Transportation Systems Sector

8. *January 11, KCAL 9 Los Angeles* – (California) **United Airlines plane safely makes emergency landing at LAX for mechanical problem.** A United Airlines plane traveling from Denver made an emergency landing January 11 at Los Angeles International Airport after a mechanical problem. The crew and 120 passengers were escorted to the gate and no injuries were reported.
Source: <http://losangeles.cbslocal.com/2015/01/11/united-airlines-plane-safely-makes-emergency-landing-at-lax-for-mechanical-problem/>
9. *January 10, WMAQ 5 Chicago* – (Illinois) **Frozen fuel lines cause cancellations, delays at O'Hare.** The underground fuel transfer system at O'Hare International Airport in Chicago experienced issues after fuel lines were frozen due to low temperatures, resulting in at least 16 canceled flights and delays of around 45 minutes for other flights January 9.
Source: <http://www.nbcchicago.com/news/local/Frozen-Fuel-Lines-Cause-Cancellations-Delays-at-OHare-288118171.html>
10. *January 9, NBC News* – (Michigan) **Fatal 123-vehicle Michigan pileup prompts evacuation.** A section of Interstate 94 was closed for approximately 14 hours January 9 following a 123-vehicle accident in Battle Creek that killed 1 person and injured 22 others. The accident also involved a semi-truck carrying fireworks and a semi-truck carrying formic acid that caught fire, prompting authorities to ask residents within 3 miles to evacuate their homes as a precaution.
Source : <http://www.nbcnews.com/news/us-news/fatal-123-vehicle-michigan-pileup-prompts-evacuation-n283071>
11. *January 9, Associated Press* – (New York) **Snow, wind close roads, schools; cap bitter week in Buffalo.** A 132-mile section of the New York Thruway between Rochester and the Pennsylvania border was closed overnight January 8-9 due to heavy snowfall and high winds creating unsafe driving conditions. Most of the roadway reopened to essential traffic January 9, but authorities kept a 70-mile section between Buffalo and the Pennsylvania border closed ahead of additional snowfall expected January 10.
Source: http://lancasteronline.com/news/pennsylvania/snowstorm-forces-closure-of-mile-stretch-of-ny-thruway/article_df67392c-237f-5a5c-b8d3-d564f941243d.html
12. *January 9, KBMT 12 Beaumont* – (Texas) **4-vehicle crash snarls westbound I-10 traffic.** A section of Interstate 10 west of Beaumont was closed for approximately 2 hours January 9 after a 4-vehicle crash occurred involving a semi-truck that spilled oil on the roadway due to a mechanical failure.
Source: <http://www.12newsnow.com/story/27807426/4-vehicle-crash-snarls-westbound-i-10-traffic>
13. *January 9, WXII 12 Winston-Salem* – (North Carolina) **Lumber yard fire leads to highway closure in Mount Airy.** Highway 89 in Surry County was closed for 6 hours January 9 due to a fire at Mountain Lumber & Pallet Company in Pine Ridge. The

cause of the fire has not been determined.

