## Nuclear Reactors, Materials, and Waste Sector

3. *March 17, TheBayNet.com* – (Maryland) **Nuke plant resumes full operations.** The Calvert Cliffs Nuclear Power Plant in Lusby, Maryland, was brought back online March 15 following the completion of the facility's annual refueling outage which began February 16. Technicians replaced nearly one-third of the reactor's fuel and performed thousands of inspections and preventative maintenance activities while the facility was offline.  
Source: <http://www.thebaynet.com/articles/0315/nukeplantresumesfulloperations.html>
4. *March 17, Wicked Local Carver* – (Massachusetts) **Pilgrim Station: Nuclear plant gets failing marks.** The U.S. Nuclear Regulatory Commission's end-of-cycle performance assessment of the Pilgrim Nuclear Power Plant in Plymouth identified deficiencies in the implementation of corrective action plans for unplanned scrams that were not completed as intended or were closed prematurely, among other findings. The review resulted in the plant being issued 2 new white inspection findings to replace 2 existing white performance indicators, and the plant will continue to receive heightened attention until further notice.

8. *March 17, WABC 7 New York City* – (New York) **Inspection finds several defects with crude oil tank cars, rails through New York.** The office of the governor of New York announced March 17 that an inspection of crude oil tank cars and rails through New York uncovered 93 defects that could result in unstable tracks, including 7 critical safety problems that needed immediate fix.  
Source: <http://7online.com/news/inspection-finds-several-defects-with-crude-oil-tank-cars-rails-through-new-york/561887/>
9. *March 17, WPIX 11 New York City* – (New York) **Plane makes emergency landing at JFK Airport after birdstrike.** An American Airlines flight headed to St. Thomas, U.S. Virgin Islands, made an emergency landing at John F. Kennedy International Airport in New York City after it struck a flock of geese shortly after take-off March 17. The flight's 126 passengers and seven crew members were deplaned and rescheduled to depart on a different plane later that day.  
Source: <http://pix11.com/2015/03/17/bird-strike-forces-planes-emergency-landing-at-jfk-airport/>
10. *March 17, Post-Tribune of Northwest Indiana* – (Indiana) **2 dead in head-on crash with Hebron school bus.** Indiana 8 west of Baums Bridge Road in Pleasant Township, was closed for a few hours March 17 after a school bus from the Metropolitan School District of Boone Township and a pickup truck collided head-on, killing 2 individuals and injuring 2 students and the school bus driver.  
Source: <http://www.chicagotribune.com/suburbs/post-tribune/news/ct-ptb-porter-fatal-st-0318-20150317-story.html>
11. *March 17, San Francisco Bay Area News* – (California) **Oakland: Caldecott Tunnel reopened after morning car fire.** An eastbound bore of the Caldecott Tunnel was closed for almost 4 hours March 16 following 2 crashes on Highway 24, including 1 that engulfed a car in flames and prompted officials to evacuate at least 60 motorists from the tunnel. An engineer inspected the tunnel for damage before it was deemed safe and cleared to reopen.

## **Food and Agriculture Sector**

12. *March 18, Nebraska.tv* – (Nebraska) **Fire heavily damages Clarks plant.** The American Wood Fibers (AWF) facility in Clarks, Nebraska, sustained major damage from a fire March 16 that prompted the evacuation of employees. The cause of the blaze remains under investigation, and operations were shifted to other AWF facilities.  
Source: <http://www.nebraska.tv/story/28546588/fire-heavily-damages-clarks-plant>

13. *March 18, Stevens Point Journal* – (Wisconsin) **Del Monte fire: Smoky, but little damage.** Employees were safely evacuated from the Silgan Containers plant at the Del Monte Foods facility in Plover for several hours March 17 after a fire ignited in a piece of equipment that burns off vapor from a spray booth. The cause of the fire remains under investigation, while authorities reported no injuries or significant structural damage.  
Source: <http://www.stevenspointjournal.com/story/news/local/2015/03/17/fire-burning-plover-del-monte-plant/24925857/>
14. *March 17, Washington Post* – (International) **Kraft recalls more than 6 million boxes of macaroni and cheese because they may contain metal.** Kraft Foods Group announced March 17 a voluntary recall of about 242,000 cases containing 6.5 million boxes of its Macaroni & Cheese Dinner product that were distributed throughout the U.S., Puerto Rico, the Caribbean, and some South American countries due to the possibility that some boxes may contain metal fragments. The company warned consumers not to prepare and eat macaroni that comes in the original flavor, 7.25-ounce packages of the product.  
Source: <http://www.washingtonpost.com/news/to-your-health/wp/2015/03/17/kraft-recalls-242000-cases-of-macaroni-and-cheese-because-they-may-contain-metal/>
15. *March 17, U.S. Department of Agriculture* – (Missouri) **Recall notification report 047-2015 (Buffalo Jerky).** The Food Safety and Inspection Service announced March 17 that Alewel's Country Meats recalled about 134 pounds of its Buffalo Jerky beef products due to misbranding and use of the wrong inspection legend. The affected products were shipped to retailers in Missouri.

