordance with the SGIM, the Contractor shall be responsible for maintaining satisfactory standards of employee competency, conduct, appearance, and integrity, and shall be responsible for taking such disciplinary action with respect to his employees as may be necessary.

B. The COTR may recommend to the CO that the Contractor immediately remove any employee from any or all locations where the contractor has contracts with the FPS if the employee is not maintaining satisfactory performance in accordance with the Contract or the SGIM. Additionally, the employee may be removed if he/she has been disqualified for employment suitability, performance suitability, or security reasons, or who is found to be unfit for performing security duties during his/her tour of duty. The CO will make all determinations regarding the removal of any employee from any or all locations where the
contractor has contracts with the Federal Protective Service. In the event of a dispute, the CO will make the final determination. Specific reasons for removal of an employee will be provided to the Contractor in writing.

C. Notification of Arrest: Guards working under this contract shall notify his contractor within 12 hours of their arrest. The contractor will notify the COTR within 12 hours of the guard’s notification. Failure of the guard to do so may result in a request of removal from this contract.

14 Contract Employee Reinstatements

A. When the Government takes action that may impact upon the suitability or work fitness status of a Contract employee, the Contractor may appeal the decision to the CO.

B. If the CO made the initial decision, a senior manager within the FPS Regional Office or headquarters Security and Law Enforcement Division will review the appeal. The appeal decision will be provided to the Contractor in writing with a brief explanation of the decision to uphold or reverse the CO’s decision.

C. While the appeal is being considered, the employee shall not work under this Contract.

15 Government and Contractor Furnished Property

15.1 General Information

The Contractor is solely responsible for the care and accountability of all Government provided equipment in accordance with the terms and conditions of this Contract.

B. The Contractor shall provide an inventory of Government furnished property (GFP) on a monthly basis. The inventory shall include all Government furnished equipment, uniforms, and non-expendable supplementary equipment.

15.1.1 Use of Government Property

A. Government property shall be used for official Government business only in the performance of this Contract. The Contractor or the Contractor’s employees shall not use government property in any manner for any personal advantage, business gain, or other personal endeavor. The Contractor shall reimburse the Government for expenses associated with misuse or abuse of Government furnished property or equipment by the Contractor’s employees.
B. The Contractor will certify in writing all licenses and permits issued to the Contractor or Contractor employees required by law for the use and operation of Government furnished property or equipment.

15.1.2 Accountability of Government Property

Upon termination or conclusion of the Contract, the Contractor shall render an accounting of all such property that has come into their possession during the course of the Contract. A Government property receipt form will be used for the Contractor to acknowledge the receipt of all Government-issued property.

B. Any property furnished by the Government to fulfill Contract requirements, which is lost or damaged resulting from improper use or negligence by the Contractor's employees, shall be repaired or replaced by the Government. The cost of such repairs or replacement shall be deducted from the Contractor's payment. Additionally, the Contractor shall remunerate the Government for expenses associated with the misuse of telephones or other Government furnished office equipment by the Contractor’s employees. Contract employees who misuse, willfully damage, or willfully destroy Government property may be removed from the Contract and may face further penalties as deemed necessary by the Government.

C. Unless otherwise specified, the Government is responsible for the repair and maintenance of Government furnished property. The Contractor is responsible for the timely reporting, as identified herein, to the COTR of any property deficiencies or losses. The Contractor shall identify loss or damage to Government-furnished property to the COTR as soon as possible, but not later than 24 hours after discovery by the Contractor. To ensure timely discovery and reporting, the Contractor shall perform monthly inventories of all Government-furnished property. Inventory reports shall be in writing using a Government form or format approved by the COTR.

15.1.3 Safeguarding Government Property

A. The Contractor shall take all reasonable precautions, as directed by the Government or, in the absence of such direction, in accordance with sound industrial practices, to safeguard and protect Government property.

B. If the work under this Contract requires that the Contract employees have access to classified, confidential, proprietary, sensitive, personal, business, technical, or financial information (property) belonging to the Government or to other private parties performing or seeking to perform work for the Government, no employee of the Contractor shall be authorized to read, photocopy, remove, or otherwise appropriate such information for his/her own use or disclose such information to third parties unless specifically authorized in writing by the CO. Violations of this policy may result in Contractual actions being taken, up to and including termination for default. Additionally, the Government may pursue any legal remedies at its disposal if the unauthorized use of the information/property is prosecutable under law.
15.2 **Contractor Furnished Property**

15.2.1 **General Information**

A. The Contractor shall furnish and maintain in acceptable condition, at no cost to Contract employees, all items of uniform and equipment necessary to perform work required by the Contract (including each task order issued under this Contract). The Contractor is solely responsible for the quality and performance of all Contractor-provided equipment used in performance of this Contract.

