

Oleoresin Capsicum (OC) Spray Devices

The Department of Homeland Security (DHS) awarded an Indefinite Delivery/ Indefinite Quantity (IDIQ) contract for Oleoresin Capsicum (OC) handheld spray devices. This contract is available for use by all DHS Components.

Key Contract Vehicle Features:

- Provides OC handheld spray devices offering various actuators, canister sizes, and spray dispersion patterns, including an innovative 360-degree design that allows the canister to deploy at full strength regardless of orientation;
- Includes a requirement that products maintain a useful shelf life under reasonable storage conditions for a period of five (5) years from the date of product acceptance; and
- Requires the vendor to have the capacity to manufacture a minimum of 13,000 devices per month, thereby reinforcing the ability to meet demand.

Period of Performance (POP):

Five-year ordering period (9/16/2020 – 9/15/2025)

Number of Awardees:

One (small business)