[\[Return to top\]](#)

## **Government Facilities Sector**

20. *March 17, Enid News & Eagle* – (Oklahoma) **Wildfire damages \$1.1 in Woodward area.** Firefighters reached 70 percent containment March 17 of a fire that burned 22,300 acres in Woodward County, Oklahoma, and damaged or destroyed 25 structures causing an estimated \$1.1 million in damage. Several people were evacuated March 16 and a stretch of Oklahoma 50 between Mooreland and Freedom was closed for several hours.  
Source: [http://www.enidnews.com/news/update-wildfire-damages-in-woodward-area/article\\_a8ade7da-ccac-11e4-9cf0-871eee820f92.html](http://www.enidnews.com/news/update-wildfire-damages-in-woodward-area/article_a8ade7da-ccac-11e4-9cf0-871eee820f92.html)
21. *March 17, KPRC 2 Houston* – (Texas) **School bus with students on board involved in accident on Eastex Freeway.** Nineteen students were transported to area hospitals after their Cleveland Independent School District bus slammed into the back of a semi-truck on the Eastex Freeway at Will Clayton Parkway in Houston March 16.  
Source: <http://www.click2houston.com/news/school-bus-with-students-on-board-involved-in-accident-on-eastex-freeway/31848586>
22. *March 17, CNN* – (Washington, D.C.) **White House is mailed package with cyanide.** The U.S. Secret Service confirmed March 17 that the White House in Washington,

D.C. received an envelope March 16 at its mail screening facility which initially tested negative for any threatening substances, but tested positive for cyanide in a follow-up chemical test. The sample was sent to another facility to confirm the positive test results and no injuries or exposure concerns were reported.

Source: <http://www.cnn.com/2015/03/17/politics/white-house-mailed-cyanide/>

23. *March 17, Newark Star-Ledger* – (New Jersey) **8 middle school students sent to hospital after Bridgewater bus crash, police say.** A Bridgewater-Raritan Middle School bus lost power and crashed into a tree while entering the New Jersey school March 17, causing eight students to be transported to a local hospital with injuries. The remaining students were checked by emergency personnel on-site and officials believe the loss of power was due to a mechanical failure on the bus.

## **Information Technology Sector**

27. *March 18, Securityweek* – (International) **Apple fixes WebKit vulnerabilities with release of Safari 8.0.4.** Apple released Safari versions 8.0.4, 7.1.4, and 6.2.4 which address a total of 16 memory corruption issues that were identified in WebKit, by Apple's own security team and Google Chrome Security Team, and included a user interface inconsistency.  
Source: <http://www.securityweek.com/apple-fixes-webkit-vulnerabilities-release-safari-804>
  
28. *March 18, Securityweek* – (International) **Johnson Controls, XZERES, Honeywell patch vulnerable products.** The Industrial Control Systems Cyber Emergency Response Team (ICS-CERT) announced that Johnson Controls, Honeywell, and XZERES released patches addressing vulnerabilities in their products which can be exploited by an attacker to gain administrative access and compromise affected systems through a cross-site request forgery (CSRF) flaw, an unrestricted file upload vulnerability, or a path traversal vulnerability.  
Source: <http://www.securityweek.com/johnson-controls-xzeres-honeywell-patch-vulnerable-products>
  
29. *March 18, Softpedia* – (International) **Almost 2,000 popular Android and iOS apps are vulnerable to FREAK attack.** FireEye researchers discovered that 1,999 popular Android and Apple iOS apps used for photo and video, financial, lifestyle, social networking, communication, or shopping are susceptible to the Factoring RSA-Export Key (FREAK) attack which weakens encryption due to a vulnerable build of OpenSSL cryptographic library. The apps all contain sensitive information including data related to online banking, account log-in credentials, or medical information.  
Source: <http://news.softpedia.com/news/Almost-2-000-Popular-Android-and-iOS-Apps-Are-Vulnerable-to-FREAK-Attack-476101.shtml>
  
30. *March 17, Softpedia* – (International) **Windows Live SSL certificate issued to unauthorized third party.** Microsoft released an advisory warning of a fraudulent certificate for the Finnish Windows Live domain which is generated by the Certificate Authority (CA) Comodo following an unauthorized request from a privileged email account which can be used by hackers to spoof Microsoft Web content and carry out man-in-the-middle (MitM) and phishing attacks. The certificate affects systems running certain Windows and Server versions, as well as Windows Phone 8 and Windows Phone 8.1. A standalone updater is available for revoked certificate.  
Source: <http://news.softpedia.com/news/Windows-Live-SSL-Certificate-Issued-to-Unauthorized-Third-Party-476020.shtml>