B. The Contractor shall provide an inventory of Contractor Furnished Property (CFP) on a quarterly basis. The inventory shall include all Contractor furnished equipment, uniforms, and non-expendable supplementary equipment.

15.2.2 **Equipment**

The Contractor may be required to furnish some or all of the types of equipment described herein.

A. **Communications equipment.** The Contractor shall obtain all applicable permits in accordance with Federal Regulations for the operation of such radio equipment. A copy of all such permits shall be delivered to the COTR upon request prior to the utilization of designated frequencies. The Government may identify the radio frequencies to be used by the contractor. The Contractor must ensure useful availability of all Contractor furnished communications equipment on a continuous basis. The Contractor shall immediately provide fully-operational substitute communications equipment in the event any equipment is temporarily inoperable.

B. **Vehicles.** The Contractor shall obtain all applicable permits, titles, inspections, and registrations in accordance with applicable Federal, state and local laws for the operation of vehicles. All costs for the operation and maintenance of vehicle(s), including all license and insurance fees, shall be borne by the Contractor.

C. **Firearms, ammunition, and less-than-lethal weapons.** Modifications to firearm mechanisms must comply with manufacturers specifications and requirements. Ammunition must be acquired from a commercial source.

1. The Contractor shall obtain all applicable permits, licenses, and registrations in accordance with applicable Federal, state and local laws for the acquisition, carriage, and use of firearms and ammunition. All costs associated for the acquisition and maintenance of firearms, including all license and insurance fees, shall be borne by the Contractor.

2. The Contractor shall acquire and maintain an ample supply of appropriate cleaning products (i.e., cleaning solvents, lubricating oil, rods, brushes, patches, etc.). The
Contractor must also provide applicable accessories such as clearing barrels, trigger locks, gun lockers, etc.

3. The Contractor shall provide all training for primary and any additional or intermediate weapons used under the contract.

4. The amount and type of ammunition, including additional rounds for contingency is specified in Exhibit 2E. For those contracts storing weapons on site, additional ammunition provided shall be stored, and secured on-site by the Contractor. Old duty ammunition will be periodically rotated with new ammunition.

5. The Contract employee shall inspect his/her issued firearm at the commencement of each tour of duty. Each firearm shall be cleaned and oiled in accordance with manufacturer specifications regularly to ensure optimum operating condition. All firearms will be loaded with approved ammunition, including one round in the chamber (if applicable), prior to the security guard’s tour of duty. Productive guards shall carry two additional loaded magazines or speed loaders (as appropriate) in addition to the ammunition loaded in the weapon.

6. The Contractor shall provide a list of serial numbers of firearms that will be present on the premises to the COTR prior to the Contract performance date. The list shall be kept current; any changes shall be documented and forwarded to the COTR within one (1) week of the change.

15.2.3 Uniforms

A. As specified in Exhibit 2C, the Contractor will be required to furnish some or all of the types of uniform items. The cost of uniform items shall be factored into the contract price.

B. The Contractor’s security guard force uniforms shall be a color and style in general use by large security guard or security organizations and shall be readily distinguishable from those of state, local, and FPS law enforcement personnel. All security guards performing under this Contract shall wear the same color and style of uniform and maintain a professional and neat appearance at all times during their tour of duty.

C. Security guards are expected to comply with standards for wear and care of uniform items in accordance with the SGIM (Security Guard Information Manual).

D. Contractors must grant reasonable accommodations to the religious practices of individual security guards, without regard to an individual’s religious preferences, provided that the accommodation does not affect the individual’s ability to perform required tasks identified in the contract or as otherwise determined by FPS. Requests for any exception or waiver of a contract standard or requirement must be submitted in writing to the FPS COTR.

Accommodations must be consistent with legal and constitutional standards and essential mission requirements, especially those affecting the safety of guards and members of the
public. An accommodated religious practice must not suggest government endorsement of any particular faith, must not reasonably appear to propagate the individual’s faith to members of the public, must not significantly undermine the public’s confidence in FPS, must not create a significant risk to the safety of the guard or the public, and must not conflict with mission-essential job task requirements.

FPS contract security guards may carry objects of religious significance that the individual’s faith requires the individual to carry on his person, provided the object is worn discreetly – under the uniform whenever possible – and does not interfere with the wearing of the uniform.

FPS security guards will be granted reasonable accommodations to grooming standards – such as haircut and shaving standards. A security guard receiving an accommodation must nonetheless maintain as neat and professional an appearance as religious requirements permit. Whenever possible, hair in excess of regulation length will be worn under a uniform hat or appropriate religious headgear. Facial hair exceeding regulation length will be neatly combed.

