Mr. Reese,

Thank you for the supporting information relating to the categorial exclusions proposed in DHS's proposed environmental planning program. Both attachments came through without a problem. I'll call you later today to figure out the best way to get the CD-ROMs.

Thanks again,  
Max

Ms. Buccino and Mr. Wilson,

Attached is a copy of the details of our administrative record to support our proposed categorical exclusions as published in the Federal Register of June 14, 2004. In addition, I have another approximately 1.7 gigabytes of information on three CD-ROMs that you may have.

The "Admin Rec detailed CATEX support" file provides the details behind the summary of the administrative record that we posted on our web site. This file is 689 KB in size and 107 pages in length. Note that there are excerpts from several environmental assessments contained in this document. The complete environmental assessments are contained on the CD-ROMs.

The other file is the administrative record for our proposed categorical exclusion for the US-VISIT program.

Please reply to confirm receipt of this e-mail and the attached files. Please call me, if you also want the CD-ROMs and we can set up a means of getting them to your office. My telephone number is 202-692-4224.
