Energy Sector

1. *February 7, San Francisco Chronicle* – (California) **Forecasters predict heavy rain for Sunday.** More than 93,000 customers lost power in the Bay Area February 6 due to a storm that produced heavy rainfall and windy conditions. Utility crews restored service to all but 1,250 customers by February 7.
Source: <http://www.sfgate.com/bayarea/article/Forecasters-predict-heavy-showers-for-Sunday-6068351.php>
2. *February 6, Associated Press* – (California) **California OKs oil field dumping into drinking water.** The federal government ordered California officials to begin searching for and dealing with any contamination and to end oil-industry operations in all aquifers set aside for families and farms after State records showed that oil companies are authorized to inject production fluids and waste into federally protected aquifers. Records showed that production fluids were injected more than 2,500 times, creating a risk for contamination of underground water supplies that could be used for drinking water or irrigation.

Chemical Industry Sector

4. *February 8, Elkhart Truth* – (Indiana) **Fire, explosion at Warsaw Chemical Company leaves crews cleaning up chemical spill.** A chemical fire and subsequent explosion at the Warsaw Chemical Company facility in Indiana February 6 caused tanks to rupture and leak thousands of gallons of chemicals into storm drains and Winona Lake, prompting officials to re-oxygenate the water and warn against eating fish from the area until further notice. Eight individuals were treated at an area hospital for chemical inhalation and skin irritation and one worker was treated for burns injuries.
Source: <http://www.elkharttruth.com/news/crime-fire-courts/2015/02/08/Fire-explosion-at-Warsaw-Chemical-Company-leaves-crews-cleaning-up-chemical-spill.html>
5. *February 6, The Huntsville Times* – (Alabama) **Victims identified after explosion at**

fireworks facility kills 2 women, injures others. An explosion during a mixing process of fireworks manufacturing at the Ultratec Special Effects plant in Owens Cross Roads February 6 killed 2 workers and injured 2 others. HAZMAT crews reported that there were no environmental concerns while authorities continue to investigate the incident.

Critical Manufacturing Sector

6. *February 7, Associated Press* – (National) **Land Rover and Jaguar will recall 104,000 vehicles over brake and light problems.** Jaguar Land Rover North America issued a recall for 104,000 vehicles, with up to 74,648 model years 2013-2014 Range Rovers and Range Rover Sports included, after the company learned the brake vacuum hose may have been routed improperly, potentially allowing the wear to create a hole and a loss of braking power. Approximately 4,787 model years 2012 through 2015 Jaguar XK cars were also recalled due to the side parking lights shutting off after about 5 minutes.

Source: <http://www.usnews.com/news/business/articles/2015/02/07/land-rover-jaguar-will-recall-104-000-vehicles>

7. *February 6, NJ.com* – (New Jersey) **Explosion severely burns employee at Clifton welding factory, official says.** Three employees were injured February 6 when oxygen cylinders exploded while being filled at AGL Welding Supply in Clifton, New Jersey, setting off a series of secondary explosions that prompted the evacuation of the building and the closure of Route 46 while the fire was contained. Authorities are investigating the cause of the fire which appeared to be accidental.

Source: http://www.nj.com/passaic-county/index.ssf/2015/02/employee_severely_burned_in_explosion_welding_fact.html

8. *February 5, U.S. Department of Labor* – (Texas) **Explosion at Madden Bolt steel manufacturer kills worker.** The Occupational Safety and Health Administration cited Madden Bolt Corp., of Houston for 10 serious violations February 5 resulting in \$44,800 in proposed fines following an investigation into an August 2014 cutting-table explosion that killed an employee.