Religious headgear will be consistent with the colors of the duty uniform, and should be no larger than required by an individual’s religious requirements, and may be required to bear the insignia and other distinctive markings of the uniform for ease of emergency identification.

15.2.4 Supplementary Equipment

The Contractor will be required to furnish some or all of the types of supplementary equipment. Security guards shall not possess any unauthorized supplemental or personal equipment (e.g., equipment not issued by the Contractor or required by the Contracts). Security guards who are found to possess any unauthorized equipment while on post may be removed from the contract.

16 Regulations, Handbooks, and Other Applicable Documents

A. FPS regulations contain the basic procedures for the operation, maintenance, and protection of property. The primary regulations and related procedures to be followed by the Contractor are listed below. Supplementary regulations, which are provided to the Contractor by the CO or his/her authorized representative shall also be in effect and will be incorporated by Contract modification.

B. An Officer's Duty Book shall be furnished by the COTR and maintained by the Contractor at each post and shall contain complete duty instructions.

C. A separate loose-leaf binder shall be furnished by the COTR and maintained by the Contractor at each additional fixed post and will contain only those items of duty instructions pertinent to that specific post.
D. Officer’s Duty Book, Post Orders, and any supplemental memoranda, directives, or other information is considered Sensitive But Unclassified/Law Enforcement Sensitive information. The Contractor and its employees are restricted from disclosing this or any other operational information to individuals outside of the FPS/Contractor community. The Officer's Duty Book shall not be removed from Government property, or reproduced or copied in any manner unless properly authorized, in writing, by the COTR.

E. Conduct on Federal Property (FMR 41 CFR 102-74) placards are posted in buildings under the charge and control of the General Services Administration and are applicable to all persons entering in or on such property.

F. Security Guard Information Manual (SGIM) handbook contains the information all security guards and supervisors must read and be familiar with prior to assuming duties under this Contract. The COTR shall give the Contractor one (1) electronic copy of this manual at the pre-performance meeting held shortly after Contract award. The Contractor shall provide to each uniformed Contract employee a legible, securely bound copy of the SGIM upon beginning the basic training course.

17 Security Guard Certification /Security Requirements

17.1 General

A. All personnel performing on this Contract must pass a suitability determination conducted by the Government. Contractor personnel will not be able to perform under this Contract until appropriate suitability determinations have been made. The Government will provide all necessary forms at the time of Contract award. The DHS Office of Security will accept only complete and legible security packages. Therefore, all personnel must provide the required information and documents to the COTR within 10 calendar days after Contract award.

B. The Contractor should follow the procedures listed below to obtain an FPS certification card for each Contract employee:

1. Conduct an initial employment screening to determine whether the prospective employee meets the Contractor’s specific hiring requirements and the Contract eligibility requirements, including medical and drug testing (See Section 12 of the SOW).

2. Submit the suitability package to the COTR and await the results of the adjudication. This process may take approximately one to three months if all forms are legible and complete. However, preliminary suitability is usually determined within a week of the submission of the paperwork. The Contractor will be notified whenever there is an instance where there is a preliminary unfavorable adjudication decision so that the Contractor can determine how to proceed with the employee’s training, testing, etc.
3. Schedule required Government-provided training and testing/qualifying with FPS and schedule/conduct all other Contractor-provided training requirements; this does not include the FPS Written Exam.

4. After the Contractor employee receives favorable suitability adjudication results and the employee successfully completes the training and passes the required examination(s), the Contractor shall submit the following information to the COTR for an FPS certification card:

   a. **Certification.** A certification, signed by the Contract Manager, that the employee has met all the requirements set forth in the SOW and that all pertinent documents are on file at the Contractor’s facility. (See Exhibit 6).

   b. **Photographs.** Two color photographs, 1” x 1,” no more than one year old, of the guard’s head and upper shoulders; and

   c. **Contract Guard Qualification Certificate.** The guard’s name, and the name of the Contractor’s company must be typed on the front of the card, and the guard must sign the signature block in blue or black ink.

   d. **Lautenberg Amendment Statement.** Armed guards must submit a signed and dated “Domestic Violence” certification that satisfies the legal requirements of the Lautenberg Amendment, 18 U.S.C. § 922(g)(8) and (9). This certification is valid for one (1) year. The Contractor shall maintain a file of its guards’ certifications and provide the COTR a signed statement certifying compliance with this requirement. If at any time a guard has a disqualifying event under Lautenberg, the Contractor shall notify the COTR and immediately remove the guard from work under the contract that may require use of a firearm. The Contractor shall submit a new certification to the COTR stating that all its guards are in compliance with the Lautenberg Amendment annually.