Food and Agriculture Sector

14. *January 12, U.S. Food and Drug Administration* – (Ohio; Illinois; Pennsylvania) **Ohio City Foods issues allergy alert on undeclared shellfish in ravioli.** Ohio City Foods announced through the U.S. Food and Drug Administration January 9 a recall for certain lots of its cheese-filled ravioli products due to undeclared shellfish caused by mislabeling. The affected products were distributed to retailers in the Cleveland, Ohio area, and in Chicago and Pittsburgh.
Source: <http://www.fda.gov/Safety/Recalls/ucm429809.htm>
15. *January 10, Washington Post* – (National) **Listeria outbreak that killed three is traced to California apple supplier.** The U.S. Food and Drug Administration announced January 10 that it traced a Listeria outbreak that killed 3 people and sickened 32 others to the Bidart Brothers distributor's Safter, California packing plant. The distributor recalled the affected apples that shipped from the facility for processing into prepackaged caramel apples for national distribution.
Source: <http://www.washingtonpost.com/news/to-your-health/wp/2015/01/10/listeria-outbreak-that-killed-three-is-traced-to-california-apple-supplier/>
16. *January 10, U.S. Food and Drug Administration* – (California) **The Santa Barbara Smokehouse Inc voluntary recall because of possible health risk.** The U.S. Food and Drug Administration announced January 8 that Santa Barbara Smokehouse Inc., issued a recall for several brands and batches of cold smoked salmon products due to possible contamination with Listeria monocytogenes. Production of the affected products was voluntarily suspended pending an ongoing investigation by the California Department of Public Health.
Source: <http://www.fda.gov/Safety/Recalls/ucm429733.htm>
17. *January 10, U.S. Department of Agriculture* – (New York) **New York firm recalls pork sausage products due to misbranding and an undeclared allergen.** The Food Safety and Inspection Service reported January 9 that Shirk's Meats recalled about 1,062 pounds of Smoked Pork Andouille Sausage due to undeclared peanuts and misbranding. The recalled product was packaged in 30-pound bags and shipped to a firm in New York for further processing and distribution to retail locations.
Source: <http://www.fsis.usda.gov/wps/portal/fsis/topics/recalls-and-public-health-alerts/recall-case-archive/archive/2015/recall-006-2015-release>
18. *January 9, Associated Press; Rapid City Journal* – (South Dakota) **Cattle plunge through reservoir ice, die in mass drowning.** About 100 cows from the Pine Ridge Indian Reservation drowned in the White Clay Reservoir in South Dakota January 7 after the cattle migrated to the frozen reservoir to shelter from strong winds, prompting

the ice to shatter under their combined weight. Officials reported that the estimated losses totaled about \$300,000.

Source: <http://www.washingtontimes.com/news/2015/jan/9/cattle-plunge-through-reservoir-ice-die-in-mass-dr/>

19. *January 9, U.S. Food and Drug Administration* – (National) **Taj Ethnic Gourmet brand issues a voluntary recall for certain retail lots of Indian sauces due to potential undeclared peanut allergen.** The U.S. Food and Drug Administration announced January 9 that Taj Ethnic Gourmet recalled certain lots of Indian sauces after the products' manufacturer was notified by a supplier that cumin used in the products tested positive for peanut. The products were packaged in 16-ounce jars and distributed nationwide and via Web-based sales.
Source: <http://www.fda.gov/Safety/Recalls/ucm429719.htm>

20. *January 9, U.S. Food and Drug Administration* – (National) **Morningstar Farms issues allergy alert and voluntary, precautionary recall of Spicy Black Bean Burgers and Chipotle Black Bean Burgers in the U.S. due to undeclared peanut allergen.** The U.S. Food and Drug Administration reported January 9 that MorningStar Farms issued a recall for certain lots of Spicy Black Bean Burgers and Chipotle Black Bean Burgers after a third party supplier notified the company that one of the spice ingredients used in the products may contain undeclared peanut. The recalled products were distributed nationwide at retail stores and through foodservice channels.
Source: <http://www.fda.gov/Safety/Recalls/ucm429690.htm>

21. *January 9, U.S. Food and Drug Administration* – (Florida; Louisiana) **Winn-Dixie recalls bakery Sour Cream Lemon Pies.** The U.S. Food and Drug Administration announced January 8 that Winn-Dixie issued an immediate recall for certain 7-ounce, store-branded Sour Cream Lemon Pies due to undeclared coconut caused by mislabeling. The recalled product was sold at select stores in Florida and Louisiana and has since been removed from the stores' bakery departments.
Source: <http://www.fda.gov/Safety/Recalls/ucm429633.htm>

22. *January 9, U.S. Food and Drug Administration* – (National) **Con Yeager Spice Company issues a voluntary recall for ground cumin and seasoning blends (containing ground cumin) due to potential undeclared peanut allergens.** The U.S. Food and Drug Administration reported January 9 that Con Yeager Spice Company issued a recall for ground cumin and multiple seasoning blends that contain ground cumin after its supplier, Morris J. Golombeck Inc., notified the company that the ground cumin product tested positive for traces of peanut protein. Production and distribution of the affected products was suspended until all issues are resolved.

Healthcare and Public Health Sector

25. *January 12, Minneapolis Star Tribune* – (National) **Hospital device may be opening for hackers.** Infusion-pump manufacturers have begun taking steps to secure devices after federal reports in 2014 detailed the potential for hackers and identity thieves to hijack the pump on a hospital's wireless information network and use it to retain sensitive information such as patient identity and billing data.