Financial Services Sector

9. *February 9, Securityweek* – (National) **Tax fraud prompts Intuit to temporarily suspend state e-filing.** Financial software developer Intuit paused State income tax e-filings made through the company's TurboTax services February 5 and restored services February 6 after suspected fraudulent filings using stolen identities appeared in returns from 19 States.
Source: <http://www.securityweek.com/tax-fraud-prompts-intuit-temporarily-suspend-state-e-filing>
10. *February 7, Fredericksburg Free Lance-Star* – (Virginia) **Area real estate investor guilty in multimillion dollar wire fraud, monetary transactions case.** A real estate investor pleaded guilty February 6 to defrauding investors out of \$7 million to \$20 million using the Quantico Corporate Center in Stafford, Virginia, as an investment opportunity. Instead of investing the millions into land development deals, the real estate investor spent the money on poor day trading investments and other transactions.
Source: http://www.fredericksburg.com/news/crime_courts/area-real-estate-investor-guilty-in-multimillion-dollar-wire-fraud/article_a4cc70be-4b37-57ef-8ce3-df46e588175a.html
11. *February 5, Miami Herald* – (Florida) **Surfside investment advisor in Ponzi scheme charged with fraud.** A Surfside investment advisor was charged with wire-fraud conspiracy February 5 for allegedly receiving commissions in return for advising investors to sink millions into a \$1.2 billion Ponzi scheme. The investment advisor collaborated with a Fort Lauderdale lawyer who was convicted and sentenced in 2010 for his role in the investment scam.

[closed](#)

13. *February 9, Santa Rosa Press Democrat* – (California) **Highway 1 near Jenner open following tanker crash, fuel spill.** Highway 1 near Jenner, California, was closed for about 20 hours February 8 after a semi-truck overturned and spilled approximately 1,200 gallons of fuel onto the highway and the Pacific Ocean. The road reopened February 9 and was expected to be reduced to one-way, controlled traffic for several days while officials continue to investigate the incident and crews work to clear the scene.
Source: <http://www.pressdemocrat.com/news/3501694-181/overturned-tanker-closes-highway-1>
14. *February 8, KPIX 5 San Francisco* – (California) **Downed tree branch, power lines briefly close State Highway 9 in Santa Clara County.** State Highway 9 in Santa Clara County reopened after being closed for approximately 2 hours February 8 due to the road being blocked by a fallen 70 foot long tree branch that downed a power line. The California Highway Patrol reported that utility crews were called to turn off power to the downed line as the scene was cleared.
Source: <http://sanfrancisco.cbslocal.com/2015/02/08/downed-tree-power-lines-close-state-highway-9-santa-clara-county/>
15. *February 7, Reuters* – (Iowa) **Iowa rail line reopens following train derailment, ethanol leak.** Canadian Pacific Railway reported that a rail line near Dubuque reopened February 7 after crews cleared the scene of a freight train derailment that caused 15 railcars to derail, including 3 that fell into the Mississippi River February 4. Officials set up 40 sites to test the river and surrounding areas for ethanol contamination and the company announced that it devised a restoration and remediation plan to minimize the environmental impact of the spill.
Source: <http://news.yahoo.com/iowa-rail-line-reopens-following-train-derailment-ethanol-210256487--finance.html>
16. *February 6, Weather Channel; Watertown Daily Times* – (New York) **40 vehicles collide in massive pile-up on Interstate 81 near Watertown, New York in heavy snow.** A weather-related crash involving about 40 vehicles caused a pileup that closed northbound lanes of Interstate 81 near Watertown, New York, for about 5 hours February 6 while crews cleared the scene. The Jefferson County Sheriff's Department issued a travel advisory for the interstate due to the crash and other accidents on the roadway that day.
Source: <http://www.weather.com/news/news/pileup-watertown-new-york-accident-interstate-81>
17. *February 6, Lincoln Journal Star* – (Nebraska) **Union Pacific cleans up coal spill.** Three cars of a Union Pacific Railroad coal train derailed on the Omaha Public Power District's (OPPD) Arbor Line near Nebraska City February 5 and spilled about 350 tons of coal halting traffic at 3 intersections on the north side of the city. The rail line reopened February 6 after crews cleared the scene and made repairs to the tracks,

allowing the train to complete its trip to the OPPD coal plant.