C. The certification card shall be worn on the outermost garment of the guard's uniform or as otherwise directed by the COTR.

D. As determined by the COTR, The Contractor is responsible for the employees having all required certification credentials in their possession at all times while on the protected premises. This includes not only the FPS certification card, but also a valid CPR/AED/First Aid card and a valid firearms permit.

E. The Contractor must return employees’ certification card to FPS within five (5) workdays upon the termination of the guard’s employment or the guard's removal from the contract. At the end of the contract period, the Contractor must return to FPS all blank cards and all completed cards for guards who will not continue to work under FPS contracts. Possession of an FPS certification card does not waive any other contract requirement.

---

2 The Contractor may proceed with Contractor-provided training while awaiting results of the suitability adjudication process.
F. Because the Certification card does not expire when individual certification elements expire, the Contractor is responsible for continually maintaining validity of each element of the Contract employee’s certification status (i.e., suitability determination, medical examination, firearms re-qualification, CPR/AED/First Aid certification). (See Exhibit 6)

G. The CO shall have the express authority to demand return of the FPS Certification card for any Contract employee who does not maintain compliance with the Contract qualification and certification standards, and the CO shall have the express authority to prohibit that employee from performing under the Contract until such time as s/he comes into full compliance with all qualification/certification criteria.

17.2 Security Management

C. The Contractor shall appoint a senior official to act as the Corporate Security Officer. The individual will interface with the DHS Security Office through the COTR on all security matters, to include physical, personnel, and protection of all Government information and data accessed by the Contractor.

B. The COTR and the Security Office shall have the right to inspect the procedures, methods, and facilities utilized by the Contractor in complying with the security requirements under this Contract. Should the COTR determine that the Contractor is not complying with the security requirements of this Contract, the Contractor will be informed in writing by the Contracting Officer of the proper action to be taken in order to effect compliance with such requirements.

17.3 Suitability Determination / Entry on Duty Decision

A. DHS shall have and exercise full control over granting, denying, withholding or terminating unescorted access to a Government facility and or sensitive Government information access for Contractor employees, based upon the results of a background investigation. DHS may, as it deems appropriate, authorize and make favorable entry on duty (EOD) decision based on preliminary security checks. The favorable EOD decision would allow the employees to commence work temporarily prior to the completion of the full investigation. The granting of a favorable EOD decision shall not be considered as assurance that a full employment suitability authorization will follow as a result thereof. The granting of a favorable EOD decision or a full employment suitability determination shall in no way prevent, preclude, or bar the withdrawal or termination of any such access by DHS, at any time during the term of the Contract. No employee of the Contractor shall be allowed unescorted access to a Government facility without a favorable EOD decision or suitability determination by the DHS Security Office. Contract employees assigned to the Contract not needing access to sensitive DHS information or recurring access to DHS’ facilities will not be subject to security suitability screening.
B. Agencies that enter into contracts shall require, as condition of each contract, that the contractor agree to use an electronic employment eligibility verification system (e-Verify) designated by the Secretary of Homeland Security to verify the employment eligibility of: (i) all persons hired during the contract term by the contractor to perform employment duties within the United States; and (ii) all persons assigned by the contractor to perform work within the United States on the Federal contract.

C. Contract employees awaiting an EOD decision may begin work on the contract provided they do not access sensitive Government information. Limited access to Government buildings is allowable prior to the EOD decision if a Government employee escorts the contract employee. This limited access is to allow contractors to attend briefings, non-recurring meetings and begin transition work. The EOD determination does not substitute for the required background investigation.

17.4 Suitability Adjudication

A. After award of the Contract and prior to any Contract employees being permitted to work under the Contract, the Contractor is responsible for ensuring that the Contract employees receive formal suitability adjudication by FPS. All Contract employees shall receive formal suitability adjudication by FPS, including the CM, Supervisors, Quality Assurance personnel and all other company officers that visit the work sites. Contractor suitability determinations are to be made in accordance with the criteria outlined in 5 CFR 731.202.