Source: <http://www.dispatch.com/content/stories/business/2015/01/12/hospital-device-may-be-opening-for-hackers.html>

26. *January 11, Associated Press* – (Texas) **Man in Tomball hospital standoff facing charges.** A man was charged following a 4-hour standoff January 10 at Tomball Regional Medical Center in Texas after he became distraught over his son's condition at the hospital and threatened a nurse with a gun. Another son managed to take the weapon following a minor struggle and the suspect surrendered without incident following negotiations.

Source: <http://www.khou.com/story/news/crime/2015/01/10/gunman-takes-hostages-at-tomball-hospital/21573687/>

27. *January 11, Green Bay Press-Gazette* – (Wisconsin) **St. Mary's Hospital reopens after forced evacuation.** St. Mary's Hospital Medical Center in Green Bay reopened January 11 after 50 patients were transferred to a nearby hospital due to a January 10 sprinkler system pipe break that caused water damage and a partial roof collapse.

Source: <http://www.greenbaypressgazette.com/story/news/local/2015/01/10/flooding->

Emergency Services Sector

34. *January 11, KABC 7 Los Angeles* – (California) **Inmates set small fires at men's central jail.** Fire crews responded to the Men's Central Jail in downtown Los Angeles January 11 after about 50 inmates lit pieces of paper on fire and began throwing them out of their cells. Two inmates were treated for smoke inhalation and all of the inmates in the wing were transferred while authorities investigated.
Source: <http://abc7.com/news/inmates-set-small-fires-at-mens-central-jail/471388/>

[\[Return to top\]](#)

Information Technology Sector

35. *January 12, Softpedia* – (International) **Buffer overflow glitch in Wonderware Server gets fix from Schneider Electric.** Schneider Electric released an update for its Wonderware InTouch Access Anywhere Server human machine interface (HMI) product for industrial control systems (ICS) that closes a remotely exploitable stack-based buffer overflow vulnerability. Users were advised to apply the patch immediately due to the ease of exploiting the vulnerability.
Source: <http://news.softpedia.com/news/Buffer-Overflow-Glitch-in-Wonderware-Server-Gets-Fix-from-Schneider-Electric-469690.shtml>
36. *January 12, SC Magazine* – (International) **Pro-ISIS group hijacks Twitter accounts of regional US media.** Attackers identifying themselves as the CyberCaliphate group temporarily compromised the Twitter accounts of several news media organizations in Delaware, Maryland, New Mexico, and Tennessee. The attackers also linked to a dump of Stewart County, Tennessee government documents and alleged personal data of New Mexico residents.
Source: <http://www.scmagazineuk.com/pro-isis-group-hijacks-twitter-accounts-of-regional-us-media/article/391999/>
37. *January 9, Krebs on Security* – (International) **Lizard Stresser runs on hacked home**

routers. A security researcher reported that the Lizard Stresser for-hire distributed denial of service (DDoS) attack tool associated with the Lizard Squad group was found to draw bandwidth from infected home, commercial, and educational institution routers. The malware used looks for routers which allow access through factory default login and password combinations.

Source: <http://krebsonsecurity.com/2015/01/lizard-stresser-runs-on-hacked-home-routers/>

38. *January 9, Securityweek* – (International) **Library flaw could crash HART-based ICS field devices.** Emerson Process Management released a patch for a vulnerability in the CodeWrights HART Device Type Manager (DTM) used in Emerson’s Fisher Control, Micro Motion, and Rosemount industrial control system (ICS) products that was discovered by Digital Security researchers. The vulnerability could be exploited by an attacker with physical access to a targeted system.

Source: <http://www.securityweek.com/library-flaw-could-crash-hart-based-ics-field-devices>

39. *January 9, Securityweek* – (International) **Microsoft Dynamics CRM affected by self-XSS vulnerability: Researchers.** Researchers with High-Tech Bridge identified an issue in the Microsoft Dynamics Customer Relationship Management (CRM) product that could allow an authenticated user to perform a self cross-site scripting (XSS) attack if manipulated into entering malicious code via social engineering.

Source: <http://www.securityweek.com/microsoft-dynamics-crm-affected-self-xss-vulnerability-researchers>