Food and Agriculture Sector

18. *February 7, Associated Press* – (National) **Pepperidge Farm recalls 46000 bagel packages.** Pepperidge Farm issued a recall for about 46,000 packages of bagels sent to stores in 23 States due to undeclared peanuts or almonds.
Source: <http://www.foxnews.com/us/2015/02/07/pepperidge-farm-recalls-46000-bagel-packages/>
19. *February 7, U.S. Food and Drug Administration* – (National) **See's Candies, Inc. issues allergy alert on undeclared nuts in 8 oz Classic Red Heart with Assorted Chocolates.** The U.S. Food and Drug Administration announced February 6 that See's Company of San Francisco recalled all 8-ounce Classic Red Hearts with Assorted Chocolates due to undeclared tree nuts caused by mislabeling. The product was distributed nationwide through See's Candies Retail Stores and via mail order sales.
Source: <http://www.fda.gov/Safety/Recalls/ucm433408.htm>
20. *February 7, U.S. Food and Drug Administration* – (National) **Bimbo Bakeries USA issues allergy alert and voluntary regional recall of Thomas', Sara Lee and Jewel Bagels sold in select Midwest states.** The U.S. Food and Drug Administration reported February 5 that Bimbo Bakeries USA voluntarily recalled Thomas', Sara Lee, and Jewel Bagels due to undeclared peanuts and almonds. The recalled products were distributed to retailers in the Midwest region of the U.S.
Source: <http://www.fda.gov/Safety/Recalls/ucm433407.htm>
21. *February 6, U.S. Food and Drug Administration* – (Texas) **Korean Food Co. recalls soybean sprout because of possible health risk.** The U.S. Food and Drug Administration reported February 6 that Texas-based Korean Food Co., issued a recall for 8 boxes of (20 bags in each box) Go-Hang Soybean sprouts distributed between January 30 and February 6 due to possible *Listeria monocytogenes* contamination. The affected products were packaged in 1- and 2-pound bags and were distributed to KO-MART in Dallas and H-MART in Plano and Carrollton retail stores.
Source: <http://www.fda.gov/Safety/Recalls/ucm433403.htm>
22. *February 5, U.S. Department of Labor* – (Texas) **Animal feed producer exposes workers to potential dust explosion and other hazards.** The Occupational Safety and Health Administration cited Thomas Moore Feed February 5 for 18 violations following a September 2014 inspection of the company's animal feed manufacturing facility in Navasota that revealed worker exposures to potential dust explosion and other hazards. Proposed penalties total \$58,100.

Water and Wastewater Systems Sector

23. *February 8, WDEL 1150 AM Wilmington* – (Delaware) **Boil water order lifted in Newark.** City officials lifted a boil water order February 8 in Newark, Delaware, that was put in place February 6 after a water main break along Kirkwood Highway caused an increased risk of E. coli bacteria for water customers in and around the city.
Source: <http://www.wdel.com/story.php?id=66035>
24. *February 7, Associated Press* – (Oregon) **Blocked pipe causes sewage overflow at SW Portland school.** Portland maintenance officials stated that about 5,600 gallons of sewage overflowed from a manhole February 7 due to a blocked sewer pipe and soaked the ground at Bridlemile School. Crews stopped the leak an hour after it was found and applied lime to areas where the sewage spilled to kill bacteria.
Source: <http://www.kgw.com/story/news/2015/02/07/sewage-overflow-at-sw-portland-school/23058375/>
25. *February 7, Coos Bay World* – (Oregon) **Coquille Valley experiences flooding, wastewater systems inundated with rain.** The city of Coos Bay's sanitary sewer systems had 2,870 gallons of sewage overflow from a manhole February 6 after 3 inches of rain fell in a 24 hour timespan. Officials were notified about the incident and that the sewage flowed into a storm water line that drains into the Coos Bay.
Source: http://theworldlink.com/news/local/coquille-valley-experiences-flooding-wastewater-systems-inundated-with-rain/article_a2f7cd1f-4109-5310-82d3-732cd6b3bff0.html