B. Once a prospective Contract employee has applied for a position and has been favorably evaluated by the Contractor (i.e., meets the minimum qualification requirements cited in this Statement of Work and otherwise meets the Contractor’s hiring criteria), the Contractor shall submit to the COTR the following Government furnished forms for each Contract employee:

1. Two (2) completed original Forms FD-258, "Fingerprint Chart;"

2. Standard Form 85P, "Questionnaire for Public Trust Positions" (plus one copy);

3. Standard Form 85P-S, "Supplemental Questionnaire for Selected Positions" (plus one copy);

4. DHS Form 11000-9, “Disclosure and Authorization Pertaining to Consumer Reports pursuant to the Fair Credit Reporting Act” (plus one copy);

5. Foreign National Relatives or Associates Statement (plus one copy);

6. Lautenberg Amendment Statement (plus one copy);

7. Contractor Information Worksheet.

C. Contractors are required to use local police, the state police, the Federal Bureau of Investigation (FBI), or FPS regional offices to obtain readable fingerprints on the fingerprint cards. In certain locations, FPS may have an electronic fingerprint-scanning machine, which the Contractor is encouraged to use for fingerprinting Contract employees. Upon receipt of the completed, legible forms, FPS will submit the fingerprints for review by the FBI. FPS will use the information provided by the Contractor and the FBI to make a determination regarding the security guard’s suitability to work under an FPS Contract. If the forms are complete and legible, the entire evaluation process will take from one (1) week to several months, depending on current processing times. For planning purposes, the Contractor should always assume that the standard processing time is one (1) month and should plan paperwork submissions accordingly. Standard Form 85P, “Questionnaire for Public Trust Positions” Form must be submitted via OPM “e-QIP” (electronic Questionnaires for Investigation Processing)”.

1. ELECTRONIC SUBMISSION-OPM “e-QIP” Process: Fill out the ICE “Contractor Information Worksheet”, proofread for completeness. Send it to the FPS COTR. They can fax or mail to the FPS Regional Contract Suitability Adjudication Office for continued processing.

D. Illegible or incomplete forms submitted by the Contractor will be returned and will result in delays in the adjudication process. Therefore, the Contractor must ensure that all forms submitted to FPS are complete, legible, and accurate. FPS shall not be responsible for any delays that occur due to the Contractor’s failure to submit complete, accurate, and legible forms to FPS.

E. All federal agencies are required to implement Homeland Security Presidential Directive 12 (HSPD-12) and must follow the minimum background investigation requirements of National Agency Check with Written Inquiries (NACI) or other suitability or national security investigation prior to credential issuance.

F. A contractor on whom unfavorable or derogatory information has been uncovered must be presented with the information and offered an opportunity to refute, explain, clarify, or mitigate the information in question. If a determination of ineligibility is made, the individual will be formally notified and informed of the reason(s).

G. If FPS finds a Contract employee to be unsuitable to work as a result of the suitability investigation under the Contract, the Contractor shall be advised immediately that such employee cannot work or be assigned to work under the Contract, and the Contractor shall in turn immediately remove the affected employee from the Contract. The security guard or the Contractor may appeal the suitability determination to the CO. However, in such cases the Contractor shall proceed with the hiring process at their own risk until the final determination of the security guard’s suitability has been accomplished. Under no circumstances shall a Contract employee who has received a notice of unfavorable (unsuitable) adjudication work under this or any FPS security guard service contract. This requirement also applies to Contract employees whose unfavorable adjudication is pending appeal. Disqualifying information includes but is not limited to the following:
1. Conviction of a felony, a crime of violence, or a serious misdemeanor;
2. Possessing a record of arrests for continuing offenses;
3. Falsification of information entered on suitability background investigation forms.

H. Once a favorable adjudication has been made by FPS, the security guard is suitable to work under the Contract for five (5) years (if nothing occurs within the 5-year period that would render the security guard unsuitable for continuing performance under the Contract). The Contractor shall immediately notify the COTR and the CO in writing of any circumstances that arise which could possibly affect any Contract employee’s suitability status (e.g., arrests, convictions, and/or termination of employment by the Contractor for cause, such as misconduct or neglect of duty). The Contractor is responsible for renewing the security guard’s suitability clearance prior to its expiration. Any security guard who continues to work under the Contract after his/her suitability clearance has expired shall be removed from the Contract until a new favorable suitability determination is made. The Contractor should make every effort to submit a new suitability package to FPS at least 30 days prior to the current suitability expiration date.

1. Any investigation conducted by or for another federal agency on a contractor that is of the same or higher type and scope as the one required for the position is sufficient to meet the investigation requirements provided it was conducted within the past five years.
2. Any investigation conducted by or for another federal agency on a contractor whose scope is less than that required for the position can be upgraded as provided for by OPM to meet the investigation requirements of the position if it was conducted within the past five years.

I. For employees cleared through this process while employed under a predecessor contract (providing the same services), the suitability determination made under the previous contract will carry over to the new contract. However, the Contractor will be required to submit new suitability applications once the security guards’ current suitability clearances expire.

1. Contractors who have been investigated and approved by Components prior to the issuance of DHS-MD 11055, “Suitability Screening Requirements for Contractors” to work on unclassified contracts are eligible to remain on the contract even though they may not have the investigation commensurate with the risk level indicated in Appendix 1, DHS-MD 11055. Such contractors cannot perform work under a different contract or at a different risk level until the investigative requirements in Appendix 1 are met.
2. Lawful Permanent Residents are not eligible (1) to transfer between contracts; (2) for an upgrade to another position; or (3) to remain on a contract after a re-compete and award.

J. FPS shall have and exercise full and complete control over granting, denying, withholding, or terminating suitability clearances for employees. FPS may, as it deems appropriate,
authorize and grant temporary clearances to employees of the Contractor. However, issuance of a temporary clearance to any such employee shall not be considered as assurance that full clearance will be granted as a result or condition thereof, and the granting of either temporary or full clearance shall in no way prevent, preclude, or bar the later withdrawal or termination of any such clearance by the Government.

18 Security Clearance Requirements

18.1 Background Investigations

A. In addition to meeting the FPS background suitability check described in the SOW, additional security clearances may be required by the Contract and task order(s). These clearances will be provided by the Department of Defense Security Service (DSS), the Department of Energy (DOE), the Nuclear Regulatory Commission (NRC), or other agency, as appropriate (refer to Exhibit 6C for further information as to whether this Contract will require such clearances). Where such clearances are required, employees shall be subject to a security investigation by the Government prior to being allowed to work at the site. This requirement may also pertain to officers of the firm, who for any reason may visit the work site(s) during the term of the Contract. Employees may not work at the site until the Contractor receives a DD Form 560 (Letter of Consent), for the individual employee from DSS, or receives a final clearance from DOE, NRC, or other agency.

B. The Government shall notify the Contractor of the required security classification of this Contract and the elements thereof, and of any subsequent revisions in such security classifications, by use of Security Requirements Checklist (DD Form 254), or other written notification.

C. In all areas requiring a DOD, DOE, NRC, or other agency security clearance, the Contractor shall comply with the provisions of the most currently available National Industrial Security Program Operating Manual (NISPOM). This publication may be obtained online at www.dss.mil or from the Superintendent of Documents, U.S. Government Printing Office, Mail Stop SSOP, Washington, DC 20402-9238 (ISBN: 0-16-045560-X). Application forms required for DOD personnel security clearances shall be obtained from Defense Security Service (DSS) at www.dss.mil; for DOE clearances at www.doe.gov; and for NRC at www.nrc.gov. Each designated employee must complete all applicable forms. The Contractor shall notify the COTR in writing within five calendar days of receipt of authorization for employees to be assigned to classified areas. (See Exhibit 6C, Security Clearance Requirements).

D. A security clearance determination of whether an individual should be eligible for access to classified information is a process separate and distinct from the suitability determination and is conducted in accordance with DHS MD 11035, Industrial Security Program. For contractors processed in accordance with DHS MD 11035, the investigative standard for access to Secret classified information will be a MBI. The minimum investigative standard
for access to Top Secret classified information will be a SSBI. Each designated employee must complete all applicable forms.

E. The Government will provide the Contractor with the appropriate personnel security questionnaire and fingerprint forms that are to be completed for each Contract security guard employee performing under this Contract, as well as the firm employees, who may, in the performance of this Contract, visit the work site.

F. Contract employees (to include applicants, temporaries, part-time and replacement employees) under the contract needing access to sensitive information shall undergo a position sensitivity analysis based on the duties each individual will perform on the contract. The results of the position sensitivity analysis shall identify the appropriate background investigation to be conducted. All background investigations will be processed through the Security Office. Prospective Contractor employees with adequate security clearances issued by the Defense Industrial Security Clearance Office (DISCO) may not be required to submit complete security packages, as the clearance issued by DISCO may be accepted. Prospective Contractor employees shall submit the following completed forms to the Security Office, through the COTR, no less than 30 days before the starting date of the Contract or 30 days prior to entry on duty of any employees, whether a replacement, addition, subcontractor employee, or vendor.

a. Standard Form 85P, “Questionnaire for Public Trust Positions”
b. Standard Form 85P-S, “Supplemental Questionnaire for Selected Positions”
c. Lautenberg Amendment Statement (plus one copy)
d. FD Form 258, “Fingerprint Card” (2 copies)
e. Foreign National Relative or Associates Statements
f. DHS 11000-9, “Disclosure and Authorization Pertaining to Consumer Reports Pursuant to the Fair Credit Reporting Act”
g. Contractor Information Worksheet
h. “e-Verify” Confirmation Notice.

Required forms will be provided by DHS/ FPS at the time of award of the contract. Only complete packages will be accepted by the DHS/ FPS Contract Suitability Adjudication Program Office. Specific instructions on submission of packages will be provided upon award of the contract. Standard Form 85P, “Questionnaire for Public Trust Positions” Form will be submitted via e-QIP (electronic Questionnaires for Investigation Processing). (For the Electronic Submission process refer to Chap. 17.4C.1).
G. The Contractor is responsible for all costs associated with obtaining and renewing the applicable security clearances for each affected Contract employee. The costs should be factored into the offering prices, as they will not be itemized or paid for separately by the Government.

H. The Contractor is advised to only submit security packages on suitable prospective employees whose integrity, credit, and character will meet the security suitability requirements of DHS. DHS will likely consider as being unsuitable prospective employees who fail to truthfully represent their credit history; who make no attempt to pay debts; and whose character could be questionable because of serious arrests, illegal drug use, or abuse of alcohol.

I. Unless an applicant/employee has resided in the U.S. for three of the past five years, the Government may not be able to complete a satisfactory background investigation. In such cases, DHS retains the right to deem an applicant/employee as ineligible due to insufficient background information.

18.2 Access To Classified Information (Contractor)

A. The DHS has determined that the performance of this Contract requires that the Contractor, subcontractor(s), vendor(s), etc., (herein known as Contractor) require(s) access to sensitive DHS information or classified National Security Information (herein known as classified information). Classified information is Government information that requires protection in accordance with Executive Order 12958, Classified National Security Information, and supplementing directives.

B. See Exhibit 6C, Security Clearance Requirements, for a determination of which, if any, Contractor facilities and Contractor personnel, including Contract Manager or Supervisor, assigned to this Contract are required to possess up to a TOP SECRET security clearance.

C. If access to classified information is required as identified in Exhibit 6C, the Contractor will abide by the requirements set forth in the DD Form 254, Contract Security Classification Specification, DHS MD 11035 (Industrial Security Program), and the National Industrial Security Program Operating Manual (NISPOM) for the protection of classified information at its cleared facility, if applicable, as directed by the Defense Security Service. If the Contractor has access to classified information at a DHS or other Government facility, it will abide by the requirements set by that agency. If these procedures are not properly followed by the Contractor, it will result in deductions from monthly invoices.

D. The Contractor and all applicable personnel shall be cleared pursuant to the Defense Industrial Security Regulations, or other applicable regulations. The Contractor shall hold as a minimum, interim facility clearance requirements subsequent to the official award date, and/or at least thirty- (30) days prior to the Contract start-up date.

E. Interim Personnel Clearance Level – Applicants for SECRET may be routinely granted a interim personnel clearance level as appropriate, provided there is not evidence of adverse
information of material significance. The interim status will cease if results are favorable following completion of full investigation requirements. **Non-U.S. citizens are not eligible for access to classified information on an interim basis.**

F. If access to classified information is required as identified in Exhibit 6C, the Contractor must possess a TOP SECRET facility clearance consistent with the DHS MD 11035, Industrial Security Program prior to Contract award. If an uncleared firm is selected, DHS will sponsor the firm for the facility clearance. If the facility clearance is not issued within 180 days, DHS may terminate the Contract for the convenience of the Government.

18.3 Continued Eligibility

A. A contractor on whom unfavorable or derogatory information has been uncovered must be presented with the information and offered an opportunity to refute, explain, clarify, or mitigate the information in question. If a determination of ineligibility is made, the individual will be formally notified and informed of the reason(s). If a prospective employee is found to be ineligible for access to Government facilities or information, the COTR will advise the Contractor that the employee shall not continue to work or to be assigned to work under the Contract.

B. The Security Office may require drug screening for probable cause at any time and/or when the Contractor independently identifies circumstances where probable cause exists.

C. DHS reserves the right and prerogative to deny and/or restrict the facility and information access of any Contractor employee whose actions are in conflict with the standards of conduct, 5 CFR 2635 and 5 CFR 3801, or whom DHS determines to present a risk of compromising sensitive Government information to which he or she would have access under this Contract.

D. The Contractor will immediately report any adverse information coming to their attention concerning contract employees under the contract to the COTR. Reports based on rumor or innuendo should not be made. The subsequent termination of employment of an employee does not obviate the requirement to submit this report. The report shall include the employees’ name and social security number, along with the adverse information being reported.

E. The Contractor must notify the Security Office of all terminations/resignations within five (5) days of occurrence. The Contractor will return any expired DHS/FPS issued identification cards and building passes, or those of terminated employees to the COTR. When a controlled personnel identification system is used by a tenant agency at a site at which the Contract employee is assigned for duty, and the tenant agency provided the Contract employee with the necessary Government identification, the Contractor shall ensure that all Government identifications are returned to the issuing agency when employees are terminated or resign, or upon expiration of the Contract, whichever comes first. If an identification card or building pass is not available to be returned, a report must be submitted
to the COTR, referencing the pass or card number, name of individual to whom issued, the last known location and disposition of the pass card.

19 **Contractor’s Personnel Filing System**

A. To minimize duplication of effort by the FPS and the Contractor, the Contractor shall maintain personnel files on-site for all employees who work under this Contract. Files shall be maintained at the Contractor Manager’s office and will be made available to the COTR on a continuous basis. Each guard’s file must contain the following information:

1. Employment Eligibility Verification (e-Verify) Confirmation Notice.

2. A copy of DHS 11000-6 *Non-Disclosure Agreement*.

3. A copy of high school diploma, GED certificate, college transcripts, military records, or POST training completion;

4. Records of all basic and refresher training attendance and, where required, test scores;

5. Records of current firearms training and qualification scores, where required by the Contract;

6. Records of all successfully completed Government-provided training;

7. A copy of most recent CPR, First Aid, and AED certification card;

8. Results of all drug screenings administered (both pre- and post- employment);

9. A copy of the DHS certification card as required by the COTR;

10. A copy of all firearm licenses and certifications required by state and local regulations;

11. Records of guard’s suitability decision letters (including date current suitability expires);

12. Copies of all complaints, investigations, and disciplinary actions taken by the Contractor against the employee for all infractions committed under the Contract;

13. A copy of all commendations, awards, letters, and other documents given to the employee as a result of work performed under this Contract; and

15. To comply with the Health Insurance Portability & Accountability Act (HIPAA), the Medical Evaluation (SF-78) may be filed separately by the Contractor.
B. The CO or COTR shall have the express authority to review any Contract employee’s file at any time during the course of the Contract. The Contractor shall maintain all personnel files for a minimum of five (5) years after Contract closeout (upon receipt of release of claims).

C. The CO or COTR can request, at any time during the course of the Contract, a spreadsheet or other tracking system (either in paper form or in electronic form) that clearly details the status of all Contract employees pertaining to Contract requirements.

D. The Contractor may maintain either a hard-copy (paper) file or a computerized system containing all the information required above. However, if the Contractor uses a computerized filing system, all forms must be scanned into the computer and must be legible.

E. False statements, certification, or falsification of any documents required in this Contract by the Contractor, Contract Manager, or any Contract employee shall be punishable under US Code Title 18, Chapter 47, Section 1001, Fraud and False Statements. Additionally, the Government may initiate investigations by its Office of Inspector General or the regional FPS Criminal Investigations Branch, may initiate debarment proceedings, and/or may take Contractual remedies, up to and including termination for default. Under no circumstances whatsoever will the Government tolerate falsification of required documents.

20 Performance Evaluations

A. The CO and/or COTR shall meet with the Contractor (either in person or via teleconference) on a regular basis, but not less than annually.

B. The Government shall formally evaluate, in writing, the Contractor’s performance at least once per year. Whenever possible, the Government shall give the Contractor the opportunity to correct any identified problems/deficiencies prior to a written performance evaluation being given. The Contractor shall be permitted to respond, in writing, to the findings of the performance evaluation. Both the performance evaluation and the Contractor’s response shall be filed in the Contract file. Where the Contractor fails to respond in writing to a performance evaluation, the CO shall assume the Contractor’s complete concurrence with the findings of the performance evaluation. The CO and/or COTR shall meet with the Contractor prior to all performance evaluations to discuss the results of the Government’s quality control findings and the overall performance of the Contract by the Contractor.

C. The Government shall use the performance evaluations as a factor to determine whether to exercise any available option period and/or as a factor to determine whether to award any future Contract(s) to the Contractor.

The Contractor must present 16 hours of firearms classroom training and 24 hours of live fire training and familiarization to all security guards. In addition to the weapons training, the contractor must provide for the weapons qualification course and must coordinate with the Contracting Officer for FPS to monitor the course of fire. The hours listed in the “Hours” column are the recommended times needed for effective coverage of the material, to include questions and answers, interactive tasks, and reviews/quizzes of the material. The Instructor shall use his/her expertise in evaluating the class’s progress in comprehending and applying the concepts and materials taught. There may be some fluctuation in the actual time covered for each subject, but under no circumstances shall the Instructor provide less than 40 hours of training. It is also incumbent upon the Instructor to notify the Contractor of instances where students are not adequately mastering the subject matter or are presenting a disruption to the class by repeated lateness, absences, or disrespectful behavior, such as sleeping or talking while instruction is being given. Such behavior indicates that the student may not be suitable for holding a position as a security guard at a Federal facility.
